SITE OF BEAN DINNER—This is a view of Westgate Park where the fifth annual Hilltop Bean Dinner will be held on July 28.

Westgate Park Purchased By City In 20's; Developed By Johnson

Westgate Park — the site of the fifth annual Hilltop Bean Dinner — is itself steeped in the history of the past.

Originally part of the old Camp Chase Civil War prison camp, it was farm land up until the 20's when real estate interests developed the area for residential sites.

It took a great deal of salesmanship to convince some of the city fathers that they should purchase the first 10 acres that started Westgate Park. The Herman Johnson Company, subdividers and developers of the Westgate Addition, had sold 10 acres to the school board as a site for a school building. (This land has never yet been used for school purposes but is still owned by the board.)

The late Mayor Henry Worley (then a member of city council) opposed the purchase of the park vigorously, contending that "there are still Indians out there." Had it not been for Hilltoppers Floyd Green (later mayor of the city) and the late Wyatt Millikin on the council, it is very unlikely that Westgate Park would ever have been purchased in 1925.

A year later the Johnson company opened up the Westgate Park Addition extending west to the present city limits on Derrer-rd. Mr. Johnson saw the need for adding to the 10-acre park so he laid out an additional 27 acres that were eventually purchased by the city for less than had been paid per acre for the farm land from which the addition was created.

According to Mr. Johnson, the 27 acres were sold to the city for about $1100 per acre whereas the farm land had brought $2250 per acre. The wisdom of creating the park with ample space for a lake, softball, tennis and other facilities can now be well realized by those who own property in that vicinity. Today it is among the city's most desirable residential sites and all of the original lots have been sold. Only a few building sites are undeveloped in the area and they are rapidly disappearing.

The Westgate Addition and the Westgate Park Addition were created from lands acquired from three separate parcels. The first 86 acres were bought from Lydia A. Hussey. The Pugh family sold Johnson the second tract of 76 acres and the final 100 acres were acquired from the widows of John and Jerry Foley. This last farm pushed the platted area west to Derrer-rd.

The developers laid out wide streets, put in storm sewers and other necessary improvements that led 700 families to build homes there that today would average more than $10,000 in value. The entire area was brought into the city at the request of the Johnson company.

Defy The Heat; Here Are Grooming Tricks And Two Cool Costumes

Do you wilt at the thought of summer with its hot, sticky days? You needn't despair if you know ways of keeping yourself looking and feeling cool and crisp. Dolly Reed has some tricks for beating the heat, and Jane Wallace suggests two perfect ways to dress so that you will look trim and smart, and feel air-conditioned:

"The principle trick is one part 'the look' of being cool, one part 'the feel' of being cool. When you 'smell cool' it helps, so hide away your heavy, exotic perfumes. Seal them away with heavy wax, put them into a dark corner of your closet till autumn. Use airy, flowery fragrances, and fairly bathe in cologne. Your bath should be a lukewarm shower or a soak in fragrant-skin-smoothing bubble bath. Don't rub yourself dry—it stirs up too much circulation, makes you warmer. Blot off water with a thick towel and dust your body with your pet bath powder.

"Summer is the time to refresh your face before a date with a mint-cool facial mask. Its gentle action leaves your skin cool, clarified and kitten-soft.

"Every time you pass a water tap, drink a full glass of water. It's good for your skin and keeps you cool inside.

"For that 5 o'clock all-gone feeling, bathe and take a few minutes to truly relax. Even your record player can be a real help, but be sure to put on cool-sounding records, smooth waltzes or gay light tunes, not hot jive.

"If you get into the smart woman's habit of keeping creams and lotions in the refrigerator you'll notice a big difference in their effect—it's almost magical.

"Above all, don't hurry. Grandma kept cool by moving slowly, carrying a parasol, never running for a taxi or bus. In perspiring weather you can learn to do the same. Say to yourself, when you feel yourself getting uncomfortably warm, 'I must take it easy.' You'll be degrees cooler.

"Designer Adele Simpson has clear ideas about cool dressing. Fabric must be crisp, keep its shape, not cling or sag. There should be a lack of clutter: no buttons, heavy belts or shoulder pads. On one of her summer designs a drawstring bolero and skirt open flat for easy ironing. Underneath, is a halter.

"For accessories, choose a circlet minimum straw that weighs almost nothing; nylon air-conditioned mesh gloves, always frosty white because they are so quick to dry, and a lightweight basket bag that is cooler looking than suede or leather.

"Jennifer designs a spiral-type wrap-around town dress for billowly coolness. Fabric is porous, linen-like spun rayon. Neck is cut low, shoulder pads are out. For sticky days, dress goes without belt, over a minimum of underwear.

"For cool accents with any summer dress, look for a crown-less fabric hat, icy and snow white. One that holds your hair in place, shades your eyes on days the sun beats down. Look for a parasol, gayest feminine touch this season. Wear washable gloves with air-flow gauntlet cuffs and the lightest jewelry."

Fall Styles Have Quieter New Look; Low Flounce On Slim Lines Arrives

The New Look for early fall clothes will still be new, but more restrained—with slimmed down skirts and quieter lines. Suits will be more important than ever this fall, according to fashion expert Marian Corey. She predicts a leading role for the slim silhouette on the low flounce.

"More moderate clothes are the next thing. The new look is settling down into quieter lines. It still looks new, but it doesn't startle. By fall a good many of the flared skirts will have slimmed down. Two yards and a half around or a bit more or less, is preferred by many people.

"Still seen occasionally are the die-hard girls with knee-high skirts, their shoulders so broad and so heavily padded that they look top-heavy. Add half a bushel of hair and a tiny hat, and you have the vanishing American. She is, of course, limping along on five-inch heels. Goodbye, too, to the girls who went overboard for everything exaggerated. The outrageously voluminous skirt, down to the ankles. The little jacket resting on wide spreading hips. The heavy, head-size hat. The flat sole ballet-slipper.

"Skirts for fall remain long. About 12 inches from the floor. Increase that to 13, if it suits you. Shoulders will still be padded this fall, but they will be padded lightly. No more of those fat triangular pillows.

"More to-do about suits for fall than ever, and more suits per person. Where you had one new suit before, you will want two now. Bottle green is the much talked about new suit color. The best suit for the end of summer and the beginning of fall is still the black faille. Tailored ones have a slight edge on dressy ones, and you soften them up with dressy blouses and pretty hats.

"Tiers are running around many of the early fall dresses. All kinds of tiers—flared, flat, split, draped. Always posed on very slim skirts. Among candidates for the silhouette of fall is a dark horse that has been getting off to a slow start. When fall arrives, it will have arrived, too. It is a slim silhouette with a low placed flounce."

"I'm Going To The Economy Variety"

This has been a common expression on the Hilltop for 30 years and it still holds good. If it is a spool of thread, a package of gum, a can of paint, a gift for the kiddies, a piece of household hardware, a package of garden seed, a birthday card . . . or one of a thousand things to be found in a variety store, you will find it at Fred Raether's Economy Variety Store. We are proud of the fact that we have served the progressive Hilltop so long. We hope to be able to continue for many years.

Mrs. Lewis Winner Of Record Misspelled Word Contest

Mrs. R. E. Lewis, 3028 Freemont-st, was declared the winner of the first prize in the Hilltop Record Misspelled Word contest held in connection with yesterday's Hilltop Bean Dinner. For her efforts she will receive a case of baked beans.

Second place winner and good for 12 cans of baked beans was the entry of Mrs. W. H. Coon, 350 S. Ogden-av. Mrs. Walter Curlis, 300 S. Hague-av, won third prize of five pounds of white navy beans.

The misspelled words in the Record classified advertising promotion when put together formed the following statement:

"Eat beans at the Hilltop Bean Dinner and drop in to see these Hilltop firms for the best in service."

The sentence structure of the winning entries varied slightly but the thought remained intact. The winning entries were cleverly illustrated with appetizing plates of baked beans from magazine pictures. The number two winner had the misspelled words printed on Lima beans. These were then pasted on a paper plate in the proper order to spell out the message.

Winners may claim their prizes by coming to the office of The Hilltop Record, 2463 W. Broad-st.

Teen Club Plans August 7 Dance; Ziggy Coyle To Play

The Teen Club of the Hilltop YMCA will hold its summer festival and dance Saturday, Aug. 7, at the Teen Canteen, 2585 W. Broad-st. Ziggy Coyle and his orchestra will play for the dancing.

Janie Prior, chairman of the Teen Club's reorganization committee, announced this week that invitations are being sent to the club's alumni. All Hilltop teenagers are invited to attend.

Miss Prior is being assisted in the reorganization work by Roger Geist, Phil McDonaugh, Pat Horn, Marilyn Bennett, and John Fauth. They expect to announce plans for additional activities within a short time.

The Teen Club is now under the supervision of the new Hilltop YMCA secretary, Averille Thorn. He is being assisted by Russell Fletcher and Charles P. Maus, members of the Hilltop Community Council, the original sponsors of the Teen Club.

High Ridge Civic Group To Seek Improvements Here

W. Herbert Dailey

Residents of the High-Ridge Addition and adjacent areas met last week and organized a civic association to work toward the solution of some of their problems.

The group decided to call themselves the High Ridge Civic Association and appointed W. Herbert Dailey, former city councilman, as the temporary chairman. The organization will be nonpolitical and will work strictly for the betterment of the community, members said.

The next meeting will be held at the Dailey residence, 615 Belvidere-av, Thursday, Aug 5, at 8 p. m., when it is expected that 100 or more persons will be present. Residents of the area bounded by Ryan-av on the east, Sullivant-av on the north, Wayne-av on the west and Mound-st on the south, are especially invited.

Improvements to alleys, adequate school buildings for West Mound Street School, bus service, street lighting and other community problems will be the goal of this new organization.

Approximately 20 persons attended the preliminary meeting at Mr. Dailey's home Friday night. Other temporary officers named at that time were George M. Spanable, 530 Belvidere-av, vice chairman; Charles F. Clark, 550 Butler-av, secretary, Jack F. Young, 2072 W. Mound-st, Ivan E. Reed, 597 Belvidere-av, George L. Callif, 672 Belvidere-av, and H. B. Hafey, 567 Belvidere-av, who will constitute the board of directors together with the officers.

Alley Improvements Needed

One of the most immediate problems facing the group is the improvement of alleys in the new addition. City officials estimated that the cost of a concrete alley would be $8 per foot or $4 per foot for each abutting property owner on each side of the alley. Residents of the area feel that some other cheaper way can be worked out for grading and stoning or gravelling the alley ways. It was the need for repairs to alleys that brought about the new group.

A special committee was set up Friday to follow through on the alley improvements. It consists of Russell C. Winestaffer, 606 Butler-av, Lloyd V. Ross, 2078 W. Mound-st, and Keith Dentner, 540 Butler-av.

By-laws and other details relative to setting up a permanent organization will be discussed at next week's meeting. Most of the residents of that community are new to the Hilltop having just built or purchased homes in that neighborhood during the last two or three years.

W. Mound St. Traffic Light To Be Installed

The Traffic and Transportation Committee in a meeting Monday approved the erection of a traffic light at the corner of Belvidere-av and W. Mound-st.

The light was sought by a special committee of the West Mound Street School PTA as a safeguard for the more than 100 children who have to cross W. Mound-st going to and from school. Present at the meeting Monday were Mrs. Harold Beard, president of the PTA, John Hyler and Paul Langdon, chairman of the special committee seeking a number of school improvements.

It was pointed out that it would be the only traffic signal on W. Mound-st west of Central-av and was badly needed because of the start of kindergarten work there this fall.

Capt. Owens, of the juvenile bureau, reported that since there were only five grades taught at the school, it was impractical to operate a school patrol. In the past the janitor of the school together with some of the teachers have been in charge of the crossing.

Books of Col. Holmes Claimed by Daughters

Part of the mystery of the late Col. G. T. Holmes' library, many volumes of which were found in Glenwood Shelter House recently, was cleared away last week with the appearance of two daughters of the Civil War officer.

Mrs. Eleanor Estep, 1485 W. Third-av, and Mrs. A. H. Dunham, Dayton, came to Glenwood Park to look over the books. Considered of most value were the volumes of hand-written notes and other personal papers that made up Col. Holmes' personal diary.

The Ohio State Archeological and Historical Society was called in to determine what if any historical significance his diary might have.

Col. Holmes was born in Harrison County in 1837. He went to the Civil War from Steubenville in 1862. His diary contains correspondence with survivors of Kenesaw Mountain engagement. He went through that battle with the 52nd Ohio.

Following the war he became a prominent Columbus attorney. He died in 1916. It is believed that his private library was given to the Columbus Library following his death although it is not known just how the books got to the local shelter house.

Workmen found the books while remodeling the Glenwood Shelter House several days ago.

Rome Celebration "Biggest In Years"

The success of the fire house dedication celebration at New Rome Saturday was so pronounced that already members of the Prairie Township Fire Department, sponsors of the affair, are talking about having an annual get-to-gether.

"It was the biggest event in years," was the way Joe Lamb, fire chief, described the affair.

Good weather favored the event and the parade was up to all expectations with the cooperation of county-wide volunteer fire-fighting organizations, Camp Fire Girls, Boy Scouts, Southway Drum and Bugle Corps and all the kids in the neighborhood.

Lamb expressed the thanks of the firemen for the cooperation of all concerned.

West High Lights To Be Installed

It was expected that the four lights would be installed in front of the main entrance to West High School this week. The work is being done by Haines Electric Engineering Co.

Long needed to light the entrance to the school building, the four light posts arrived last week after several months of delay. Much of the equipment had to be ordered special for the job.

A HOSPITABLE FAMILY—Pictured above are Mr. and Mrs. William M. Clarkin, 135 N. Chase-av, and their three children, Sharon, Bill and Barbara.

Western Movie To Entertain Kids

"Song of the Wasteland," a saga of the old West will be the flicker attraction at the fourth in a series of eight weekly free movies sponsored by the Hilltop Kiwanis Club. The show will be held at the Ritz Theatre Saturday afternoon with a musical cartoon tossed in for good measure.

Tickets for these Saturday shows may be gotten from the supervisors of the Hilltop playgrounds starting on Thursday of each week. Shows start at 1:30 o'clock with doors opening at 1:15 p. m.

Music Program Set For Kiwanis

Leo Phillips will be in charge of a special musical program at today's luncheon meeting of the Hilltop Kiwanis Club to be held at Schmelzer's Restaurant, 3178 W. Broad-st.

Last Thursday Harry Patzer, advertising manager for the Capital City Products Company, told the margarine side of the butter vs margarine controversy. Citing the long struggle the makers of margarine have had against legislative attempts to throttle their efforts, he pointed out that today approximately 80 per cent of the people use some or all margarine in their homes. It is being manufactured at the rate of 700,000,000 pounds annually, he asserted.

Patzer contends that there is room for both a prosperous butter trade along with greater use of margarine for cooking or table use. He points out that at present the American people are not getting as much fats per capita as some other countries.

"There is at present a shortage of some 5,000,000 dairy cows resulting in shortages of milk and dairy products, consequently keeping the price of butter so high that many families cannot afford to buy it," he continued.

St. Aloysius To Have Summer Festival Aug. 18

Plans for the annual summer festival of the St. Aloysius Church were discussed at a meeting of the general committee on Tuesday evening. Arrangements are virtually complete for the affair to be held at the church on August 18.

Heading the general committee in charge is Albert Marback, 142 S. Terrace-av. Others in charge of various phases of the festival are as follows:

Tickets—Miss Mary Bentz, 384 Wrexham-av, and Mrs. L. B. Ehret, 124 S. Columbian-av.

Grocery stands—Ray Sapp, 111 Lechner-av, and Paul Noon, 183 West Park-av.

Cake and ice cream stand—Mrs. T. B. Kinney, 147 S. Eureka-av.

Cake stand—Mrs. E. S. Ferguson, 2472 Westwood-dr.

Novelty stand — Miss Cecelia Heitner, 147 S. Eureka-av.

Lunch stand — Mrs. Milton Dierker, 258 Columbian-av.

Games—Harry L. Heterscheidt, 193 Midland-av, and John Laudmeister, 28 Clarendon-av.

Fish pond—Mrs. Clark Finneran, 211 S. Eureka-av.

Company Honors Veteran

William Thomas, 586 S. Eureka-av, was commended by local and national officials of the Western Union Co., Monday after completing his 30th year of continuous service with the firm. He began as a Morse operator July 22, 1918, and has been active on sports assignments.

Seven Local Men Join Navy Last Week

Seven Hilltop and West Side young men were enlisted in the regular Navy last week and are now in basic training at Great Lakes, Ill.

They are Myron E. Hight, son of Waldo J. Hight, 180 Brehl-av; Dean L. Lowther, son of Robert G. Lowther, 399 W. Rich-st; John G. Ept, son of Benjamin A. Ept, 78 Hayden-st; Edwin Burke, son of Homer J. Burke, 163 Whitethorne-av; Paul Finnerty, son of Bernard C. Finnerty, 41 Midland-av; Robert L. Hall, son of Mrs. Marie E. Hall, 45 N. Skidmore-av, and Donald M. Foster, son of D. M. Foster, 338 S. Burgess-av.

Burglars Loot Office Of Auto Theater Here

Burglars who broke into the National Auto Theater, 3750 W. Broad-st, during the week-end, stole between $100 and $150 in cash, deputy sheriffs reported.

Two suspects later captured in Washington C. H., during the burglary of an implement store there, had a money bag in their possession containing $61 belonging to the Academy Amusement Co., operators of the theater.

Three Are Suggested For Local Draft Board

Business Center Leases Announced

The leasing of six store rooms that comprise the Greater Hilltop Drive-In Business Center at the north-east corner of Sullivant-av and Huron-av was announced this week by Don Casto, developer of the $300,000 project now under construction.

The property has a frontage of 410 feet on Sullivant-av with parking facilities on the east and west ends of the location. The 205-foot building is to be constructed of brick and terra cotta. It will have a depth of 130 feet.

The firms leasing space in the center are as follows:

Albers Super Markets will occupy 70 by 130 feet; Rexall Drugs, 30 by 130, to be operated by Edward and Paula Smith; Miracle 5c and $1 Stores, Inc., 30 by 115, a national chain of stores; Lang's Dry Cleaners, 15 by 100, first Hilltop unit of a city-wide chain; Holiday Sweets Bakery, owned by Leroy Morris; Moores Stores, 45 by 115, one of a chain of Ohio accessory stores.

Bean Dinner Is Resumed Here

Yesterday afternoon marked the resumption of the Hilltop Bean Dinners at Westgate Park.

The big community picnic was scheduled to get under way at 1 p. m. and run through the entire evening. Games, contests, rides, dancing, a radio show, ball game, band concert and other variety entertainment was booked for the day. Highlight of the day was expected to be the scrip auctions during which $1,000 worth of merchandise was to be offered for sale to the holders of the scrip money issued by member firms of the Hilltop Business Association, sponsors of the big affair.

Joe Briggs served as general chairman of the affair.

Township To Vote On New School Levy

Voters of the Franklin Township School District will be asked to approve a new $280,000 bond levy to make possible completion of a new elementary school to be built on Frank Road, just east of Briggsdale.

A resolution was passed by the Franklin Township Board of Education Tuesday night requesting the county prosecutor's office to draw up the ordinance to be placed on the November ballot.

Elbert Becker, president of the board, said that the new bond levy, if approved, would be added to the $278,000 voted in 1944 for the building program.

According to the board, the architect estimates that cost of building has more than doubled since the original plans were drawn. The additional money would be required to erect the 20-classroom building needed to relieve crowded conditions in all present buildings.

Included in the school expansion program are additions to Skidmore School.

Several meetings have been held by the board in recent months to determine just what policy to pursue in view of the high cost of building. Several PTA groups have asked that the program be started as soon as possible and have indicated a willingness to back the new bond levy.

Don Gilmore Seriously Hurt In Bus Crash

The condition of Don Gilmore, 23, pitcher for the Duluth, Minn., baseball team, was still reported as serious as The Hilltop Record went to press this week.

The Hilltop man is in Ancker Hospital, St. Paul, following a bus-truck collision resulting in the death of five of his teammates. The accident occurred Saturday afternoon. The driver of the truck also died following the crash that resulted in the bus catching fire when its gasoline tank burst.

Young Gilmore is suffering from third degree burns, a fractured right foot and lacerated left foot.

His parents, Mr. and Mrs. J. W. Gilmore of 364 Whitethorne-av, his brother, Dick, and his fiance, Jean Gregory, also of the Hilltop, left for St. Paul Saturday evening.

Gilmore was signed by the Columbus Red Birds in 1946, shortly after he reached his 17th birthday. This is his third year in pro ball. He took spring training with Columbus, Ga., and from there was sent to St. Joseph, Mo., club. Between transfer from St. Joseph to Duluth several weeks back, he spent four days at home and was on the verge of quitting pro ball.

Gilmore and Miss Gregory planned marriage after the present season.

Gilmore is the property of the Red Birds.

Don was a pitcher for the Central High Pirates before entering professional baseball.

Hurts Shoulder In Crash

S. E. Richardson, 76, of 147 Eldon-av, was treated in St. Francis Hospital Thursday for shoulder injuries sustained when his car was struck by a loaded Cleveland-av bus.

The accident occurred at Cleveland-av and Naghten-st as Richardson was attempting to make a left turn into Cleveland-av. The impact of the crash spun the car completely around.

Local Board 42 To Service Area

The names of three Hilltop men were being considered as members of Local Board 42 set up to cover the Hilltop and West Side in the new peace-time draft.

Those mentioned are Henry Koonin, 485 Hilltonia-av, Robert M. Draper, 74 Roys-av, and Inspector Thomas A. Scully, 2101 Sullivant-av. They must be approved by Gov. Thomas J. Herbert and the President of the United States before they are officially appointed.

Under the 1948 Selective Service Act, Local Board 42 will handle all registration and inductions from Wards 9, 10 and 11—the area west of the Scioto River.

It was not known this week where an office would be established or just how the registration of men would be handled locally. It is understood that a plan similiar to that used during World War II will be followed in inducting men into service. Registration for those 18 to 25 years of age will start Aug. 30 and will continue to Sept. 18.

By Libby Downing

"The Glory of The House Is Hospitality."

These few simple words, inscribed on an embroidered plaque just inside the door of the Clarkin home, best express the family's personalities and the nucleus about which their every thought and action evolves.

The mother of any family is the one that is looked to when there are problems to be solved or joys to be shared. That's the way it should be, and Mrs. Clarkin is no exception. In fact she not only tries to manage her family, but shares the sufferings of indeed half the neighborhood children also. It's a standing joke at their house that Mrs. C. be called "Beatrice Fairfax."

Mr. Clarkin is a safety engineer for a New York insurance firm, and is on the road much of the time. Lately he is able to return to his home almost every weekend. But time was when he would be away for weeks and once for five months at a time. While the father is away the mother has a dual role, but when he comes home it's like a family reunion every time.

The eldest of their family of three is Barbara, age 18, a '48 graduate of West High School. Next is Bill, Jr., age 17, this fall a senior at West High School. Sharon, the youngest, is 16, and will enter West Senior in September.

All Have Jobs

All three are determined to go to college and have worked at part-time and summer jobs for several years, to save enough pennies to make their dreams more than possibilities.

This summer Barbara is employed at the Agricultural Division of Ohio State University. She first worked there for a two week interval at Christmas time, being recommended by Irvin F. Young, West principal, for the position. She won a $300 Hilltop Kiwanis sponsored scholarship at West High School this spring and plans to attend Ohio State in the college of surgical nursing this fall.

"Bill is being 'odd man' at Green Lawn Cemetery this year," said his mother.

He hasn't decided yet whether to be an electrical engineer or an attorney, but according to his mother he's a pretty fast talker, so an attorney he may be!

Bill is one of two boys chosen from a total of 856 who attended the Legion's Boys' State, to attend the national Boys' State in Washington, D. C., from July 30 to Aug. 5, with all expenses paid. He is vice-president of his class at West High.

Sharon works at the Economy Drug Store at the corner of W. Broad-st and Chase-av this summer. She has worked for two

"I EXPECTED ABOUT TWO CALLS, and received about two dozen." So says Mrs. Cooper, of 212 Highland-av. Mrs. Cooper ran a 3-line ad in last week's edition, soliciting laundry work to do in her home. More proof positive that advertisements placed in the Record's "Classified" section are "go-getters."

If you have some service to offer, why not tell the Hilltop folks about it? Call RA. 1125 before 9 a. m. Wednesday.

Roadside Park To Be Located On Route 40 Beyond W. Jefferson

Madison County will have its first state park, following development of the four-lane superhighway project from West Jefferson to Lafayette to be let soon, it was announced by Division Engineer, R. F. Werner of the State Highway Department this week.

The half-acre triangular plot purchased by the state, is located on the south side of Route 40, about four miles west of West Jefferson.

It will be the only state park on Route 40, between Columbus and Springfield. The state has looked forward to this promotion for sometime, however, land value in this area along Route 40 made it difficult to procure a suitable site and right of way at a reasonable figure.

The park will provide recreational facilities, typical of those in other parts of the state.

Now a veritable wasteland of underbrush, the land will be cleared and a secondary growth of trees, including pin oaks, hawthorne, and various seedlings will be salvaged to provide shade and shelter to the park visitors. Landscaping will add a final decorative touch to the plot.

Local Couple See Son-in-law's Picture Taken In England

Mr. and Mrs. John H. Kirkpatrick, 29 N. Huron-av, opened their morning paper Monday only to find their son-in-law, Lt. Lee J. Humphrey, smiling at them from its pages.

Lt. Humphrey commanded one of the B-29 Superfortresses which arrived in Marham, England, on July 17. Now with the Regular Army, Lt. Humphrey is stationed at MacDill Air Force Base in Tampa, Fla. His wife and three children make their home at Tampa also.

He was pictured just after arriving in England, talking with members of his crew.

Mrs. Kirkpatrick, who "nearly fell off her chair" when she saw the picture, said she knew he was in line for a flight and thought he might possibly be sent to Columbus or nearby. She had written a letter in fact, asking her daughter when the lieutenant would be flying north again.

The Kirkpatricks had visited their family in Tampa during the month of May.

All mine, these stillnesses
Of crowds abhorred;
The fragrant silence that
In prayer's sure stored;

Where, echoed, wake.

Witnesses said the girl stuck her head through a small hole in the elevator door of the Bron Shoe Co., 269 E. Broad-st, where she is employed, to see if the carriage was on its way to the first floor, when she was caught.

NIGHTINGALE
All summer long
Nursing an age-old grief for far-off springs
She dimly remembers, yet
Cannot forget,
The nightinale sings
Out of half regret.

The source of her song
Is shadowy and fleet.
Only when the rapture in her heart
Is incomplete
And the grief will not depart
Is the song sweet—
And the world shaken apart.

Draper Says Home Front Matters Need Attention

Robert M. Draper, Democratic candidate for Congress, started his campaign this week with the announcement that he believes home affairs are as important as foreign affairs and that Franklin County is entitled to a voice in Washington to represent local people in home affairs.

It is his conviction that in order to be an influence in world affairs we must build up the home front by eliminating internal conflicts, high prices, unequal taxes and see that our people are properly housed and have security.

Draper has been active in civic affairs in the county for many years having served two terms as president of the Columbus Board of Education.

In 1946 the state of Iowa produced 661,620 bushels of corn.

The Island of Cuba contains 41,634 square miles.

The history of dancing dates back to ancient Egypt.

Sun-dresses Go To Town In Camisole Top, Full Skirt And Cover-up Jacket

Sun-dresses are coming to town this summer with new revealing camisole tops and very full skirts. There will be plenty of bare spots for the sun to get at too, says Marian Corey, who describes other cool styles, such as lightweight suits, sheers and dotted prints:

"The sun spots, according to fashions, are those bare areas in play clothes, the places that let the sunshine in—the deep backs, the open necks, the exposed midriffs. This is to be another year of very uninhibited play clothes, with lots and lots of spots for the sun to work on.

"Three new things have happened to the 1948 summer sports mode. One is the camisole top. You will see this again and again. One bra-and-shorts costume has it. And a plaid gingham sun-dress simulates it with its square cut neckline.

"The second new happening is the very full skirt, but this surprises nobody since full skirts are everywhere. The third new idea about play clothes concerns a new place to wear them. Sun-dresses are actually to be worn in town, of all places. Always with covering-up jackets, of course. For instance, one design, made in a darkish color, would be as suitable for the city street as for any other place, so long as its bolero is worn with it. It looks as urban as any summer suit, and is several degrees cooler than most. Office girls are even turning over in their minds the idea of wearing such outfits to work.

"Pink gabardine suits went over big in the South last winter, so they will do well at resort spots in the North this summer. One model has back interest—in the rippled peplum and the flared panels of the skirt. The seersucker suit is also a must for summer street wear. Whenever the sleeves are cut in one piece with the rest of the jacket, you get a lovely, rounding, shoulder line. Such shoulders should still be padded, lightly.

"There is a new trend in skirts toward tiers and other divisional ideas. With such a skirt, the bodice should be simple. A charming 'Southern Belle' sort of design is especially beguiling in a pretty print. A black dress, made of a heavy sheer, is very much cooled off by a deep neckline and brief sleeves. The drape in the skirt is all in one piece with part of the front. It's not even faced—just folded back.

"A navy dress of semi-sheer crepe is prettied up with cape sleeves. They are actually half circles, and you simply can't beat them for coolness on a hot summer afternoon. Dotted print was always a favorite, and now it's smart again. It makes a dress look cool and summery. The eyelet on a black crepe model is for eye appeal, and so are the scallops. The skirt is important, with 10 narrow gores, all rippling deeply because they are pressed a special way.

"Grey is now considered a young color, and it is very smart in plain cottons. A grey chambray dress is further important for its white collar, as the white touch is back in fashion once more. Make a blouse-and-skirt dress all of plain cotton. Make it main all of stripe. Then you can mix these two pieces up four ways, and get four costumes."

Sweets For Later On

By BETTY BARCLAY

These are unpredictable days. Food preservation is as important today as it ever was. Tasty preserves, jams and jellies in the emergency cabinet are now MUSTS.

Start with rhubarb and strawberry conserve when these fruits are at their peak season. Here's a recipe which blends the lusciousness of these two fruits into a conserve you'll be proud to serve next winter. The combination of corn syrup and sugar gives a nice texture and sheen, and just the right degree of sweetness to this confection.

Strawberry Rhubarb Conserve

4 cups (⅓ pound) prepared rhubarb
1 cup seedless raisins
2 cups sugar
1 cup Karo Syrup, Red or Blue Label
1 large orange
4 cups (1¼ pounds) prepared strawberries
½ cup blanched walnuts, coarsely chopped

To prepare rhubarb, wash and cut into ½-inch pieces. Place in deep kettle. Add raisins, sugar and Karo Syrup. Remove peel from orange and cut away one-half of the inner white part. Chop peel and add to rhubarb. Cut orange pulp, entirely free from membrane, into small pieces and add to rhubarb. Meanwhile, wash about 1½ quarts fully ripe strawberries. Drain and hull. Add to rhubarb mixture. Bring to a boil, stirring occasionally. Reduce heat; simmer, stirring occasionally until thick, about 30 to 35 minutes. Remove from heat and cool about 5 minutes. Blanch walnuts by covering with boiling water for about 3 minutes, then drain and cover with cold water. Drain; chop and add to rhubarb mixture. Pour Conserve into hot sterilized glasses. Paraffin. Makes 7 glasses (6 fluid ounces each).

IF I WERE

If I were a witch
On a red lacquered broom
How mad I'd go riding
Around the room.

Or were I a cock
On a decorative steeple
I'd figure out ways
To intimidate people.

I'd rattle the chimneys
As shadows dipped low,
And make the night quaver
For some I know.

But here I sit snugly,
All smug my labors,
And trade recipes
With the placid-eyed neighbors.

Corn Sticks With Summer Dinners

This is the time of year to make the most of the abundant variety of fresh fruits and vegetables our grocers—and our gardens have to offer. To add the crowning touch to a summer garden dinner, there is nothing better than golden crusty corn sticks.

Corn sticks are the simplest of hot breads to make, and those wonderful ear-of-corn shaped pans are now back on the market.

Here's a new corn stick recipe that will give you crisp, delicious corn sticks with very little effort. Serve corn sticks piping hot with plenty of butter, and even the simplest dinner will be one the family remembers.

Lightnin' Golden Corn Sticks
Makes 14 small corn sticks

Time: 15 minutes — Temperature: 425°

1 cup enriched yellow corn meal
1 cup sifted enriched flour
¼ cup sugar
½ teaspoon salt
3 teaspoons baking powder
1 egg
1 cup milk
¼ cup shortening*

1. Sift together dry ingredients into medium-sized bowl. Add egg, milk and shortening.
2. Beat with rotary beater until smooth, about 1 minute. Do not overbeat.
3. Pour batter into hot greased corn stick pans and bake in a hot oven (425°F.) 15 to 20 minutes.

*Shortening must be at room temperature.

Uniformity of Traffic Signs Is Goal of Highway Department

A campaign aimed at obtaining greater uniformity in traffic signs has been launched by the Ohio Department of Highways as part of the coordinated traffic safety program for Ohio.

The marking of streets and highways with standard signs is necessary to avoid utter confusion in the movement of traffic.

To make these signs as effective as possible in the safeguarding and expediting of traffic, however, it is essential that there be uniformity as to shape, color, dimensions, symbols, wording, lettering and reflectorization.

It is also essential that there be uniformity of application. Identical conditions, it is pointed out, should always be marked with the same types of signs.

Uniform standards provide four basic sign shapes so motorists can tell instantly the type of sign by its shape.

• OHIO DEPARTMENT OF HIGHWAYS DIVISION OF TRAFFIC AND SAFETY

The octagon is used only for the STOP sign, which means stop and make sure the way is clear before proceeding.

The diamond shape always carries a warning of some hazard or unusual condition on the road ahead, such as curve, turn, etc., and calls for caution and reduced speed.

A round sign is used only for railroad grade crossings.

Speed limits, turning, passing and parkings regulations are carried only in the rectangular shape.

The Ohio Uniform Traffic Act provides that all traffic control devices erected after the effective date of the Act—September 6, 1941—shall conform to the OHIO MANUAL OF TRAFFIC CONTROL DEVICES FOR STREETS AND HIGHWAYS, prepared by the Division of Traffic and Safety of the Ohio Highway Department.

The Ohio manual applies whenever an old traffic sign is replaced or whenever any new traffic sign is installed by local authorities.

LIBRARY PIGEON

With rippled arcs where he could
He walks along the window rim
And wonders with a nod what we
Concede of dignity to him

Who has blue breezes at his wing,
But chooses learning's little walk
Where he can venture, murmuring,
And get a bit of window-talk.

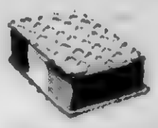
—Berniece Bunn Christman,
in CINCINNATI ENQUIRER.

ONLY THE SKY

Rose and green-blue sky
And moon upcurved in the oak
To form an "I".

Like slender arms held for a cloak,
Black branches lean against light—

There's nothing to invoke.



No Cassandra or Circe's crew
To prophesy doom for a city,
Or lap up bestial brew.

Only the sky and a bird,
A deepening dark—and no word.

Mabel Posegate, in her book,
BURNING GOLD.

Local Sports

By Dave Miller

Paul Theisen allowed seven hits, but pitched steady ball to lead his team, Green Cabs, to the American Legion baseball title of this district and the right to represent the district in the tournament on August 2. Franklin Post, made up of players around Linden, was the victim, 9 to 4.

A seven run third inning spark attack for the Cabmen. Don Paolini and Bob Parker both had two hits for the losers, while Catcher Bob Birle was the only winner to get a duo of safetics. Theisen, in addition to getting a hit, and winning the ball game, scored three runs, himself.

In an All-Star Columbus Night Softball team, selected last week, Dick Smith, in the outfield, and Chuck Dillie, playing infield, for Hilltop Van and Storage, were only players of this locality to make it.

The district junior tournament will be held in Columbus and all teams interested in competing must file their entry with the City Recreation Department by Aug. 2. Entrance fee will be $5 per team.

In the Junior Knothole League of this district (Western), Upper Arlington again is on top, but one of the more local nine, Hilltop Sporting Goods, is also sharing the top rung, both with won—2, lost—0 records. Following in that order are Columbus Air Conditioning (1-0); Smitty Realtors (0-2) and Rinky Dinks (0-3). In the Intermediate Loop of Western division, Camp Chase is on top with 3-0, Columbus Merchants, second, (2-1), Green Cabs (1-1), Upper Arlington (1-3), Westgate A. C. (1-1), and Hilltop Lions (0-1).

Lutheran Loops To See Action Again Friday

By Dave Miller

The Lutheran Softball Leagues were idle the first part of the week, but will swing into action Friday. The two league-leaders, Grove City of the Northwest, and Obetz of the Southeast loop, will be up against second division teams.

At Tuttle Field, on Friday, Zion tangles with Clinton Heights, in a Northwest fray. At Goodale, in addition to the Grove City-Indianola game on diamond No. 12, Trinity will meet Hope on No. 13. At Westgate, the local teams will clash. This includes Rome against Hilltop on No. 3; and St. Peter meeting St. John on No. 4.

At Franklin Park, Faith will meet Obetz on No. 1 diamond; St. Paul clashes with Emmanuel on No. 2; and Martin Luther versus First English on No. 7. In the remaining tilt, at Main-Montrose field, Peace will engage Christ.

The standings in the two loops are as follows:

St. Aloysius Tops League; West Park In Tie For Lead

By Dave Miller

West Park Methodist and Salvaton Army, both of West Church League No. 2, remained in the unbeaten ranks, following play in the No. 1 and No. 2 leagues, Monday evening. However, West Park has played one more game than Salvation Army.

St. Aloysius still held the lead in the No. 1 loop, but has one lone setback, that coming in the first round. After play finished Monday, it marked the second set of games played in the third round. Glenwood and St. Aloysius of No. 1, both have clean slates in this round while Salvation Army and West Park represent loop No. 2 in this honor.

West Park also holds another honor. It has played ten games, winning four in each of the first two rounds, and, as mentioned earlier, won two in the third set.

In games played Monday evening, in No. 1, Westgate EUB downed Hilltop Church of God, 8 to 1; Glenwood beat yet-to-win Hoge Memorial, 6 to 5, and the loop-leader, St. Aloysius, beat Burgess EUB, 7 to 4, for its eighth win.

In the other league, West Park took an easy 11 to 3 game from Hillcrest the latter yet-to-win in nine outings; Salvation Army took its ninth win by blanking Chicago Ave. Church of God, 7 to 0, and in the other tilt, Avondale nosed out a 5 to 4 victory over St. John A. C.

A check with Walter Gerber, City Recreation official, disclosed that both loops will join together after the third round of play for a city-elimination plan, the winner going to the champ of champ of the city.

The present standings are as follows:

These children were reared along what Mrs. Clarkin terms "old fashioned ideas." That is, they "can't eat their cake and have it too," and Mr. and Mrs. Clarkin are very well pleased with the fruits of their labors.

All Honor Students

All three are and were honor students at West High, and attended St. Mary Magdalene for their grade school work. Barbara and Bill each won scholarships to a Catholic High School, while there, but turned them down in order to attend West.

It is often said and usually is true that a child's opinion of an older person is more likely to be correct than that of a grown person. That Mrs. Clarkin carries out her family's wishes for a gracious and good-natured mother, is shown in the attitudes of the teen-age children, toward her.

"This is a regular hang-out for the kids, every night," she said. "And on Christmas day, altogether, there were 48 children here."

The Clarkins came to Columbus in 1935 and have lived on N. Chase since that time. "We hope to live here for the rest of our lives," said the mother of this model family.

Fall Festival Planned

R. T. King Chapter will hold its fall festival Friday, August 13, at Schiller Park Shelter House from 2:00 p. m. to 10:00 p. m. Supper will be served from 5:00 p. m. to 7:00 p. m.

Ladies Night To Be Held At Stadium

Tonight is Ladies' Night at Red Bird Stadium.

The Columbus Red Birds are scheduled to play Indianapolis in the third of a four-game series. On Saturday, Kansas City comes to town for an afternoon game. It will be Firemen's Day and Knot Hole Day.

The Kansas City series will be completed with a doubleheader on Sunday afternoon. Monday will again be Ladies' Night with Minneapolis moving into the W. Mound-st park. The Millers are booked for three single games

Holton Park Activities

Bicycle races were run off at the Holton Park playground Tuesday afternoon with the following winners:

Boys, 12 to 15 years—Don Mers, 14, of 215 Eldon-av.

Girls, 12 to 15 years—Clara Lucas, 15, of 2950 Valleyview-dr.

Boys, 8 to 11 years — Bobby Sturt, 8, of 59 N. Burgess-av.

In the pet show held recently the winners were Jack Wagnitz, best dog; Bill Kenney, best cat; Jodell Kenny, smallest pet; Jim Flannagen, largest pet, and Dean Lust, oldest pet.

A teen-age club was organized at the park last week with Dick Hallam, 187 N. Wayne-av, as president. The vice president is John Hallam, 187 N. Wayne-av, while Louise Seipel, 211 N. Eureka-av, was named treasurer.

Teenagers had a party at the Dispatch Country Club last week with Mr. and Mrs. Lawrence Seipel and the park leaders as chaperones. There were 21 in attendance.

On Wednesday of next week the teen-agers will take over the administrative duties of the park for the day. Doll day for girls 12 years of age and under will be held on Aug. 4 and on Aug. 9 will mark the beginning of stunt and circus week.

Want to have a bang-up good time in the summertime without getting banged up in traffic accidents? Well, the Safety Council of the Columbus Chamber of Commerce says one good bit of insurance against accidents is simply keeping your car in condition for safe driving—especially the brakes, lights, tires and steering mechanism. And take it easy on the speed. Don't rush through the summer—to a hospital.

Mr. Motorist, do you ever feel the urge to get around that car ahead? If you do, remember improper passing on rural highways is one of the chief sources of traffic collisions, according to the Safety Council of the Columbus Chamber of Commerce records. Why not put the brakes on that impulse to pass 'em all? Take it easy — especially on hills and curves, at intersections and railroad crossings, and on approaching narrow bridges and underpasses.

Looking Ahead with Jean Worrel

Jean Worrel

"Life assurance?" said a friend of mine the other day, "Death assurance is more like it."

This casual remark gave me a chance to put across an important point about the business I am in.

I told him life assurance was concerned with life rather than death. Its chief job was to defeat the consequences of death by making a normal life possible for those left behind. I told him of homes held together by the proceeds of insurance policies; of widows saved from poverty; of old folks living out their lives in dignity and comfort; of children getting a good start in life with a college education; of farms and businesses saved to provide a means of livelihood for a growing family.

These things are made possible every day by life assurance. Through life assurance a man reaches beyond death and continues to bless and enrich the lives of those he loved. Yes, it is indeed life assurance.

America's Sportsmen "Going To The Dogs"; Average 3 1-3 Per Hunter

America's sportsmen are "going to the dogs!" But, we don't mean that their morals are getting worse; we'll not be a judge on that topic.

A recent survey, projected over 300,000 active sportsmen, disclosed these amazing figures: 236,340 of them own dogs, with 21 per cent of this group owning more than one ((they averaged three and two-thirds dogs each), for a total of 419,720 dogs owned by 236,340 persons.

If that isn't "going to the dogs," we don't know what else you could call it!

We have figures available as to dog ownership last year or for a decade or two ago, but we'll wager a ham bone against a dog collar that the ownership of the hunting breeds has skyrocketed.

The answer probably is that more and more hunters are realizing that a good dog is as essential in enjoyable hunting as a gun. Our game supplies, particularly quail, pheasants and waterfowl, have taken a terrible beating in recent years through the loss of unretrieved cripples and dead birds.

Dogless hunters have been known to lose 50-75 per cent of the birds they shot, whereas sportsmen with dogs seldom show a loss of over 10 per cent of the cripples of birds shot dead.

And, whatever the reason for the upped dog population, we know there'll be fewer cripples and dead upland game birds and animals left in the field and marshes this fall because more gunners will have dogs along.

What is the most popular breed of dogs? By a slim margin the bird dogs (pointers, setters and German shorthairs) outnumber the hounds. Thirty-two per cent ((135,571) of the sportsmen own bird dogs; 28 per cent (120,879) are hound men.

Following along with the other groups, the survey showed 68,834 sportsmen owned spaniels and 18,887 owned retrievers. Most of the dogs are trained, too, with 82.2 per cent of the dogs ready for the field or marsh.

And it all adds up to a sizeable bill for dog food and other supplies. Feeding them took $10,-879,830; other supplies totalled $3,874,800. But to the sportsmen who have learned to love their canine hunting companions, this cost is only a drop-in-the-bucket compared to the value of the pleasures derived from going afield with a good dog.

1,250,000 To Fish This Year In Ohio

A million and a quarter residents of Ohio, or approximately one out of every seven, will fish this year to provide food for the table or just for the fun of it.

This figure was revealed last week by Harry F. West, chief of the accounting and budget section of the Ohio Division of Conservation, stating that an estimated one million persons will have purchased fishing licenses by the end of the 1948 fishing season. Another one quarter million fishermen under 18 years of age who are not required to purchase a license and those who are permitted to fish on their own lands without a license will bring the 1948 total number of fishermen to a million and a quarter—the highest in the history of Ohio.

Last year, West pointed out, there were approximately 775,000 fishing licenses sold.

In addition to breaking all records for the number of fishermen, 1948 will go down in history as the greatest fishing season of all time, considering the number of all species taken by hook and line. Fishing in general throughout the spring and early summer has been consistently above average.

For the week ending July 11 the fish management section's creel census reports show excellent fishing at Pleasant Hill, one of the Muskingum Watershed Conservancy lakes, where fishermen averaged 2.13 fish per hour for each fisherman. Census takers recorded 40% bluegills, 30% bullheads and carp, and 20% crappies. At Seneca Lake in Noble and Guernsey counties fishermen averaged 1.6 fish per hour made up of 86.1 bluegills. In Carroll County on Leesville Lake, fishermen took 1.2 fish per hour, 95% bluegills, while at Lake Alma in Vinton County the hourly average was 1.01 fish and 93% were bluegills.

Fires That Don't Happen

PHILADELPHIA — Altho processing enough inflammable material annually to incinerate all the world's cities, the oil industry reports a new 10-year record of leadership in the National Fire Prevention effort, celebrated in October. In this period, 100 leading oil companies established a fire loss ratio of .087 per $100 insurable value, substantially lower than the national average of .27. This photo of fires that don't happen shows a guard inspecting cigarets and matches checked at the gate of Gulf's refinery here, part of the rigid safety program by which oil workers and management protect American lives and property.

Ohioans Spend 85 Million Annually In Pursuit Of State's Wild Life

A report just completed by Daniel L. Leedy and Charles A. Dambach of the Ohio Wildlife Research Unit at Ohio State University in cooperation with the Ohio Division of Conservation shows that Ohio hunters and fishermen spend 85 million dollars annually in pursuit of the state's wildlife resources. The report is based on 1947 figures.

Fifteen representative Ohio counties were used in the store-to-store survey to determine how much hunters and fishermen spend, together with a questionnaire polling of a representative number of hunters and fishermen picked at random.

The report states that there are 9,158 businesses in the state dependent on wildlife resources or the sports associated with wildlife. These include those establishments engaged in selling, servicing and manufacturing hunting and fishing equipment; commercial fisheries; fur dealers; commercial game farms; dog kennel operators and the like.

At least 21 different kinds of businesses are known to handle hunting and fishing equipment; hardware stores, however, polled in a 13-county area reported that 38.6 per cent of their total income is dependent on the hunting and fishing sports. General stores reported that 21.4 per cent is traced to the sale of hunting and fishing equipment.

The 1947 survey of hunter and fisherman expenditures shows that the average hunting license holder spent $41.88 compared to $56.95 spent by the average fisherman.

Nearly 5,000 hunters polled reported spending 31.10 per cent of their outlay for clothing; 28.98% for guns; 11.77% for ammunition; 12.08% for gas and oil and lesser amounts for meals lodging and so on. Slightly less than 3,000 fishermen reporting in the poll said they spent 22.15% of their fishing expenditure for tackle; 15.48% for gas and oil; 8.71% for meals; 6.07 for lodging; 6.15% for bait and 4.86% for clothing.

One of the most significant economic and social aspects of Ohio's wildlife resources is the large number of people benefitted either as participants in its recreational use or in obtaining an income from the business created by it. At least a million persons, or one in every seven residents of the state, fish or hunt or do both.

The report, entitled "An Evaluation of Ohio's Wildlife Resources" is expected to be available in printed form for general distribution within a short time according to Conservation Commissioner H. A. Rider.

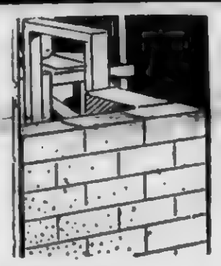
Ohio Nut Crop Hit By Locust

Ohio's squirrel population has been hit right in the middle of the food pantry by the infestation of the 17-year locust (cicadas) in the southern and eastern counties of Ohio.

From 25 to 50 per cent of the "mast" (nuts, to the uninformed) crop will probably be lost as food for squirrels, deer and other nut and acorn eating animals in 37 affected counties, according to a report of Dr. E. D. Martin, chief of the game management and propagation section of the Ohio Division of Conservation.



The female of the locust spreads its killing campaign by cutting channels or grooves in the extreme ends of twigs to serve as a nest for laying its eggs. The twig dies and often breaks off affecting the development of acorns and nuts which are borne near the ends of the twigs.

Nut and acorn production was very "spotty" in these same counties last year seriously reducing the food supply of the nut eating animals.

Impatience kills many pedestrians. Most of us know the rules for safe walking . . . Yet impatience—hurry, that is—causes many of us to scurry across the street in a race with cars . . . to cut across the street in mid-block . . . to step off the curb or out of a safety zone at the wrong time. The Safety Council of the Columbus Chamber of Commerce says: Take it easy—don't let impatience rush you to death!

For a Better Hilltop

Believing that most worthwhile things come to a community only through consistent and persistent effort on the part of groups or individuals, The Hilltop Record offers the following suggestions of what we feel to be for the good of the Hilltop as a whole.

This is not intended to represent all of the needs of the Hilltop—we'll always be working at that task—but it contains what we feel to be things that are needed now or in the very near future. Neither do we adopt them as pet projects of our own. We solicit the support and cooperation of groups or organizations most vitally interested in each of them.

Here are some of the things we as a newspaper intend to campaign for during the months ahead. We believe the accomplishment of just one of them will improve the Hilltop by that amount. The ultimate realization of many or all of them could not help but advance the community by leaps and bounds.

(1) A building to house the activities of the newly formed YMCA.

(2) Extension of bus service west on W. Mound-st to Binns-blvd and continuation of Sullivant-av service to a point farther west; creation of a Hilltop loop to better service W. Broad-st and Sullivant-av areas.

(3) Creation of a boulevard on the northern fringe of the Hilltop along McKinley-av connecting up to the new Sandusky-st bridge.

(4) Improved lighting on Hilltop streets, particularly the thorofares.

(5) Safe and adequate buildings for the elementary schools of the Hilltop.

The list could be much longer but we feel that these are a good starter. From time to time The Record will publish stories on the possibility of fulfillment of these projects. We fully realize that any one of them will require much persistence but we believe that they are all worth working toward.

Cub Pack No. 88

Cub Pack No. 88 held its monthly meeting July 12, at the Administration Building, Sullivant Gardens. Featured on display were various articles of nature gathered by the Cubs. Considerable research was done by the Cubs, under the guidance of Ralph Bollenger, Cub Master, and the Den Mothers, in assembling and listing the items which were fastened on display cards for exhibit.

At this time, the pack charter was presented to Mr. Drake and Mr. Howard of the executive council, who charged the pack committee with their responsibilities and duties and commended the pack upon the rapid growth and outstanding aggressiveness.

Wilbur Collins, of the Ohio Fuel Gas Company, presented to the pack a beautiful American Flag, complete with Eagle, stand, fringe and tassels. The flag was accepted by Ronnie Slaughter of Den No. 1 on behalf of the pack. At the close of his talk, Mr. Collins led the entire pack and guests in the singing of "God Bless America."

The Cub Scout Committee Members of Pack No. 88 wish to invite all boys between the ages of nine and 12 to join the pack.

The Cub Scout softball league was organized on July 12. Games are played on Tuesday and Thursdays at 6:30 p. m. on the ball field behind the office. At this writing three games have been played: Den No. 1 walloped Den No. 2—40 to 10.

Under Ohio Skies

AS TOLD BY THE CONSERVATION DIVISION

Let's Do Right By Bossy!

Some of the boys in Washington are not doing right by old Bossy. We're not talking about the "cow" with the crumpled horn, milked by the maiden all forlorn" either. We're talking about her ancestor—the modern dairy cow—who has given the American people its needed butterfat, fertilized the soil and lined the farmers' pocket with sheckels.

"Shame on Washington and shame on the Ohio Legislature when its members resume the butter vs. oleo battle as they are sure to do this fall," thus said Neal R. Baker, manager of the Fairmont Foods Company, one of the principal butter-making firms in the country. Mr. Baker aired his view before the July 15 meeting of the Hilltop Kiwanis Club. On July 22, Harry Patzer, adv. mgr. for Capital City Products, was to tell the oleo side of the controversy, so stick around and we'll attempt to give you his version.

Mr. Baker has no crow to pick with the margarine interests if they will only sell their product for what it is. What burns him up is when they steal the golden yellow color that has identified good butter for centuries. To add insult to injury, the oleo people have even gone so far as to flavor their synthetic spread with essence of butter flavor or some such stuff.

"Let 'em color it with chocolate, strawberry, raspberry, lemon or lime," says butterman Baker but make 'em pay 10c per pound tax if they insist on imitating butter."

That's what the fuss is all about anyway, according to Mr. Baker. If they sell uncolored oleo the tax is only ¼c per pound but folks don't like it that way. The difference in the tax will be needed anyway to stop the "bootlegging" in the oleo field, he contends.

The butter spokesman admits that there is little difference in the relative food value of the two products. By tossing in a few extra vitamins in the form of fish oil or the like, and mixing it with some skim milk, you'll grow just as tall, have just as much hair and the same number of fingers and toes as if you had been eating real butter, friend Baker admits. But the oleo people have camaflouged their products so cleverly that even the experts sometimes can't tell the difference.

"I've been fooled myself," Mr. Baker admitted privately after his formal address. To go further, 22 out of 25 senior ag students at a western college were fooled by the clever imitation, when the taste test was given, he revealed.

"That's what makes it so bad," he contends.

"You go into a restaurant and how do you know if you're being true to old Bossy or not. They feed you oleo and never tell you so you think you have been eating butter and that's bad, the speaker contends.

Then, too, the oleo boys are not honest in their advertising, says the butter manufacturer's representative. They put up huge billboards all over town to advertise their stuff and what do they use for art work? You guessed it—a bottle of milk. And that isn't all. They talk about its being churned to further confuse the purchaser to think it has something to do with the dairy industry.

Then who knows where these butter imitators will stop? Already they are cutting down on the butterfat content of ice cream in the state of Texas and allowing them to substitute some cotton seed oil. They may even have to start serving toothpicks with their sundaes to pick the cotton shreds from between your teeth. (That observation did not come from Mr. Baker.) So you can see how complicated this thing can become if they repeal the 10c tax on oleo.

Next week the oleo backers will probably tell us that for the difference in the price you can afford to put their product on both sides of your bread instead of cow butter on just the top side. So nose around this column next week and hear what the margarine boys have to say.

Hilltop Record
2465 W. Broad St,
Columbus 4, Ohio
Dear Mr. Hartley:

I wish to express my appreciation to The Hilltop Record for the very nice bouquet of flowers sent to me, also the note of congratulation and fine recognition in your paper, upon my being chosen to attend the Third National Boys' Forum of National Government in Washington, D. C., July 30th through Aug. 6th, 1948.

I feel greatly privileged to be given such an opportunity by the American Legion.

They are doing a great deal for the youth of today. I shall try my best to warrant their confidence in me.

There is no doubt that a more thorough understanding of our government, taught the boys attending Boys' State in Delaware, Ohio, in June, will enable us youngsters of today to keep America truly American for the oldsters of tomorrow.

Mr. Hartley, I also wish to add, it is great to be a Hilltopper, where community spirit and good fellowship is so sincere.

Sincerely,
Bill Clarkin

REMEMBERING

The day was ending. Clouds moved sullenly
Across the reddish sky. I heeded not
The tears that fell so fast—so burning hot
Upon my face. The days that used to be
Came back. I thought they would not grieve me.
Our lives were full—so many joys we got
From life. I did not know, nor had I thought
Death could be kind—but now I plainly see.

And in the dusk, I hear him call my name,
As evening shadows lengthen and grow dim.
I must be brave—I am not lonely now
For this is just the hour he always came.
I'll light the lamp, and watch and wait for him.
He will not fail. He always came, somehow.

STAR IN THE NIGHT.

What beauty lurks beyond the gathering storm
For the moment hidden and obscure;
A bird cries out in sudden shrill alarm—
The crickets tremble, bees are insecure;
The sky is ominous, and weather-wise,
Each creature seeks its secret nest or lair,
Reading the warning of the leaden skies,
Murmuring an inarticulate prayer.

While we, my love, stand resolute and proud,
Braving the storm, loving the distant thunder,
Knowing the gold behind each darkened cloud,
We gaze, like children, awed in silent wonder,
Impervious to every whim of weather
Who face the fickle elements together.

Duplicate This Picture and Save Money!

No greater indication of the necessity for more home canning need be cited than the U. S. Department of Agriculture campaign for 20 million home gardens in 1948, an increase of three million over last year's goal. The Department says adequate home gardens are needed to increase the domestic food supply when many areas of the world will desperately need all the food this country can ship abroad.

So while you can set up a picture like the one above in your own kitchen, Mrs. Housewife, be sure to do so and you will have plenty of nourishing, flavorful home-canned fruits and vegetables for your family's use next winter. And you'll be able to bolster your food budget against high prices!

Keep a supply of your favorite fruit jars, caps, lids and rubbers on hand; then you can put up fruits and vegetables as soon as they come from the garden or your grocer gets in a fresh supply. Select clean, sound, fully ripe fruits, young, tender, garden-fresh vegetables, and can them according to your fruit jar manufacturer's instruction.

Mother's Little Helper

Sure, let little daughter try her hand early in helping you with your cooking. There's no time like the present to give her initial training on simple food preparation. Probably one of the first dishes your very small daughter will learn to make is a rennet dessert. It's so easy, what with no cooking and no eggs to fuss with.

But long before she begins to do any actual food preparation, you'll find her more than ready to lend a hand at eating rennet desserts.

These dainty desserts were very likely the first she ate as a small baby, and they've grown up with her until now the whole family is sure to enjoy these banana rennet desserts with golden marmalade topping just as much as she does.

Here's the recipe, so *present* and *future* cooks get busy!

Banana Rennet Desserts

2 small bananas
1 rennet tablet
1 tablespoon cold water
Dash of salt
3 tablespoons sugar
½ teaspoon grated lemon rind
2 cups milk (not canned)
Orange marmalade sauce.

Set out 4 or 5 individual dessert glasses. Cut 1 banana into small cubes and divide among the dessert glasses. Dissolve rennet tablet by crushing in cold water. Add sugar, salt and grated lemon rind to milk. Warm slowly, *stirring constantly*. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F.) not *hot*, remove *at once* from heat. Add dissolved rennet tablet and stir quickly *for a few seconds only*. Pour *at once*, *while still liquid*, into dessert glasses. Do not move until set — about 10 minutes. Then chill. Just before serving chilled rennet desserts, top with fresh slices of the remaining banana and with orange marmalade sauce.

Orange Marmalade Sauce: Combine ¼ cup orange marmalade with 2 tablespoons cold water or cream. Blend well.

Saturday Last Day For GI's To Reinstate Lapsed Insurance

It was announced this week that the Veterans Administration offices at 209 S. High-st. and 52 S. Starling-st, will remain open Saturday, July 31, between the hours of 8 a. m. and 5 p. m. Evert C. Strickland, manager in charge of the Columbus VA office at 209 S. High-st, stated that this special Saturday opening was arranged to permit veterans of World War II to take advantage of the final day for "easy" reinstatement of lapsed GI term insurance.

Herbert W. Thomas, contact representative in charge at 209 S. High-st, explained that liberal reinstatement privileges expire on that date. Up to and including July 31, 1948, World War II veterans who have permitted their term NSLI to lapse may reinstate by paying only two monthly premiums, and stating that they are in as good physical condition as they were when the insurance lapsed. No physical examination is necessary.

The local VA offices are normally closed on Saturdays, and this special opening July 31 is a convenience to veterans who wish to pick up their lapsed term NSLI before the July 31 deadline.

Scribes, Pharisees Offer Lesson in Racial Tolerance

IN the gospel story of the life and teaching of Jesus there are many references to the Scribes and Pharisees.

Who were these Scribes and Pharisees, whom Jesus often criticized so harshly and whom He found so lacking in sincerity and loyalty? They were the successors of those who had played a fine and honorable part in the history of Israel in the four centuries following the return of the Jewish exiles from Babylon.

There were among them still noble and earnest men like Nicodemus (John 3), and Gamaliel (Acts 5). But power and authority, in religion as in other spheres of life, is subject to the temptation of abuse and pride.

The Scribes were the lawyers of the Jewish community, but as such they were much more than the lawyers of today. Every reader of the Old Testament knows how great a part the Torah, or the law, represented in the life of Israel. The law was religious as well as political and social, and the Scribe is described as being something of preacher, scholar, lawyer and magistrate.

But the Pharisees, also, had historic and spiritual greatness. They had been the party of strict observance, seeking to maintain the integrity and purity of their religion.

Why, then, did Scribes and Pharisees fall under the criticism of Jesus? It was because so many Scribes had become formalists, concerned about the letter, but neglecting the spirit, of the law. Law, when it is law and nothing more, ceases to be protection against injustice and a furtherance of liberty and becomes a curse rather than a blessing.

Also in many Pharisees the zeal that had once been for racial and religious purity had become a matter of spiritual pride and the despising of others. "They trusted in themselves that they were righteous, and despised others."

Thus it was that a Publican, praying humbly for God's mercy upon him as a sinner, stood in noble contrast to the proud Pharisee, telling God how good he was.

The lesson of it all ought to be obvious for everyone who would be truly religious.

Volunteers Needed By Blood Center Here

An urgent call for new volunteers for Nurse's Aide training has been announced by the Franklin County Chapter of the Red Cross. More than 100 nurse's aides are at present serving in the city's hospitals and clinics under this program, which was started during the recent war. An increased number will be needed this fall with the opening of the new regional Blood Center at 30 East Town-st, opening as part of the Red Cross National Blood program to provide a vitally needed supply of blood for everybody—everywhere in the country.

Nurses's aides who have become inactive since the end of the war are being asked to give their services again by calling either Mrs. George C. McConnaughey at Ki. 4252 or Mrs. Frank J. Connor, Ev. 0868. New volunteers are being sought for training classes which will begin the middle of September, especially volunteers who would be able to serve during the day when the Blood Center will be open and on the Mobile Units which will be touring the state.

Nurse's aides perform many time-consuming tasks which supplement the work of registered nurses — bed-making, giving baths, and taking temperatures. Requirements are that applicants must be at least 18, have a high school education, and pass a physical examination. The training in a local hospital includes 35 hours of classroom instruction and 45 hours of actual work under supervision before Aides are "capped" and become full-fledged aides. To remain active, they must contribute at least 150 hours of work a year, at least half of them in the hospital where the training was taken.

The work is rewarding and interesting, and offers a chance to help in the vital new National Blood Program. New volunteers are asked to contact the Red Cross at Ma. 7421 to make appointments for personal interviews, which will be conducted every Friday, beginning July 30.

News of Rome

By Mrs. E. C. Sheets

Rev. and Mrs. Elwood Rose are now home after vacationing in the West. She left for her home in Fowler, Colorado, several weeks before his vacation started. After going to Piqua to get his parents, Mr. and Mrs. Harmon Rose, the three drove direct to Fowler, where they added Mrs. Rose to their party for quite an extensive western trip, covering several thousand miles. They report a wonderful vacation time but are very glad to be back in their home on Smith-rd. They very no doubt very anxious to view their new home, the parsonage of Columbia Heights Church.

Miss Hazel Clark was hostess to a bridal shower for Miss Elma Lou Riebel, at her home on Smith-rd, Tuesday evening. There were about 35 guests. Mrs. Hilda Rings and Doris Hamilton were the assisting hostesses.

Mr. and Mrs. Charles Coulter of Fifteenth-av, formerly of Rome, announce the arrival of a daughter, they have named Marlene Sue.

Mrs. Coulter's sister-in-law of California, Mrs. Flora Manson and her daughter, Mrs. Fred Kilcoyne, and her young daughter, Karen, of Columbus, spent Wednesday with the Coulters.

Mr. and Mrs. Harry Shaner have returned to their home in Detroit after having spent several weeks with their son, Mr. and Mrs. Shaner on Hilliards-Rome-rd. Mr. and Mrs. Gabriel of Detroit flew down to spend the week with the Shaners and accompanied the visiting Shaners back to Detroit.

Mrs. Ella McKendree, mother of Mrs. James Whalen of Buena Vista-av, was rushed to the hospital Saturday noon, after a severe heart attack. She seemed in her usual good health and arrangements had been made by her daughter to have someone stay with her at night, as the Whalen family was going to Northern Michigan for a vacation. They started a return trip immediately as soon as they arrived at their cottage, where they were handed a telegram telling the sad news.

Mr. and Mrs. Joe Coulter are back from their wedding trip and are now residing temporarily at the Coulter residence. Mr. and Mrs. Taylor spent Sunday evening as guests of Mr. and Mrs. Joe Coulter.

Mr. and Mrs. Clarence, 464 Pasadena-av, announce the coming marriage of their daughter, Betty, to Mr. Arthur Wiseman, son of Mr. and Mrs. Edward Wiseman, Carrol, Ohio. They will be married Saturday evening in the Apostolic Gospel Church at 6:30 o'clock.

Arney Smith, David Warner, Bob Thompson, Bob Burns, Darrel Armstrong, Billjean Lamb and Owen Irvin were among the many boys who attended Camp Lazarus from this community for the week.

Mr. and Mrs. Ralph Clements spent last week-end at Lake Erie. This week-end they had their little granddaughter, Pamela Lee South, with them while Mr. and Mrs. Robert South and another couple spent the week-end at the lake.

Mr. and Mrs. Rodney Maurer and children, Penny and Larry, of Springfield visited at the home of the Kent Richeys, Pasadena-av, Friday.

The dedication of the Prairie Township Fire House Saturday proved to be a big success. It was more like a homecoming. Everyone was having a good time and greeting old firends and making new ones. The little grandson of R. C. Woda, who had to ride in a wagon, was enjoying a cold drink with no effort at all and had a smile for everyone. Mrs. James Weaver, whose home was the big brick house at the end of Maple-dr, has watched the community grow from her own farm lands to the progressive little burg it now is. Her many friends were glad to see her able to enjoy the well planned festivities.

Pets Become Big Business

Pets — the great American amusement — have become Big Business. An amazing billion-dollar industry has grown up around selling, housing, supplying and feeding them. Dogs alone bring over twenty-five million dollars revenue a year in license fees, according to Paul Kearney, who shows how cats and dogs, birds and fishes keep the dollars flowing:

"Cage birds may not seem economically important, but Max Stern, of the Odenwald Bird Company, New York, one of the largest breeders in the field, estimates that 300,000 domestic-bred songsters are sold here annually. This figure represents more than three million dollars' worth of business.

"There are probably one million other cage birds sold in addition to canaries, all imported since there is a Federal law against trapping domestic birds. Virtually each sale means the purchase of a cage plus about $10 a year in seed, medications and accessories. Max Stern's estimate of the total value of all bird foods and the accessories is $18,000,000 annually.

"Another important phase of the pet-shop business is the fish fancy, divided into two camps; goldfish and tropical fish. The former represents about $15,000,000 annually in fish, bowls and food. The tropical fanciers are the more serious of the fish enthusiasts. By and large, tropical fishes and their breeding have considerable appeal for people of limited means—and for shut-ins. They can be very inexpensive and very entertaining.

"The money spent on fishes is peanuts compared to what is lavished on cats and dogs. Financially, cats don't compare with dogs, although they exist in about equal number. Cats are dainty eaters and don't seem to require the accouterments dogs do.

"In the past ten years, however, there has been a great increase of interest in pure-bred cats, and in this field you'll see money being spent. Probably seventy-five per-cent of the professional cat breeders are women. Show cats today bring $150 apiece; the ordinary house pet type, with a pedigree, $75 to $100.

"It is in the pedigreed dog phase of the pet field that the money really moves around. The men and women who raised most of the two million registered (pedigreed) dogs in the country can sell their pups for $100 to $200 and up and can get $150 for a champion at stud. Altogether, these bluebloods of dogdom represent at least 100 million dollars.

"However, there are probably 18,000,000 other dogs, which don't belong to the canine DAR. If it cost only 10 cents a day to feed them, then we're spending $730,000,000 a year on food alone. No wonder, then, that there are now some 250 concerns engaged in the packaging of prepared dog foods and doing a 160-million-dollar annual business.

"However, the outlay of dogs doesn't end with food. Thousands of dog books account for a $20,000,000 publishing business. And there are at least eighty dog magazines, ranging from pocket size to the 160-page Dog World which sells for thirty-five cents a copy to over 40,000 readers a month. Then, there are the accessories, ranging all the way from a fifty-cent rubber bone to a $400 mink-trimmed blanket or a $1,400 leash garnished with solid gold rings set with diamonds.

"Cats and dogs and birds get sick, and that costs money, too. Dogs themselves acquire virtually all the ailments that plague humans. Today there are about 9,300 practicing vets in the country. Between them they operate more than 800 small-animal hospitals representing investments ranging from $5,000 to $100,000 for the private institutions—and up to $1,000,000 for the famous Angell Memorial Hospital in Boston.

"There are, of course, other house pets sold besides cats and dogs, birds and fishes, but when you get away from the Big Four, you get out of the upper money brackets."

OWLS DO NOT AVOID DAYLIGHT! (The owl is usually a nocturnal bird of prey—though some varieties are day hunters—hence, he must rest during the day. However, during his waking hours, when vision is allimportant to him, he does not relax his vigilance even to the extent of shutting out vision by winking with the 2 curtain eyelids. When you see an owl in the daytime with eyes dull and glazed, the third eyelid is drawn partly across them, diluting the strong glare of light and yet enabling the bird to distinguish much that is going on. Hilltop Bean Dinner Attracts Thousands To Westgate Park Wednesday

The fifth annual Hilltop Bean Dinner has gone into the record books as a success from every angle. A crowd, variously estimated at from 8,000 to 20,000 persons, thronged over Westgate Park, starting at 1 o'clock and running past the midnight hour before the last hardy souls took their departure.

For the Hilltop Business Association, sponsors of the big event, it was a financial success in dollars and cents and, more important to the members, it was a success in the good will it created.

Socially it served as the biggest homecoming the Hilltop has perhaps ever seen. Literally hundreds of former Hilltoppers from other parts of the city and from other cities returned at least for the evening to renew old acquaintances. As one visitor put it:

"It was just a big old-fashioned country church picnic with beans thrown in for good measure."

People came — they ate beans — they visited — they had a good time in general. Many of the townsfolk had never seen anything like it.

To review the entire afternoon and evening's program completely would be impossible but here are a few highlights re-gathered from many who attended.

More than 50,000 of the five-cent refreshment tickets were sold during the afternoon and evening. Picnickers ate 700 pounds (before cooking) of boiled beans done to a turn by the David Davies Packing Company; 250 pounds of hot dogs (they were gone by 7:30 o'clock); drank 5,000 cups of coffee and consumed uncounted gallons of soda pop, ice cream and milk shakes.

More than 1500 kiddies rode the ponies; the octopus ride attracted more than 2500; the airplanes, 1,000, and the ferris wheel, 2,000 riders.

High spot of the afternoon and evening was the two sessions of the scrip auction conducted by John Davis and his helpers. Inflation was rampant as "scrip happy" bidders went the "limit" on the hundreds of items put up for sale. Of course the scrip was free, having been given by HBA merchants in full amount for purchases made preceding the Bean Dinner. A tiny table-model radio was sold for $2500; a box of soda crackers for $500 and a colorful plastic toilet seat for $3400. Many bidders pooled their scrip in order to place effective bids.

Dick Swisher won the $15 cash and the wristwatch for climbing the greased pole.

Ralph Paul's Singing Sheriffs put on an unannounced half-hour concert at the shelter house preceding the dance.

Many of the HBA members worked continuously from 1 p. m. until near midnight at tasks behind refreshment counters or in ticket booths. Bill Coon had to eat his plate of beans in the pony concession ticket booth. Clarence Story missed his first Hilltop Bean Dinner because of illness.

Westgate Evangelical United Brethren Church softball team, champions of the West Church League last year, eked out a 4 to 3 win over the Galloway Merchants.

Bill Reed and Woody Woodham each received a cake for "doing guard over the scrip" and on merchandise. Other members of Boy Scout Troop 172 who had assignments were Ted Bidwell, Lee Bidwell, Lewis Proper and Dick Sensenbrenner.

A Red Cross first aid trailer was on duty throughout the day taking care of 14 patients. Emergencies varied from a boy's broken arm to pulling a tooth for Jerry Rose before he could eat his hotdog and beans. The broken arm patient was taken to the hospital by the Noble Allen ambulance. Another near casualty (not requiring first aid attention) was Charles Maus, Record circulation manager, when the cow that advertised his wares stepped on his foot and refused to budge.

City safety officials were on hand to help handle the crowd. Among the officials seen there were Safety Director C. C. Cole, Police Chief Charles Berry and Capt. Frank Harrison.

Busiest man on the grounds all day was Joe Briggs, general chairman of the event. In the confusion he gave away the last copy of his program and had to borrow one of them back.

E. O. Melvin, who arranged for the grounds and facilities for staging the event, got unprecedented cooperation from city officials. New permanent picnic tables and benches were installed recently, dead trees removed and utilities were made available for lights and power. When Dr. E. E. McNamee appeared on the grounds at 11 a. m. he found only 110-volt current available. He expressed a need for 220-volt service so that he could cook the hotdogs and was much surprised to find another transformer installed and 220-volt power available when he returned a couple of hours later.

The Moose Band put on a much-enjoyed band concert in the early evening complete with majorettes and baton twirlers. The Buckeye Jamboree gang gave concerts in both afternoon and evening to a large, appreciative audience.

Chairman Briggs was much impressed with what he termed "the complete cooperation" of his committee members and all concerned.

Hilltop Was Really Bean Happy

The thousands who visited the Hilltop Bean Dinner a week ago Wednesday have been enthusiastic in acclaiming it as one of the most successful parties ever thrown in this community. The weather was ideal, the attractions were interesting and the beans were good.

The Hilltop Business Association deserves a big hand for undertaking such a project and it will be looked forward to by hundreds in years to come. Each year's experience should provide an even better show the next year.

The scrip auction drew a capacity crowd and hundreds of people went away with merchandise. It was true that some people did not receive anything for their bidding efforts. It was the same old story with inflation — when money is cheap it gets out of control. There were some who earlier in the bidding placed too much value on their scrip with the result that they were unable to make purchases.

There have been some people who have wondered how anyone could collect as much as several thousand dollars worth of scrip in a six week period. We think there are many explanations of how this is possible. For example, a contractor or person who is building a house has certainly had an opportunity to get large amounts of it with payment of lumber and material bills. Then, too, many, many people pooled their scrip. Aunt Minnie, Uncle George and Grandma and the whole family were saving it for Jimmy or Jeanie. Perhaps there were many people who had collected it and were unable to attend and in turn gave it to someone.

In any event, the auction, in our way of thinking, was much better than a prize drawing. In the latter case one person or a very few would have walked off with large prizes. In the auction nearly a thousand people got something — and every one had a lot of fun.

If any one group deserves special recognition it would be the city officials and various city departments that cooperated so wholeheartedly in making the affair the big success it was. Ed Melvin was in charge of the park and at every turn he had the finest of cooperation. The park department, recreation department, street department, division of electricity, police in fact everyone who was called on responded splendidly. The Hilltop is most appreciative of the fine effort.

Yes, ladies and gentlemen, when bigger and better bean dinners are spread out they will be on the Hilltop. See you at the bean dinner next year!

One little note herein last week asking for information regarding Mexico for Eddie Walker brought at least one response that we have heard of. Seems a copy of the Record landed on a desk in the Industrial Commission and someone there learned of Eddie's interest in going south of the border and she in turn knew of someone who had recently been down there so the two were brought together by phone for quite a lengthy conversation—all of which proves if you want anything just say so in the Record.

High-Ridge Civic Association To Hold Organization Meeting Tonight

Tonight's meeting of the High-Ridge Civic Association has been moved to the West Mound Street School it was announced this week. The meeting had formerly been scheduled to be held at the home of W. Herbert Dailey, 615 Belvidere-av, temporary chairman of the new group.

Interest in the meeting during the past several days has been mounting and it was felt that a larger place would be needed for a meeting place. The meeting will start at 8 o'clock.

Improvements for the community bounded by Ryan-av, Sullivant-av, Wayne-av, and Mound-st will be discussed and reports of committees heard. There will also be some discussion concerning the formation of a permanent organization to carry on the fight for civic improvements.

Improvements to alleys, adequate school buildings for West Mound Street School, bus service and street lighting are among the problems to be faced.

The High-Ridge Civic Association came into being recently when residents of the area met together to discuss ways and means of getting needed improvement. Much of the area's completion of new houses built since the war and full modernization.

Last week the newly created Traffic and Transportation Committee appealed for the installation of a traffic signal at the corner of Belvidere-av and W. Mound-st to help protect children who attend the West Mound Street School.

Capt. I. L. Kidd

To Pursue 3 Hobbies After 38 Years With Columbus Fire Department

Retirement Saturday for Capt. I. L. Kidd from the Columbus Fire Department after more than 38 years service marked the beginning of a long-awaited opportunity to pursue hobbies long cherished.

You see, the former fire fighter has three hobbies, all of which he anticipates exploiting to the full. They include golf, wood working and singing.

As a golfer, he shoots in the low 80's, occasionally getting into the upper 70's. His workshop is filled with wood-working machinery of every description to occupy his time in bad weather and he plans to take up his place as a tenor in the Hilltop Male Chorus, Grotto Chorus and the Glenwood Methodist Church Choir.

"Cap" Kidd, as he is known to his many friends, is now 67 and he is looking forward to doing many of the things time never permitted while he commanded a company of firemen. He started in the department on May 5, 1910, and was assigned to No. 1 truck at No. 1 Engine House at Front-st and Elm. In April of 1933 he was assigned to No. 17 here on the Hilltop where he has remained ever since.

Looking back on his 15 years on the Hilltop, Capt. Kidd recalls that one of the worst fires he ever fought in the community was a dwelling on the south side of W. Broad-st just east of Hague-av. That was several years ago. He helped rescue two people from the upstairs when the first floor was a raging mass of flames but that aluminum utensils were melted.

What is now known as the Columbus State School also provided a couple of serious fires during that period. Like all other firemen he was called in to help on most of the major fires downtown. He was on duty for 62 hours when fire destroyed the building at Long and High-st in the winter of 1937.

He believes that the Hilltop is one of the cleanest sections of the city so far as fire prevention is concerned. He complimented local business people on the way they cooperate with fire department inspectors.

Capt. Kidd feels that regular inspection of business establishments and public buildings has done more to reduce fire loss than any other factor in recent years. Installation of a 100-gallon tank of water with 200 feet of one inch hose on trucks has also made possible putting out fires in less time.

He explained that a fireman can many times have the fire out with the hand line before it would be possible to connect up the big two inch line to the hydrant. This tank has been in use about 10 years and is now more or less standard equipment on every truck.

Capt. I. L. Kidd

Capt. Kidd came to Columbus from Greenfield. He still considers Greenfield his home and goes back for a visit at least once each year. He moved to the Hilltop in 1914, following the 1913 flood. In 1915 he built his present home at 38 N. Warren-av. He and Mrs. Kidd have a son, who is an executive of the American Telegraph and Telephone Company in New York.

Capt. T. M. Stringer, 267 Belvidere-av, took over Capt. Kidd's command at No. 17 this week.

C & S Dime Store In New Location

The C & S Dime Store, formerly located at 2578 Sullivant-av, is now doing business in its new location at 2558 Sullivant-av, next door to the Ritz Theatre.

According to Gus Johnson, owner of three Hilltop novelty stores, this store is still in the process of getting organized in its new home but is open to serve the customers.

Sporting Goods Co. Has 2nd Anniversary

The Hilltop Sporting Goods Company, 2461 W. Broad-st, is celebrating its second anniversary with a storewide sale this week. A full-page advertisement announcing the anniversary merchandise will be found on page 8B of today's Hilltop Record.

A 20 per cent discount is being allowed on all merchandise except fair trade items.

Ritz To Show Kiwanis Movie

"Beyond The Peace," is the title of the movie to be shown at the Ritz Theatre Saturday afternoon through the cooperation of George Pekras, owner of the Ritz and Rivoli Theatres and the Hilltop Kiwanis Club.

It is the sixth in a series of eight free movies made available to children of the Hilltop organized playgrounds. Tickets are available to the children free of charge. They may be obtained from the supervisors.

Old Trail Theatre To Open Sunday

Plans have been completed by the Academy Theaters for the grand opening Sunday afternoon of the Old Trail Theatre at 3636 W. Broad-st, just west of the city limits on U. S. 40.

H. E. Clifford, former manager of the Westmont and National Auto Theatres (also operated by Academy) will manage this new movie house, designed to seat 1200 persons.

The initial showing will be the Technicolor film, "On An Island With You," starring Esther Williams, Jimmy Durante and Peter Lawford. The first show will be at 1:30 p. m.

The Old Trail gets its name from historic Route 40, formerly known as the National Highway. It is said to be the city's most beautiful and most modern theatre. Push-back type chairs have been installed and the appointments are of the smartest. A large parking lot provides ample parking facilities for all patrons.

The building was erected by the F & Y Building Service and is part of a larger business development being completed by Leo Yassenoff, owner of the firm.

Eight birch slab doors open to and W. Broad-st and provide entrance to the lobby. Sidewalls and ceiling of the lobby are of sand color, offset by a painted circular oriental design emphasized by neon tubing on the ceiling. A confection bar is to the right of the lobby.

Carpeting of the theatre itself is a new wild plum color that harmonizes with the strong oriental red and jade green decor of the playhouse.

Draft Board 42 Personnel Is Uncertain Here

First 3 Mentioned Refuse To Serve

Personnel of Local Board 42—the West Side and Hilltop's peacetime draft board—remained somewhat uncertain this week as three new names were submitted to Governor Thomas J. Herbert for his approval.

All three of those named last week refused to serve in the peacetime draft setup. Robert M. Draper, 74 N. Roys-av, one of the three, said:

". . . I do not agree that a peacetime draft is the method to prepare for the common defense in a democracy."

Draper is Democratic nominee for Commissioner in the November election and is a member of the Columbus Board of Education. Henry Koontz, 485 Hilltonia-av, a city councilman, and Inspector Thomas A. Scully, 2100 Sullivant-av, of the Columbus Police Department, were the other two originally mentioned for the three-man board.

Named this week were Henry Fagan, 308 Algonquin av, an attorney; A. T. Vollman, 208 Burnsblvd, and W. R. (Woody) Clark, 2523 Ridge-av. Clark operates the Westgate Pharmacy at 3089 W. Broad-st.

A check by The Hilltop Record this week revealed that Clark will serve on the board if his nomination is approved by Gov. Herbert and President Truman. Mr. Vollman said he was "not sure" whether he would accept if asked to serve. Mr. Fagan was in Canada on vacation and could not be reached for a statement.

Present plans call for setting up an office for Local Board 42 to serve the entire area west of the Scioto River, including the north, 10th and 11th Wards.

Gilmore Improving After Bus Crash

Don Gilmore, Hilltop baseball player injured in a bus-truck crash in Duluth, Minn., 10 days ago, is reported by his family to be "improving nicely."

A report this week from his mother, Mrs. John W. Gilmore, 364 Whitethorne-av, indicated that his injuries were healing satisfactorily and that she might be able to return to Columbus next week. His fiancee, Jean Gregory, also of the Hilltop, has likewise been at his side in a St. Paul hospital.

Five of his teammates and the driver of the truck were killed or died following the accident. Don received third degree burns, a fractured right foot and lacerated left foot.

He is a former Central High School pitcher and recently had been sent to the Duluth team.

Marine Pilot Killed In Crash Near Santa Ana

First Lt. Daniel August Davis, 24, died in a Santa Ana, Calif., hospital following a plane crash, his parents, Mr. and Mrs. Steve Davis, 179 N. Wayne-av, were advised Tuesday.

The Spears Funeral Home is awaiting further word before funeral arrangements here can be completed. Interment will be in Sunset Cemetery.

Lt. Davis, a veteran of World War II, received his wings in August of 1943. He enlisted in the Marine Corps July 2, 1942, following his graduation from West High School in February of that year. He saw service on Midway Island, was stationed in the Hawaiian Islands for 15 months, and saw action throughout the South Pacific.

It was understood by the parents that military services would be held in California before he is shipped to Columbus. No details of the crash in which he was killed were known.

Camp Chase Post To Meet Tomorrow

Camp Chase Post No. 98, American Legion, will meet tomorrow night at the home of W. T. Lewis, 474 Wilson-rd. Members who do not have transportation are asked to meet at post headquarters at 8 o'clock.

West To Open 35th Football Season

By Paul Wichterman

Preparations for the 35th football season will get under way at West High School on Aug. 20 when gridiron hopefuls report to Coach Mack Pemberton for the start of practice.

A bit of research into the files of West High yearbook (The Oracle) with the aid of Coach Pemberton brings to light many interesting things concerning the grid sport that started down at what is now Starling Junior High.

Coach Lee Leahy, new arrival at the Ohio Training School, had by first team, known as the West Side Independents, in 1910. It played one scoreless tie and failed to win a game in six tries. The next year a lack of material resulted in there being no team but in 1912 popular demand among the students resulted in the organization of another team that was much more successful.

In seven scheduled tilts, the team won three, played one scoreless tie (the second time it had a scoreless tie with Commercial, now Central High) and lost three. It was during that season that Principal Otto Magly was really won over to the sport and placed his stamp of approval on entering the West team in the City League the following year. Magly had taken the boys to Ironton that year where they lost a 19-13 decision but was so impressed with the showing of the West team that he permitted the school to have its first regular team in 1913.

By contrast to the dozens of boys who will report for fall practice on Aug. 20, Coach Leahy was lucky if he had 11 boys able to go onto the playing field at one time. During that 1912 season he took his team to London with only 13 players and the manager. Perhaps the highlight of that season was the 36 to 0 win over the team of Otterbein College reserves.

First League Team in 1913

The first recognized West High team (in 1913) undertook an ambitious 11 game schedule winning six and losing seven although outscoring the opposition in all games played, 168 to 123.

The 34-year record of football at West High has not been impressive as far as city championships go. During that time the school has enjoyed five undisputed titles and shared one championship.

Coach Leahy brought grid championships to West in 1915 and again in 1919. Then followed a long title drought and it was not until 1936 when Coach Harold Wise eked out a championship only to repeat in 1937, this time with an untied and unbeaten eleven.

The Cowboys were co-champions in 1945 when Coach Dale Rose coached his team to a surprise 26-13 win over North on the Polar Bear field. The final championship was won last year when Coach Mack Pemberton's boys won all 10 games to bring the trophy back to the Hilltop.

Statistically last year's eleven compiled the most impressive record of any West High team. In the first place it played a 10-game schedule — one more than the 1937 undefeated team. It scored 275 points, the most scored by any West team during its 34 year history. (The 1931 team, although beaten twice, scored 202 points in a nine game season.)

However, the 18 points scored against the 1947 team in nine games was the lowest total opponent score with the exception of 1918 when only 12 points were tallied in four contests played. The death of Allen Miller (from an injury received in the East-West game) that year resulted in the cancellation of the remainder of the schedule.

The worst setback ever suffered by a Cowboy team was the 115 to 0 score run up by Toledo Waite in 1923. West ran up a 94 to 0 score against Columbus Trade in 1920 for its biggest single-game tally. The 1917 squad shellacked South to the tune of 60 to 0 for the biggest City League score.

Coach Leahy believes that the West 3 to 0 loss at the hands of North in 1914 was the only time 11 West players played an entire game without a single substitution. Last year's championship team also had what may have been another unique record in that the same 11 boys started every one of the 10 games played. In one or two instances a boy was taken out immediately following the kickoff but Coach Pemberton would not deviate from the starting lineup once a winning streak was under way.

Hundreds of unusual things could be written about incidents in West High games of the past. Not the least of these would be the time that the Cowboys played Toledo Waite to a 6-6 tie in 1916. The field was flooded with water in places so badly that the ball actually floated over some of the pools on the gridiron.

NEXT WEEK: Season scores of some of the early West High teams will be published in an effort to bring up to date the complete gridiron record of the school.

Legs Appear Slimmer

If your legs reveal not-so-perfect proportions, fashion is in your favor. Hemlines are taking a dip to help hide your beauty deficiency. More than that, the sheer nylons in darker shades have a slimming effect for the appearance of your legs.

But be careful when you choose the shade of your nylons. Extremely dark shades only call attention to your imperfections. Subtly darkened [illegible] are bound to give you a fashion boost. But they also disguise the fact that you have a definite purpose in choosing the dark shades.

Boggs Welding Shop Is Opened This Week

A new welding and repair shop, at 2215 Eakin-rd, is now available to Hilltoppers, it is announced this week by the owner, Bill Boggs.

All types of welding and general repair will be done by Mr. Boggs and his sons, Jerry and Bill. A new building, providing 1200 square feet of floor space, has been constructed by the company. The structure is large enough to accommodate most any size of equipment.

Boggs and his family have lived in the Hilltop vicinity for the past 20 years. He has been in welding work for more than 22 years, having worked at the A. C. Schodorf and Son Co., for nine years; Curtiss Wright for three years, and now being employed in that capacity at the General Motors Corporation.

The new shop has portable electric acetylene equipment, thus being able to do the work at the business place or on the job.

The firm's name is the Boggs Welding and Repair Shop.

Holton Park Team Wins One, Loses One

The Holton Park softball team won and lost last week. The team was scheduled to go against Columbian Park on Wednesday afternoon.

Last Thursday Holton defeated Beatty Park on the latter's field by a score of 7 to 5. On Saturday, Holton dropped a 7 to 2 game to McKinley Playground. Battery for Holton in both games was Dale Cline, pitching, and Dick Hallan behind the plate.

Pastor Returns For Funeral

Rev. M. E. Nelson, former pastor of Wheatland Avenue Methodist Church, was in Columbus Saturday to conduct the funeral of Mrs. Rose Hutchins, a former Hilltopper. Rev. Nelson is now pastor of the Mount Pleasant Church in Cleveland.

Tennis Courts To Be Ready For Use By Next Week

Tennis courts were being completed at Holton and Glenwood Parks this week with the expectation that three new blacktop courts would be available at Holton and two at Glenwood by the first of the week.

Fence was installed around the Glenwood courts this week and it is expected that fence will be completed at Holton by the end of the week.

Work of remodeling Glenwood Shelter House is now approximately 60 per cent complete, N. J. Earnck, recreation director, said, this week. It will be ready for full use by the time the fall program gets under way, he said.

At the new Columbian Playground a basketball bankboard has been erected and a volleyball court installed. Work of grading and completing a softball diamond will not be completed until more dirt can be obtained to fill in the area.

Buckeye Trails Group To Visit Indian Camp

Indian Village Camp is the next objective of Buckeye Trails, youth hostelers, in the series of bicycle trips being sponsored this summer by the district council. They will leave from the corner of Lane-av and High-st at 1 p. m. Saturday, Aug. 14, and spend the night at the camp. The program for the week-end will depend on the interests of the group, but plans now under discussion include swimming in the camp pool, an evening of square dancing, and an exploring trip to Hayden Falls.

Anyone interested in youth hosteling is welcome to join the group. Reservations must be made by Aug. 8. For further information, write (enclosing return postage) to the American Youth Hostel office in the YWCA, 65 S. Fourth-st, or telephone AD. 9121 on Thursday evenings between 6 and 8. At other times, call Ann Gustin, WA. 5809 after 6 p. m., or Elfleda Seelbach, LA. 8328.

Most Healthful Theatre

It will be impossible to catch a cold or be affected by any airborne germ at this newest Academy Theatre! Attached to the ventilating system is a Glycol Vaporizer which dispels minute drops of Glycol Vapor which, though completely invisible, harmless and odorless, sterilize the air, killing instantly cold and flu germs—streptococci, pneumococci, staphylococci — and a host of other airborne bacteria. With the exception of one of New York City's finest theatres, the Old Trail will be the only theatre in the country to offer its patrons the healthful protection of an amazing Glycol Vaporizer unit which reduces the contamination of infectious airborne bacteria almost to the vanishing point.

New Push-Back Chairs Installed

You won't ever have to stand to allow others to be seated while you enjoy the show at the new Old Trail Theatre, opening to the public Sunday afternoon, August 8th. This newest addition to the Academy circuit is equipped with comfortable, luxurious push-back chairs, which move easily and noiselessly back, allowing you to continue enjoying the show, without any troublesome interruptions. Resilent spring-back cushions, extra-high backs, foam-rubber seat toppers and armrest pads provide the kind of ultra-luxurious comfort that will make you say, "I'm coming back to the Old Trail often."

Old Trail Theatre Offers Colorful Treat In Modernism

A colorful treat is in store for you when you see the gorgeous auditorium of the new Old Trail Theatre. The ceiling of the auditorium is a thrill to behold. Of oriental design, a flame red field extends from the stage to the standee space. The exciting red color of the center field is further complemented by a surrounding 10-inch wide gold stripe, a wide band of sprout green and a surrounding field of clearest jade green which extends down the sidewalls on either side of the stage. The jade green of the ceiling, which is featured on rough accoustical plaster, is carried down to the silvery-green spun glass wainscot of the auditorium sidewall. Three gilded pagoda-like grilled sidewall lights are on each wall. The rear portion of the ceiling is dominated by a huge Yang Yin, the Chinese symbol of life also used in the design on the marquee ceiling. The ceiling area near the stage is featured by huge painted cloud-like designs of sand color. Exit doors on either side of the stage are topped with a similar cloud design, in sand painted ornamental plaster. The stage proper is in Chinese red, with a base of rich Ming purple.

Chinese Motif In Architecture

Located just west of the Columbus city limits in the heart of the new West Broad Street shopping center, The Old Trail Theatre is an architectural triumph of white painted concrete brick with stylized Chinese design motifs. The facade is characterized principally by a huge pylon and the mass of the unbroken area of the front. Emphasizing the weight of this mass is a 4x4 ft. oriental idol niche, backed in handsome Wang Pu red structural glass, highlighted by white oriental grill work. Color for the exterior of the theatre is furnished mainly by the use of a conventionalized Chinese butterfly of sheet metal and neon atop the pylon. On the ceiling of the marque, 317 incadescent lights carry out a Chinese design, connected by red and gold painted lines and neon. The design features two Yang Yin, a circular effect which is the Chinese symbol of life, and a stunning leaf design.

Flagstone Slate Floor In Lobby

The flagstone floor of the lobby, of Vermont slate, gives a warm and distinctive over-all effect, suggestive of a temple garden walk. To the left, immediately inside the lobby entrance doors, a public phone booth has been provided for the patrons. A completely modern pop corn, candy and soda bar concession will be available inside the lobby.

When you walk down the wide spacious aisles of the new Old Trail Theatre, you'll tread easily on inches-deep, soft luxurious carpeting. The carpeting is of new wild plum color, which harmonizes beautifully with the strong oriental red and jade green decor of this gorgeous new suburban playhouse.

The Hilltop Record

New Drug Saves Life Of Veteran

A new drug called aninoptrin was credited with saving the life of a Hilltop World War II veteran.

The man is Melvin Carper, 35, N. Huron-av, owner of Melvin's Roofing Company. Doctors had said there was no hope for his recovery from leukemia coupled with pneumonia and a case of juandice.

The new drug was administered at Veteran's Hospital, Dayton. Carper celebrated his 31st birthday at his home here last week.

He was with the infantry and ordance during his 22 months in the service. He was in the South Pacific where he believes a glandular ailment while he was in the Philippines led to the dreaded leukemia, a blood disease.

Carper started his business here on the Hilltop shortly following his return to civilian life. During his recent illness his brothers have carried on for him.

William F. Cody, great American frontiersman and guide, was familiarly known as Buffalo Bill.

Cub Pack 250

Cub Scouts Pack 250 held its monthly meeting on July 29.

The project for the month was for the cubs to make den doodles. The judges were Mr. Momburg and two members of the Christian Mothers, Mrs. Reinhard and Mrs. Skufza. They awarded the prizes to Paul Ferguson, Den 3, a Wolf, William Kenney, Den 4, a Bear, and Edward Zastudil, Den 5, a Lion.

The membership award was won by Den 4, having the highest number of members present.

Mr. McAndrews, committeeman for Pack 250, held Webelo services for four cubs who are nearing 12 years of age and who are about to graduate from cubs to scouts. The boys who received the Webelo badges were Teddy Roberts, Patrick Martindale, Robert Davis and Jack Dolfinger.

The cubs had completed various requirements and were given their awards as follows: Wolf pins, Paul Ferguson, Dick Flannigan, Gene Ccurtade and Paul Borowitz of Den 3; Bill Kenney, Danny Matyac, Felix Borowitz and Philip Momburg of Den 4; John Guzzo, William Lee, Robert Lee, of Den 6; and Wayne Claggett, Fred Gallucci and Robert Maxwell of Den 2.

Bear pins went to Fred Gallucci and Robert Maxwell of Den 2; John Guzzo, Robert Lee of Den 6; Bill Kenney, Dennis Martin, Pat Lytle and Paul Sipe of Den 4, and Gene Courtade and Paul Borowitz of Den 3.

Lion pins went to Robert Davis, Den 4, Jack Dolfinger, Den 1, and John Guzzo, Den 6.

Handicapped Repair Shop Owner Plans To Help Self and Others

Fixing ball gloves, doll shoes, zippers on purses, key tags, and lastly men's, women's and children's shoes, comprises one day's work at the Unger Shoe Repair Shop, 2223 W. Broad-st.

"We really have a variety of requests in this business," said Floyd E. Unger, owner of the establishment, "but we've never had an item that couldn't be repaired." (That "we" includes his co-worker Ted Roettger, 131 Nashoba-av.)

These men are practicing employing handicapped persons at the shop, and it has worked out wonderfully. You see, they themselves are handicapped and their fondest dreams are to be able to employ more disabled people in their business until both the front and back rooms are filled with handicapped persons who are able to work and be independent.

Mr. Unger was a polio victim, then just four years ago while at work his leg was broken. After the bone in the broken leg did not heal properly, surgeons put a steel plate in the limb, hoping that eventually he might be able to walk. Not until last fall was he able to be on his leg long enough to take any handicapped training.

After studying under the Ohio Vocational Rehabilitation Training Program, he bought the local shoe shop, formerly Wright's Shoe Repair.

One day a short time later a young chap with a limp walked into Unger's business place and asked if any help was needed. After comparing notes the two found that they had something in common, in that they were disabled but were still trying to earn their own livings. Roettger was hired and is now taking his vocational training with Unger.

Plan To Help Others

The two are doing all they can to help themselves now, and after they are in a position, will in turn help other handicapped. Unger who lives at 936 Wagner-st, says that the Hilltop is undoubtedly the "most friendly part of Columbus." In the short time he has been located on the Hilltop, he prides himself on the number of friends and steady customers he has acquired.

The business has prospered too. All the machinery was redone and shined up, and all sorts of new stock was added. The shelves on the walls and under the work benches are probably as completely stocked as any other neighborhood store in Columbus.

Unger and Roettger, who both have to make changes in a pair of new shoes due to their disablements, do that work themselves. Sometimes it is necessary to tear the entire shoe apart in order to get it fitted properly. They also do much orthopedic work, building up and adjusting shoes for others. Another novelty of the shop is the reconditioning of second hand Navy shoes which sell for a small price, and wear for years.

The largest size shoe the men have ever worked on was a 14½.

The Unger family is made up of four children, Kenneth, Danny, Clara Sue and Nicky. They want to move to the Hilltop if a suitable home can be found. Kenneth is anxious to attend West High School.

The two local shoe specialists, who incidentially are of Dutch descent, are former employees of the Goodwill Industries, which devotes its services to disabled and handicapped persons.

Standings Affected Little Following Monday Play

Standings in the West Church Softball League were little affected by play Monday night as the winning teams bolstered their leads at the expense of the lower division clubs. Most scores were decisive.

In the No. 1 League, St. Aloysius strengthened its position by trouncing Hoge Memorial 13 to 3. St. Aloysius now has a record of nine wins and one defeat. Glenwood Methodist took over the No. 2 spot with an 8 to 2 win over Westgate Evangelical, last year's champion. In the other game played in that loop, Burgess EUB topped Hilltop Church of God by a count of 7 to 5.

West Park Methodist and Salvation Army still carry undefeated records in the No. 2 Loop—rain on two occasions having postponed the day of reckoning for the two clubs. West Park rates the top spot by virtue of having won one more game than Salvation Army.

The West Park nine soundly trounced St. John AC by a score of 13 to 3 while Salvation Army ran up a count of 20 to 9 against yet-to-win Hillcrest. The third contest found Avondale forced to go through eight frames before eking out a 9 to 8 win from Chicago Avenue Church of Christ.

League standings at present are as follows:

League No. 1

	W.	L.
St. Aloysius	9	1
Glenwood Methodist	8	4
Westgate EUB	6	4
Burgess EUB	5	4
Hilltop C. of G.	3	8
Hoge Memorial	0	9

League No. 2

	W.	L.
West Park	11	0
Salvation Army	10	0
Avondale EUB	5	5
Chicago Avenue	3	8
St. John AC	2	8
Hillcrest	0	10

Vets League Ends N-3-1 Crowned Champs

N-3-1, after a hard battle, subdued N-9 two out of the three-game series and were thereby crowned champs of the Monday night Veterans' League. N-3-1 finished the short summer season with a record of 19 wins against 11 defeats. This was two games better than N-9 who had a won and lost record of 17 and 13. The Collectors, who had been in first place since the beginning of the season, dropped to fourth place by losing two games to V-1. Looking Ahead with Jack Worrel

"Better late than never" is a saying which does not apply to life assurance. Too often late means never. If you delay in applying for the proper amount of assurance protection you may ultimately find you have fallen below the required medical standards. Each day medical examiners are obliged to turn down applications for insurance from people whose need for it is great. Many of these disappointed people could have qualified a year or so earlier but the development of a health impairment makes them now uninsurable.

Statistically speaking, 20% of men are already uninsurable when they reach the age of forty. Keep this figure in mind. Don't be too late applying for your life assurance. Call me today!

Our School Needs

Ohio's public school system is facing a crisis in the half dozen years just ahead. It will be felt most severely in the elementary level and to a lesser extent in the secondary and college levels a few years later.

The problem facing almost every school district in the state is two fold. From all indications the state's supply of elementary teachers, already inadequate, will not be sufficient to meet the demand. The number two problem, equally as serious in most districts, is the inadequacy of school buildings and school equipment.

Ohio's baby boom is the underlying factor that is bringing both problems to a head. In 1947 the state registered 197,000 births as compared with 170,000 in 1946, 143,000 in 1943, 113,000 in 1938 and 96,000 in the depression year of 1933. A high birth rate always accompanies a war but with hostilities having ceased three years ago, the birth rate in the Buckeye state promises to continue on a high level. The division of vital statistics anticipates about 170,000 births this year, almost double the number of 16 years ago.

In the years immediately ahead, Ohio's schools will feel the impact of these births. A total enrollment (elementary and high school) estimated at 1,118,000 in 1949, is expected to climb to 1,209,000 in 1952 and 1,363,000 in 1954. By 1954 total Ohio public school enrollment will have surpassed the previous record high (1930-31) by more than 100,000 pupils.

The big pinch in every community will be the enrollment in grades 1 through 8. In the next four years it is expected that elementary enrollment alone will equal present registration of elementary and high school. With 804,200 grade school pupils in the class rooms in 1948, this figure is expected to go to 1,071,000 by 1954.

Where to put them is one problem? Who will teach them is another?

Many communities, including Columbus, thought they were taking adequate steps to solve the first problem back in 1944 when they passed special bond levies to provide for new schools, school additions and modernization. The Columbus Board of Education opened its first bids on a school modernization project last week. The lowest bid was 50 per cent higher than the estimate. Franklin Township had voted $278,000 for erecting a new building and modernization of three other school plants. The estimated cost of the new building is now more than 100 percent above the amount provided by the bond levy, according to the architect. And so it goes. Bond levies passed four years ago will provide only half or less the amount of building space needed in most cases.

Today's critical shortage of trained elementary teachers will become worse as enrollment begins to climb sharply. To take care of minimum needs, the elementary teaching force must be expanded by 80 percent before 1953-54. Total teaching force for grades 1 through 12 must increase from 38,000 today to 45,000 in five years. Approximately 12 percent of the elementary teachers on a nation-wide basis hold temporary or emergency credentials. Most of them cannot meet prevailing standards.

Space here does not permit further discussion into this teacher shortage. Suffice it to say that the teaching profession is still not attracting enough prospective teachers. There is no dodging the school problems that are ahead. This can only be met by a willingness on the part of the public to pay more for education if reasonable standards are to be maintained in our schools.

Letters To The Editor

Editor, Hilltop Record

Our family recently returned home from a very delightful vacation in the State of Michigan. Many of our Ohio residents know of the outstanding features offered to the vacationer there, such as fishing, swimming and boating, but one thing that impressed me so much was the beautiful free beaches offered to the young folks. We visited several lakes in western Michigan, as my husband is an ardent fisherman, and all offered so much to the public. Being a mother and knowing how children love the water, I could not help comparing our meager facilities in such a great city with those in our neighboring state.

Why can't our municipality support several free swimming pools for those who cannot afford to go to the privately owned pools? Isn't there some natural spot that can be made into a swimming pool? Some quarry, remade, to answer our children's prayers for a decent and safe place to swim?

Our men and women on the Hilltop have done so very much to help our community, I was wondering if we could lay some plans for free swimming for our youngsters.

Sincerely,
Mrs. Edward J. Hensley

If you knew a little boy in your neighborhood whose tiny bare feet were calloused and sore, frostbitten in winter, burned and cut in the summer, I've no doubt you'd jump at the chance of giving him a pair of Junior's shoes, maybe even second-best. In the good old U. S. A. we would listen in amazement if we were told the shoes we have must last indefinitely, and the time would come when we too would be barefoot and would come to the plight of this little boy. This condition is quite prevalent in European countries, but it is difficult for us to realize.

There is a very simple way for you to help change this situation not only for children but for the grownups too who know the torture and suffering of living, walking and working without shoes. Use your head and your heart to help out the Catholic Youth Organization of St. Aloysius Church, which is working together with other C.Y.O.'s of central Ohio to gather "Shoes For The Shoeless" of Europe. We need all the shoes we can get, so dig into that old trunk, look in the attic, clean out your closets—here's a pair Mary Ann outgrew and another pair too tight for Dad. They'll be keeping someone warm and comfortable someone who'll be thanking God for an American who understands. You may say it's such a little thing to do but remember—it's the little things that count, because they are big and important to others.

We have until Sept. 4 to get together all the useful and wearable shoes we can and we want to supply these needy people before the cold of winter sets in. All you have to do is reach for the phone and dial RA. 3696, and we'll arrange to pick them up for you. Or, better yet, leave them at St Aloysius Church. It's as simple as that. And, if you are FIRST to lend a hand in this great work of charity, you can rest assured you won't be LAST in the hearts of those who will know perhaps for the first time what it is for someone else to care.

The Margarine Story

Last week I told the Butter Story as related by one Neal Baker, manager of the Fairmont Foods Company, in his talk before local Kiwanians. This is the Margarine Story as told by Harry Patzer, advertising manager of the Capital City Products Company, one week later.

Margarine, formerly known as oleo margarine, is not a new product although its popularity has increased by leaps and bounds during and since World War II. They don't like the term "oleo" any more. They prefer it to be known as margarine only.

Napoleon is the guy responsible for the whole margarine business. It was back during the Franco-Prussian War and the French people were not getting enough butter. The would-be-world-conqueror offered a special prize to the scientist that could come up with a substitute for the dairy product. One of them did just that, cooking up some kind of a concoction from beef tallow and milk, flavored with a little peppermint.

Improvements were made and about the year 1880 it was introduced to the United States. It wasn't long until the dairy interests became concerned over the effect it would have on their product and they started to fight this impostor as early as 1886. According to Patzer, they have been fighting it ever since, imposing a series of federal and in many cases state taxes to make it more difficult for the consumer to buy it.

During World War II, thousands of persons became margarine users because the red points were too precious to spend on butter. Many of them liked it so well they have continued to use it in larger quantities because of the difference in the price.

The margarine makers defy you to tell it from butter. They maintain that it has all of the vitamins and other food values ever claimed by butter makers.

The dairy people have gone so far they even tried to copyright the yellow butter color but the copyright office in Washington said nix. They said that the Good Lord Himself must have liked the yellow color because he colored so many fruits and foods that color, so it was no soap.

We have no quarrel with the butter people," Patzer emphasized, "we contend that there is plenty of business for both."

Furthermore there are not enough dairy cows on American farms now to supply all the milk products needed. That's one of the reasons the price is so high today. Right now we need approximately 5,000,000 more.

He puts it this way. Some people can afford Packards. Others can buy only Fords. It should be up to the customer which he can afford but the Ford buyer shouldn't have to pay a penalty for only being able to afford that vehicle.

That's what Mr. Patzer said. He not only told his story but brought along a pound of his margarine (colored yellow) for Kiwanians to taste for themselves. Many of them tasted and nodded their approval.

Members of the Hilltop Kiwanis Club membership committee are convinced that Russell Henry's cabin on Blacklick Creek is seaworthy.

Meeting there one night last week, a cloudburst hit the area pouring a veritable flood from nearby cornfields in the direction of the cabin. For a few minutes it looked like the whole crowd would be marooned in the middle of a lake. After the storm subsided, Russ donned rubber boots and broke a track through the deposits of silt so that the cars could get out to the highway.

Included in the party were Curt Wilcox, Lou Maish, Bob Postle, Ed Witherspoon, Sam Alfred, Carl Dale, Woody Clark, Phil Stout and Joe Agee.

Anti-aircraft Vets Offered Good Ratings

A special opportunity for a certain number of World War II veterans with anti-aircraft artillery training to enlist in the U. S. Army in advanced grades ranging up to sergeant first class (formerly technical sergeant) was announced this week by Capt. Thomas J Madigan, Jr.

Open to navy, marine corps and coast guard veterans as well as to former army and air force men, this special inducement has been provided to attract qualified personnel for new anti-aircraft units organized under the recently authorized expansion of the army, Capt. Madigan explained.

Men trained in one or more of 21 different anti-aircraft artillery technical specialties may qualify for this opportunity if they have been honorably discharged from one of the armed forces since May 12, 1945. They may enlist for three, four, five or six years, with assurance of being assigned to anti-aircraft artillery duties.

These specialties include such highly technical fields as radar operation and maintenance, fire control electronics, communications, gunnery and artillery mechanics. Men who can qualify for these openings will in some cases be given advanced technical training in their chosen fields.

Gernet, pastor of the church, addressed the group on "Alcohol, the Enemy of Man." Special music was featured by Donald Skelton, YTC vocal soloist.

BIBLE COMMENT

History of Israel Shows Persistent Struggle, Conflict

DURING the year of the 172nd anniversary of the Declaration of Independence, a new state of Israel is struggling for existence.

The time seems appropriate to review the history of the Jews in their homeland, their original settlement, their exiles, their efforts for return and restoration, their dispersion throughout the world, their persistency under centuries of persecution, and the dream of re-establishing a national life.

The life of Israel in Palestine began when Abraham, forsaking his home and idolatrous environment in far-off Ur of Chaldea, in the pioneer spirit, established a new civilization in the way that the Book of Genesis describes.

That civilization took root and lasted until famine took the people to Egypt, where Joseph, the child of tragedy, had become the man of destiny and power. There under his favor and protection the Jewish people flourished. But their traditional prosperity brought enemies, and when a Pharaoh arose who "knew not Joseph," enslavement and oppression began.

The story of deliverance under Moses and of leadership back to their homeland is written in history and in glowing pages of the Bible. Like the return of today, it had sad as well as noble aspects.

Then came the long development through various vicissitudes, until the Kingdom of Israel became strong and consolidated under Kings David and Solomon. The glory of Solomon tarnished in the division and disruption into two kingdoms of all that he had built. Both kingdoms were to fall shortly, the one in dispersion never to be restored, the other in exile to Babylon.

The return from that exile and the rebuilding, described in the Books of Ezra and Nehemiah, was the second return. That re-establishment of the Jewish people lasted, amid various changes and conflicts, until 70 A. D., when the Roman legions besieged and destroyed Jerusalem, and the seemingly final dispersion of the Jews began. Will it really be final, or will the new Jewish state of Israel be established in ultimate security and peace?

Rev. B. C. Azbell will preach. His theme will be "An Aspect of Faith."

CROWNING

Crown us who make within,
Our thrones and places high,
Though the gold crown be thin,
Let it be light as sky.

And may the aureole shine,
The rounded circlet glow,
That we be kings in fine
Before our overthrow.

One crown, one life, one hour—
Decree in justice, Lord,
That none usurp the power
Of our so brief reward!

Missionary Group To Sell Handkerchiefs For Mission Project

The Women's Missionary Association of the Edgewood Chapel United Brethren in Christ Church has undertaken to sell 125 exquisite hand-made handkerchiefs which Dr. Y. T. Chiu has imported from China.

The Women's Missionary Association of the United Brethren in Christ Church, with headquarters in Huntington, Ind., while numbering only approximately 5000 members, is supporting mission fields in Sierra Leone, West Africa, and in China, in addition to home and frontier projects.

The mission work in China is an outgrowth of the old Chinese mission in Portland, Ore., conducted by the Rev. Moy Ling, an honored and outstanding Christian citizen of that city, who conducted night classes for adult Chinese, teaching them to read and write English. In addition to the weekly meetings he conducted Sunday services for all ages.

At the death of Rev. Moy Ling, 22 years ago, the board of managers voted to raise funds to erect a suitable building in China in memory of Rev. Ling and to extend their work into his beloved China. He had selected, as his successor, to promote the work in China, Dr. Y. T. Chiu, an outstanding educator and Christian, a professor of chemistry in the Lingnan University, Canton, China. The war interrupted the work begun 27 years previously, and the Chiu family, along with thousands of others, became war refugees, since the city of Canton was the scene of many bombings.

Now that the war is over and the Chiu family is again reunited the project is slowly becoming a center for Christian education and for missionary training. Purchase has been made of a tract of land in Tung Shan, a suburb of Canton, and plans for a large church plant, including a school, church and medical center, have been made. Dorothy Chiu, daughter of Dr. and Mrs. Y. T. Chiu, a graduate physician in China, is in America at the present, taking work in pediatrics. Upon her return to China she plans to head the clinic. At present there is not a single children's hospital in all China and perhaps only one pediatrician for five million children.

Dr. Y. T. Chiu is spending two years in America, and while here is acting as guest professor of chemistry at Huntington College, Huntington, Ind. He will, upon his return to his native country, act as general superintendent and serve as pastor of the work. Already, three affiliate schools have been established in the city of Canton.

The first unit of the church plant will be built this year. One of the projects to raise funds for this center in Canton is the sale of lovely hand-made handkerchiefs, imported from China. The native worker, a friend of the mission in Canton, furnishes the linen and does the intricate hand work for which she receives 80c. Duty and other taxes amount to about 20c. The actual cost, therefore, for each handkerchief, is $1. The handkerchiefs are priced to sell at $2, with the extra dollar going into the fund for the new church in Canton, China.

The Columbus outlet for these hand-made handkerchiefs is the Women's Missionary Association of the Edgewood Chapel United Brethren in Christ Church located at 496 S. Wheatland-av. Orders may be placed by writing to the church address, or calling RA. 2753 or RA. 4477.

Mrs. H. E. Harwood is the president of the local society.

New Theatre is Asset To Community

Owners of the new Old Trail Theatre are to be congratulated on the opening of this fine new picture house on the Hilltop. Those who attended the opening on Sunday have been loud in their acclaim of its beauty and comfort.

At an expenditure of considerable money the owners have brought to this community one of the finest neighborhood theatres in the county with modernity and comfort predominating.

Opening of this new business also marks a further expansion in the business west of the city limits and one that will be watched with interest in coming years. It is our prediction that a few short years will find the area out to the General Motors plant well lined with businesses and corresponding enlargement of the residential areas north and south of Broad-st.

The Hilltop, unlike many Columbus communities, has plenty of room to grow—even to West Jefferson or Springfield.

We Vote Against Double Features

For a long time we have been disgusted with double feature movies—most of which are poor products to begin with. It certainly doesn't make sense to throw two poor pictures out to take the place of one good one.

Last week we had occasion to talk with a movie house manager and took the opportunity to sound off about how we felt toward twin bill movies and he replies that they only show them because the public demands them.

For our part we have found very few people who like to sit through nearly four hours of a movie and we still contend that Columbus needs at least one single feature movie house that will throw out a lot of the poor quality pictures that go along for a ride.

Double features even require you to sit through a whole picture you most often don't like just to be able to get the beginning of the picture you came to see unless you have very carefully timed your entrance. If you take the youngsters along in order to see a movie that may be to their liking most generally they are required to sit through an equally undesirable blood curdling murder mystery.

We'd like to hear from other single feature fans and if we are wrong tell us so!

See Your County On Display At Fair

Many Hilltoppers will be present for the opening of the thirty-fifth annual fair of the Franklin County Agricultural Society at Hilliards next Tuesday and continuing through Friday night.

A good afternoon racing program has been arranged as has a nightly horse show. Thirteen other divisions of the fair will provide numerous displays of the products of Franklin County.

We'll highly recommend a visit to the Franklin County Fair, one of the best small fairs in the state, and we take this opportunity to thank the business people of the Hilliards and Rome community for their fine invitation to be present for their big show again this year. We wish them much success.

Hilltop "Y" Has $1602 In Bldg. Fund

The Hilltop YMCA has a nice start toward a building fund, it was revealed this week with announcement that the fund now stands at $1602.87 and continues to grow a little every week.

Of the above amount $792.50 came through the Cramer Memorial Fund. The board has expressed the hope that other families of the community will see fit to establish similar memorial funds for this purpose. Anyone interested in doing so may contact any member of the Hilltop "Y" Board.

Current operating funds amounting to $9826.45 were collected in the recent fund drive, this amount being over and above the building fund total. The budget for operation of the local branch from the time the initial drive was started until Jan. 1 has been set at $7675. A considerable amount of this budget has been expended in repairs to the headquarters building and equipment necessary for operation.

Next year's budget has been established tentatively at $11,600.

Increased activity at the "Y" has been reported by Averille Thorn, secretary. Numerous youngsters are taking advantage of the facilities and several new activities are being organized. A full scale program will be under way with the start of school.

Meetings of the Hilltop Little Theatre are being held at the "Y" and other community organizations are invited to hold their meetings there.

Model Plane Builder To Compete In Meet

Tom McDonald

COLLECTION OF TROPHIES — These are the trophies won during the past two years by Tom McDonald in various model airplane contests. In addition to the trophies, he has won money on several occasions and model airplane kits or engines. The plane that he will fly in the forthcoming Sky Meet at Sullivant Avenue Airport is shown in the background.

One of the contestants in the model airplane competition to be held in connection with the Sky Meet at the Sullivant Avenue Airport Aug. 20, 21 and 22 will be Tom McDonald, 17, of 38 S. Roysav.

A senior at West High School, Tom has been a winner in a dozen or more model airplane contests in the past couple of years. His specialty is the stunt competition and he has half a dozen trophies and many other prizes to show for his efforts.

Returning from a vacation in the East early this week, he will enter the Chrysler-Plymouth Motor Corporation's Second International Model Plane Contest at Detroit on Aug. 15, 16 and 17. He will just get home in time to enter his plane in the Sky Meet next week-end. He is one of eight contestants from Columbus invited to enter the Detroit competition. He won the first place trophy in the stunt division in the first meet held last year.

Tom just recently joined Air Squadron 3, local senior scouting unit sponsored by the Hilltop Kiwanis Club. The Sky Meet is being sponsored by senior scouting units of Ohio, West Virginia and Kentucky and is expected to attract 500 young men and young women.

The local model plane builder [illegible] airplanes from the time he was a little tot. His father, Charles F. McDonald, a member of the Columbus Fire Department, noting the interest with which he played with his small toy planes, encouraged his son to pursue model plane building as a hobby. The basement of the McDonald home is filled with woodworking machinery that has turned out a dozen or more of the model planes, many of which were crashed to bits or otherwise damaged when they went out of control.

Control of these planes is maintained by long strands of piano wire attached to operate the elevators of the plane's fuselage. Speeds of 80 to 90 miles per hour are not unusual in stunting and even greater speeds are developed in the speed competition. Stunt competition includes inside and outside loops, horizontal and vertical turns, figure eights, square loops, wheel rolling, etc.

Tom has been building and flying his model planes now for almost four years. The plane that has won him the most prizes is one of his own design.

Some of the first prizes he has won include one at Canton, Springfield, the Plymouth competition last year, Marion and three first for competition here in Columbus.

Photography is another one of Tom's hobbies.

Golf Handicap Closes Sunday

Jack Kidwell, pro-owner of the Beacon Light Golf Course, announces that Sunday, Aug 15, will be the final day for entering the "Hilltop Handicap" tournament and that match play will start the following week.

Paul Leighninger some time ago stated that Seiller's Department Store would be counted on to provide a large rotating trophy for the annual event as well as individual trophies for the winner and runner-up.

Any Hilltop residents who belong to other clubs are invited to participate and their club handicap will be used.

On Sunday, Sept. 12, Beacon Light will be host to the Columbus Publinks Golfers. The event will be a Scotch Foresome tournament and a fast field of the city's best will be on hand.

The big roundup will be on Sunday, Oct. 3. A full day of golf, food and fun and frolic is being planned with some novel golf events and presentation of the trophies the winners of the championship tournament. Efforts are being made to secure an outstanding golf film for the evening.

Sgt. Robert E. Cooke

Ends Colorful Police Career Friday After 25 Years In Law Enforcement

Sgt. Robert Cooke

Highlight in the police career of Sgt. Robert E. Cooke, 458 Nashoba-av, who retired last Friday, is the date of Feb. 3, 1938.

On that day, Cooke and three other detectives received a tip as to the whereabouts of four bank bandits who had terrorized Columbus and Northern Ohio in a series of daring holdups.

Following their lead, the men surrounded a Guilford-av rooming house where the bandits had "holed up." Cooke started to enter the rear door when bullets from the inside poured through the door. One shell hit him in the stomach.

Another of the bullets killed Cooke's partner, Robert Cline. Breaking through the door, Cooke began shooting it out with the outlaws. He killed two men and a third was fatally wounded by Detective William Danner, now retired. The fourth was captured and died later in the electric chair.

The fourth member of the police quartet that stormed the bandit's hideout was Leo Phillips. He, too, went on the retirement list less than a year ago.

Sgt. Cooke has a prized possession, the bullet which struck him. The bandits had planned to hold up the Harrington Jewelry Company before their capture. When store officials learned of Cooke's help in the capture they obtained the bullet which had hit him and had it gold plated.

Cooke's retirement came 25 years to the day after he joined the Columbus Police Department in 1923.

In 1935 he was assigned to the Detective Bureau, after serving his early years as a motorcycle patrolman. Numerous times during his service to the people of Columbus, he took an active part in the chase and capture of local criminals.

Organized Juvenile Bureau

He was responsible for organizing the first Police Juvenile Bureau, which he operated during 1940 and 1941. At the same time he originated the first "police newspaper" which was distributed to department members.

Just before his retirement, Sgt. Cooke had been considered by police officials to take over a new phase, now being planned, of the expanded juvenile bureau.

Cooke was on hand recently in the state-wide chase of Robert Daniels and John West. He took the first official statement from Daniels after his capture, and Mrs. Cooke typed the statement, in the absence of a stenographer.

The now-retired local detective is a member of the Fraternal Order of Police, the Camp Chase Post, American Legion; Humboldt Lodge, Scioto Consistory, Aladdin Shrine, the Jesters and the Shrine Patrol.

The Cookes, who have a home in Restoule, Ont., will go there soon for the fishing and hunting season, but will still retain their residence on the Hilltop.

ON OPENING DAY—H. E. Clifford, manager of the new Old Trail Theatre, 3638 W. Broad-st, is pictured above with Mrs. Earl Abram, 100 N. Huron-av, before the confection stand in the lobby of the new Academy showhouse. Mrs. Abram is a representative of the Hilltop Community Council. Viola Petrasic, who has charge of the confections, stands behind the counter. The new theatre held its Grand Opening on Sunday, Aug. 8.

Child Injured

Nine-year-old Richard M. Walters, 526 Clarendon-av, suffered abrasions about both legs and his face and possible skull fracture when he ran into an auto at Sullivant and Wheatland-avs Saturday night.

Band Concert At Westgate Wednesday

Again the Federation of Musicians Band, with a popular leader and a charming soloist, will come to the Hilltop next week. On Wednesday night at 8 Robert Motzer will conduct a concert in Westgate Park.

Mr. Motzer is leader of the Elks Band and in direction of that unit has brought it and himself to national recognition. He is also known for his personal participation in, and direction of, smaller ensembles.

The soloist on this occasion will be an attractive soprano, Novella Craft, who has been heard locally in featured roles in "Countess Maritza" and "Rose of Algeria." She has appeared also in streamlined operettas in a dozen cities of central and southern Ohio. Miss Craft will include two songs not frequently heard with concert bands, Gershwin's "Summertime" and "Almost Like Being In Love" from the new hit show, "Brigadoon."

The same program will be given Sunday night at Franklin Park. Both appearances of the band are financed by the record and transcription fund and the American Federation of Musicians.

Income Tax Is Subject Of Talk Before Kiwanis

Si Noggel, of the Internal Revenue Department, will be the speaker at today's luncheon meeting of the Hilltop Kiwanis Club. He will discuss some of the changes in the 1948 income tax law.

Last week local Kiwanians were taken on a conducted tour through the Fisher Body-Ternstedt Plant on Georgesville-rd. A good representation of Kiwanians made the trip that lasted about one hour.

"Weeny" Roast At Y Saturday

The Hilltop Teen Club will hold a wiener roast on the Hilltop YMCA grounds Saturday evening, to which all teen agers of the Hilltop are invited. A social evening in the canteen will follow.

Last Saturday evening's dance, attended by well over a hundred teen-agers, was such a success that another is being planned for Saturday, Aug. 21. Jimmie Hill's orchestra will play for the dancing.

On Wednesday evening, Aug. 18, at 7:30, the Camera Club will be reorganized. All teen-agers interested in photography are invited to join this group. A completely equipped dark room and studio is now being completed.

The YMCA headquarters are now open Monday through Friday all day, Saturday until noon, and its facilities, including ping-pong, pool and dancing, are available for use by the Hilltop boys and girls. A complete work shop for woodworking will be ready shortly.

Injuries Sustained In Auto Crash

Jerome D. Saul, 29, of 2437 Sullivant-av, is in White Cross Hospital this week, where he is being treated for back injuries and a fractured rib, suffered in an auto collision last Wednesday.

His auto smashed into a car driven by Austin J. Martin, of Chillicothe, at Town and McDowell-sts, police reported. Martin was charged with failing to yield the right of way.

Saul was just recovering from a spinal operation performed in May, according to his wife. During June he was forced to return to the hospital due to a kidney ailment. Since last week's accident Mrs. Saul said her husband may need to undergo surgery once again, since the force of the crash had torn the incisions of the previous operation.

Hilltop To Be Host To Scouts At Air Meet August 20-22

Hilltop May Celebrate Rededication

Mitchell N. Nachman, Hilltop attorney, stated this week he is organizing various Hilltop groups and organizations for a mammoth Hilltop celebration to be held some evening of the week of Aug. 29, in celebration of the rededication exercises and activities sponsored by the American Heritage Foundation in connection with the coming of the Freedom Train to Columbus on Sept. 5.

Nachman has contacted important community organizations and has invited their officers to a meeting to be held at his offices, 2345½ W. Broad-st, Saturday, Aug. 14, at 2:30 p. m., to select a permanent chairman and a permanent committee, and to perfect the entire program. Lou Hill, vice-chairman of the Columbus area for the American Heritage Foundation, or one of his representatives will attend the meeting.

Nachman is endeavoring to secure the use of West High School auditorium or the Red Bird stadium for this celebration.

Some of the groups and organizations which have already responded favorably and will have one or more of their officers or representatives present at the meeting Saturday include the Community Council, Kiwanis Club, Hilltop Business Association, American Legion, Ministerial Association, West Gate Lodge, Eagles, West High Boosters, Hilltop YMCA, Boy Scouts, Girl Scouts, Eastern Star, Hilltop Conservation, Hilltop Chorus, West High Alumni, Veterans of Foreign Wars, Blue Star Mothers, AMVETS, AVC, K of C, and Job's Daughters.

Any developments from this meeting will be carried in The Hilltop Record next week.

Draft Board Selection Not Certain

Columbus Draft Board officials were still uncertain this week as to what men would comprise the local peacetime draft board, No. 42, which is to be set up in the near future.

Henry Fagan, 308 Algonquin-av, A. T. Vollmann, 208 Binns-blvd, and W. R. (Woody) Clark, 2523 Ridge-av, were named last week to serve at the local induction center after 3 other Hilltoppers, Robert M. Draper, Henry Koontz and Police Inspector Thomas A. Scully, had refused earlier appointments.

The Record learned that the appointments of Fagan, Vollmann and Clark have been approved in Washington. It is now up to the men to decide whether or not they are willing to take the positions.

Clark said he was considering serving on the board. However the trio is to meet later in the week, when they will talk over the proposition and decide upon their action. Vollmann and Fagan refused to comment on their possible assumption of draft board duties until this meeting has been held.

A site has not yet been chosen for the office of the local board, but it will be located in an area which will serve both the Hilltop and the West Side and will include the 9th, 10th and 11th wards.

Two Indicted For Murder

Virginia Pearson, 29 year old divorcee, 93 Mix-rd, was indicted on a charge of second degree murder Tuesday by the Franklin County Grand Jury. She is charged with the fatal shooting of Frank V. Martin, former deputy sheriff.

Second degree murder indictment was also returned against Lawrence E. Cook, 21, of 2161 McKinley-av, in connection with the death of Ethel Adkins, 20, who was killed when she leaped from his car at Fisher-rd, and McKinley-av, July 13.

Surgery Performed On Judy Wolfe

Little six-year-old Judy Wolfe, a traffic victim of nearly four months ago, underwent an eye operation last Thursday in Mt Carmel Hospital, to correct a defect in her vision. Again on Tuesday of this week she underwent surgery on the severed muscles of her eye. As the Record went to press her condition was described as "good."

The daughter of Mr. and Mrs. W. J. Wolfe, 336 N. Sylvan-av, was struck down by an auto driven by Raymond Troesch of Galloway, on her way to school, last April 23. She lay unconscious in Mt. Carmel Hospital for 39 days following the accident, and only recently was permitted to return to her home.

Several hundred Senior Scouts from Ohio, West Virginia, and Kentucky will gather at the Sullivant Avenue Airport for three days of fun, thrills, and competition, Friday, Saturday and Sunday, Aug. 20, 21, 22.

The occasion will be the second Sky Meet sponsored by Region IV, Boy Scouts of America.

Registering and setting up their campsites on property adjacent to the airport on Friday, Aug. 20, the young men and ladies will tour the Curtiss-Wright plant and the Naval Air Station at Columbus. On Saturday, a full day of flying their own aircraft in competitive model airplane races and flying as passengers in light aircraft will be climaxed by a grand ball in the hangar. Partners for the dance will be available from the several units of Senior Girl Scouts, Wing and Mariner Scouts, present; and from various girls' organizations in Columbus.

The U. S. Air Force and Naval Air Force will provide static educational displays as well as flyby aerial demonstrations throughout the day.

Following religious observances at Hilltop churches on Sunday morning, the various units will break camp and depart for home.

New Group Seeks Traffic Survey

The newly formed High Ridge Civic Association, headed by W. Herbert Dailey, 615 Belvidere-av, held its second meeting last Thursday evening at the West Mound Street School.

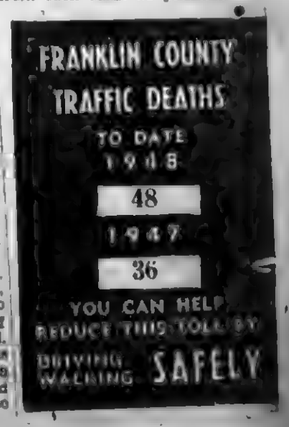
The need of traffic regulation on Sullivant-av, where there are no traffic lights from Central-av to Richardson-av, was discussed. A special committee, consisting of Mr. and Mrs. Arthur D. Scott, 614 Belvidere-av, D. G. Anderson, 629 Woodbury-av, and M. C. Sago, 501 Wrexham-av, was appointed to appear before the City Traffic Commission and ask for a survey of conditions, with the possibility of placing a traffic light in the vicinity of Belvidere and Sullivant-avs. It was felt that this would tend to slow down the traffic and remove the hazard.

A committee to draw up a proposed constitution and by-laws was appointed: Jack Young, 2072 W. Mound-st, chairman, assisted by George Spanabel, 535 Belvidere-av, and Ivan Reed, 597 Belvidere-av.

Jack Young was also appointed chairman of the membership committee, with those in attendance constituting the committee.

The group will hold its meetings on the second and fourth Thursdays of each month at the Dailey residence, 615 Belvidere-av. The next meeting will be held Aug. 26 at 8 p. m.

Hansen Studies Radioactivity



William L. Hansen, 85 S. Southampton-av, Lt. Col., in the Army Medical Service Reserve, has just returned from two weeks' training at the Army Chemical Center in Maryland.

Radiological defense was the main topic of discussion at the school, with emphasis on protective measures to be taken to minimize personnel and materiel damage which may result from the effects of radioactivity.

The enormous amount of residual radioactivity produced by the underwater burst of the atomic bomb at Bikini in 1946 convinced both scientists and military authorities that the problem of radiological defense had to be studied just as intensively as the earlier problem of protecting workers engaged in production of the atomic bomb from the effects of radiation had been studied.

Red Cross To Open Canteen Service

One of the many Red Cross volunteer services to be called into more extensive service in the new Red Cross Regional Blood Center to be opened in Columbus this fall will be the Canteen Service. During the war, members of the Canteen Service of the Franklin County Chapter worked long and irregular hours in the Red Cross Canteen at Port Columbus, providing refreshments for service men and women on transient planes and especially to wounded men on hospital planes stopping at Columbus. They also worked at the Blood Donor Center, serving much needed refreshments to doners who had given their blood.

Since the war, their activities have included the providing of meals for patients of nearby veterans' hospitals who are brought to Columbus for football games, the serving of meals for Red Cross gatherings, and a readiness for service in case of disaster. With the opening of the new Regional Blood Center at 30 E. Town-st this fall, Canteen workers will again be on hand to serve refreshments to doners.

While the boys of each of the teams stayed in Columbus they were treated in a royal manner. They slept in the lower part of the Ohio State stadium and were treated to some very fancy meals.

• • •

Miss Ruth Olive McClish, daughter of Mr. and Mrs. H. C. McClish, 118 N. Powell-av, became the bride of Don Strickland Bowser, 35 N. Hague-av, on Sunday, Aug. 1, in the Glenwood Methodist Church. The Rev. Joseph B. Shellhaas read the wedding service before a candlelit altar, decorated with greenery and baskets of gladioli.

Escorted to the altar by her father, the bride wore a white ninon and satin gown styled with a satin bodice and sheer yoke outlined in seed pearls, and long, full sleeves. A double-shirred skirt fell over a satin slip and terminated in a circular train. Her full-length veil of illusion was held in place by a lace bonnet, and she carried a cascade bouquet of white gladioli centered with an orchid.

The maid of honor, Miss Shirley Meyer, wore a gown of shell pink marquisette. Mrs. C. B. Sloan, as bridesmatron, and Miss Helen Gaiser, as bridesmaid, wore gowns in orchid and aqua shades, respectively. All wore halos of silk braid and carired sprays of orchid gladioli.

Mr. Don Jewell was best man for the bridegroom, and seating the guests were Mr. Ralph Thoman and Mr. Gerald Wood.

A reception followed immediately at the home of the bride's parents. Assisting hostesses at the reception were Mrs. Olive Woodyard, Mrs. William Meyer and the Misses Ruth, Jean and Mary Caster.

Looking Ahead with Jean Worrel

Jean Worrel

Most of us are reluctant to face unpalatable truths. That sensitive spot on our molar is probably just a temporary irritation; that twinge of pain in the region of the heart will no doubt go away if we give it time. Too many of us put off seeing our dentist or consulting our physician for a periodic check-up. Similarly, possibility of early death is an unpleasant fact that we try hard not to think about. Yet only two categories of people can afford to disregard such a contingency—those who have no dependents and those who have made, through life assurance, sufficient provision for their loved ones against the chance of untimely death. If you cannot conscientiously claim to be in either of these categories drop me a line —or telephone.

Ohio Fishermen Spend More For Equipment

Fishermen of Ohio spend more than the hunters of the state for basic equipment according to a recent report resulting from a state-wide survey made by the Ohio Wildlife Research Unit of Ohio State University in cooperation with the Ohio Division of Conservation.

The report which has been presented to Conservation Commissioner H. A. Rider and is now being printed for general distribution shows that fishermen spent $9,772,750 in 1947 for tackle compared to $7,399,300 spent for guns by the hunters.

The fact that there are approximately a quarter million more fishermen than there are hunters might explain the difference along with the fact that fishermen as a rule replace fishing equipment more often than hunters replace guns and too because a fisherman will often own several expensive fishing rods sometimes costing more than the single gun which many hunters consider sufficient equipment.

Hunters, last year, spent $3,007,300 for ammunition, and $4,087,000 for dog purchases, training and boarding while fishermen paid out $2,712,500 for bait, and $10,834,500 for the purchase and rental of boats.

Both hunters and fishermen, in 1947, spent a total of $9,922,100 for gasoline and oil getting to and from hunting and fishing grounds.

The total amount of money spent by hunters and fishermen, together with a conservative estimate of the meat value of the game and fish bagged, brought the 1947 evaluation of Ohio's wildlife resources up to slightly more than 85 million dollars.

August Brings Those "Dog Days"

The month of August with its siege of hot weather is a grim reminder to many people, especially to the slightly superstitious, that "dog days" will soon spread a mysterous cloud over the outdoors.

The cows and livestock will appear to be "witched," the streams seem to take on the look and smell of the dead and in general people will become a little more cautious about tiny scratches which are thought to be subject to immediate infection just because it's "dog days."

Actually, there is nothing to fear during this period of the summer. It just happens that the name has been given to that time of the year when the atmosphere is hot and sultry. The use of the term originated with the ancients to describe the period of the summer of the rising of the dog star, Sirius, which included about 40 days of the warmest part of the year. The dog star rises at a different time now. However, the term continues to refer to that time when the scarcity of rain causes streams to stagnate and become undesirable for swimming and watering livestock.

Animals, especially dogs, suffer with the extreme heat and appear to go mad. Truthfully, mad dog cases are more common in cold weather but due to the prolonged heat of the summer, dogs sometimes like people, just get so miserable they want to bite something or somebody and sometimes do.

West Side Girl Injured

James Hill, 2354 Innis-rd, driver of the motorcycle was uninjured. Edith Hatcher, 2500 Parkwood-av, driver of the auto, was also uninjured.

A Boy

After a male baby outgrows long dresses and triangles, and acquires pants, freckles and so much dirt that relatives don't dare to kiss him, he becomes a boy.

A boy is nature's answer to that false belief that there is no such thing as perpetual motion. A boy is a growing animal of superlative promise who can swim like a fish, run like a deer, climb like a squirrel, balk like a mule, bellow like a bull, eat like a pig, or act like a jackass, according to climatic conditions.

A boy, if not washed too often and kept in a cool, quiet place after each accident, will survive broken bones, hornets, measles, fights and nine helpings of pie.

A boy is a piece of skin stretched over an appetite; a noise covered with smudges. A boy is the problem of our times, the hope of the world. Every boy born is evidence that God is not yet discouraged with men.

Friends of Mr. and Mrs. Francis Smith, Norton-rd, will be happy to learn that they have every reason to believe that the recent operation on the eyes of their little daughter, Martha, will be a success.

Mr. and Mrs. Lowry and daughter, Janice, of Buena Vista spent Sunday in Westerville visiting her mother, Mrs. Leona Freeman.

James Coss, brother of Mrs. G. T. English, Pasadena-av, and Mrs. Mina McBride, her aunt of Detroit, are visiting at the English home. Mr. Coss is going on to Washington, D. C., and other eastern points of interest. Mrs. McBride will stay on here for several days.

Adam Cloman, Lawrence-av, had quite a homecoming July 31. His niece and husband, Mr. and Mrs. Waters of Las Vegas, Nev., his sister, Mrs. Annie Owen, and son, Fred Owens, both of Columbus, and his brother, Frank Cloman, visited with him in his home and with his two granddaughters in Rome.

Since early childhood Mrs. J. L. Coulter and two others have maintained their friendship. Yesterday Mrs. Coulter and the two attended the wedding in St. Augustine Church, of the daughter of one of the mothers. Next month there will be a wedding of the third mother's daughter. Again the three will be brought together in long standing friendship.

Mrs. F. O. Miller of Columbus is visiting at the home of her [illegible] and family, Mr. and Mrs. R. O. Miller, Maple-dr.

Mr. and Mrs. Joe Coulter spent the week-end in Pittsburg visiting with her parents.

Patrolman Herman C. Beck, 39, of 553 S. Ogden-av, was promoted to sergeant last week to succeed Detective Sgt. Robert E. Cooke, 458 Nashoba-av, who retired Friday. Beck joined the force Feb. 13, 1939.

SLASHES ARM IN FALL

B. H. Kulb, 2810 Fisher-rd, fell last Wednesday evening at his home during a rain storm, slashing his arm from the elbow to the hand. He slipped on a step while leaving the chicken house, and rammed his arm through a window pane.

The Upper Arlington emergency squad took the injured man to Mt. Carmel Hospital where he was treated and released. Sixteen stitches were required to close the cut.

It's That Day Again!

But Chances Are It Will Be As Lucky As Any Day.

Did you know that Adam and Eve were responsible for Friday the 13th being unlucky? They are said to have partaken of the forbidden fruit on that day.

That is at least one theory advanced by authors who have studied the subject closely. Another is that the crucifixion of Christ took place on that day.

The fear of Friday, any Friday, not just when it falls on the 13th is very ancient. An old proverb is "Friday's moon, come when it will, it comes too soon."

The real taboo since the earliest times is on seating 13 persons at a table. An old superstition says that if this is done, there will be a death of one of the 13 within the year. This saying is probably based on the story of The Last Supper, at least that is the reasoning of the author of one book, who attempts to explain all types of superstitions.

Magicians in ancient Chaldea taught people to believe in lucky and unlucky days, these teachings spread so widely that every detail of primitive life in Babylonia was affected by the superstitions. In fact the natives of earliest times in Madagascar killed their children, if they happened to be born on an unlucky day.

However, when you take into consideration that it was Friday when Columbus set sail for America from Spain, and Friday when he sighted land, and that the Mayflower docked at Provincetown on Friday, and that it was the day of George Washington's birth, you'll see that it is superstition to believe that "all the bad things happen on Friday."

Little Theatre Plans Tryouts

The Hilltop Little Theatre will open its fall season the evening of Oct. 7, when it will present "Outward Bound" in the auditorium of John Burroughs School, under the direction of Pat Aspel.

This play, the product of Sutton Vane, was first introduced to the public in 1924.

In preparation for the production, the casting of the Hilltop Little Theatre will hold tryouts for its members tonight and the afternoon of Sunday, Aug. 15, at the Hilltop YMCA, 2585 W. Broad-st. An invitation to participate in these tryouts is also extended to any person in the community who is interested in actively associating with the little theatre movement, by contacting Virginia Donavan, EV. 5198, chairman of the casting committee.

West Alumni Of '41 Plan Sept. Reunion

First reunion of the '41 class of West High School will be held Saturday, Sept. 11, in Edgewater Park.

This class was the largest graduating class in the history of West High School. For the past two months a voluntary committee has been busy contacting each member of their group. If any '41 alumnus has not been notified of the event, he may call Jim Ogden, RA. 2405, or Bob St. Clair, RA. 5266, for further information.

The occasion is scheduled for 2 p. m. through midnight. There will be refreshments and dancing at the Hamilton-rd park, plus a planned program. Tickets are on sale at The Hilltop Record, 2465 W. Broad-st, Goodwin's Drugs, 2772 Sullivant-av, Campbell's Pharmacy, 2766 W. Broad-st, and the Mecca Cafe, 2453 Sullivant-av. Admission is $1 per person.

While assignment to schools is not complete, the following teachers will constitute the teaching force, the superintendent stated:

Blake, Donna Coberly, Helen Dawson, Gertrude Sager, Lucy Trabue, Vada Robinson, Margaret Edwards, Edna Windom, Nellie Jones, Minnie Schilling, Theresa Brown, Martha Hall, Bernice Strader, Elzie Radcliffe, Winifred McGee, Ruth Groves Weibel, Irene Skipper, Julia Keck, Hettie Potts and Lucille Snyder.

Volunteers Needed To Help At Red Cross Blood Center

Looking forward to the opening of the new Regional Blood Center at 30 East Town-st this fall, the Red Cross is seeking volunteers to work as staff aides, both at the Center and for Red Cross Headquarters.

Staff aides are what the name implies, helpers to the regular technical and professional staff of the Red Cross in matters of general office work. They keep records, type, answer telephones, serve at information desks, and do filing. Since clerical work of this type is virtually the same in any office, staff aides require the least specific training of any of the volunteer services. All that is required of the applicants is that they be at least 18 years of age, and have an aptitude for office work. Since they are responsible for keeping records, Mrs. William W. Havens, chairman of staff aides, emphasizes that accuracy is by far the most important requirement, closely followed by neatness and punctuality.

FISH FRY FRIDAY

Benson Hough Post 3441, VFW, will hold a fish fry in the Odd Fellows Dance Pavilion at Gahanna on Aug. 13. Free bus service will be provided for those needing transportation. Busses will leave from 33 W. Gay-st from 2 p. m. on through the afternoon.

Rededication Month Proclaimed By Gov.

The Freedom Train Rededication Program has built up a full head of steam and is picking up speed as Columbus and Central Ohio prepare for the visit of the now-famous Freedom Train to Columbus on Sept. 5 and 6. Mayor James A. Rhodes' Freedom Train Committee, under the direction of Ralph Lazarus of the F. & R. Lazarus & Co. and Lewis B. Hill of the Columbus Dispatch, has announced preliminary plans for an entire week of rededication by the people of Central Ohio to American ideals of freedom.

Governor Thomas J. Herbert has proclaimed the month of Aug. 10-Sept. 10 as Freedom Rededication Month in Ohio. In his proclamation, the governor urged "all citizens to make the greatest possible effort to visit the Freedom Train."

He added, "I hope all citizens can participate in some manner in rededication ceremonies and I urge that all pay proper homage to those who, in the past by their integrity, honor, courage and farsightedness have made possible the freedom and prosperity that we enjoy in this country."

The week preceding the visit of the Freedom Train has been designated Rededication Week. Aug. 29 will be Church Day; Aug. 30, Organizations' Day; Aug. 31, State Fair Day; Sept. 1, Women's Day; Sept. 2, Veterans' Day; Sept. 3, Youth and Sports Day; Sept. 4, American Family Day; Sept. 5, Rededication Day; Sept. 6, Labor and Industry Day. A spectacular twilight rededication ceremony will be held in the Ohio Stadium Sept. 5, first day of the Freedom Train's two-day visit to this city.

Franklin Heights Wins Hymn Sing

Last Sunday night's Hilltop Hymn Sing banner was won by Franklin Heights Friends Church when the sing was held at Sullivant Avenue Friends Church with 140 persons present from 12 churches. The next sing will be held Aug. 22 at 9 p. m. at Highland Avenue Friends Church.

TO DEDICATE FIELD

Plans are complete for the Milo-Grogan Civic Association dedication of Price Field. The dedication, to be held Aug. 15 at 1:30 p. m., climaxes 18 months of hard work on the part of members and officers of the organization. Price Field is the recreation center for two communities, Milo and Grogan. It is located at the corner of St. Clair and East Fifth-avs. Besides swings, teeters, exercise bars and slides, the field has three ball diamonds, one hard ball and two softball.

The Hilltop Record can be mailed anywhere in Franklin County for $1.50 per year.

For A Better Hilltop

The Hilltop Record recommends the following improvements as essential to a Better Hilltop in the future.

(1) Adequate YMCA Building.

(2) Extension of bus service on W. Mound-st, Sullivant-av and creation of a transportation loop on the Hilltop.

(3) A boulevard to the north of the Hilltop connecting up to the new Sandusky-st Bridge.

(4) Improved lighting of Hilltop streets.

(5) Safe and adequate elementary school buildings.

1249 Families On Relief

As of June of this year, there were 1249 families reported as being on the Franklin County relief rolls—1249 families that are dependents of a county filled with plenty—1249 families receiving assistance that is, to say the least, barely enough to keep the body and soul together.

And yet, of this large—or should we say "overlarge"—number, there is a great percentage THAT COULD BE STRICKEN OFF THE LIST. We speak of those families where a man has brought into this world a family and then sneaks off when it is time to raise the children.

These men (?) can and should be traced and brought back to face their responsibilities. Some have been traced—BUT THERE IS NO AGENCY IN THE COUNTY OR THE CITY THAT HAS THE FUNDS TO BRING THEM BACK!

We know of one case—a wife with FIVE small children dependent on the county—for its meager existence—where the husband's address is known AND YET NO ONE CARES TO BRING THIS SO-CALLED MAN TO JUSTICE.

To top it off—he declared his wife and five children as dependents when he filed his income tax return last year!

Letters To The Editor

Gentlemen:

We express our sincere thanks and appreciation for the recognition given to our family in your paper recently.

We feel deeply honored and happy over this recognition which we feel is representative of many families on the Hilltop.

It is a privilege to be a resident of this community where cooperation and good fellowship prevail among all groups, thus showing the actual ways of democratic living.

May we also congratulate your paper as being one of the leading factors in making the Hilltop a good community to live in and one of which we feel proud.

Very sincerely yours,
Mr. and Mrs. William M. Clarkin

Dear Carlton:

Needless to say, I was very much surprised and pleased when I read the Record this week and saw the honor accorded me. It was a pleasure to have had a part in the undertaking for which it was awarded, for I feel too, it added much to the achievements of the Hilltop.

The flowers were really beautiful and we all enjoyed them immensely. I would like to add here that I know that much of the success of the Bean Dinner was due to the amount of splendid publicity that you were able to arrange and as chairman I want to express my appreciation again for this unusually fine work.

Sincerely,
Jos. M. Briggs

Reeves Bros. Win League

In one of the most unusual summer leagues to be rolled at the Hilltop Recreation alleys, Reeves Bros. Hardware nosed out the Friendly Five team for the league championship. Reeves Bros. had a league record of 27 wins against 15 defeats. The Friendly Five team suffered one more setback, giving them a record of 26 wins and 16 losses. The strange part about this league is the fact that since Reeves Bros. took over the league lead from the Friendly Five team three weeks ago they have suffered four setbacks in their last six games. Friendly Five failed to take advantage of this as they also suffered the same fate.

Dick Ardle

The Rain Bowlers, who have been striving all season to overtake the league leaders, had a wonderful chance to take over undisputed second place but failed to do so as they dropped all three games to the sixth place State Hospital team. This dropped them to a tie for 3rd place with the Bryant Glazers with a record of 23 victories against 19 defeats.

The Mixups were the only team to hit the even .500 mark as they had a 21-21 record.

An unusual note is that in the past two weeks the top four teams have each bowled against two of the bottom four teams and in that time have won only eight of the games while the last place teams have won 16.

Ronnie Bryant again led the individuals with 211-548 while Ruth Perry of the Friendly Five team led the women with 175-498.

Detrick's 855-2491 was high in the team events.

Final Standings

Reeves Bros.	27	15
Friendly Five	26	16
Rain Bowlers	23	19
Bryant Glasers	23	19
Mixups	21	21
State Hospital	17	25
Pin Spotters	15	27
Detrick's	12	30

The Bears of the St. John Lutheran League assured themselves of at least a tie for the championship as they defeated the Cubs two out of three games. There is only one week remaining in the league and the Bears have a three game lead over the rest of the field.

The Cubs, by dropping two games to the league leading Bears, dropped themselves into a two-way tie for fourth place with the Hurricanes, who took two games from the third place Go-Getters.

Charles Apel had 246-525 to pace the men while Dorothy Borrer's 158-439 topped the women.

Standings

Bears	27	12
Poodlers	24	15
Go-Getters	21	18
Cubs	20	19
Hurricanes	20	19
Welves	18	21
Mudhens	15	24

Under Ohio Skies

AS TOLD BY THE CONSERVATION DIVISION

HILL TOPICS —By PW—

The Village Blacksmith

Rapidly disappearing from the American scene is the village blacksmith, once the landmark of every small town in Ohio and throughout most of the nation. He is and has been put out of business by widespread use of tractors in place of horses.

Once the central point of the farmer's weekly trip to town, his shop is boarded up, or torn down to make room for the more pretentious farm machinery display rooms and repairs shops.

Immortalized in verse by the incomparable Longfellow, the village blacksmith was everything said of him by the poet and more.

I can well remember the Detweiler Blacksmith Shop that was one of the busiest places in Clarington, Ohio. I used to beg my uncle to go with him when he was taking the horses in to be shod. It was an experience I shall never forget and as I look back on it, a very valuable one.

Old Mr. Detweiler was a fine German craftsman. He prided himself on the neat fit and the permanency of the shoes he nailed on the feet of the farmers' horses and the way he could weld the broken machinery parts brought to his shop. I could sit by the hour and watch as he would shoe the horses. It was particularly fascinating the way he would heat the metal shoes in his forge and then turn the two toes to give the proper elevation. How the sparks would fly as he fitted the white-hot shoes over his anvil.

Everyone in the village admired his ability as a smith but I always admired his courage in approaching any horse that was brought to his shop. Once in a while he would get a "kicker" and it would be necessary to put him in the kicking stall, a special stall that was built to partially immobilize the horse. But mostly he just walked up and picked up the hoof to be shod, held it between his own knees and went to work.

Mr. Detweiler always said you had to learn how to get along with horses just the same as you have to learn how to get along with people. There was a lot in how you approached the animal.

A minister friend of mine, who was once a farmer, says you can learn a lot about church people by working with mules.

Next to the village barbershop, you could always learn more news around the blacksmith shop than any other place in town. All the farmers dropped in to exchange greetings even though they might not have work to be done on that trip. The blacksmith was an indispensable part of their farming operation.

Rural economy no longer needs the services of the blacksmith—the horseshoeing blacksmith, that is — but the small town has never been the same since he closed his doors.

Here's West All-time Grid Record

Football, soon to open its 35th season at West High School under the direction of Coach A. M. (Mack) Pemberton and assistants Fred Heischman and Dave Randall, has had its ups and downs as far as the prestige of the Cowboys is concerned.

The all-time record of games won and lost by West football teams follows. Basis for the scores is the West High Occident, official yearbook of the school. A few scores were determined from other sources when the Occident failed to report the results of a game here and there.

As far as can be determined, the first team to represent West in the City High School League was in 1913 although a team, known as the West Side Independents, had played games as early as 1910.

West Park, S. Army Are Undefeated

By Dave Miller

West Park Methodist and Salvation Army, both softball nines in the West Church No. 2 League, kept up their undefeated pace in games played this past Monday evening. The former has won 12 games while the latter is yet to be beaten in 11 outings.

With one more set of games remaining in the third round, the round which will be the prelim to the city playoffs, West Park and Salvation Army hold the top rung in League No. 2, while St. Aloysius, a victor of 10 out of the 11 games played this year, holds the top spot in League No. 1.

Ever since the third set of games in round one, these three nines have been on top. This dates way back to May 17.

The games played last Monday saw St. Aloysius take a 4 to 2 win over Glenwood Methodist. Hilltop edge Hoge Memorial, 5 to 4, for the latter's tenth loss of the year, and they are also yet-to-win. In the final game in League No. 1, Westgate edged Burgess EUB, 4 to 3.

In play in the League No. 2, West Park took over an easy 6 to 1 victory over Avondale EUB, Salvation won over St. John A. C., 7 to 1, and Hillcrest suffered their eleventh straight loss of the year by bowing to Chicago Avenue Church of Christ, 11 to 3.

An indication of better support for the pitchers on each team is shown by the closeness of the scores in the loop. Not only this week but this has been true of almost the past five weeks of play. This week the winning teams were held to a total of only 36 runs in the six games played.

The schedule for next Monday is as follows:

League No. 1
Glenwood Methodist vs. Burgess EUB.
Westgate Evan. vs. Hoge Mem.
Hilltop C. of G. vs. St. Aloysius.

League No. 2
Avondale EUB vs. Hillcrest.
Chicago Ave. C. of C. vs. St. John.
Salvation Army vs. West Park*.

(*This set of games has been rained out in all of its scheduled appearances, therefore this is the reason West Park and Salvation Army are undefeated. The game of these two teams will go a long way toward deciding the final winner in League No. 2)

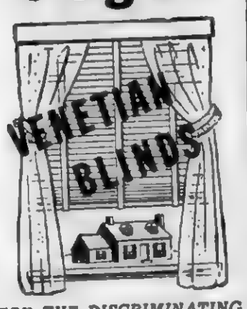
BIBLE COMMENT

For Aug. 15

We Need More Christians Like Twelve Apostles

JESUS called twelve men, who beyond all other believers and disciples, were to be closely associated with Him in His ministry. These, who later became known as the Twelve Apostles, apparently gave up every other task, and were the first full-time ministers of the Gospel.



Of most of the twelve we know little except their names, and uncertain traditions that arose about them in the early history of the church. But concerning a few, Andrew and Peter, James and John, Matthew and Thomas, the details are specific and dramatic. Philip, too, has the distinction, with Andrew, of bringing another —Nathaniel—to Jesus.

It is interesting that though we know little about Andrew, we know a great deal about his brother, Peter. What a history could be told of great and notable Christians whose introduction into the Christian faith and life came through others little known—some praying mother, some obscure pastor or preacher, some faithful, plodding Sunday School teacher!

It is doubtful whether Matthew, "sitting at the receipt of customs," when he heard the Master's call, and left all to follow Him, had not heard of Jesus before. And the story of the calling of the disciples in the first chapter of the Gospel of John throws some light upon the readiness of the fishermen, James and John, Andrew and Peter, to leave their nets and become fishers of men. They had already heard of Jesus, and they were prepared for the great adventure, though they had little realization of what its real nature and greatness were to be.

Christianity began in witnessing, in those who found, bearing testimony about what they had found and seen. This is the elemental power of every religious movement. Even mass movements depend upon the integrity and activity of the units. The world needs more Christians of the type of Andrew and Philip.

Disgruntled Fellow

A Louisville newspaper received a letter from an indignant Kentuckian who signed his name as S. V. Britton, of Oneida, Ky., and vented his wrath on "politicians" thusly:

"Here's what most people have learned of politicians:

"The politician is my shepherd; I shall not want for anything during the campaign. He leadeth me into a saloon for my vote's sake; he filleth my pockets with good cigars; my beer glass runneth over. He inquireth about my family even unto the fourth generation. Yea, even though I walk through the mud and rain to vote for him and shout myself hoarse for him at election, he straightaway forgetteth me. Although I meeteth him at his home, he knoweth me not. Sufely, the wool has been pulled over me all the days of my life."

3 From Here Pass Medical Board Exams

Three Hilltoppers were among the 36 who passed the State Medical Board examinations held here on June 21-24.

They were Robert G. Distelhorst, 585 Binns-blvd, Chester A. Hanson, Jr., 2256 W. Broad-st, and Arthur S. Hulett, 2413 W. Broad-st.

3 Local Groups Withdraw Support From Hilltop Night

Plans for the Hilltop's own celebration of the coming of the Freedom Train to Columbus on Sept. 5, as outlined last week by Mitchell N. Nachman, a local attorney, were being pushed this week but it appeared the movement had lost the backing of several local groups.

A score or more persons attended the meeting held in Nachman's office Saturday afternoon when plans were drawn for a Hilltop Rededication Pageantry Celebration to be staged at Red Bird Stadium on the evening of Sept. 1.

As the Record went to press Wednesday noon, the following organizations had told this office that they were dropping out of the proposed celebration:

Hilltop Business Association.
Hilltop Kiwanis Club.
Hilltop Community Council.

At least four other groups indicated they were not participating although they asked that the names of their organizations be withheld since no meetings had been held to consider the matter.

In addition to the failure of these groups to participate, all of the committee heads as announced by Nachman originally had asked that their names not be used in connection with the affair. After the original program committee chairman resigned, Nachman immediately named Michael Sheskey to fill that post, and Henry Fogan as advertising and publicity chairman.

In his press releases, Nachman stated that another meeting of the general committee would be held in his office at 2345½ W Broad-st on Saturday. Nachman is heading the program in the capacity of chairman.

Nachman said that he had been in personal communication with Ralph Lazarus, who is general chairman of the rededication program for the Columbus area being sponsored by the American National Heritage Foundation and that Mr. Lazarus had tentatively agreed to be present to address officers and representatives of the various participating Hilltop groups Saturday at 2:30 p. m.

Lieutenant Governor Paul M. Herbert has been scheduled as the principal speaker for the three-hour patriotic program, Nachman said. The Elks Band and the Elks Patrol will also be on hand with a "brilliant" display of fireworks to climax the evening, he said.

Executive committees and boards of directors of several local organizations were called together hurriedly this week to discuss the matter of participation in the program.

In a special executive committee meeting Tuesday afternoon the Hilltop Business Association went on record as opposing participation in the Nachman program but voted unanimously to cooperate with the program of the city-wide committee headed by Lazarus. Similar action has been taken by the Hilltop Community Council.

In a special letter to Lazarus the HBA pledged its cooperation to the rededication program in the following words:

"Our organization is back of the American Heritage Foundation Program 100 per cent and will do everything possible to make it a success. Please feel free to call upon us if we can be of any assistance to your committee."

Some of the HBA committee members expressed doubts that a suitable observance on a Hilltop-wide basis could be gotten together in the short time between now and Sept. 1.

Nachman said that his program would include pageantry "to commemorate important eras, periods, and times in our American history, with special emphasis on modern youth and present-day youth groups and problems, including juvenile delinquency." He failed to elaborate on what, specifically, would constitute the pageantry.

Nachman, a newcomer to the Hilltop, opened his office here two months ago.

'Mrs.' Pigeon Takes Over Bantam Eggs

Kenneth and Patrick Martindale, 86 Clarendon-av, are wondering this week how one of their pet pigeons is going to teach 12 baby bantam chickens to fly.

It isn't the Martindales who are confused, it's the pigeon!

The boys are Cub Scouts, belonging to Den 3, Pack 250. For one of their projects they are keeping pets, bantams and pigeons. The other day one of the bantam hens laid 12 eggs in a high nest where she wouldn't be disturbed. However she was counting her "banties" before they were hatched, because along came mother pigeon and took over the nest, leaving her own three babies with their father.

According to the Martindale family the father pigeon is kept quite busy feeding three hungry babies and taking food to his wife, who naturally won't leave the bantam nest.

As a rule pigeons don't sit on more than two eggs at one time, but Hilltop pigeons want to be different. Mrs. Pigeon is not only sitting on 12 eggs that aren't rightfully hers, she's liable to be breaking up a home!

Free Kiwanis Movie To Be Shown Sat.

The seventh of eight free Saturday afternoon movies for the boys and girls of the Hilltop will be held at the Rivoli Theatre Saturday, starting at 1:30 p. m. The shows are sponsored each week by the Hilltop Kiwanis Club with the cooperation of George Pekras, owner of the Ritz and Rivoli Theatres.

This week's picture will be "Desperate Trails," plus a musical cartoon.

Tickets may be obtained free of charge from park and playground supervisors.

Kiwanis Speaker

Perle L. Whitehead

Perle L. Whitehead, Deputy Regional Executive of the National Council, Boy Scouts of America, will be the luncheon speaker at today's Hilltop Kiwanis Club meeting at Schmalzer's Restaurant, 3178 W. Broad-st.

Whitehead, a native of Germantown, O., was the organizer and president of the first YMCA organization for rural boys in America. After studying at Otterbein University he assumed teaching duties in several rural schools and later served as principal of Fairview High School in Dayton.

A member of the American Legion, he served with the Fifth Division Regular Army [illegible] during World War I.

Relief to be expected from reduction in the income tax was outlined by Si Noggle, of the Internal Revenue Department when he spoke before the local Kiwanis Club last Thursday noon.

He pointed out that persons having incomes up to $2000 would experience a reduction of about 12.6% while those in the $3600 income bracket would have a reduction of about 7% and those above this figure about 5%.

Camp Chase Post To Launch Drive For New Members

Camp Chase Post No. 98, American Legion, will launch a membership roundup in the near future, it was announced this week. The executive committee put its stamp of approval on the plan and appointed Vernon C. Fiscus, a past commander who served in both World War I and II, to head the special committee.

A large committee will be picked to aid in the membership drive. The committee on organization, assisted by Commander John Martindale and Adjutant W. E. Boothe, will announce team captains and team members in the near future.

The nominating committee will report a list of candidates for the various offices at the Sept. 3 meeting and the roundup committee hopes to have a large number of paid-up members for 1949 when the new officers take over.

Building Contractor Buried Here Tuesday

John Scholten, Jr., 35, of 166 Nashoba-av, a building contractor, died Friday night in Mt. Carmel Hospital. He had conducted the business from his home for three years.

A native of The Netherlands, Mr. Scholten lived in Columbus 26 years. He was a graduate of West High School, and belonged to the First United Presbyterian Church and the carpenters' union.

He leaves his wife, Rachael; two daughters, Nancy Lynn and Carol Jean Scholten, both at home; his parents, Mr. and Mrs. John Scholten, Sr., 1900 Dorenav; one sister, Mrs. Richard Eckman, Rockford, Ill., and two brothers, Pete, 641 N. Drexel-av, and Henry Scholten, 1894 Dorenav.

Services were held at 1:30 p. m. Tuesday at the Spears Funeral Home. Burial was in Sunset Cemetery.

Biltmore Gets Liquor Permit

A D-5 night club permit to sell liquor will be issued to the Biltmore Restaurant, 2414 W. Broad-st, it was announced by Dale Dunifon, state liquor control director.

The permit will be granted as a result of action by the appeals board following a public hearing last Wednesday. The application had previously been denied by the department of liquor control that Dunifon heads.

Approximately 20 Hilltoppers appeared in opposition to issuing the permit. Heading the group were Rev. Russell Olsen, pastor of the Hilltop Evangelical Lutheran Church, and Harold Mielke, who served as spokesman for a delegation of members from Hoge Memorial Presbyterian Church. Rev. A. J. Wold, pastor of Hoge, was on vacation at the time and Hillcrest Baptist Church, the third church within a 500-foot radius of the restaurant, is without the services of a regular pastor at this time.

James Phillips, operator of the restaurant, had not been advised on the granting of the permit when contacted by The Hilltop Record.

"I have had no word to the effect that the permit has been granted," Phillips said, "I have nothing to say at this time."

The restaurant owner did explain that in the event the permit was issued, its use would not disturb operation of his present restaurant. He said that he planned to build an addition to his present business place immediately to the west on a lot he already owns. He explained that the sale of liquor would not be carried on in the restaurant but would be conducted adjacent to it.

Hearings Held

The Biltmore D-5 application had stirred up considerable opposition at the time that the first public hearing was held in the liquor control department. A petition was circulated in several of the Hilltop churches opposing it. Approximately 1,000 names had been assigned to it, Rev. Wold stated several weeks ago.

The decision of the liquor control department to turn down the application was made to the Record June 17. At that time W. R. Morris, assistant to Mr. Dunifon, explained that the action was taken because of public sentiment on the Hilltop against the issuance of more liquor permits.

Two other local applications for D-5's were rejected at that time. They were the Cotillion Restaurant, 2776 W. Broad-st, and Eddie's, 2329 W. Broad-st.

At that time Morris made the following comment to the Record:

"The people in that (the Hilltop) area have voiced the feeling that they want no more liquor spots."

A total of five other D-5 permits have been issued on the Hilltop since Jan. 1, 1948. An application for the 920 Club, 2330 Sullivant-av, is still pending.

Draft Board To Be Opened In Few Days

Draft Board No. 42, serving the ninth, 10th and 11th Wards, will set up offices at 1037 N. High-st within a few days to prepare for the registration of Hilltop and West Side men 18 through 22 years. Board 42 will be housed in the same building with other Franklin County boards. It will open as soon as work of remodeling the building can be completed, Col. R. E. Clouse, of the State Selective Service office, told The Hilltop Record this week.

Col. Clouse said that Henry Fagan, 308 Algonquin-av, and A. T. Vollman, 208 Binns-blvd, would constitute two members of the three-man board and that a third member would have to be certified to take the place of W. H. (Woody) Clark, 2523 Ridge-av, who had declined the appointment. Clark was the fourth local man to decline such appointment—the first three named likewise refused to serve. A clerk must also be selected to handle the board's work.

Col. Clouse said that plans would be worked out very soon for registering the men in the draft age group. He said that in all probability four or five registration points would be established in the area to be served by Board 42. Registration will start Aug. 30 and must be completed by Sept. 18, he said.

Registration by the various ages will follow this plan:

Aug. 30 — Men born in 1922 after Aug. 30.
Aug. 31 and Sept. 1 — Men born in 1923.
Sept. 2 and 3—Men born in 1924.
Sept. 4 and 7 — Men born in 1925.
Sept. 8 and 9 — Men born in 1926.
Sept. 10 and 11—Men born in 1927.
Sept. 13 and 14 — Men born in 1928.
Sept. 15 and 16—Men born in 1929.
Sept. 17 and 18—Men born in 1930 before Sept. 19.

Men will register thereafter as they become 18 years of age within two days of the observance of their 18th anniversary.

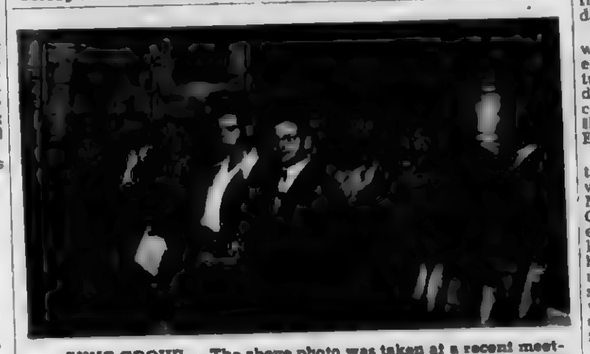
Here It Is Kids! Free Watermelon Courtesy Eagles

A series of watermelon eating contests for the children of all Hilltop and West Side Parks is being sponsored by the Aguila Aerie, FOE, 2356 W. Broad-st in cooperation with local playground supervisors and Recreation Department officials.

The first of the contests will be on August 23 at 6:30 p. m. at Columbian, Glenwood and Greenlawn playgrounds, according to Richard E. Wolfe, chairman of the youth guidance committee of the local Eagles chapter.

All children living west of the Scioto River are eligible for the contests, which are being held for the first time this year. A champion will be crowned at each park, and then the winners will meet in Glenwood Park for a final contest, on Aug. 27. All melons will be furnished by the local lodge.

Other contests will be held Aug. 24, at 6:30 p. m. in Highland, Holton and McKinley Parks. The following evening at 6:30 Sullivant Gardens and Sunshine Parks will be the scene of the watermelon feasts. The last of the contests will be in Westgate and West Market Parks on Aug. 26, at 6:30 p. m., with the finals for the respective winners the next evening in Glenwood Park.



POLIO VICTIM

Donald Jhensen, 12-year-old son of Mr. and Mrs. Walter Jhensen, 420-S. Terrace-av, is in Children's Hospital where he is a polio patient. Don was first stricken with the disease on Aug. 5. At present he is still compelled to remain in a respirator.

Sky Meet To Open Friday At Airport

SCENE OF SKY MEET — The Sullivant Avenue Airport operated by Gomer Jones will be the scene of the Sky Meet sponsored by Region IV, Boy Scouts of America. The meet opens on Friday and runs through Sunday.

CIVIC GROUP — The above photo was taken at a recent meeting of the newly organized High Ridge Civic Association at West Mound Street School. Pictured are members and officers of the group formed to get improvements for the community south of Sullivant-av between Ryan-av and Wayne-av. Another meeting of the group has been scheduled for Aug. 26 at the home of W. Herbert Dailey, 615 Belvidere-av, chairman of the organization.

Several hundred young men identified with the senior program of the Boy Scouts of America as Air Scouts, Sea Scouts and Explorer Scouts will arrive at the Sullivant Avenue Airport Friday, Aug. 20, and remain through the 22nd for one of the busiest schedules they have experienced to date. These fellows range in age from 15 to 20 and hail from the three states of Ohio, West Virginia and Kentucky.

Immediately after registering and setting up camp they will take a tour through the Curtiss-Wright plant, where they will have dinner, following which they will proceed to the Naval Air Station for a special program. A Sky Meet staff meeting will go into session until midnight in preparation for a full day of competition, thrills and fun on Saturday.

Manufacturers of small planes will have their latest craft and expert pilots on hand to give actual flights to these young men all day long on Aug. 20. Already the committee has been assured of the participation of Aeroncas, Ercoupes, Stinsons, Cessnas.

A grand opening ceremony will take place at 9 a. m. Saturday with a special welcome by Fred J. Milligan, president of the Central Ohio Council, Boy Scouts of America, with headquarters at Columbus, also greetings from the host executive, L. R. Bucher, and representatives of the city and state government. This ceremony will be in charge of Scout Executive William Parker of Springfield.

Twenty-three model flying contests will be staged throughout the day, including such events as gas-powered free flight, gas-powered control line, rubber powered gliders and exhibition, including precision scale, unique or original design, lighter-than-aircraft, handicraft and fuel-burning jet. Already registered for these events are:

Flying Tiger Squadron, Massillon; Air Scout Squadron No. 35, Van Wert; Air Scout Squadron No. 3, Columbus; Explorer Scout Post No. 80, Columbus; Goodyear Air Scout Squadron No. 7001, Akron; Explorer Scout Post No. 73, Louisville, Ky.; Shooting Star Air Scout Squadron, Akron; Wright Field Squadron, New Carlisle; Air Wing Scout Squadron No. 79, Akron; Air Scout Squadron No. 3, Wilmington; Senior Scout Outfit No. 15, Youngstown; Firestone Air Scout Squadron No. 7002, Akron; Senior Scout Outfit No. 53, Columbus; Grimes Aeroneers Air Scout Squadron, Urbana; Air Scout Squadron No. 7007, Akron.

Special medals have been struck for this affair so that every entrant will receive honors in first, second and third places; in addition to this a sweepstakes trophy will be awarded by Paul W. Litchfield, founder of Air Scouting in America; the Naval Air Station is likewise making a trophy award. Four trophies will be given to the four events in which the whole senior unit participates. Colorful felt medallions will go to all who register for the meet.

A ceremony will be held in the late afternoon for making all awards won during the day.

A sky meet ball will be staged in the hangars at the airport in the evening. Members of the senior division of the Girl Scouts, the Camp Fire Girls, and the YWCA will assemble in their formals at the YWCA building in Columbus and will be escorted by bus to the airport for the evening's festivities. A sky meet queen will be elected and crowned. Ziggy Coyle's orchestra will play.

A special guest during the evening will be Jacques Hervieux of Paris, France, a Rover Scout, who met our American contingent at the World Jamboree of Peace at Moissons, France, this past summer. He will be in America until September, when he will return to his homeland.

The following morning, Sunday, opportunity will be given for all to participate in the services of their own faiths, following which the closing ceremony will be held and camp broken.

Columbus members on the sky meet committee include:

Gil Bolin, L. R. Bucher, Lt. Francis B. Collier, George Doyle, Harry Drake, Jody Gram, Mel Griggs, C. C. Matthews, C. F. Reichelderfer, Vernon Sanford, Dail Shady, Paul Wichterman, E. C. Young, Walter McCoy.

Coach Pemberton to Meet Football Squad Tonight

By Paul Wichterman

Coach A. M. (Mack) Pemberton, starting his third year as head football coach at West High School, is the ninth grid mentor to serve the local school during its 34 years of football.

A meeting of all football candidates has been scheduled for 8 o'clock tonight (Thursday) at the stadium. Practice for juniors and seniors will get under way on Friday at 5 p. m.

Coach Pemberton said that for the first eight days the juniors and seniors would work out by themselves. Starting on Aug. 30, sophomores will be included in the two-a-day practice schedule. Both Fred Heischman, backfield coach, and Dave Randall, who works with the line, will be on hand for the evening practice sessions.

Clarence Geuth is one of two Ohio State University students assigned on a practice-teaching basis to assist Pemberton with the reserve squad. The name of the other student was not known at this time. Both are expected to observe the work of the varsity coaches until such time as the squad is divided into reserve and varsity groups.

Coach Pemberton, just back from the coaches' clinic at Canton, described this year's meeting as "the best ever."

With three exceptions, the tenure of coaches at West has not been long. Coach Harold Wise, now grid mentor at Ohio University, held the post for nine consecutive years, the longest record of the nine coaches. Coming to the school in 1929 when school spirit, as far as football was concerned, was perhaps at an all-time low, he remained through the 1937 season. It was not until 1936, however, that he brought a championship to the school only to come back with an unbeaten and untied season. In 1937 for the second consecutive championship.

While sports fans of different decades will disagree, many feel that Wise's '37 aggregation was the best all-round eleven ever produced at the Cowboy institution. A measure of the ability of that team can be seen in the all-time low opponent score that year when only 18 points were tallied.

Coach Pemberton

Of course going back a score of years Coach Lee Leahy produced some of the biggest and toughest elevens to ever represent the school. His championship teams in 1915 and again in 1919 were certainly power houses, depending for the most part on brawn and punting ability.

Leahy was the schools' first coach having teams in 1910 and again in 1912 before the school accepted football in an official way in 1913. He continued to coach the grid sport through the championship season of 1919, serving seven years as coach of a City League team and two years as mentor of the West Side Independents (1910 and 1912). There was no team in 1911.

Following Leahy was Bill Garrett, a former West grid star. He coached the seasons of 1920 and 1921 and then gave way to Rodney Ross, now a municipal judge here in Columbus. He coached the seasons of 1922 and 1923.

Francis (Peg) Fuller followed Ross in 1924, remaining for three seasons. In 1928 Emerald F. (Buck) Lamme handled the coaching chores, to be followed in 1929 by Wise.

George Williams followed Wise in 1938, having been a member of his coaching staff. Williams, now basketball and baseball coach at West, remained through five seasons and then enlisted in the United States Navy. He was followed by Dale Rose, now head football coach at Capital University. Rose coached the seasons of '43, '44 and '45, producing a championship team in '45.

When Coach Pemberton accepted the coaching assignment in the summer of 1946 it was similar in some respects to the start of the 1948 season. Good teams had won or shared championships the preceding year and most of that material had graduated. It was almost starting from scratch. But in spite of a green team, the Cowboys won four, lost five and tied one.

Disgruntled Fellow

A Louisville newspaper received a letter from an indignant Kentuckian who signed his name as S. V. Britton, of Oneida, Ky., and vented his wrath on "politicians" thusly:

"Here's what most people have learned of politicians:

"The politician is my shepherd; I shall not want for anything during the campaign. He leadeth me into a saloon for my vote's sake; he filleth my pockets with good cigars; my beer glass runneth over. He inquireth about my family even unto the fourth generation. Yea, even though I walk through the mud and rain to vote for him and shout myself hoarse for him at election, he straightaway forgetteth me. Although I mecteth him at his home, he knoweth me not. Surely the wool has been pulled over me all the days of my life."

3 From Here Pass Medical Board Exams

Three Hilltoppers were among the 36 who passed the State Medical Board examinations held here on June 21-24.

They were Robert G. Distelhorst, 585 Binns-blvd, Chester A. Hanson, Jr., 2256 W. Broad-st, and Arthur S. Hulett, 2413 W. Broad-st.

3 Local Groups Withdraw Support From Hilltop Night

Plans for the Hilltop's own celebration of the coming of the Freedom Train to Columbus on Sept. 5, as outlined last week by Mitchell N. Nachman, a local attorney, were being pushed this week but it appeared the movement had lost the backing of several local groups.

A score or more persons attended the meeting held in Nachman's office Saturday afternoon when plans were drawn for a Hilltop Rededication Pageantry Celebration to be staged at Red Bird Stadium on the evening of Sept. 1.

As the Record went to press Wednesday noon, the following organizations had told this office that they were dropping out of the proposed celebration:

Hilltop Business Association.
Hilltop Kiwanis Club.
Hilltop Community Council.

At least four other groups indicated they were not participating although they asked that the names of their organizations be withheld since no meetings had been held to consider the matter.

In addition to the failure of these groups to participate, all of the committee heads as announced by Nachman originally had asked that their names not be used in connection with the affair. After the original program committee chairman resigned, Nachman immediately named Michael Sheskey to fill that post, and Henry Fogan as advertising and publicity chairman.

In his press releases, Nachman stated that another meeting of the general committee would be held in his office at 2345½ W Broad-st on Saturday. Nachman is heading the program in the capacity of chairman.

Nachman said that he had been in personal communication with Ralph Lazarus, who is general chairman of the rededication program for the Columbus area being sponsored by the American National Heritage Foundation and that Mr. Lazarus had tentatively agreed to be present to address officers and representatives of the various participating Hilltop groups Saturday at 2:30 p. m.

Lieutenant Governor Paul M. Herbert has been scheduled as the principal speaker for the three-hour patriotic program, Nachman said. The Elks Band and the Elks Patrol will also be on hand with a "brilliant" display of fireworks to climax the evening, he said.

Executive committees and boards of directors of several local organizations were called together hurriedly this week to discuss the matter of participation in the program.

In a special executive committee meeting Tuesday afternoon the Hilltop Business Association went on record as opposing participation in the Nachman program but voted unanimously to cooperate with the program of the city-wide committee headed by Lazarus. Similar action has been taken by the Hilltop Community Council.

In a special letter to Lazarus the HBA pledged its cooperation to the rededication program in the following words:

"Our organization is back of the American Heritage Foundation Program 100 per cent and will do everything possible to make it a success. Please feel free to call upon us if we can be of any assistance to your committee."

Some of the HBA committee members expressed doubts that a suitable observance on a Hilltop-wide basis could be gotten together in the short time between now and Sept. 1.

Nachman said that his program would include pageantry "to commemorate important eras, periods, and times in our American history, with special emphasis on modern youth and present-day youth groups and problems, including juvenile delinquency." He failed to elaborate on what, specifically, would constitute the pageantry.

Nachman, a newcomer to the Hilltop, opened his office here two months ago.

Free Kiwanis Movie To Be Shown Sat.

The seventh of eight free Saturday afternoon movies for the boys and girls of the Hilltop will be held at the Rivoli Theatre Saturday, starting at 1:30 p. m. The shows are sponsored each week by the Hilltop Kiwanis Club with the cooperation of George Pekras, owner of the Ritz and Rivoli Theatres.

This week's picture will be "Desperate Trails," plus a musical cartoon.

Tickets may be obtained free of charge from park and playground supervisors.

Kiwanis Speaker

Perle L. Whitehead

Perle L. Whitehead, Deputy Regional Executive of the National Council, Boy Scouts of America, will be the luncheon speaker at today's Hilltop Kiwanis Club meeting at Schmalzer's Restaurant, 3178 W. Broad-st.

Whitehead, a native of Germantown, O., was the organizer and president of the first YMCA organization for rural boys in America. After studying at Otterbein University he assumed teaching duties in several rural schools and later served as principal of Fairview High School in Dayton.

A member of the American Legion, he served with the Fifth Division Regular Army overseas during World War I.

Relief to be expected from reduction in the income tax was outlined by Si Noggle, of the Internal Revenue Department when he spoke before the local Kiwanis Club last Thursday noon.

He pointed out that persons having incomes up to $2000 would experience a reduction of about 12.6% while those in the $3600 income bracket would have a reduction of about 7% and those above this figure about 5%.

Camp Chase Post To Launch Drive For New Members

Camp Chase Post No. 98, American Legion, will launch a membership roundup in the near future, it was announced this week. The executive committee put its stamp of approval on the plan and appointed Vernon C. Fiscus, a past commander who served in both World War I and II, to head the special committee.

A large committee will be picked to aid in the membership drive. The committee on organization, assisted by Commander John Martindale and Adjutant W. E. Boothe, will announce team captains and team members in the near future.

The nominating committee will report a list of candidates for the various offices at the Sept. 3 meeting and the roundup committee hopes to have a large number of paid-up members for 1949 when the new officers take over.

'Mrs.' Pigeon Takes Over Bantam Eggs

Kenneth and Patrick Martindale, 86 Clarendon-av, are wondering this week how one of their pet pigeons is going to teach 12 baby bantam chickens to fly.

It isn't the Martindales who are confused, it's the pigeon!

The boys are Cub Scouts, belonging to Den 3, Pack 250. For one of their projects they are keeping pets, bantams and pigeons. The other day one of the bantam hens laid 12 eggs in a high nest where she wouldn't be disturbed. However she was counting her "panties" before they were hatched, because along came mother pigeon and took over the nest, leaving her own three babies with their father.

According to the Martindale family the father pigeon is kept quite busy feeding three hungry babies and taking food to his wife, who naturally won't leave the bantam nest.

As a rule pigeons don't sit on more than two eggs at one time, but Hilltop pigeons want to be different. Mrs. Pigeon is not only sitting on 12 eggs that aren't rightfully hers, she's liable to be breaking up a home!

Building Contractor Buried Here Tuesday

John Scholten, Jr., 35, of 160 Nashoba-av, a building contractor, died Friday night in Mt. Carmel Hospital. He had conducted the business from his home for three years.

A native of The Netherlands, Mr. Scholten lived in Columbus 26 years. He was a graduate of West High School, and belonged to the First United Presbyterian Church and the carpenters' union.

He leaves his wife, Rachael; two daughters, Nancy Lynn and Carol Jean Scholten, both at home; his parents, Mr. and Mrs. John Scholten, Sr., 1900 Dorenav; one sister, Mrs. Richard Eckman, Rockford, Ill., and two brothers, Pete, 641 N. Drexel-av, and Henry Scholten, 1894 Dorenav.

Services were held at 1:30 p. m. Tuesday at the Spears Funeral Home. Burial was in Sunset Cemetery.

Biltmore Gets Liquor Permit

A D-5 night club permit to sell liquor will be issued to the Biltmore Restaurant, 2414 W. Broad-st, it was announced by Dale Dunifon, state liquor control director.

The permit will be granted as a result of action by the appeals board following a public hearing last Wednesday. The application had previously been denied by the department of liquor control that Dunifon heads.

Approximately 20 Hilltoppers appeared in opposition to issuing the permit. Heading the group were Rev. Russell Olsen, pastor of the Hilltop Evangelical Lutheran Church, and Harold Mielke, who served as spokesman for a delegation of members from Hoge Memorial Presbyterian Church. Rev. A. J. Weld, pastor of Hoge, was on vacation at the time and Hillcrest Baptist Church, the third church within a 500-foot radius of the restaurant, is without the services of a regular pastor at this time.

James Phillips, operator of the restaurant, had not been advised of the granting of the permit when contacted by The Hilltop Record.

"I have had no word to the effect that the permit has been granted," Phillips said, "I have nothing to say at this time."

The restaurant owner did explain that in the event the permit was issued, its use would not disturb operation of his present restaurant. He said that he planned to build an addition to his present business place immediately to the west on a lot he already owns. He explained that the sale of liquor would not be carried on in the restaurant but would be conducted adjacent to it.

Hearings Held

The Biltmore D-5 application had stirred up considerable opposition at the time that the first public hearing was held in the liquor control department. A petition was circulated in several of the Hilltop churches opposing it. Approximately 1,000 names had been assigned to it, Rev. Wold stated several weeks ago.

The decision of the liquor control department to turn down the application was made to the Record June 17. At that time W. R. Morris, assistant to Mr. Dunifon, explained that the action was taken because of public sentiment on the Hilltop against the issuance of more liquor permits.

Two other local applications for D-5's were rejected at that time. They were the Cotillion Restaurant, 2776 W. Broad-st, and Eddie's, 2329 W. Broad-st.

At that time Morris made the following comment to the Record:

"The people in that (the Hilltop) area have voiced the feeling that they want no more liquor spots."

A total of five other D-5 permits have been issued on the Hilltop since Jan. 1, 1948. An application for the 920 Club, 2330 Sullivant-av, is still pending.

Draft Board To Be Opened In Few Days

Draft Board No. 42, serving the ninth, 10th and 11th Wards, will set up offices at 1037 N. High-st within a few days to prepare for the registration of Hilltop and West Side men 18 through 22 years. Board 42 will be housed in the same building with other Franklin County boards. It will open as soon as work of remodeling the building can be completed, Col. R. E. Clouse, of the State Selective Service office, told The Hilltop Record this week.

Col. Clouse said that Henry Fagan, 308 Algonquin-av, and A. T. Vollman, 208 Binns-blvd, would constitute two members of the three-man board and that a third member would have to be certified to take the place of W. R. (Woody) Clark, 2523 Ridge-av, who had declined the appointment. Clark was the fourth local man to decline such appointment—the first three named likewise refused to serve. A clerk must also be selected to handle the board's work.

Col. Clouse said that plans would be worked out very soon for registering the men in the draft age group. He said that in all probability four or five registration points would be established in the area to be served by Board 42. Registration will start Aug. 30 and must be completed by Sept. 18, he said.

Coach Pemberton to Meet Football Squad Tonight

By Paul Wichterman

Coach A. M. (Mack) Pemberton, starting his third year as head football coach at West High School, is the ninth grid mentor to serve the local school during its 34 years of football.

A meeting of all football candidates has been scheduled for 8 o'clock tonight (Thursday) at the stadium. Practice for juniors and seniors will get under way on Friday at 8 p. m.

Coach Pemberton said that for the first eight days the juniors and seniors would work out by themselves. Starting on Aug. 30, sophomores will be included in the two-a-day practice schedule. Both Fred Heischman, backfield coach, and Dave Randall, who works with the line, will be on hand for the evening practice sessions.

Clarence Geuth is one of two Ohio State University students assigned on a practice teaching basis to assist Pemberton with the reserve squad. The name of the other student was not known at this time. Both are expected to observe the work of the varsity coaches until such time as the squad is divided into reserve and varsity groups.

Coach Pemberton, just back from the coaches' clinic at Canton, described this year's meeting as "the best ever."

With three exceptions, the tenure of coaches at West has not been long. Coach Harold Wise, now grid mentor at Ohio University, held the post for nine consecutive years, the longest record of the nine coaches. Coming to the school in 1929 when school spirit, as far as football was concerned, was perhaps at an all-time low, he remained through the 1937 season. It was not until 1936, however, that he brought a championship to the school only to come back with an unbeaten and untied season. In 1937 for the second consecutive championship.

While sports fans of different decades will disagree, many feel that Wise's '37 aggregation was the best all-round eleven ever produced at the Cowboy institution. A measure of the ability of that team can be seen in the all-time low opponent score that year when only 18 points were tallied.

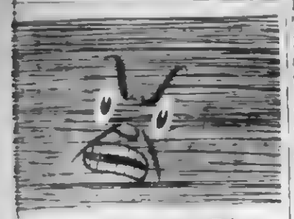
Coach Pemberton

Of course going back a score of years Coach Lee Leahy produced some of the biggest and toughest elevens to ever represent the school. His championship teams in 1915 and again in 1919 were certainly power houses, depending for the most part on brawn and punting ability.

Leahy was the schools' first coach having teams in 1910 and again in 1912 before the school accepted football in an official way in 1913. He continued to coach the grid sport through the championship season of 1919, serving seven years as coach of a City League team and two years as mentor of the West Side Independents (1910 and 1912). There was no team in 1911.

Following Leahy was Bill Garrett, a former West grid star. He coached the seasons of 1920 and 1921 and then gave way to Rodney Ross, now a municipal judge here in Columbus. He coached the seasons of 1922 and 1923.

Francis (Peg) Fuller followed Ross in 1924, remaining for three seasons. In 1928 Emerald F. (Buck) Lamme handled the coaching chores, to be followed in 1929 by Wise.



George Williams followed Wise in 1938, having been a member of his coaching staff. Williams, now basketball and baseball coach at West, remained through five seasons and then enlisted in the United States Navy. He was followed by Dale Rose, now head football coach at Capital University. Rose coached the seasons of '43, '44 and '46, producing a championship team in '45.

When Coach Pemberton accepted the coaching assignment in the summer of 1946 it was similar in some respects to the start of the 1948 season. Good teams had won or shared championships the preceding year and most of that material had graduated. It was almost starting from scratch. But in spite of a green team, the Cowboys won four, lost five and tied one.

CIRCLE 3 MET AUG. 10

Circle 3 of the Hillcrest Baptist Church held its August meeting on Aug. 10 at Mt. Air.

Hilltop Lady Heads An Army -- Commands Volunteers of America

By Libby Downing

Lt. Colonel Susan Thom

A Hilltop lady, Lt. Colonel Susan Thom, 534 Townsend-av, is the state commander of the Volunteers of America, and so we called on her at her headquarters office, 379 W. Broad-st, in order to tell you more of her activities.

Colonel Thom, who first entered the work with her husband, soon after their marriage, has been with the group for 20 years. In 1938 the Thom family was transferred to Columbus so that Mr. Thom might continue with this national organization from the local branch. One year later he died. Since that time his wife has carried on his work, and two years ago was made the commander of the Ohio area.

"Wealthy people get just as old, and lonely, and sick as poor persons," said the Colonel. With this thought in mind a Sunset Club was formed, which is devoted to shut-ins, elderly and blind people.

Mrs. P. T. Gillie is in charge of the Sunset Work. She spends much time visiting those unable to be outdoors, taking them candy and fruit, and reading to them.

Colonel Thom is assisted in her work by Lt. Major Harriett McDonald, 2737 Steele-av. Major McDonald said that for the first six months of this year, 13,104 lodgings had been afforded to transient men, and that 32,465 meals have been served from their kitchen.

The local commander points with pride to the new building, at the corner of Starling-st and W. Broad, which was constructed in 1942. She put a lot of planning and thinking into the structure. One of the dormitories is dedicated to Leo J. Marks, who donated $100 to the organization at the time the building was being constructed.

Mrs. Thom admits one of her weaknesses is collecting tea pots. She has several on the window sills of her cheerful office. In her collection are pots from England Canada, several different states, and she has one on the way from Switzerland.

The Columbus branch of the VA works continually with the men and women in the Marysville Women's Reformatory, the London Prison Farm and the Ohio State Penitentiary. They hold services at these three prisons each Sunday.

"The recent publicity about Mansfield Reformatory has brought me much distress," said Colonel Susan. "I have worked with several boys from there who were on parole, and every one of them turned into fine young men." She cited several instances in which the boys, after being sent overseas with the U. S. Armed Forces, still corresponded with her, and after their release would stop in town for a chat.

Completing her twentieth year with the Volunteers, which, by the way, is a Red Feather Agency, Mrs. Thom says her greatest satisfaction is receiving a letter from someone whom she has helped, in which they tell her that at last they are doing something worthwhile and have made good.

Her youngest daughter, Mrs. H. B. Fallon, and her little son live with Mrs. Thom at the Townsend-av address. Another daughter, Mrs. Hal McFarland, is with her husband in Geneva, Switzerland. He is a free lance writer, and at present is working on assignments for several magazine companies.

CHARRED RUINS — These charred walls are all that were left after fire swept the one-floor plan home of Mrs. Lulu Kasper at 885 Clarendon-av early Saturday morning. (Citizen photo).

RECORD CORRESPONDENT MAKES NEWS — Jo Ann Kidd, 16 (right), a correspondent for The Hilltop Record for almost a year, made news early Saturday morning when she rescued a 10-year-old neighbor from a burning home.

Jo Ann was spending the night in the home of Mrs. Lulu Kasper, a neighbor who lived at 885 Clarendon-av, when fire was discovered about 4 a. m. Losing the key to the back door in the darkness and realizing that she and Mary Lou Kasper (left) were trapped in the burning building, Jo Ann opened a window and lifted the little girl to safety. Mrs. Kasper and Connie Lipps, 10, escaped through the front door. Damage to the building and contents was estimated at $4,000. (Citizen photo)

Leg Is Broken When Struck By Car Tues.

James E. Cantrell, seven, son of Mr. and Mrs. J. Edgar Cantrell of 1518 Walsh-av, suffered a compound fracture of the left ankle and multiple cuts and bruises late Tuesday afternoon when he was struck by an auto as he ran from behind a parked car in front of his home, police reported.

Police identified the driver as Chester M. Alford, 746 Bellows-av. The boys was taken to children's Hospital after first aid by Fire Department emergency squadmen.

"Easter Parade" To Open Sunday

Dancing, romancing, comedy, drama and the music of Irving Berlin are just a few of the reasons why "Easter Parade," Technicolor hit opening Sunday at the new Old Trail Theater, has been applauded from coast to coast. Judy Garland, Fred Astaire, Peter Lawford are the stars of this musical comedy, with Ann Miller heading the supporting cast. "Easter Parade" will be shown at the new Old Trail Theater from Sunday through Wednesday on a single bill, plus selected short subjects.

Lillian Hellman's "Another Part of the Forest," screen version of the stage success starring Fredric March, Ann Blyth and Florence Eldredge, is the new Academy house's current attraction, with "Black Bart" as co-feature. The Old Trail Theater is located just west of the city limits, at 3630 W. Broad-st.

Day Camp Opens For Girl Scouts

The Brownies and Girl Scouts of District 8 will hold their day camp for the third consecutive year at Clime Farm on Aug. 18 through Aug. 25. Attending will be 125 girls and 30 leaders.

While in camp the girls will engage in outdoor cooking, folk dancing, singing, weaving, clay modeling, painting and lashing. Money for transportation to and from the camp was provided by the Hilltop Business Association, the Hilltop Kiwanis Club and the John Burroughs PTA. The Grove City Lions Club also made a donation to pay transportation for girls from that area.

Mrs. Edward Bradfute, 333 S. Ogden-av, district chairman and day camp chairman, expressed the thanks of Girl Scout leaders to each of the organizations that helped make the camp possible.

Assisting Mrs. Bradfute are Mrs. H. C. Boothe, 646 S. Richardson-av, and the nurse, Mrs. Harvey Fenstermaker, 831 S. Harris-av.

Local Man Rescued When Boat Overturns

Two men were rescued from the Scioto River Sunday evening when the speedboat in which they were riding upset in 20 feet of water 400 yards north of Fishinger's bridge.

River patrolmen said H. E. Thompson, 94 N. Westmoor-av, was driving the boat with Pete Austin, an auto salesman, as his passenger. The men were thrown into the water about 100 yards off the east shore and swam part way to shore. They were picked up by another boat.

In accepting the Republican nomination for president, Rutherford B. Hayes announced that he would not be a candidate for re-election.

Salvation Army Takes Twin Bill From West Park Methodist In Church League

By Dave Miller

Salvation Army is now the only undefeated team in either the West Church League No. 1 or No. 2, following games last Monday evening.

Previously undefeated West Park took a double loss from the Salvation Army nine, by scores of 6 to 2 and 2 to 0, at Sunshine Park.

Each nine scored a run in the first and second frames but pitchers Dick Everland of West Park and Dom Carselli of Salvation Army both settled down and prevented any more tallying until the ultimate winners exploded for four runs in the next-to-the last inning, the sixth. Carselli led off with a one-baser to left and shortstop Bendettie duplicated the feat, sending the pitcher to third. First baseman Jim Pilkington's single scored Carselli with the winning run, but pinch-hitter Daniels, batting for Bill Sells, sewed up the contest with a three-run homer between Jim Arnold and Dick Smith in the outfield.

The ultimate losers had a man on third when the game ended. The winners' good fielding saved the day for them as they didn't commit a miscue all throughout the first game.

In the second fray, darkness settled over the field in about the opening of the third frame, but umpire Jim Martin wanted the game to be official (five innings). The Salvation Army nine got its two big winning tallies when the defense, West Park, could scarcely see the ball. With men on first and third, Rickard, the S. A. second-sacker, sent a line single to left, plating Bleven with the initial run. Carselli, playing third base in this game, also scored when Ray Laughlin, the West Park backstop, let the ball get away from him.

"Red" Sells was the winning pitcher in the second game, allowing his opponents only three hits while his mound opponent, O'Daniels, was allowing the winners only two hits. However, both of those hits came in the important fourth for the winners. West Park's blows were scattered in different frames.

In other games in the two loops, St. Aloysius gave Hilltop Church of God an 8 to 5 lacing but the first game winners were trailing at the end of four innings in the second contest, which was called at that time, making it necessary to play the game over. Therefore, St. Aloysius still holds first place in Loop No. 1. In other games in League No. 1, Burgess handed Glenwood Methodist a double setback, 6 to 3, and 3 to 0, and Westgate EUB gave yet-to-win Hoge Memorial a double loss, 2 to 0, and 6 to 3.

In League No. 2, along with Salvation Army's twin win over West Park, Avondale swept a double-header from Hillcrest, 10 to 3, and 8 to 3.

Next Monday the teams go against each other to decide the representative to the City Champ of Champs.

Ward Is Manager Of Bowling Alleys

C. F. (Red) Ward has taken over the management of the Hilltop Recreation Bowling Alleys, effective Aug. 1, it was announced this week.

Both Tom Wolfe and Fred Wolfe will continue with the recreation center under the new management, it was said. William Wolfe is the owner and operator of the eight bowling alleys.

This week the alleys are being refinished and the interior of the building redecorated in preparation for the public opening soon. Ward said he hoped to have the alleys open by Sunday. First organized league play will start Aug. 31, with most of the loops following suit that week.

All leagues that operated on the Hilltop alleys last year will have been organized and will roll again this season. Plans are being made for holding bowling schools this winter although the time will be dependent on the scheduling of regular leagues.

Ward, who lives at 609 Fairwood-av, comes to the Hilltop from the Broad-Olympic Alleys where he has served as manager since the opening two years ago. Prior to that he managed the Gettrost Alleys for 14 years.

Vet Should Notify Board If He Moves

Have you moved since filing an application for the Ohio bonus?

If you have—and have failed to send the World War II Compensation Fund your present address—you may be delaying delivery of your own check.

This was learned today from Director Chester W. Goble, who said that failure to advise the World War II Compensation headquarters of changes in address is developing into a serious problem.

He said that many envelopes containing original documents, supplementary forms sent to applicants, and even some bonus checks have been returned by postal authorities. Most of the mail returned was for reasons of "poor address" and "addressee moved."

Goble said that changes of address would not be accepted as official unless they are over the personal signature of the applicant concerned.

The change of address should be sent to C. W. Goble, Director, World War II Compensation Fund, Columbus 16, O., and should state the claim number, the address submitted with the application, as well as the new address.

Letters To The Editor

Mr. Editor:

I am quite sure that all readers of the Record will be interested in the Freedom Train and in the efforts, now being made by various organizations, to re-sell America, not only to the foreign nations, but to the citizens of our own nation.

The Freedom Train is but a symbol of things American; it simply contains the documents of the history of this nation, documents drawn up by the historians of this nation, in an effort to perpetuate the history of this nation and its many leaders, from the day of its founding, right down to the present time.

The allied organizations of the Hilltop, representing practically every organization and group on the Hilltop, met in the offices of Mitchell N. Nachman, attorney-at-law, to plan a fitting program, one that will be strictly a Hilltop effort, in conjunction with the coming of the Freedom Train.

Mr. Nachman was elected as the general chairman by the representatives of the various Hilltop organizations present at that first meeting.

Wednesday evening, Sept. 1, 7:30 to 10:30 p. m., was decided upon as the date of our Hilltop celebration, one to be held at the Red Bird Stadium.

This Hilltop effort is but one link in the entire city chain of week-long celebrations, as each section of the city will be asked to take some part in the city-wide program, now under the direction of Ralph Lazarus.

A second meeting of the Hilltop group will be held Saturday, Aug. 21, at 2345½ W. Broad-st, and all Hilltop organization leaders are urged to attend. You do not have to be invited by a special invitation. It is your civic duty to your community to join us in making the greatest Hilltop effort ever undertaken. Talk it up and plan on joining the citizens of the Hilltop on Wednesday evening, Sept. 1, at Red Bird Stadium.

HILL TOPICS —By PW—

Editor's Note: Since PW was on vacation last week, this week's column was written by ME. (Libby Downing.)

The Hilltop is always looking for something new and different, and I have an idea which some loyal group might like to sponsor for the local kids.

In my home town, Saturday night was "show nite", but not like it is on the Hilltop. We didn't have to travel on busses to a theater, we just took a stool or pillow, and sometimes just sat on the curbs, and watched a free double feature each Saturday evening.

The main block of the little village was roped off, then a big black sedan would be parked at one end of the square with a screen on top. This left the remainder of the block for the townspeople who attended. The shows were sponsored by the local business people, of whom there were very few. There was no juvenile delinquency on Saturday nights, 'cause the kids were at the shows and their folks could keep an eye on them, because they were there too!

Westgate Park or one of the other local "open spaces" might be available for such an undertaking if anyone is interested.

Jean Trott, a Hilltop Recorder said to one of the fellows the other day, If your girl thinks you're just a pebble, then try to be a little boulder".

You know it's easy to make a mistake in print, because there are so many people who handle the same material. While reading an ad for a local women's shop during the Valentine season, we came across the following, "Hand her your heart on a platter, give her, etc." However in the interim, while the copy was being type set, someone's finger slipped and it came out, "Hand her your head on a platter." We took great pains to see that it was corrected.

I answered the phone one day with the usual "Hilltop Record," to which came the question, "Do you happen to have a fender for an old Chevrolet?" It's still a mystery unless they thought we were the Hilltop Wreckers (and no remarks as to that statement!)

We want to know—What is so dead as a Wednesday afternoon on the Hilltop?

Our neighbors, the Hilltop Sporting Goods Company, passed out some delicious cake last weekend, in celebration of their second anniversary.

Carl Henry, classified ad man at the Record, and another of our wits (?) will be a papa for the second time again soon. The other day while he was "Infanticipating," he decided that when the baby bundle arrives he'll give cigars to all the men and candy to all the women, then if this doesn't appeal to some, he'll present them with a free pass to the Westmont! (Has the Academy theater chain heard about this?)

Geraldine Trickel, of S. Huron-av, is partial to "lime" milkshakes, we found the other day. She asked for one at a soda fountain, and got it along with the remark from the soda jerk, "How CAN you drink that stuff" Geraldine says it matched her dress. I can tell that old age has me in its clutches!

Our boss, Carlton Hartley, his son, Pete, and Bob Maxwell, also of the Record, are certainly "sheepish looking" these daze. At 10 a. m. last Wednesday morning 10 sheep "broke bounds" at the Hartley farm on Wilson-rd, and the above three took up the hot 'n heavy trail. At 5:30 the same evening the vagrants were discovered hiding in some bushes along Wilson and Trabue-rds. Fine Sherlock Holmses we raise here at the "snoop coop"!

Well, here's hoping Paul enjoyed his vacation as much as we've enjoyed—writing his column.

West Grads Plan Sept. 11 Reunion

Old timers from the West High Class of 1913 will assemble in Columbus to celebrate the 35th year since their graduation, on Sept. 11, with a dinner and period of recollection of old times.

The affair is scheduled to be held at the Seneca Hotel, starting at 6:30 p. m. H. G. Deems is making arrangements for the party.

Out of a class of 38 there are 34 members still living. Mr. and Mrs. Leo Blair of California will be present for the meeting as will one member from Texas as well as members now living in Cleveland, Elyria, Canton and Mansfield, Ohio.

A reunion of the class is held every five years with husbands, wives, sweethearts and children present.

Modern Poetry

By Esther Weakley

A DOCTOR DIES

God, when he gets to heaven
Give him work for his quick,
Gentle hands to do.
Send him an angel
With a drooping wing;
Give him to mend an ailing ghost or two.
Let some small cherub
Bruise his heavenly toe
Against a cloud and run to him for aid.
Let him retain his small Black bag as badge.
His ream of doctor bills, unpaid.
Give him a house,
A garden, fence and gate
With letters "Angel Doctor" on the post.
Let him receive, examine,
Diagnose and write
Latin prescriptions for the heavenly host.

He did so love
His daily calls, his little chats with folks,
His services for them,
You understand—
He could not be content
With merely saying an occasional amen.

Maryrose Rosch, in HOOSIER COLLEGE VERSE.

CITY SLEEP

The streets now are empty;
The city seems dead.
And only the memory can
Echo the tread
Of the feet, which but yesterday
Passed in the light
Then hurried, then lingered on
Into the night.
And the tasks that were taken
And dreams that were wrought,
Are gone with the shadows.
The dawn knows them not.
For the new day that's coming
Sleeps yet in the east,
And the things it may fashion
Are not yet released.
The pavements lie cool;
The hustle is gone,
And a great city sleeping
Is waiting for dawn.

Mary White, in her book ORCHIDS AND ONIONS.

SORROW WITHOUT WORDS

The words stay sealed within my breast;
My merest wish fails utterance.
I can't reply when I'm addressed,
My presence is borne on sufferance.

I am mute; yet I have the voice
To whimper, cry and sob aloud.
I can exult; I can rejoice
Until I'm stifled and my sounds are cowed.

Modern Poetry

By Esther Weakley

A DOCTOR DIES

God, when he gets to heaven
Give him work for his quick,
Gentle hands to do.
Send him an angel
With a drooping wing;
Give him to mend an ailing ghost
or two.
Let some small cherub
Bruise his heavenly toe
Against a cloud and run to him
for aid.
Let him retain his small
Black bag as badge.
His ream of doctor bills, unpaid.
Give him a house,
A garden, fence and gate
With letters "Angel Doctor" on
the post.
Let him receive, examine,
Diagnose and write
Latin prescriptions for the heavenly host.

He did so love
His dojly calls, his little chats
with folks,
His services for them,
You understand—
He could not be contents
With merely saying an occasional
amen.

Maryrose Roach, in HOOSIER COLLEGE VERSE.

CITY SLEEP

The streets now are empty;
The city seems dead.
And only the memory can
Echo the tread
Of the feet, which but yesterday
Passed in the light
Then hurried, then lingered on
Into the night.
And the tasks that were taken
And dreams that were wrought,
Are gone with the shadows.
The dawn knows them not.
For the new day that's coming
Sleeps yet in the east,
And the things it may fashion
Are not yet released.
The pavements lie cool;
The hustle is gone,
And a great city sleeping
Is waiting for dawn.

Mary White, in her book ORCHIDS AND ONIONS.

SORROW WITHOUT WORDS

The words stay sealed within my breast;
My merest wish fails utterance.
I can't reply when I'm addressed,
My presence is borne on sufferance.

I am mute; yet I have the voice
To whimper, cry and sob aloud.
I can exult; I can rejoice
Until I'm stifled and my sounds are cowed.

Jerry Walsh Benefit Games Set For Hospital Field Sunday

Jerry Walsh

Three top-notch softball games have been scheduled under the lights at the State Hospital Field Sunday night for the benefit of Jerry Walsh, 1946 Agonis Award winner and former Aquinas High School athlete. For the past eight years he has been incapacitated by arthritis and has had heavy doctor and hospital bills during that time.

The headline attraction of the benefit card will be a clash between Ferguson Auditors and M and M Men's Club at 8 p. m. The program will open at 6 p. m. with West Park Methodist facing St. Aloysius. The second game will feature two all-star girls' teams.

The Ferguson Auditors is the top team in the Buckeye Night League and M and M is undefeated in 10 games in the Linden Independent Tuesday Night League.

An outstanding athlete during his high school days, Walsh was stricken shortly after completing school and has not been able to get around without the aid of a wheelchair or crutches since that time. He has made several trips to clinics and has been under a doctor's care.

Undaunted by his physical handicap, Jerry has built up a substantial greeting card business during recent years in an effort to offset medical expenses. Friends of the former Aquinas star felt that this would be an appropriate and practical gesture of their esteem.

An admision charge of 50 cents will be made.

Across The HILLTOP ALLEYS

By Dick Ardle

Last week ended one of the best summers of bowling thus far. Four leagues were formed, one new one over last year, with each league, except the Vets League, consisting of eight teams. Each team contained the full number five. N-3-2 won the Monday night league, Reeves Bros. the Tuesday Nighters, Bethlehem No. 3 the Thursday Night League, and finally the Bears of the St. John Lutheran League came out on top with a two game victory over the Go-Getters.

The Bears went into the night needing only one game to clinch the title. They achieved this by a 844-787 first game victory over the Go-Getters.

Local Sports

By Dave Miller

The Columbus Knothole All-Stars swamped the Toledo Knothole nine, 19 to 1, at Columbus Red Bird Stadium last Thursday afternoon. Paul Theisen, of the Hilltop, pitched the last inning for the local nine, and Dick Kirk, former West High star, started at shortstop. Theisen graduates this February, but Kirk has another year of baseball at the Powell-av school.

• • •

When interviewed on the Budd Sweeney Sports program this past Monday, Bob Burgett, Knothole chairman, reported that the ticket sales for the Knothole finals, to be held at Red Bird Stadium this Thursday night, were very high as of then. The biggest crowd since the idea started is expected to witness the games Thursday. At 5:30, the juniors will meet. At 7:00, the intermediates tangle and at 8:30, under the lights, the seniors will go against each other. At this writing, the teams to meet in this elimination have not yet been determined.

• • •

In the Sunday Morning Softball League last Sabbath day, Green Cabs tightened their grip on runner-up spot by trouncing Capitol Post to the tune of 14 to 4. In other games, Sun Drugs went 10 innings to beat Sully Loans, 7 to 4, Champo, the top team, downed Superior Roofing 13 to 3, ESAT beat Cooper Drugs, in a dragout battle, 19 to 13, and Cooper Drugs eked past Capitol Post, 10 to 7.

• • •

The Lutheran League schedule for this Friday is: Tuttle, Clinton Heights vs. Hilltop, Goodale; Goodale, Zion vs. Grove City, and First vs. St. Paul; Franklin Park, Emmanuel vs. Martin Luther, Peace vs. Hope, and Faith vs. Obetz; Westgate, St. Peter vs. Rome, and Indianola vs. St. John; Main-Montrose, Trinity vs. Christ.

Seven Event Racing Program At Powell

A seven event sprint racing program for midget automobiles will be staged at Powell Speedway, the fast Delaware County half mile oval on Sunday, Aug. 22nd, under the banner of the All-Star Racing Association.

Harry Gilchrist, veteran former race driver and racing official, has been appointed to a post as general manager of the program and Gilchrist states that independent race drivers from all over the country will be on hand to compete for the heavy prize money the Speedway has hung up.

Contest Date Correction

The state wide hair style contest which is planned for this month in the main ballroom of the Seneca Hotel, wil be held on Saturday, Aug. 28, rather than the date given in last week's paper. William A. Crawford, publisher of the Beauty Shop News and Guide, said that the judges will be several well known hair stylists.

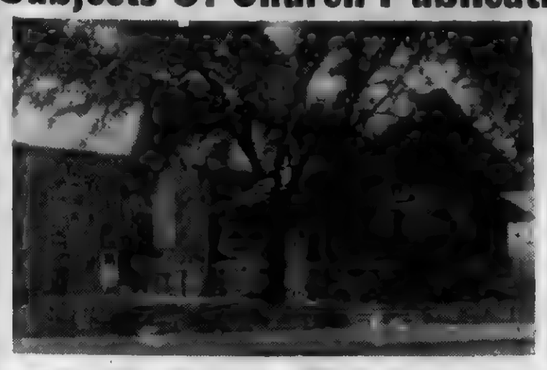
BIBLE COMMENT
For Aug. 22

Early Christians Included Many Great Women

RECENTLY I wrote of the contrast between the traditionally and supposedly inferior position of women in the past, and the actual power and prominence that many women have attained; like Deborah, great judge in Israel; Jezebel, Cleopatra, and Catherine of Russia—all powerful for evil or very doubtful good; Elizabeth of England, powerful monarch, and Victoria, whose subjects called her "the Good."

The same contrast is found in the history of the early Christian Church, where Saint Paul's attitude of what would be called anti-feminism today was in sharp contrast to the ministrations that Paul nevertheless accepted from women disciples in the churches that he founded and visited.

One should not, of course, be too critical of Paul. He was so far beyond his age in almost everything, that he ought to be forgiven for lagging behind in some respects. But he was so able and logical in most things, it is strange that he did not see the logic of the facts concerning women in the church—their greatness in saintliness and service.



Who were the women whose names have at least a place of honor in the New Testament?

Greatest of all was Mary, the mother of Jesus; Anna, the prophetess, stands with Simeon as the devout saint, awaiting the coming of the Messiah; Mary and Martha, of Bethany, were content to be humble, faithful disciples; Mary Magdalene is the type of fervent worshiper; the unnamed "mother of Zebedee's children."

But in the first generation of the church, following the death and resurrection of the Master, were women who through saintliness or force of character, or both, are famous for what they contributed to Christianity.

Dorcas, in the church at Joppa, "full of good works and almsdeeds," made her sewing needle a means of grace and consecration, winning the love of those whom she clothed, and an honorable mention (Acts 9). Lydia, seller of purple, apparently successful in business, was equally effective as a Christian (Acts 16).

Hoge Memorial Church And Pastor Are Subjects Of Church Publication Article

PRESENT HOGE MEMORIAL CHURCH — This is the present Hoge Memorial Presbyterian Church. Rapid increases in Sunday School and church enrollment makes it inadequate for present-day crowds. It will be abandoned as soon as the current building program materializes.

Hoge Memorial Presbyterian Church was recently chosen as a typical suburban church by the alumni magazine McCORMICK SPEAKING, of McCormick Seminary, Chicago, and its minister, Rev. Alfred J. Wold, was paid high tribute for his part in its rapid growth and developement.

Orginally organized as a mission church, Hoge Memorial has outgrown its building. The crowded sanctuary and the packed Church School rooms demonstrate its urgent need for the new church which is now being planned to be built farther west on the Hilltop. The Church School is now the largest in the Columbus Presbytery and numbers about 800. The Fidelis Class, for adult couples, has a membership of almost 300 and is one of the largest classes in the entire city.

Rev. Wold has had an active part in the growth of Presbyterianism in Columbus. He was chairman of the extension committee when the Board of National Missions conducted a survey of the city, and it was under his leadership that extension plans were formulated. As a part of these plans, a Presbyterian Church has been organized in Berwick, a new church plant is now under construction for the Boulevard Presbyterian Church in Grandview and the Oakland Park Presbyterian Church, a suburban church similar to Hoge which has also outgrown its quarters, is conducting a fund raising campaign to build a new church building.

A member of the planning committee of the Hilltop YMCA, and also of the Board of the Children's and Family Bureau, which is the largest private social service agency in the city, Rev. Wold has shown a considerable interest in community problems and affairs. This last year a new responsibility came and with it state-wide recognition. The House of Representatives of the Ninety-Seventh General Assembly of the State of Ohio elected him its chaplain.

In one of his prayers published in book form by the House of Representatives are these words: "We turn in these moments from the haste and pressure of our daily lives to seek rest for our spirits, enlightenment for our minds and reinforcement for our highest purposes."

The author of the magazine article published in MCCORMICK SPEAKING was the Rev. Raymond E. Dronsfield, of Oakland Park Presbyterian Church, a former classmate of Rev. Wold's. He says, in closing, "Alfred Wold, as a minister of Christ, is sharing in the highest purposes of the community and the state, and under his leadership his church is keeping pace with the growing edge of a great American City."

YMCA Gets Community Chest Backing

Council Of Social Agencies Approves Local YMCA Application This Week

The Hilltop YMCA is one of the 66 agencies for which the annual Community Chest campaign will be staged this fall.

Announcement that the Chest board of trustees had accepted the Hilltop Y's request for inclusion in next year's Chest was made today by Claris Adams, president and campaign chairman. This newly created branch of the Metropolitan YMCA was organized this year, and has been financed by Hilltop residents.

A total budget of $11,000 is planned for next year, of which $7,500 is being sought from the Community Chest. Definite allocations are not made by the Chest until after completion of the campaign.

There will be 66 agencies plus USO in the Community Chest campaign this fall. Other new ones, in addition to Hilltop Y, are Calvary Neighborhood House at 115 W. Main-st, a settlement house in a community of great need for such services; Community and Veterans Information Center, which grew out of the Veterans Information Center, and the Catholic Welfare Bureau, which coordinates all social and charitable agencies of the Catholic Church within the Columbus Dioceses.

Inclusion of the Hilltop "Y" eliminates the necessity of Chest support of the Hilltop Teen Club, organized as a War Chest agency in 1946 to meet social needs of Hilltop young people during the war years.

Announcement of the campaign dates and goal will be made in the near future, Mr. Adams said. Announcement that Livingston L. Taylor had been forced to resign as general chairman because of his health and that Mr. Adams had been drafted to take over the job was made at a meeting of division chairmen Monday noon.

Eddie To Get D-5 Permit

Another D-5 night club permit application, rejected by the Department of Liquor Control a few weeks ago, will be granted following action of an appeals board.

It is the case of Eddie Anverse, doing business as Eddie's, 2329 W. Broad-st. His application for the D-5 permit was turned down about June 15 when it was decided that the Hilltop was already adequately served by liquor establishments.

This is the second overruling of the Liquor Control office on a Hilltop case within a week. Last week it was announced that the D-5 permit would be issued to the Biltmore Restaurant, 2414 W. Broad-st, after it had at first been rejected.

Freedom Train To Arrive On Sept. 5

When the Freedom Train arrives in Columbus, Sunday, Sept. 5, it will be placed on a siding on the C & O overpass over the Olentangy River Road opposite Ohio Stadium.

The appearance of the Freedom Train will be preceded by a full week of appropriate observance by groups all over the city. Ralph Lazarus has been serving as chairman of a committee planning the celebration. Every day of the week will lend a different emphasis to the event. Every civic, religious and political group has been contacted in connection with plans for the event as have business and professional organizations.

An elaborate sports program will be held at Ohio Stadium on Sept. 3. The program has been fashioned after the Olympics and is being sponsored by prominent Columbus sports figures.

A burning torch will be carried into the stadium by a relay of runners early in the program. Gov. Thomas Herbert will light the torch on the Capitol grounds and hand it, along with a Youth Day proclamation, to the first runner.

Columbus Town Meeting, Columbus and Central Ohio's own radio forum will present a special Rededication Week broadcast at 1 p. m., Sunday, Aug. 29, over Station WBNS from Council chambers in City Hall.

Offering as speakers a distinguished Washington correspondent, a top U. S. educator and a national leader of the Urban League, the program will discuss "How Free Is Freedom?" Earl Morris will act as moderator.

Appearing on the forum will be Bert Andrews, chief Washington correspondent of the New York Herald-Tribune, author of the widely acclaimed "Washington Witch Hunt" and a Pulitzer Prize winner in 1947; Dr. Homer P. Rainey, president of Stevens College, Columbia, Mo., one of the nation's most widely known girls' schools, and Lester B. Plans Being Completed for Hilltop Night

Mitchell N. Nachman, chairman of the Hilltop Night phase of the Rededication Program to be held at Red Bird Stadium on the evening of Sept. 1, told The Hilltop Record at noon Wednesday that plans are being completed for an elaborate program in keeping with the occasion.

He said that he was endeavoring to have Gen. Lewis B. Hershey, national director of Selective Service, as the speaker. Izler Solomon, conductor of the Columbus Philharmonic, has been asked to lead community singing. The Elks Band, the Elks Chorus and the Elks Patrol will participate, he said, and the Moose band, directed by Don Port, will also play. An hour of pageantry and a display of fireworks are also on the program.

Hilltop Groups To Have Observances

Appropriate observance of Rededication Week in connection with the coming to Columbus of the Freedom Train on Sept. 5 is being planned on the Hilltop and throughout the city.

On the Hilltop, most of the churches will have special programs or will in various ways inject a patriotic note into services to be held on Sunday.

The Hilltop Kiwanis Club will present a special program in keeping with the arrival of the Freedom Train on Thursday, Sept. 2, at the luncheon meeting to be held at Schmelzer's Restaurant, at 3178 W. Broad-st.

Several Hilltoppers are taking an active part on city-wide committees working on various phases of the full week of celebration. Posters and display windows are expected to appear in many of the Hilltop business places within the next few days.

C. H. (Doc) Campbell, secretary of the Hilltop Business Association, is a member of a retailers' committee working on the project. In a special letter to the 150 members of HBA, he urged that every business place cooperate in every way possible. His letter read in part as follows:

"This program of re-dedication has the support of every business, civic, fraternal, religious and patriotic organization in the city. Its purpose is to bring to every resident of Columbus a message that will awaken in each of us a deeper realization of the value of the freedoms we enjoy, and imbue each with a determination to preserve and protect these freedoms at all costs."

Members of the Camp Chase Post No. 98, American Legion, will take part in the downtown parade planned for Thursday, Commander John Martindale told The Hilltop Record.

Drivers' Licenses To Go On Sale Soon

This year there will only be three weeks time in which to get the new permits. Sale of the new licenses will start on Sept. 7 and continue through the month. It is expected that 10,000 or more will be issued at the Hilltop license center this year.

All proceeds from the license sale goes into the treasury of the Hilltop Kiwanis Club of which Henry is a member. In addition to the sale of drivers' permits, he also handles truck and auto licenses and all types of drivers' permits on a year-round basis.

Drowning Victim Rites Were Tues.

Funeral services were held at 10 a. m. Tuesday in St. Cecelia's Church, New Rome, for Joseph Yenichek, 11, of 420 Fernhill-rd, who drowned while attempting to rescue his brother from a pond a short distance from his home Saturday.

Sheriff's deputies said the boy and his brother, William, 7, had been wading on the farm of M. A. Pfeifer, 5211 Sullivant-av. William slipped on the muddy bank and fell into the water.

Joseph, believing his brother was drowning, plunged into the pond to attempt a rescue even though he could not swim. The younger boy regained his footing and climbed out in time to see his brother going under the water.

Deputies said William ran to the farmer's home and told him his brother was drowning in the pond. Pfeifer and a helper, Wesley Roosa, 1208 W. State-st, ran to the pond and found the boy's body floating near the bank.

Roosa pulled the boy out and an inhalator was called from West Jefferson, but was unable to revive him.

Mrs. Milton Westlake's First Home Here On "That Little Country Road"

By Libby Downing

"Watching the Hilltop grow up has been a wonderful experience," said 76-year-old Mrs. Milton Westlake, smilingly. Her first Hilltop home was on "that little country road," Highland-av, where she lived 38 years ago. She has lived at her present home, 2499 W. Broad-st, for the past 34 years.

Mr. Westlake, who was a former city councilman, died in 1939. His wife has kept a scrapbook on all of his activities, and her greatest joy while talking to your reporter, was telling of the funny things that happened to him.

Mr. Westlake was a cornet player and during the lean years before their marriage, he was offered a chance to go with a circus band. He quickly accepted the job, and during his three years of circus work traveled through 38 states with all expenses paid.

After their marriage, during "the hard times of President Cleveland's administration" the Westlakes moved to Zanesville, where he worked in a glass factory. Columbus looked like "greener pastures" to Mr. Westlake, as far as the glass business went, so in 1895 they moved to the Hilltop. For a while he worked as a cornet player with various bands, and provided music for funerals, but his love for working in glass had not withered. He bought and sold crystal glassware, for some time, and then about 20 years ago after building the business now known as Ruby Glassware, at 3294 W. Broad-st, he perfected a formula which made possible the production of ruby glass.

Mrs. Westlake naturally was busy raising a family.

"There weren't the activities offered to women at that time, like there are now," she said. "The temperance group was about the only women's organization, outside of our church activities."

And that accounts for her joining the Women's Christian Temperance Union, of which she has been an active member the past 30 years. It was actually a privilege to be allowed to help with any organization's work during earlier days, and so when the movement for prohibition began Mrs. Westlake and her lady friends got busy to support it.

"The Hilltop had its own parade, concerning the prohibition question," she said, "and I helped with it."

During her membership with the WCTU, this native Hilltopper has served in varying capacities with the organization. Lately she has not attended the meetings regularly, but gets all the information from her good friend, the president of the local group, Mrs. Ethel Worthen.

Mrs. Westlake has two children, Mrs. Kenneth Dickerson, 3121 W. Broad-st, and R. Ralston Westlake, 3294 W. Broad-st, who carries on with the Ruby Glassware business at that address. Five lively grandchildren take up all her waking moments and I'll bet there never was a prouder grandma!

Mayor James A. Rhodes issued a proclamation naming Sept. 5 "Columbus Day at the National Air Races." Officials of the National Air Races have invited Mayor Rhodes, Curtiss-Wright executives and other civic leaders to participate in the day's program.

Dave Binns, Columbus stunt flier and parachute jumper, will open the program. The official announcer is Bill Sweet, 742 S. Chesterfield-rd, internationally famous air show announcer. The program Columbus Day includes the Allison Jet Trophy Race, with U. S. Air Force jet propelled speed planes in a record breaking competitive test; Sohio Handicap Trophy Race, high speed closed-circuit classic for P-51, P-38 and P-63 airplanes; Kendall Trophy Race, 75-mile classic for women pilots only; Goodyear Trophy Race for light planes; exhibition of U. S. air might by picked squadrons of the U. S. Air Force, Navy and Marines; thrilling and unique acrobatic acts by such champion stunt fliers as Beverly Howard of Orangeburg, S. C., and Marcele Doret of France; helicopter demonstrations; mass parachute jumps; combat maneuvers and many breath-taking and daring exhibitions of flying skill.

Advance ticket sale closes Aug. 31, Mr. West said. Tickets are available at the Columbus Junior Chamber of Commerce, 30 E. Broad-st; T. W. A., 16 S. Third-st; American Airlines, Deshler-Wallick Hotel; Pumphrey's, 18 N. High-st, and at all the local airports.

Cookies Are In Season

By SETTY BARCLAY

Why, cookies, of course. There's a kind for every taste, and there are always new varieties to make the peek into the cookie jar a pleasant surprise. Even the younger children can eat cookies, and older brother and sister love them for between-meal snacks and picnic lunches. Dad or Mom are not above taking a few cookies for a late supper bite, — not to mention their popularity as a main dessert or served with ice-cream.

Here's a new kind that will go over big with all the family — Wheat-Meal Drop Cookies. Just a half-hour to make 'em — and less than a half-hour to eat 'em if you don't watch out!

Wheat-Meal Drop Cookies

4 tablespoons butter or other shortening
⅓ cup sugar
1 egg, unbeaten
¼ cup milk
1 cup sifted flour
1 teaspoon double-acting baking powder
⅛ teaspoon salt
½ cup wheat-meal
½ cup chopped walnut meats
½ teaspoon vanilla

Cream shortening thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg and beat thoroughly; then milk and mix well. Sift flour once, measure, add baking powder and salt, and sift again; mix in cereal. Add to creamed mixture, then add nuts and vanilla, mixing well. Drop from teaspoon on greased baking sheet. Bake in moderate oven (375° F.) 12 to 15 minutes. Makes 2 dozen cookies.

Note! If desired, ½ cup raisins may be added.

SONG FOR A HILL PATH

The good way is the hard way—
Of this I should have known
When feet that tried a hill path
Stumbled on stone.

But my heart is a child's heart
Set to an inner chime
That danced me off the hard way
Many a time.

Yet I've learned, as a child learns,
Through climbing high and far,
That when you reach a hilltop
You find a star!

Anne Lloyd, in her book SIGHT AND SOUND.

WED ON JUNE 27—Pictured above are the new Mr. and Mrs. Lowell Proper, whose double ring ceremony was read by Rev. A. J. Wold. They are temporarily residing at 209 S. Harris-av. She is the former Patricia Lohr.

* * *

Palms, fern and gladioli formed the background in Hoge Memorial Presbyterian Church for the marriage on June 27, of Miss Patricia Lohr to Mr. Lowell Proper. Rev. A. J. Wold read the 8:30 p. m. double-ring ceremony.

The former Miss Lohr is the daughter of Mrs. Beatrice Lohr, 209 S. Harris-av, and Mr. Proper's parents are Mr. and Mrs. Lawrence Proper, 57 S. Wayne-av.

Given in marriage by her uncle, Mr. G. W. McDonald, the bride chose a gown of white skinner satin, styled with a yoke of Chantilly lace, a fitted bodice, and long sleeves which came to points over the hands. The full skirt featured a lace peplum and lace inserts around the hem. Her fingertip veil of illusion was held in place by a tiara of satin and lace and she carried a white prayer book topped with a bouquet of white carnations centered with an orchid. Her only jewelry was a small rhinestone cross. The necklace was a gift of the bridegroom.

She was attended by her cousin, Mrs. Dwight Dixon, as matron of honor. She wore turquoise and white organza. She carried an arm bouquet of matching carnations. Bridesmaids were Miss Francille Brink and Mrs. Thomas McDonald. They wore pink taffeta and carried bouquets of shattered turquoise carnations.

Mr. Eugene Mitchell served as best man for Mr. Proper, and seating the guests were Mr. Thomas McDonald, Mrs. Lewis Proper and Mr. Robert Snouffer.

The bride's mother chose a dress of alpine rose with an orchid corsage to accent her costume. Mrs. Proper wore a gown of powder blue with a pink rosebud corsage.

A reception for 125 guests followed the ceremony in the church.

The bride, a graduate of West High School, attended Capital University and is now with the Department of Taxation for the State of Ohio. The bridegroom graduated from West also, and attended Ohio State University. He is now an employee of the F. & R. Lazarus Co.

When the new Mr. and Mrs. Proper were ready to leave for their wedding trip, the bride had changed to a grey suit with white accessories and wore the orchid from her bridal bouquet.

They are now at home at 209 S. Harris-av.

JOE BRIGGS Says:

Life is a battle of wits and if you are a half wit you haven't half a chance.

It's a good idea to keep your wits together and figure how far your insurance money would go toward building a new house if your house were to be destroyed by fire. Present day replacement costs are so high you will probably decide on getting right over to see Joe Briggs at 2596 Sullivant Ave. and increasing your insurance right now. Or better yet, call him at RA. 3194 and make an appointment.

Dr. Binger Outlines Six Keys To Health

Maintaining mental health is a problem each one of us has to face for ourselves. Our thoughts, feelings, and acts must conform to reality and the conventions of the community. We must act purposefully toward realizable and socially constructive goals. We must get satisfaction from our experiences and live life with zest. These guides to sanity are useful for sorting out those who are seriously maladjusted from those who are relatively well balanced, says Dr. Carl Binger, noted practicing psychiatrist. He stresses the need for a relaxed, tolerant attitude toward ourselves:

"In the field of human behavior we use the word normal to characterize whatever falls within the conventionally accepted range of behavior. But in a consideration of mental health, we will do better to leave out such concepts as normal and abnormal and look at mental health relatively.

"The first important variable is the cultural setting in which the individual exists. And accordingly, the first proposition is that mental health consists in a certain degree of conformity with the cultural patterns of the community.

"For example, a Yankee farmer who sold his daughter in marriage in exchange for a prize bull would be guilty of a callousness and an inhumanity at variance with the mores of his group. But an African tribesman, perhaps no less devoted to his daughter, might receive congratulation for having driven a shrewd bargain.

"The second proposition, so closely related to the first is this: Our feelings, thoughts and acts must exhibit a certain appropriateness. In other words they must correspond in more or less degree not only to group standards, but to an outer reality. Examples of inappropriate thought and feelings which are pointers to mental ill health: Unaccountable fears and phobias, bizarre and unwelcome obsessive thoughts, animosities and prejudices based on subjective feelings with little relation to fact.

"With acts we have somewhat more objective criteria, which leads to the third proposition: Our acts must be directed toward a reliable goal however remote and that the means we employ must be adapted toward achieving the goal.

"The fourth proposition of mental health is that we must not only possess realizable goals but that they must be constructive ones related to social good.

Socially constructive goals may include the most menial occupations provided they contribute to communal living. They do not include the career of the gambler, the wastrel, the criminal and the parasite. Thus, it is impossible to divorce concepts of mental health from ethical ones.

"Here is a fifth proposition: The maintenance of mental health depends upon the capacity for getting pleasure and satisfaction from what we experience. But there are many situations in life when we are denied pleasure. This is often a supreme test of mental health: the ability to withstand frustration and denial.

"A close corollary to this fifth proposition is this: that we must not only derive pleasure and satisfaction from what we experience but that life must be lived with energy, zest and spontaneity. There is much drudgery in everyone's existence, but I think it is true that the healthy man comes back to these positive attitude naturally.

"Perhaps you have got the impression that keeping one's mental health is a tricky business. Actually, the processes described take place, for the most part, pretty automatically. It is important, however, that we do not kick ourselves around, that we take a relaxed, friendly, humorous attitude toward ourselves."

Work Progresses On Drive-in Business Center On Sullivant

Work is progressing on the construction of the Greater Hilltop Drive-in Business Center at the corner of Sullivant and Huron-aves, it was reported this week by Don M. Casto, 145 N. High-st, builder of the center.

Brick work is now under way and it is expected that steel erection will start in less than two weeks. All of the steel is now in town so that the work is expected to progress rapidly. Casto said he expected to have the $300,000 business center completed by the beginning of the year. All store space is under lease.

Bad Start, Good Ending, Henry Hopes

Last Thursday afternoon three fire trucks went roaring out West Broad-st, with sirens screaming. Seconds after they had passed The Hilltop Record office, the phone rang and Carl Henry, classified advertising manager, was told that his recently purchased home at 89-91 S. Powell-av had caught fire.

Luckily only outside wires were burned at the home and no damage was done to the house itself. Sanders had been working on the floors in the vacant double, and cause of the flames was an overloaded circuit.

The mishap took place just five days after Henry had purchased the building, after a wait of 11 weeks while the government cut its red tape, deciding whether or not he should have the home. The very day of the fire the Record employee had picked up his insurance policy at his real estate broker's office.

Carl just hopes that the old adage, "Bad start, good ending," is true.

56-Hour Week Petitions Filed

An initiated ordinance providing for a "56-hour week" for the Fire Department and the repeal of the existing 40-hour work week ordinance was filed Monday afternoon with the city clerk's office.

The ordinance petition carried 5843 signatures, which were sent immediately to the Board of Elections for verification. The measure requires 4192 signatures of qualified electors.

Listed as sponsors were Max W. Haverman, 3591 Milton-av; Allan J. Drugan, 570 Seymour-av; Lawrence B. Haggard, 301 19th-av; Edward W. Morrison, 3040 Olive-st, and Jack M. Parish, 1441½ Highland-st.

City Council is scheduled to meet Aug. 30 to pass the ordinance and submit it to the Board of Elections for a referendum vote at the Nov. 2 general election. The legislation has the backing of the administration, Council and the rank and file of the Fire Department.

West Park Methodist Downs Undefeated Salvation Army

By Dave Miller

Salvation Army suffered its first loss in two seasons and, therefore, no team is undefeated in either League No. 1 or No. 2. The former yet-to-beat nine lost a 3 to 0 decision to West Park Methodist in a replay of a rained round No. 2 game. The game was played at Sunshine Park.

Two other games were played in the league with Burgess EUB trouncing Glenwood Methodist, 5 to 2, and St. Aloysius, the loop leader in League No. 1, easily winning over Westgate, 10 to 2.

Both Salvation Army and West Park were undefeated up until a week ago Monday when they met in a twin bill with Salvation Army sweeping both ends, 6 to 2 and 2 to 0. However, West Park got half their revenge with this Monday's victory.

Walter Gerber, City Recreation director, is not sure of next week's schedule as of this printing. Either the rained-out games will be played or the teams go into Champ of Champ series.

Foundationed thus and by the heart designed;

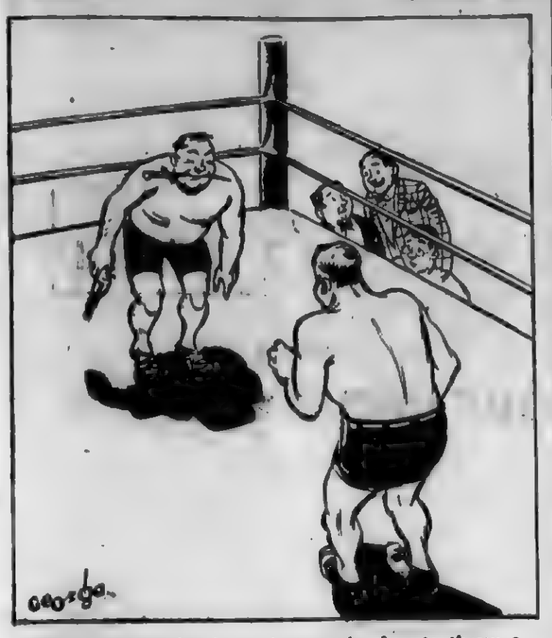
Be Careful With That Fish Story

The average fish story is subject, to some extent, to slight exaggeration when told to a fellow fisherman and usually consists of details about the "big one that got away." Fishermen can get away with this type story providing there are no witnesses but the other common fib resorted to by some truth-twisters about how much his trout or bass has shrunk since he was caught earlier in the day just won't hold water any more.

The man who claims that his 15 inch trout actually measured 20" when caught or the angler who explains to the game warden that his fish was legal length when he pulled him in, but has just "shrunk" from exposure to the air, should be informed that the old theory of fish shrinkage has been debunked.



Actual facts secured through tests made by the West Virginia Conservation Commission shows that the average trout shrinks little more than 1/8 inch over a period of several days. Most of this shrinkage occurs in the first two or three hours.

Truck Drivers To Stage Truck "Rodeo"

Seventy-five of Ohio's safest and best truck drivers will put their big vehicles over a 300-foot obstacle course at the Ohio State fairgrounds Sept. 9, 10, and 11 in competition for the Buckeye championships.

It will be Ohio's first truck "roadeo", and the winners will go to Washington in October to compete for the national titles. State preliminaries and semi-finals will be held from 9 a. m. to 5 p. m., Sept. 9 and 10, with the finals at 2 p. m. on Sept. 11. The contests, sponsored by the Ohio Association of Commercial Haulers, are free to the public.

With highway safety and courtesy as main points of emphasis, State Highway Patrol officials are entering actively into the plans. Col. George Mingle, superintendent, will be "roadeo" director, Lieut. Merrell A. Mock will serve as operations director, with Sgt. Edward E. Smith as his assistant.

Only drivers with at least a year of accident-free driving are eligible to compete.

You'll find the best buys in the Record ads every week.

Cereus Blooms Here For Mrs. L. S. Gardner

A night blooming Cereus owned by Mrs. Louis S. Garner, 231 N. Wheatland-av, bloomed Tuesday evening with three full blown blossoms, each the size of a dinner plate.

Mrs. Garner has had the plant about seven years. Her friends told her that this variety of flower usually blooms once each year and that it takes six or seven years for the plant to produce blossoms.

Last summer the flower had just one bloom. Each blossom is formed in such a way that it has a similarity to a cradle with a star at the tip. The flowers last only the one night and usually the buds do not open until around midnight.

Tom MacDonald Wins Trophy And Medals In Sky Meet Saturday

Tom MacDonald, 38 S. Roys-av, a member of Air Squadron 3, won five medals and a trophy in model airplane competition at the Sky Meet held at Sullivant Avenue Airport last week.

He won firsts in stunt, Class A speed, Class C speed, Class D speed, hand launched gliders and a fourth in two-line glider performance. The same week-end in the national competition at Detroit, he placed fourth, missing third place by a single point.

Tom has entered eight model airplane competitions this summer. He will compete in a contest at Zanesville Sunday.

Cowboys Get Down To Work In Defense Of Grid Title

Approximately 75 boys have reported to Coach Mack Pemberton at West High School and are now hard at work preparing for defense of the Ctiy League title.

Backfield men and ends are working out twice each day with all juniors and seniors practicing at 6 o'clock each afternoon at Magly Field. Sophomores will be put to work next week when Adam Brandt and Clarence Geuth, two Ohio State University students, report for a practice teaching assignment.

Dave Randall, line coach, is working with the squad regularly but Fred Heischman, who works with the backfield, is still tied up with class work three nights each week and will not be able to report regularly until the close of school at OSU.

The first injury of the 1949 season occurred Friday when Danby Bunner, a halfback candidate, twisted an ankle going out after a pass. He will have to keep off the injured ankle for some time.

Coach Pemberton has been working five boys in an attempt to settle on who will do the punting this year. Right now it seems to be a toss-up among Culbertson, Brown, Miles, Frasher and Theisen. There is, however, some question as to the eligibility of young Brown. He played for West last year and then moved out of town. His residence now is in east Columbus.

Big Chuck Weeks, a tackle, and the only regular from last year's championship squad, will do the kicking off. Only two other lettermen from the 1948 undefeated eleven are on deck to serve as the nucleus for this year's team, although a number of boys did get in some playing this year. They are Paul Theisen, who will be filling Jim Slager's spot at quarterback, and Danny Miles, a halfback last year who will be moved to the fullback slot.

At present it looks as if the 1948 squad will be about the same weight as last year but lack of experience and speed will likely be evidenced. The weather has been pretty hot thus far and Coach Pemberton has not been pushing his boys too fast.

First indication of what the 1948 Cowboys will look like will be afforded when the team engages Grandview in a practice game on the Bobcat field on Sept. 2, one week from today. A second practice tilt has been scheduled at Newark on Sept. 10 with the season opening on Sept. 17 at Marion Harding.

Last Free Movie To Be Saturday

The eighth and final free Kiwanis movie for kids of the Hilltop will be held at the Ritz Theatre Saturday, starting at 1:30 p. m.

The shows are sponsored by the Hilltop Kiwanis Club in cooperation with George Pekras, owner of the Ritz and Rivoli Theatres. They have been held at the two movie houses on alternating weeks.

"Oklahoma Frontier is the title of the show to be screened together with a musical cartoon. Tickets may be obtained free of charge from the supervisors of all Hilltop supervised playgrounds.

Plan Training Class For Welfare Aides

The Red Cross has announced a class tentatively scheduled to start Oct. 4 for the training of social welfare aides. These aides assist the regular staff of the home service department in the program of aid to service men and veterans with family problems.

During the war, social welfare aides gave valuable service in contacting service men who were needed at home, and in arranging for help to service men's families through the resources of the Red Cross and other agencies. The Red Cross continues to help veterans with their problems and anticipates an increased demand for aid to service men with the resuming of Selective Service in the fall.

Social welfare aides who have given previous service are urged to give their time again, and new volunteers are being sought. Women with high school education, or preferably with college training in social work or special skills, such as budgeting or meal planning, can be of assistance in this heavy program. Appointments for interviews can be made by calling MA. 7421.

Playground Season Ends With Program

Climaxing the 1948 playground season, a pageant called "The Perfect Place," was presented by boys and girls from City Recreation Department's 51 playgrounds on Aug. 25, at Central High School.

The play was written, directed and produced by Mrs. Margaret Blickle, of Ohio State University.

Costumes for the affair were made by those children participating in the playgrounds' programs. The playground supervisors perfected the various dances which appeared throughout the pageant.

West Side and Hilltop grounds taking part were Westgate, Holton, Glenwood, Sunshine, Sullivant Gardens and West Market Parks.

Across The HILLTOP ALLEYS

By Dick Ardle

By Dick Ardle

....The time has come. Once again it's time for the strikes, spares, splits and misses to be racked up on the score sheets. Yes, the 1948-49 bowling season is about to begin. Some of the leagues will be taking the alleys this week because of holidays falling on their league night, while the rest will start next week. A new manager will run the alleys this year. His name is C. F. Ward, better known to his friends as "Red." Ward lives at 609 Fairwood-av and comes to the Hilltop from the Broad Olympic Alleys where he served as manager since the opening, two years ago. Prior to that he managed the Gettrost Alleys for 14 years. A new coat of paint covers the interior of the bowling alley. Counters have been rearranged, gutters and rack guards painted, alleys refinished and a general cleaning up of the place has been taking place this week. The alleys were to have been reopened Monday, Aug. 23.

Dick Ardle

Something new is being planned for the beginning bowlers. A bowling school will be held this winter, time depending on the scheduling of regular leagues. Two new teams are being formed for the Friday night league to take the place of two teams which have dropped out. The rest of the leagues will remain about the same. The Esquire Men's Shop that created such a sensation last season has broken up. This is the team that bowled close to 3100 during last season. It looks as if Allen Milk has the best chance to replace the champions. As nearly as can be determined, Eddie Harold is the youngest bowler to roll in a regulation league at Hilltop. Last year he averaged 172 to place third in the standings. His team, Home Bakery, won the league and he will again hold down a position on that team this year. You've heard of Drew Pearson and his predictions. Well, I would like to make one prediction—that this will be the biggest and best season to be rolled at the Hilltop alleys. How about backing me up, fellows and gals? Remember, the guy on your right has the right-of-way.

Time to put the pen away for another week. In closing, I would like to remind you—it's usually the guy who has the splits and misses who sticks around the bowling alley all evening, reading the newspaper, eating and running around—not the fellow who's getting the strikes and spares.

Red Birds' Saturday Games Here To Be Played In Evening

The Red Birds return home on Sept. 4 for a five-game meeting with Toledo. This will be followed by three games with Louisville and the concluding series of the season with Indianapolis ending on Sept. 12.

Glenn "Yip" Owen Starred On West High's First City And State Championship Team

By Dick Ardle

West 19, North 0.

To the generation of today this would be just another victory for West over one of their most bitter rivals. However to the boys and girls who were attending West in 1915 when this football game was played it was the beginning of a new era in sports. Not only was it the first time a West team has defeated North but it gave West its first undisputed championship in football.

One of the most outstanding players of the game and of the championship team was Glenn "Yip" Owen. Before beginning about "Yip", some information about the teams that preceded the 1915 champs is in order.

The year 1912 was the first time West was recognized as a city league competitor. The school played only two league games, one with South which was fairly close and one which East won easily. In 1913 the school decided not to back the team so for the first half of the season they played independent ball. The team played Commercial Independent (now known as Central), and also Otterbein's second team which they bested. At this time "Yip" was in boarding school at Massachusettes.

Chic Harley Starred

It was also in this year that the now famous "Chic" Harley flashed to fame at East; John Vorys now United States senator was captain of the same East team; and West developed its first all-around athlete in Gene "Henie" Robinson.

It was in 1914 that West had what could be called a "good" team. It lost only two games, one to East in which "Chic" Harley ran wild piling up a score of 42 to 0, and to North who scored a 3-0 victory over West on a field goal by Russ Walters. Walters was a "transfer" (loosely speaking) student from Delaware. In those days with no eligibility rules if a team needed a good player it would persuade him to transfer from his school to theirs promising him he could return at the end of the season. This is what Walters did.

Some of the West team members along with "Yip" were, Harley Watts now a surveyor on the Hilltop, Herb Davis, a coal dealer, "Jocko" Johnson, who was killed on a motorcycle while serving on the police force, "Chick" Harper, now coaching at Wilmington College, Howard Hamilton the first negro boy to play football for West, Doc Tiny Rohr, and Dick Cott, captain of the 1915 and 1916 teams. It was in this year that the papers came out with the story that the East-West game would prove which was more essential to a team "the punter" ("Yip" Owen) or "the runner" ("Chic" Harley). The fact was proven substantially as Harley ran through the West team to establish the 42-0 score.

That brings us up to 1915, the year West was for the first time acclaimed the champion of the city league. Canal Winchester was the first victim by the overwhelming score of 33 to 0. Alumni and Aquinas felt the power of the West team as they were downed by scores of 14 to 0 and 20 to 0. The team then went to Delaware to meet the highly favored Delawarians and came back victorious 35 to 0. North fell by the wayside 19 to 0. By this time the team was getting a bit overconfident. The next opponent was Chillicothe which in those days was considered just a "bunch of farmers." West never got started that day and came back on the short end of a 6 to 0 score. West then played East to a 0 to 0 tie, details of which will follow later. West played its toughest game with a team from Logan, Ohio, and came out on top 14 to 13. The last game was a scoreless tie with South but this still gave West the league championship and the right to play a post season game with the best team in the state. Lima Central was finally chosen and the game set for the old Ohio Field on N. High-st. As "Yip" put it, "West played perfect ball." West won the game 28 to 0.

"Yip" Owen

"Yip" Played Two Seasons

These are just a few of the events that started West to a new high in sports. Now for something about one of the men that made part of this possible, "Yip" Owen. "Yip" played only two seasons at West but in that time he became one of West's greatest all-around athletes. While the 1913 season was being played, "Yip" was attending a boarding school in Massachusettes. "Yip" moved to Columbus before the 1914 season started and enrolled at West. At this time he was living at 1997 W. Broad-st and used to practice punting by the hour in the State Hospital grounds directly across the street. Contrary to most beliefs he didn't learn to kick here in Columbus. While in boarding school he was approached by a Harvard professor who had played football. The professor offered to teach "Yip" to punt and "Yip" accepted wholeheartedly. The next year, 1914, "Yip" went out for football at West. He made the team which in those days was quite an honor, because a team only carried the traditional eleven men, no substitutes. The first game "Yip" played in was the opening game of the 1914 season, at Mt. Vernon. "Yip" did the kicking off. The field was so rough and hump-backed that he couldn't even see who received the ball on the kickoff.

As time went on "Yip" gained more and more recognition not only as a punter but as a running halfback and all-around athlete. Finally in 1915 he came to the height of his sports career against North. West had racked up 102 points against four opponents while having yet to be scored upon. North had as good a record against better opponents and was figured to beat West easily. In the meantime Coach Lee Leahy had been confined to the hospital with an ankle ailment, but as the teams lined up for the kickoff Leahy was brought to the sidelines in a wheelchair. "Yip" said, "That was the greatest psychological move in football history." They rolled up a score of 19 to 0 over a team favored to win easily. West scored every way except on a safety. The first time West got the ball "Ducky" Swain ran 60 yards on the first down for the first touchdown. A Millay-Owens pass scored another. (This was the first time West had ever scored on a forward pass). Owens then kicked two field goals and an extra point to give West its first victory over North. The only team left that had a chance for the championship was East. East and West were to clash Nov. 5, at old Ohio field.

Glenn "Yip" Owen—

(Continued from Page 1)

Walker's here in Columbus. Mulbarger and Owen were two of the greatest punters ever developed in Columbus. Owen that afternoon punted 18 times for an average of 50 yards and Mulbarger in one less attempt averaged 46 yards. Scoring chances were scant because of the brilliance of each team's punter. Late in the fourth quarter East recovered a fumble on West's 25 yard line but West finally regained possession of the ball just 12 inches short of the goal line. With less than two minutes to play West lined up with Owen standing back in punt formation. He was on his 45 yard line and much to the astonishment of all he attempted a drop kick with the goal 55 yards away. Dr. Frank Castleman serving as umpire, ruled the kick no good. Later he confided that it had missed by only six inches.

So ended one of the greatest punting duels a Columbus gridiron ever witnessed.

"Yip's" next game was the toughest game of his high school career. It was against Logan at Logan. With the score 13 to 7 against them, West scored just as the game sounded ending the game. By the rules West was entitled to try for the extra point and when Owens split the upright to give West a 14 to 13 win the crowd was so furious that they chased "Yip" right out of the ball park and right on out of town.

Some people have been quite interested to know how Owen acquired the nickname of "Yip." This is the way it was told to me by "Yip" himself. It happened in 1914 when "Yip" was catching and George Millay was pitching for the West baseball team. The manager of the Minneapolis baseball team happened to be watching the game and his name was "Yip" Owens so George Millay christened "Yip" with the name and he has kept it ever since. His real name is Glenn.

The longest kick by "Yip" ever recorded was against Wellston and it carried 82 yards on the fly. "Yip" says his greatest thrill in high school career was playing against "Chic" Harley.

"Yip's" love for sports didn't stop at high school. He went to Denison University where he played baseball, football, basketball, and ran track. He captained the first team to play on the new football field. He also captained the track, baseball, and basketball teams during his stay at Denison.

These are just a few of the highlights about one of the first all-around athletes at West. Since then there have been a great number of athletes to carry the name of West to all parts of the country. Ewell Blackwell, Dick Layne, Dick and Jim Slager, and Jack Thrush are just a few of the more recent ones but it was boys like "Ducky" Swain, George Millay, Dick Cott, Harley Watts, "Yip" Owen, and many others who started West on the road to being one of the top teams in the high school sports world.

Nachman Appeals For "Y" Equipment

Mitchell N. Nachman, an attorney with offices at 2345½ W. Broad-st, this week appealed to residents of the Hilltop to help equip the Hilltop YMCA with many items that could be used in the youth work program.

Last week Mr. Nachman contributed a sofa, typewriter desk, swivel chair and four straight chairs.

Many items of furniture and building equipment, hobby shop equipment, books, magazines and photographic supplies could be used to good advantage in the newly created YMCA now operating in the Teen Club Building at the corner of Burgess and W. Broad-st. Averille Thorn is the executive secretary in charge of the Hilltop "Y."

It was suggested by Nachman that many of these items may be lying idle in homes of the Hilltop and that their owners may be glad to see them put to some practical use.

Cash Checks Promptly Says Bonus Director

"Take good care not to lose your World War II bonus check!"

This was emphasized here this week by Director Chester W. Goble of World War II Compensation Fund in describing the necessary procedures involving lost, destroyed, stolen or forged checks.

Goble advised all of the more than 6,000 veterans now daily receiving bonus checks to take immediate steps to endorse properly and cash their checks as soon as possible.

"All checks," the director emphasized, "must be endorsed personally by the person to whom the check is issued."

Since World War II Compensation checks are payable to living persons only, any check issued to an applicant who had died since filing an application, must be returned to the World War II Compensation Fund without endorsement. This applies both to applicants as living veterans and to next of kin of deceased Ohio veterans.

Once a check is lost or stolen, Goble explained, it is necessary to stop payment on the check and 60 days after the date of the original check a duplicate check can be issued.

Crop Insurance Is Available To Wheat Farmers Of County

Franklin County is one of 10 counties in Ohio in which crop insurance is being offered wheat farmers, Ralph J. Agler, chairman, Franklin County Agricultural Conservation Association, announced this week.

Federal crop insurance on wheat is strictly a non profit program designed to protect the investment the grower has in his wheat crop. It protects against all natural hazards from the time the wheat is seeded until the harvested crop is removed from the field, and, at a very low cost.

This insurance is being offered by the Federal Crop Insurance Corporation through the Franklin County Agricultural Conservation Association, 209 S. Third-st, and through local township representatives, for a limited time only.

Applications received after Sept. 15 cannot be accepted, Mr. Agler said.

Our Physical Heritage

The physical heritage of our American democracy is inseparable from the moral and political heritage which the coming visit of the Freedom Train to this city has emphasized. Without the latter, the frontiers of the original colonies might never have been pushed back to the Pacific Ocean. Certainly this country's development would not have been so rapid if freedom of opportunity had been lacking.

The heroism of the pioneers who extended the boundaries of the United States compares with the heroism of those who created the republic. Men and women gave their lives to discover or develop our physical heritage as they did to conceive and defend our political heritage. They died not in the clash of army against army on the battlefield. They died of Indian arrows and swamp fevers and all the other perils of the wilderness, far from their homes in the vastness and loneliness of a new country.

Those who did not give their lives gave their strength. New territory was added by war or treaty or purchase. But the new territory had to be subdued and civilized and made fruitful by long days of toil and long years of hardship.

Through the labor of the generations that succeeded those pioneers, the lands on which they have settled have yielded up an unmatched wealth. Field and forest, mine and well have contributed to making this country the most prosperious and industrially powerful of nations.

Yet this physical heritage, like the other, is one that we cannot take for granted. This, too, we must cherish and enhance. We cannot allow our rich soil to be blown away or washed away. We cannot allow desert to return to desert. We cannot afford to neglect the power and productivity latent in our great rivers, or thoughtlesaly squander our mineral resources.

Our heritage of freedom once more is being tested. W cannot meet the test without physical strength and well-being, as individuals and as a nation. Nor can we support the movement toward a similar freedom in war-weakened lands unless, first of all, we assist them in restoring the stability of normal life which is the prerequisite of freedom.

Our national strength has increased through the years, but so have the demands upon it. If we waste it through carelessness or domestic strife, we shall not be able to guard our democratic inheritance safely at home, or share it with the rest of the world.

From The Record Files

10 Years Ago Today

The abandonment of the Cincinnati and Lake Erie inter-urban line between Columbus and Dayton has been approved and will be effective on Nov. 1. This company is the one which Hilltoppers have protested against for several months, due to the fact that the W. Broad-st car line could not be extended beyond Hague-av, as long as the C. & L. E. track was in use.

West High School's football campaign will get under way Monday morning at 10 o'clock when Coach George B. Williams and George G. Collins call 60 boys together and put them through the preliminary drills.

Leo Uridil, assistant director of recreation, has set Sept. 9 for the "Hilltop Night" feature at the State Hospital softball diamonds, at which time the local championships will be settled.

Ray F. McVay, commander of Camp Chase Post, stated this week that the remodeling of the Post's new headquarters is proceeding rapidly.

5 Years Ago Today

Air raid wardens of the 11th Ward and their families will hold a picnic on Sept. 14 in Westgate Park Shelter House. Capt. Zawyer will give a demonstration on the use of the new type pump used for extinguishing incendiary bombs.

Released from rationing have been all non-leather shoes with soles containing a small per cent of reclaimed rubber or made from low-grade friction scrap.

It will be a close race between Hilltoppers Mayor Floyd Green and Newton Thatcher in the coming mayoralty primaries, according to the results of The Hilltop Record straw vote as tabulated this week.

Robert E. Maurath, 356 S. Eureka-av, Thomas F. Sulzberger 2948 Crescent-dr, and Robert Lorimer, Jr., 517 Columbian-av, were the first three Hilltop boys to be accepted at the University of Kentucky in the new Army Specialized Training Reserve program there.

On Sept. 10 Margaret Miller 229 Binns-blvd, will become the bride of Tech. Sgt. John W. Eckard, Jr. The service will be read in Hilltop Lutheran Church by Rev. Carveth P. Mitchell.

Letters To The Editor

August 21, 1946

Hon. James A. Rhodes,
Mayor, City Hall,
Columbus, Ohio.
My Dear Mayor:

It has always been my sincere conviction that public officials and officers should not only be criticized for their mistakes or errors in office, but that they should be commended when they perform their duties fearlessly and courageously for and on behalf of the people who have elected them, and since I have always believed in giving flowers to the living, I want to take this opportunity, during the Rededication Year being sponsored by the American Heritage Foundation—a citizens' movement to raise the level of all citizens' participation in their local, state and federal government of publicly commending and congratulating you on the very wonderful thing and job performed by you in remarking the streets and avenues throughout the entire City of Columbus.

This fine work of yours is not only appreciated by the people who can now find places and friends more easily but it will undoubtedly speed up the flow of vehicular traffic throughout the entire city.

On behalf of the people whom I know and my friends, and particularly those on the West Side and the Hilltop, where I live, in the parlance of the Navy, I say, "Well Done."

Respectfully and
sincerely yours,
Mitchell N. Nachman

To reach the evening's goal.

Tomorrow greater tasks will come
And in my hands will lay

I have not shirked today.

The Freedom Pledge

I am an American. A free American.
Free to speak—without fear,
Free to worship God in my own way,
Free to stand for what I think right,
Free to oppose what I believe wrong,
Free to choose those who govern my country
This heritage of Freedom I pledge to uphold
For myself and all mankind.

Back To School

In a little more than a week it will be back to school for hundreds of grade and high school pupils on the Hilltop. It is then that community life seems to take shape and get back in full swing.

The start of school seems to signal the resumption of normal community life for the most part dormant through the months of July and August. Vacations, summer camps and the hundred and one things that keep youngsters busy through the summer seem to keep life in one continual turmoil in many homes.

It's just a coincident that most lodges, civic and social groups, for the most part dormant through the summer, start announcing fall meetings and setting up schedules of activities for the months ahead.

All this is good news to the person who earns his bread and butter by reporting the happenings of the Hilltop. During the dull sultry summer days it's sometimes tough digging to accumulate a varied assortment of news stories to round out each issue. From now on it's largely a question of how much space he can devote to the doings of any one group on a given week.

It's this hum of activity sparked by the opening day of school that seems to lend purpose to this whole matter of news reporting, at least as far as the weekly newspaper field is concerned. It's this steady flow of community activity that keeps life from becoming a stereotyped pattern of repetition.

Thank God for the schools.

Back In The Harness

There's only one thing wrong with vacations. They end too soon.

It's interesting to watch the various ways that people enjoy their vacations. Some go at break-neck speed and wear themselves to a frazzle so that they wait until they get back to work to rest up. Others take the leisurely kind of vacation—doing nothing in particular—but thoroughly enjoying the luxury of just loafing.

Ours was the latter type. On the shores of Indian Lake the family and I put in a whole week doing nothing in particular. It's surprising how much loafing you can crowd into one week when there's nothing to intertere.

The only departure from that routine consisted of an occasional try at fishing which consisted for the most part of dangling a worm baited hook into the lake and then more waiting. The few times it was necessary to pull the line out of the water made it practically 100 per cent loafing.

It was fun to watch the would-be fishermen around the lake. When it was reported that someone had caught a fish, he immediately was surrounded by anglers all expecting that the only place they were biting was that very spot.

News that the fish are biting travels faster than news of a gold strike. In nothing flat the story gets around that so and so made a nice catch. Personally I didn't see any worthwhile fish. The largest one I saw all week was one I had for dinner in a nearby restaurant and I was told it came from Lake Erie.

Only 52 more weeks until my next vacation.

VENEER

Deep in deceptive heart of treason
a man will easily find
a firm and unassailable reason
for being blind.

Bias will lead toward domination
of faith and truth and fact,
leaving him lost in frenzied ejation
and his fear intact.

For he who would hate the hates
conceals a false and thin
veneer of cowardice that's found
the fool within.

LINES FOR AN HISTORIAN

When you record the valor of this
And laudably recount heroic things—
When you have documented every page
With facts and integers, and all that rings
Clear truth about the greatness of the times—
Write something, sir, for those whose humble names
Were wedded quietly to simply rhymes—
Whose music may have burned like magic flames.

Walter Blackstock, Jr.,

A CREED FOR DARKNESS.

NEGLECT

He lived alone in a ramshackle hut
Beside the railroad yards, and cooked his meals
Before an open fire. His woolsey vest
Was scaled with bits of food and interlaced
With tangled strands of hemp. A cylinder
Of rancid tallow stuck into the neck
Of an old whiskey bottle brought back to life
A cavalcade of sullen images
That stalked across the rude, unfinished walls—
Huge rats slunk out from gloomy crevices,
And nibbled at the refuse on the floor;
Upon the dusty beams, busy spiders strung
Their dark festoons, while immemorial winds
Whined plaintively through cracks beneath the sill.

We all agreed that he was rather queer,
His oddities provided idle talk
For smirking gossips of the town, and yet
As we discussed the legend that had grown
About his life, he sat alone, and read
A thumb-marked copy of THE ILIAD.

"I Will Lift Up Mine Eyes"...

"I will lift up mine eyes to the hills from whence cometh my help. My help cometh from the hills."

Translated more literally, "My help cometh from on high." In prayer and supplication, we lift our eyes to the heavens or high places. Instinctively we think of God as being on a higher plane than ourselves. We look up to Him. From Him cometh our help.

The high ground has been regarded through the ges as ground which lends itself to holy things. God made the mountains. From them we take inspiration. They cause us to lift our eyes. In lifting them, we think of God. Above the mountains are the clouds—heavenly in their breath-taking beauty. Man has never made anything to compare with them.

We marvel at the tides, ebbing and flowing twice daily. The sun comes up every day. Each year the seasons change from Spring to Summer, Fall to Winter. We usually get enough rain to water the crops that mean our continued existence. Birth we have all experienced. Death all of us must.

When the great problems of life arise, we can find our answers to them in our churches. There we bow in devotion, lifting up our eyes. God is always there, "even unto the end of the world." In our churches we may find Him. In our hearts, we must allow the gift of the Holy Ghost to enter in, while our simple faith leads us to the high places of life.

Sundays spent in Church and Sunday School bring an inward satisfaction throughout the week. Consult your minister for spiritual guidance when the rough places of life have your eyes looking downward.

Thompson Twins Both Have Homes On The Hilltop

By Libby Dowsing

Looking back through some old Hilltop Records the other day, we ran across a picture of Walter and Wilbur Thompson, twin sons of Mr. and Mrs. Clifford Thompson, 68 S. Harris-av. The boys were then serving in the Army Air Corps.

Since that time both boys were released from service and have married. They both maintain homes on the Hilltop.

In school the two always dressed alike and had the same knack for bowling and dancing. They entered the service together after their graduation from West High.

The Panama Canal Zone was their first assignment after the preliminary training period. Then for 16 months the twins served in the Galapagos Islands, returning to the Canal Zone late in 1943. It was there that Walter "accidentally" was given two typhoid shots, one for himself and one for his brother. However, he very casually "sassed" an officer and Wilbur was reprimanded for the incident.

At one time an army officer ordered one of the Thompsons to grow a mustache, so that he would be able to keep tab on which was which. During their years of service, they were occasionally separated but eventually would end up in the same location. It did take several special orders and a few transfers to keep them together. They had always said they'd "stick together through thick and thin."

But that's all past now and they are back on the Hilltop. Wilbur and Walter planned a double wedding too, but evidently that was carrying things a bit too far, for fate stepped in and arranged for Wilbur to break his leg. That was about the first time they were unable to plan things together, according to their mother.

Walter, who incidentally, is 15 minutes older than his twin, married a girl whose home was in Daytona Beach, Fla. They now live at 68 N. Harris-av, while he attends Franklin University.

Wilbur also married a girl from the South. His wife's native city is Bainbridge, Ga. They have a 19-month-old son, Rickey, and have a home at 278 S. Terrace-av He is employed at the Veterans' Administration.

Bernard Sisters Win First Place In Show

A capacity crowd at the Eagles Lodge here Friday night saw a trio of sisters from St. Henry, O., take first prize in the second of a series of four talent shows planned by Aguila Aerie.

The Bernard Sisters, who came 130 miles to enter the competition, were acclaimed the best of four acts presented. Second place went to the Owatonna Quartet; third prize went to Don Shepard, a whistler, while Marie Graves, "player and blues" singer took fourth place.

Any amateur or professional entertainer is invited to contact the Eagles or Norman L. Diehl for a spot in a future program.

New Testament Tells Story of Two Ananiases

THERE were two Ananiases in the early Christian Church

One was the Ananias, who with his wife, Sapphira, is mentioned in Acts 5. He professed to follow the example of the genuinely Christian and generous Barnabas who had sold his possessions and given the money for the common good of the Christian community But Ananias held back part of the price. He was a cheat and a liar and his wife was evidently no better. How they came to be members of the Christian community is strange. But having professed to be Christians, they were under obligation to act as Christians They were wrong in lying and cheating, and according to the story in Acts they came to a sad end.

Very different was the other Ananias, a Christian in the ancient city of Damascus, to whom Paul went upon his conversion.

The Christians at Damascus, knowing Paul's record as a persecutor, were hesitant about receiving him, fearing that he was worming himself into their company with the intention of betraying them. Their fears were natural, but Ananias had been prepared in a vision for Paul's coming. And though he, too, was doubtful because of all he had heard about Paul, he was assured that Paul was to be "a chosen vessel," to bear the name of Christ "before the Gentiles, and Kings, and the children of Israel."

So, Ananias went all the way in the fulfillment of his mission. He sought out Paul, as directed. He called him "Brother Saul," and restored his sight. And that was the beginning of a great Christian career.

It is unfortunate that the evil Ananias has given to the world a word synonymous with "liar." But if we ever are disposed to call a liar an "Ananias," let us remember that that name is associated with the great and illustrious Paul, noblest of all Christian missionaries.

Getting Ready For Autumn Styles

This coming season will see a style change from the severe, erratic "new look" to the sweet, feminine simplicity of yesteryear.

Kay Dunhill, favorite stylist and creator of many practical and fashion-conscious American women, believe that softly tailored dresses are a fall fashion "must" and therefore emphasize this in their fall fashion preview.

Gilt colored buttons in coin, love-knot and sundry other interesting and unusual shapes and sizes decorate and dress up the ever-popular casuals. These buttons, cleverly arranged on bodices, sleeves and hipline tabs, accent and individualize every creation.

Collars have come into their own in Peter Pan, Shawl and Johnny-type shapes, which are most popular and becoming.

Bracelet length, cuffed sleeves are widely seen in afternoon and dress-up dresses, as well as wrist-hugging cuffs that capture an arm's length of fullness.

The hipline is accentuated by button trimmed tabs, side shirring, and clusters of unpressed pleats falling from webs of intricate stitching.

Skirts, falling softly to the mid-calf, are moderately full and extremely graceful in appearance.

Predominating fabrics are rayon gabardine, rayon faille, Cohama Frostpoint rayon, Tricolide rayon crepe, and Romaine crepe. These fabrics, Kay Dunhill believes, are eye-appealing, sturdy and practical.

Natural, green, gray, cocoa, brown, blue, purple and rose-wine lead the Kay Dunhill color parade since they are generally flattering to most women and easily adapted to accessories.

Well, Maybe A Few Big Ones Did Get Away

Since returning from a sojourn to Canada, up near Port Loring, Ont., to be exact, I've had no less than a couple dozen skeptics ask me, "Did the big ones get away?"

And the answer to that one is, "A few of 'em did. But a few of 'em didn't." A lot of nice fish graced our noon-day plates on islands while we were there and we brought back enough to show people that we really did catch a few. But we can truthfully say a lot of fish are still up there waiting to be caught. And some big ones did get away!

Aside from relaxation and an opportunity to do just nothing but rest the trip was a pleasure in getting better acquainted with our Canadian neighbors and learning a little more about this vast country to the north of us. A few things made especial impressions.

We were pleased with the fact that there is considerably less activity in liquor selling in Canada and we think the Canadian system is indeed a credit to that of Ohio and other states. In communities of as many as 15,000 people not more than two spots served beer and liquors, no signs of liquor were staring you in the face at every turn and still the public was well satisfied with the availability of the stuff.

Prices are considerably lower up there and it was not at all unusual to find a delicious steak dinner, the kind that would cost at least $2.50 down here, for a mere $1.25 up there, with ice cream sundaes thrown in for dessert.

What we never have been quite able to understand is why the Americans discount the Canadian money when it returns to this side of the border. A Canadian dollar that will buy as much as 25c to 50c more merchandise up there than our dollar will down here is worth 15c less when you get it down here. Yet our dollars are on an equal basis with theirs when we are up in Canada.

An otherwise very pleasant vacation was suddenly interrupted by a long distance call from Columbus which drug me 18 miles out of a wilderness and over two portages and three lakes with a subsequent loss of nearly two days of the trip and a cost of $15 for transportation, plus much mental anguish, only to find that the call added up to absolutely nothing. A less peace loving individual would have taken a scalp before now for the same offense. But then freedom is everybody's business and sometimes some individuals take a lot of freedom with other people's freedom.

But the finest thing about a vacation is getting back . . . HOME.

Man Found Dead In Vacant Lot; 2 Try Suicide This Week

• • •

A Hilltop man was found dead in a vacant lot Monday noon, another Hilltopper committed suicide the same day, while a third local man failed in an attempt to take his own life Saturday morning.

Graveside funeral services were held Tuesday at 2 p. m. in Union Cemetery for Lester Eugene Smiley, 46, of 2494 Eakin-rd, who was found dead in a vacant lot at Eureka-av and Sullivant-av. Death was due to natural causes, Acting Coroner Dr. John H. Richardson reported. The body had been exposed to the elements for some time, it was said.

Mr. Smiley was a steel worker with the Federal Steel Fabricators Co. and had last reported for work on Aug. 20.

Surviving are his wife, Mrs. Nellie Smiley, two sons, Donald and Lester Smiley, Jr., at home, and a brother, James Smiley of Harrisburg, and two sisters, Mrs. Frank Clendenin of Gallipolis and Mrs. Pearl Schlaman of New York City.

Jerry Spears was in charge of burial arrangements.

Funeral services were held Wednesday afternoon for Alva A. Bennet, 53, who shot himself fatally Monday in his home at 3266 Wicklow-rd. Burial was in Sunset Cemetery by Jerry Spears.

Authorities said the victim's wife, Mrs. Glee Bennett, saw her husband standing in a bedroom with a .32-caliber automatic and pleaded with him to put it down but to no avail. He died a short time later in Mt. Carmel Hospital.

Ill health was attributed as the reason for the suicide. Bennett had undergone an operation about three weeks ago.

Besides his wife, Bennett is survived by an adopted daughter. He was a conductor on the C&O Railroad and a veteran of World War I.

Surviving are his wife, Mrs. Glee Bennett, a daughter, Mrs. Elva Thomas, 2219½ W. Broad-st; his mother, Mrs. Eliza Robinson, Athens, five brothers, G. A. Bennett, Washington, Edward Bennett, Palm Beach, Fla., and Thomas and Harry Bennett, both of Athens, and Ira Bennet, 449 S. Champion-av.

Awaiting trial in municipal court charged with arson is Wendell Wert, 28, of 2654 W. Broad-st. According to police, Wert attempted to take his own life Friday night by slashing his throat and left wrist with a razor and then set fire to his apartment.

Firemen put out the blaze after nearly $1000 damage had been done, including some damage to the Economy Drug Store and the Gaffney Beauty Shop below. Wert was treated at the hospital for his wounds and then removed to city prison.

Roland Eckard Takes New Coaching Job

Roland Eckard, a former West High School and Ohio State University graduate, has taken over coaching duties at the New York State College, Cortland, N. Y.

He and his wife and children, Alan and Robert, were visiting with his parents, Mr. and Mrs. John Eckard, 527 Hilltonia av, last week before leaving for the new assignment. Eckard has been serving as superintendent of physical education at Painesville School in northern Ohio. He taught there for two years prior to entering service during World War II.

Distance Runners To Practice

Coach R. C. (Rufe) Glass said this week that practice for cross country and fall track at West High School would get under way the week after school opens.

Galloway Celebration To Be Held Monday

Monday, Sept. 6, will be an eventful day in Galloway, when all the residents of the town and neighboring territory will gather in the school grounds to celebrate the 13th annual Galloway Homecoming.

Festivities will begin at noon and will wind up around the midnight hour. Scheduled are children's and adults' contests; an amateur hour, a baseball game, canning and handwork displays, dancing and many miscellaneous novelties.

Free parking will be arranged for all who attend the affair. In charge of the day's program are C. E. Pettsmeyer, C. D. Lavely, Ann Golladay, George Cardosi, Ralph Cummins, Frank Wilcox and Eugene Lavely.

Rededication Activities In Full Swing

Climaxing a week of rededication to American principles, will be the "Rededication Week" programs to be held today, tomorrow, and Saturday, before the actual appearance of the Freedom Train in Columbus on Sunday and Monday.

Today at noon the Hilltop Kiwanis Club will present a special program concerning the arrival of the train in this city, at the group's luncheon meeting to be held in Schmelzer's Restaurant. Sam Devine is the speaker.

Members of the Camp Chase Post No. 98, American Legion, will take part in a down-town parade today, according to John Martindale, commander of the group.

The program for the rest of the week's activities follows:

Thursday, Sept. 2—Veteran's Day—a parade of Army and Navy men and civic groups will be held at 8 p. m.

Friday, Sept. 3—Youth and Sports Day—a sports program fashioned after the Olympic games will be held in the Ohio Stadium at 3 p. m.

Saturday, Sept. 4—American Family Day—sponsored by the Columbus Junior Chamber of Commerce.

Last night the Hilltop Rededication Program was held in Red Bird Stadium. Mitchell M. Nachman was chairman of the patriotic display.

The Freedom Train will be open for public inspection from 10 a. m. to 10 p. m., free of charge, on Sept. 5 and 6. Inside the coaches, which will be stationed on the spur tract north of the Ohio Stadium, will be displayed 130 priceless documents, upon which this country was founded and around which it has grown and prospered.

To mention a few of the historical papers, there will be displayed the Emancipation Proclamation, the Constitution, the Declaration of Independence, and the Mayflower Compact, drawn up by the Pilgrims before they landed on the Plymouth soil.

John Current 175 S. Ogden-av, and Norman Reeves, 148 N. Harris-av, are two of the 25 runners selected to carry the Olympic torch in relays from the Capitol to Ohio Stadium Friday.

This event will mark the opening of the Youth and Sports Day program, one phase of the week of rededication activities preceding the arrival of the Freedom Train.

Monday Is A Holiday

The Hilltop Record and most local business establishments will be closed all day Monday because of the Labor Day holiday.

Because of the shut-down here on Monday it will be necessary to adhere rigidly to all news copy and advertising deadlines. Church announcements must be in the office by 10 a. m. on Tuesday and want ad copy will be accepted until 9 a. m. on Wednesday.

Most stores that ordinarily close on Wednesday afternoon will remain open next week because of the Monday holiday.

Those between the ages of 18 and 25 can register at Draft Board headquarters, 1037 N. High-st, or at Engine House No. 10, W. Broad-st at Glenwood-av.

Mrs. Delia Wagner, 667 Wiltshire-rd, has been selected as secretary to Board 42, set up recently to handle registrations and inductions of men from the 9th, 10th and 11th Wards. She is in charge of registration at Engine House No. 10 through Sept. 18. She served with Board 13 during World War II.

Registration will follow this pattern through Sept. 18:

HCC To Meet On Thursday

The Hilltop Community Council will hold its first meeting Thursday, Sept. 9, at 8 o'clock, at the YMCA Canteen, 2585 W. Broad-st.

The fall and winter program of activities will be discused, with tentative plans for the annual Hallowe'en party to be formulated.

Cyrus Rawlings, 621 Chestershire-rd, will preside.

Legion Membership Roundup Opens Here

Final plans are being completed for the membership round-up of Camp Chase Post No. 98, American Legion, which opens officially today.

Chairman Vernon C. Fiscus, at a meeting of team captains this week, expressed confidence that the goal will be easily exceeded.

Every veteran of World War I and II is invited to join this community post.

The team captains appointed by the organization committee have organized their teams and are out to attain their quota early. Weekly reports will be made to Chairman Fiscus each Thursday and standings of teams will be posted at the Legion headquarters.

The post's nominating committee will make its report tomorrow (Friday), Sept. 3, and election will be held at the meeting of Sept. 17, it was announced by Commander John Martindale today.

Good Samaritan Keeps Purse With $20

A spectator who lent a helping hand when an auto overturned here this week helped himself to a purse containing $20 for his efforts.

Edith O'Malley, 21, and her twin sister, Katy, both of 776 S. Wayne-av, were riding with Lewis Arms, 524 W. Broad-st, Monday night when the car overturned after an accident at Eureka-av and Whitehead-rd.

A spectator picked up Edith's purse and disappeared during the confusion that followed the crash. Both girls were treated at Mt. Carmel Hospital for minor injuries along with Mrs. Eileen Lugger, 29, 892 S. Eureka-av, driver of the other car.

Westway Post, VFW, To Picnic Sunday At Maple Shades

A joint picnic is being planned by the Westway Post of the VFW and its Auxiliary, for Sept. 5, at Maple Shades Park.

Free swimming, ball games and horseshoe pitching are on the day's schedule. No charge is made for admission, but those attending should identify themselves as part of the VFW party.

Members are asked to bring picnic baskets and table service. The post will furnish coffee, lemonade, ham and ice cream. After assembling at the park at 10:30 a. m. the luncheon is set for 12 noon.

West High Boosters To Meet Tuesday

The first meeting of the West High Boosters Club will be held at West High School Tuesday evening at 7:30 o'clock, Gil Buckingham, president of the group, announced this week.

Plans for the fall season will be discussed at that time.

BURGLAR GETS INTO PAINT

A burglar who entered the home of Mrs. James Hunter, 653 Butler-av, announced his presence by falling into a bucket of white paint. Mrs. Hunter was awakened by the noise and the prowler fled.

Kiwanis To Handle Drivers' Licenses

The Hilltop Kiwanis Club will conduct the sale of drivers' licenses at the Robinson Electric Store, corner of W. Broad-st and Wayne-av, from Sept. 7 through the end of the month.

Russell Henry, manager of the store, is in charge of the sale, which includes truck and auto licenses, and various types of drivers' permits. Proceeds of the sale will be turned over to the Kiwanis Club for community service work.

There will be only three weeks in which to purchase drivers permits this year. All drivers will be expected to have new licenses by the end of September.

All Schools To Open Here Next Tuesday

Record Enrollment Is Expected With Start Of Public Kindergarten Work

All schools of the Hilltop and West Side areas will open their doors Tuesday morning, marking the start of a new school year.

The opening is slightly later this year because of Labor Day coming on Sept. 6. Both public and parochial schools will begin their terms on Tuesday with hundreds of additional youngsters scheduled to enter public school for the first time. Public kindergarten work will start in each elementary school. Previously privately-supported pre-school work had been conducted in two Hilltop schools.

Enrollment figures are expected to top any previous year as a result of the kindergarten work and already enlarged classes of first graders.

Routine maintenance work has been done in most of the school buildings during the summer months but the Hilltop has not yet felt the effect of the building modernization program planned by the Columbus Board of Education.

Complete rosters of teaching staffs for the grade and high schools here were not available this week pending some last-minute changes in assignment.

Principal Irvin F. Young at West High School announced the addition of two new teachers there. Jack Schuster will teach industrial arts work in the junior high school, filling the vacancy caused by the death of Leslie Burba last year, and Cyrus Sedgwick will be a new addition to the mathematics staff.

Schuster, a graduate of Ohio State University, taught in Mt. Vernon for two years after having served in the Army for three years. Sedwick, also a veteran of World War II, is a graduate of OSU and a former resident of Bellaire.

A third addition to the West staff is the transfer of Mrs. Francis Davis from John Burroughs School. This year all 7B students, formerly taught at John Burroughs, will be moved to the junior high school.

Lights Not Ready

The long-sought lights for the front of West High School will not be installed by the time school opens, Mr. Young said this week. A check of the light standards delivered to the building recently reveals that the manufacturer erred in the type of standards shipped. These will have to be returned and another two months may be required before the correct equipment is available.

At West High School books will be issued Tuesday and an abbreviated schedule of classes will be run through. School will be dismissed at noon so that a teacher's meeting can be held that afternoon to effect complete organization of the work.

Three parochial schools operate on the Hilltop in addition to one senior high school, two junior high schools and four elementary schools. They are St. Mary Magdalene and St. Aloysius Catholic schools and the Concordia Lutheran School.

Little Judy Wolfe, critically injured by an auto on her way to school last spring, will not be back in her class at West Broad Street School. She may be able to take work under a visiting teacher, her mother said this week but it will be some time before she is able to go to school on her own.

Recently she underwent surgery to correct a defect in her vision, caused by the injury sustained when a car struck her as she was crossing W. Broad-st near Sylvan-av.

To prevent any such recurrence, several policemen are being assigned to school areas throughout the city. They will attempt to help organize school patrols and direct traffic where necessary to the safety of the pupils.

A traffic light was promised by the Columbus Traffic and Transportation Commission for erection near the West Mound Street School but by the middle of the week the light had not been installed. A special committee appointed by the PTA of that school was working on getting this light to safeguard children who must cross busy Mound Street at this point.

Officers Are Elected By Civic Group

The newly organized High Ridge Civic Association, meeting at the West Mound Street School last Thursday evening elected permanent officers to take the place of the organizational group of officials who had been serving the past few months.

Those elected were president Jack Young, 2072 W. Mound-st; vice-president, J. B. Thirtyacre, 576 Belvidere-av; recording secretary, Mrs. Iva Edwards, 633 Wrexham-av; corresponding secretary, M/Sgt. Ivan E. Reed, 597 Belvidere-av, and treasurer, G. L. Callis, 672 Belvidere-av.

The organization will hold regular meetings twice a month, on the second and fourth Thursdays of each month.

At the next regular meeting, to be held Thursday, Sept. 9, at the West Mound Street School, the new constitution will be formally adopted.

All property owners living in the High Ridge section of the Hilltop are being invited to join the group. Thirty families are now listed on the club's roster.

Jane Conard Wins Watermelon Eating Contest

Thirteen-year old Jane Conard, 1989 Fairmont av, daughter of Mr. and Mrs. Claude Conard, led a field of ten contestants representing the ten playgrounds west of the Scioto River, in the watermelon eating contest sponsored by the Hilltop Eagles Lodge.

The contest was held on the winner's home ground, Glenwood Park. This contest was a little different than the preliminaries. The contestants were not permitted to touch the melon with their hands. This did not daunt little Janey who seemed determined to win in less time than it takes to tell about it. Miss Conard came up with an empty rind and a freshly washed face.

Urban Bricker of 212 Schultz av, representing McKinley Park was the runner-up. Other challengers for the crown were Jack Mitchell champion at Columbian Park, Billy Sorstield of Bolton Park, Max Smith of Sullivant Gardens, Donna Foster Westgate, Clarence Williams Sunshine and Mary Sommet of West Market Highland, and Alvis Chinn of Greenlawn who arrived a little too late to be a real contender.

Each champion was given a wrist flashlight by Aquila Acuff, and the champion of them all was awarded a camera by the lodge.

TO SELL DRIVERS' PERMITS

Mrs. Betty Countz, 986 W. Broad-st, Mrs. Wayne Paullin, 4516 W. Broad-st, and Arch Alden of Hilliards were named recently as deputy registrars to sell 1949 drivers' licenses in Franklin County beginning Sept. 7. Also appointed was R. S. Henry, 2403 W. Broad-st, who has charge of the Hilltop district's sale for the Hilltop Kiwanis Club.

KIWANIS SPEAKER — A program in keeping with the coming of the Freedom Train to Columbus will be presented at today's meeting of the Hilltop Kiwanis Club.

The speaker for the occasion will be Sam Devine, an attorney associated with the law firm of Metcalf, King and Devine. He is a member of the Ohio State Varsity O Club and is also a graduate of Notre Dame.

Mayor Rhodes Reviews Trip To Olympics

There is little doubt that Mayor James Rhodes is a dyed-in the wool Columbusite and wouldn't trade one of this city's back alleys for the whole of London. He so expressed himself at the Thursday meeting of Hilltop Kiwanis Club, the first address he has made since his return from the Olympics.

While England boasts of all the "bests" in the world, Mayor Jim visited 142 homes in London where he saw "nary" a toaster, waffle iron, electric stove or many modern conveniences. "They are satisfied with their life because they can't do anything about it," he explained. He pointed out that a family over there has to fill out 17 forms for the government before being permitted to paper one room of their home.

Speaking of the Olympics, he reported he was indeed proud to represent the American delegation. "Following each event the band would play the national anthem of the winner. When the games started the band did a poor job of playing 'The Star Spangled Banner' but by the time the games were over, the band had been worn out playing our anthem and made a record of it."

"The secret of our success," he said, "is in the fact that our youngsters get encouragement and we keep them interested in sports for many years, whereas they aren't permitted to participate in athletics abroad."

Charles Reichelderfer has opened an office at 2622 W. Broad-st (in the Claggett Building), where he will operate a complete insurance service. He has been in the insurance business for 15 years and is active in several organizations, including supervision of senior Scout units.

Ten-year-old Barbara Brady, daughter of City Fireman and Mrs. Frank Brady, 206 S. Warren-av, suffered a broken leg and cuts last Thursday morning when struck by a private ambulance at Warren-av and Fremont-st.

Crutchman Ray McLain said the child was struck by a Jerry Spears ambulance driven by George Lehman of 2693 W. Broad-st.

Owners of the ambulance said it was not making an emergency run at the time. The child was taken to Mt. Carmel Hospital.

CHILD FALLS FROM CAR

Linda C. Angeletti, five-year-old daughter of Mr. and Mrs. Strino Angeletti, 482 S. Cypress-av, suffered head injuries when she fell from her father's car at Mound-st and Cypress-av, police reported Tuesday.

She was treated at Mt. Carmel Hospital and then transferred to Children's Hospital.

Summer Reading Club To Close

"The Quest of the Golden Apples," a summer reading club sponsored by the Hilltop Branch Library will close officially on Sept. 11, with a story hour at 10 a. m.

Seventy-five children received golden apples to pin on the little green trees at the library. They were their rewards for reading 12 or more books from June 7 until Aug. 28.

On Sept. 7, the schedule of winter hours will go into effect at the library. It will be open daily from 1 to 9 p. m. and on Saturday from 9 a. m. to 9 p. m.

THE NEW MRS. CHILCOTE AND HER ATTENDANTS—Pictured above is Mrs. James Chilcote, the former Elizabeth Hanger, whose marriage was an event of June 19. From left to right are Mrs. Joseph C. Hanger, the bride, Miss Nancy Frederick, little Marilyn Jo Hanger, and Miss Jean Chilcote.

Hoge Memorial Presbyterian Church was decorated with white snapdragons, pompoms, greenery and candelabra for the candlelight marriage on June 19 of Miss Elizabeth M. Hanger and Mr. James Richard Chilcote. Rev. A. J. Wold officiated at the 7:30 o'clock open church ceremony.

The bride is the daughter of Mrs. Mable Hanger, 187 Columbian-av, and Mr. Chilcote is the son of Mr. and Mrs. H. S. Chilcote, 130 Powhatan-av.

A program of nuptial music preceded the ceremony. Miss Marilyn Herboltzheimer was the vocalist, accompanied by Mr. Vernon C. Frederick, uncle of the bridegroom, at the organ.

Escorted to the altar by her brother, Mr. John T. Hanger, Jr., the bride wore a gown of white satin, fashioned with a silk lace yoke, fitted bodice, and long sleeves which came to points over the hands. A cascade ruffle fell softly over the full skirt and ended in a train. Her fingertip veil of illusion was edged with Chantilly lace and fell from a seed pearl trimmed lace tiara. She carried an arm bouquet of white carnations and baby breath, centered with an orchid. Her only jewelry was a matching pearl necklace and earrings, given her by the bridegroom.

Mrs. Joseph C. Hanger, sister-in-law of the bride, was matron of honor. She wore an aqua taffeta gown fashioned with a square neckline, draped panniers at the hipline and a full skirt. She carried an arm bouquet of peach gladioli and yellow roses with matching flowers in her hair.

Bridesmaids were Miss Nancy Frederick and Miss Jean Chilcote, cousins of the bridegroom. They wore identical gowns of peach taffeta with bustle backs and sweetheart necklines. They also carried arm bouquets of peach gladioli and yellow roses and wore matching floral headdresses.

The bride's niece, Miss Marilyn Jo Hanger, was flower girl, wearing a floor length white organdy dress with a modified off-the-shoulder neckline. She wore a white satin ribbon in her hair and carried a basket of rose petals.

Mr. Robert F. Chilcote attended his brother as best man. Seating the guests were Mr. Henry Hanger, Mr. Joseph Hanger and Mr. Harry Hanger, brothers of the bride, and Mr. Jack W. Chilcote, cousin of the bridegroom.

A reception followed the ceremony at the home of the bride's brother. Mrs. Hanger greeted her guests in a dress of sheer black with a lace yoke. She wore a large picture hat and long gloves. The bridegroom's mother chose a blue crepe dress for the occasion, with which she wore white accessories. Both wore corsages of pink rosebuds and baby breath.

For their wedding trip to Niagara Falls the bride changed to a sheer navy blue dress, and wore white accessories. She pinned the orchid from her bridal bouquet, at her shoulder.

The couple is now at home at 249 S. Skidmore-st.

Given in marriage by her father, the bride wore a gown of white satin with a lace yoke and very full skirt. She wore a fingertip veil of soft lace, and carried a bouquet of shattered carnations centered with an orchid.

Following the service, a breakfast for the immediate families was held in the Fort Hayes Hotel, followed by a reception in the afternoon.

She carried a bouquet of roses centered with an orchid, and wore a single strand of pearls, a gift of the bridegroom.

The bride's attendants were Miss Marilyn Vincent, sister of the bridegroom, as maid of honor, and little Marjorie Gilbert of Marysville as junior bridesmaid. Her rhinestone and pearl necklace with matching earrings were given her by the bride. Miss Gilbert's floor-length gown was of yellow organdy. She carried a miniature colonial bouquet of pink roses and wore a tiny gold cross, a gift of the bride.

The bride changed to a light blue faille dress before the couple left for a two week honeymoon. She complemented her costume with white accessories and the orchid from her bridal bouquet.

Out of town guests included Miss Harriet Anderson and Mrs. Joseph Fodar, Detroit, Mich.; Mr. and Mrs. Paul Schubert, Lexington, Ky.; Miss Mary Hostetler, Cleveland; Miss Virginia Odbert, Miss Margaret Scalon, Mr. Normal Phillips, Mr. and Mrs. S. D. Phillips, and Mr. and Mrs. Albert Stone, Pittsburg, Pa.; Mr. and Mrs. Raymond Fortune, Trontwood, O.; Miss Maxine Gorenflo, Delaware, O., and Mr. and Mrs. Jack Butler, Dayton.

Night never leaves a forest quite,
There still are pools of broken light;
Through pine glades glow like copper fire,
And falling waters gleam like snow,
Shadows never wholly go,
Day is never wholly bright.
Moss, weasel, serpent, sloe,
All things here wear grave attire;
Except for flash of sunned bird's flight,
Night never leaves a forest quite.

Today's glasses are a far cry from yesterday's disfiguring "specs." Modern optical styles are inconspicuous or striking, depending on individual tastes. But stylish and comfortable as glasses now are, their function is corrective.

Japanese Medical Student Discusses International Goodwill In Letter

Something of the thinking of Japanese youth today is to be learned from a letter received some time ago by Capt. Clyde Good, AAF, son of Mr. and Mrs. Sterling Good, 334 S. Roys-av.

While serving in the army of occupation in Japan, Capt. Good had an opportunity to befriend a young Japanese medical student who was conducting some experimental work on pets. The student, Michio Hashimoto, whose home is near Osaka, wrote Capt. Good a long letter of appreciation after he (Capt. Good) returned to the States. In the letter he outlined his own feelings concerning understanding between the two countries. His letter in part follows:

"From the beginning of this year I became the committee of the UNESCO League of university and colleges in Osaka Pref. and I have been doing my best to promote the international mutual understanding of our peoples. I have experienced that we could get the warm friendship among our Japanese and American and other nations of the world.

"Since the termination of war, I could have chance to be acquainted with several American officers, as to say, Maj. Allen, you, Lt. Frank and Lt. Dickey, and all of you were always very kind and I could feel your warm heart and humanity and I believed that it is possible for us to get the mutual understanding among all nations of the world, and it is my duty that God gave me to do my best to introduce our Japanese affairs frankly and to promote mutual understanding among all peoples of the world. The UNESCO constitution told us that since wars begin in the minds of men, it is in the minds of men that the defenses of peace must be constructed; that ignorance of each other's ways and lives has been a common cause throughout the history of mankind, of that suspicion and mistrust between the peoples of the world through which their differences have all too often broken into war.

I am very glad to start my new life and work and I'm very much obliged to all of you that your warm heart awakened my humanity and gave me hope and chance to start the worthwhile task that has long been undone in the world, especially in Japan. Mr. Johnson, the chief of AE, OMG, is very kind and always helps our activities. All members of our group hope to get the new information and close connection with the world especially with America. If you have time, please inform me your national affairs, especially of young peoples and students. According to the newspaper, Japanese may be privileged to go abroad in near future. So I hope to go to America to study medicine enthusiastically. I will be graduated on the September of this year and must enter into the internship course from October.

"I am now only a 'doctor in embryo' but in a year and a half, I will become a "grown up doctor." I want to be a doctor of public health to protect our people from ill and to promote the happiness of our social lives.

"I believe it's my first duty to protect our people from disease; the second is to cure. The happiness of our social lives must be achieved in the future, when all epidemic and other disease are driven away completely from our daily lives."

"Best Years" Shows At Old Trail Theatre

"The Best Years of Our Lives" is the current feature attraction at the new Old Trail Theater. Fredric March, Myrna Loy, Teresa Wright, Dana Andrews, Virginia Mayo and Hoagy Carmichael are the stars of this drama, winner of nine Academy Awards.

Sunday, Monday and Tuesday, the Old Trail will show the new Walt Disney cartoon feature, "Melody Time." This Technicolor musical fantasy brings to the screen, in cartoon style, such delightful sequences of Americana as the story of Johnny Appleseed, Pecos Bill, Trees, Wintertime and Blame It on the Samba. Roy Rogers, Dennis Day, organist Ethel Smith, The Andrews Sisters and Fred Waring and his Pennsylvanians combine their talents to enhance this Disney treat. Marie Wilson, star of the radio show, "My Friend, Irma," and pretty Elyse Knox, the wife of football star Tommy Harmon, star in the romantic comedy co-feature, "Linda, Be Good."

St. Aloysius Continues To Dominate West Church No. 1 League Play

By Dave Miller

• • •

Loop-leading St. Aloysius notched two more wins in the victory column Monday evening by taking a double-header from Hilltop Church of God by scores of 3 to 1 and 7 to 2. The second contest was not an official game but the Recreation Department gave St. Alcysius the win because of the short time left to play the remaining rained-out games in the league.

All rained-out games must be played before any team can enter the church eliminations. However, Salvation Army defeated Linden Baptist, 6 to 2, having completed all its scheduled contests.

In the only other games played, Burgess EUB took an easy win from yet-to-win Hoge Memorial, 17 to 4.

There will be no games played this Monday due to the holiday. Elimination starts the following Monday, however.

"Outward Bound" To Be Presented By Little Theatre

The Hilltop Little Theatre resumes its community program the evening of Thursday, Oct. 7, when it will present "Outward Bound" in the auditorium of John Burroughs School, Sullivant and Burgess-avs.

Already in rehearsal under the direction of Pat Aspel, this second performance of the recently organized Hilltop activity, will bring to theatre lovers a play that has universal dramatic appeal through its beautifully depected though controversial philosophy.

In addition to the direction of Pat Aspel, who so successfully launched the career of the Hilltop Little Theatre with the production of "The Youngest," the following committees will serve: Make-up, Jeanne Mendels, Hazel Bercaw, Garnet Menge; properties, Norman Menge; Costumes, Edith Paul, music and sound, Bill Marat; stage manager, Bob Spohn; house manager, Curt Meeks, dcorman, Howard Moon. Carl R. Turner is the coordinator between the director and staff with D. Knight Finley, business manager.

"Outward Bound" is the second of five performances scheduled for the 1948-1949 season. Persons desiring to become associate members of this attempt to round-out the cultural activities of the Hilltop, should contact Gene Paul, president, at 142 N. Ogden-av. Associate membership is $5.00 per year, and entitles the holder to a ticket to all five performances and such activities as may be arranged during the year. Admission price for each performance is $1.00 for adults, 50c for children under 12 years of age.

New "School" Signs Erected

One hundred thousand children in Division 6 of the State Highway Department, comprising the counties of Delaware, Fayette, Franklin, Madison, Marion, Morrow, Pickaway and Union will return to school next week, following a three months vacation.

Alert motorists on the state highway are asked to observe traffic regulations regarding the safety of youth.

The new school signs erected by Division Six personnel in the vicinity of all school houses on state routes is a reminder to motorists to be cautious within this zone.

The sign "School" is 24x3 inches, black color on yellow background; and the attached sign below, "Speed Limit 20", is a black and white 18x24 inch size.

In addition to the "School Zone 500 feet sign," also erected by Division 6 employees, a "Speed Limit 20" portable sign combination is used to mark school zones only during the hours pupils are going to and from school and during recess.

The signs are placed at the limits of the school property abutting the highway, facing traffic entering the school zone on pavements less than 18 feet in width; the unit sign, "School 20 Mile", is placed on the shoulder immediately adjacent to the pavement. On two lane pavements wider than 18 feet, the sign is placed in the center of the roadway. On three lane pavements, they are placed on the right lane line and on four lane pavements, on the lane line on the right half of the pavement.

Monday Nighters Open '48 Bowling Season

The fastest league to roll at the Hilltop alleys blasted open the door to another great bowling season Monday evening. The Recreation League, which rolls at 6:30 Monday evenings, is the oldest league at the alleys.

Dick Ardle

The weather may have cooled off some Monday but Jay Hyatt and Joe Swisher were hotter than firecrackers. Hyatt, rolling for Seiller's Dept. Store, put together games of 191-217-192 to record the first 600 series of the year, while Joe Swisher had the high single game of the evening with 244. High team honors went to Allen Milk with 966-2680. Their box score is as follows:

Allen Milk				
Dan Wolf	181	218	186	585
Fred Wolf	158	166	189	514
Al Conroy	192	177	155	524
Joe Swisher	171	244	129	544
M. Banning	169	161	184	513
	871	966	843	2680

It looks as if this is the team to watch. They should take up where the Esquire team (which dropped out) left off. The first week's standings are:

Standings

Allen Milk	3 0
Schroeck's	3 0
Kent Bros.	2 1
Seiller's	2 1
Ben Brew	1 2
Grotto Garden	1 2
Kennedy	0 3
Mayer	0 3

Howard Minnameyer, bowling for Ben Brew, had one of those few and far between "sandwich games" in the same league.

Also opening Monday night was the Commercial League. Chuck Worthington's 205-560 led the individuals. Besides his 205 he had games of 176 and 179. Team honors went to Fox Cafe with 2425 and Shroyer Funeral Home with 889. The first week's standings for this league are as follows:

Standings

[illegible]'s	4 2
Hutchins	3 0
Fox	3 0
Kent's	2 1
Wahl Builders	1 2
Buttner's	1 3
United Machine	0 3
Barry Corp.	0 3

Theisen Injured In First Scrimmage; To Practice With Grandview Today

Intense heat last week plus an injury to one of his key men has given Coach Mack Pemberton, West High grid mentor, some of his first headaches in preparation of a defense for last year's city football crown.

Paul Theisen, who has been slated for the quarterback spot, received a knee injury in the very first scrimmage held Saturday. Examination at Ohio State University revealed that the injury will keep him on the bench "at least" until the opening game and possibly longer.

The 100-degree temperatures of last week made it necessary to "ease up" somewhat on practice. A workout was called for 7 a. m. Saturday to try to beat the heat.

West is scheduled for a practice game against Grandview some time this afternoon on the Bobcat field. The exact time could not be learned as the Record went to press. The Grandview coach is graduating from Ohio State University today so the time will depend upon his availability. In all probability it will not be a regulation game but will likely result in giving each team so many opportunities to carry the ball from the 20-yard line.

Next Friday night the Cowboys will go to Newark for a non-scheduled contest but it will be played in regulation fashion under the lights. The season opens officially in Marion on Sept. 17.

The loss of Theisen leaves the quarterback spot pretty much indefinite at this writing. Only further workouts and practice games will determine which of four boys is best able to fill the important post. Ed. Easterly has been Theisen's understudy with Don Nafzger the No. 3 choice. Two other prospective signal callers are Bob Birle and Jack Bowen, a sophomore transfer student from Cambridge.

Guy Celli this week decided to quit football because of interference with a planned musical career. Guy has been with the squad all last year and would undoubtedly have seen service this fall.

Coach Pemberton announced the selection of Dr. Virgil Cross and Dr. Eldred Heisel to alternate or cooperate in serving as team physician. Neither man could attend all games but have agreed to have one or the other present for all occasions. The two men play on the same softball team that last year won a championship for Westgate Evangelical United Brethren Church.

Squad Cut

The Cowboy squad has now been reduced to less than 50 juniors and seniors. Starting early this week the sophomores will start working with the upper classmen. Previously they had been working separately because of shortage of coaching help. Coach Fred Heischmen will join the coaching staff for daily practice sessions as soon as he completes work at OSU this week. Dave Randall has been working with the line daily and two OSU students will be ready to take over the reserves right away.

Members of the West football squad will go to Ohio Stadium tomorrow to take part in the Rededication Program with emphasis on sports. There may be one practice session Saturday and then a layoff until Tuesday.

Coach Pemberton said that most of the boys seem to be rounding into condition satisfactorily. Most of them reported in good physical condition. Many positions are still wide open. Chuck Weeks, the only member of last year's starting linup, is of course assured of a tackle position. Danny Miles, who earned a letter as a halfback will likely fill the fullback slot. From there on its about anyone's position.

Red Birds Return To Stadium Sat.

The Columbus Red Birds final bid for a berth in the American Association Governor's Cup Series will open Saturday night, September 4, when the Flock opens an 11-game home stay with a tilt against the Toledo Mudhens. Three eastern clubs will be seen in action before the 1948 championship season ends on September 12.

The Mudhens will appear in four other contests, including a double header on Sunday starting at 1:30 and a Labor Day twin bill starting at 6:30. A special program will be staged in connection with the Labor Day double header, band music and fireworks being included on the bill. Tuesday will be an off day, with Louisville opening a three-game series on the 8th. The Colonels will play three single games with the initial contest featuring annual Zoo Night. Many special attractions are to be included in the Zoo Night program, according to Earle "Circus" Sortman, chairman of the event. Friday will be Ladies' Night.

The Indianapolis Indians will ring down the curtain with Birds in a three game series. Saturday night will be Knot Hole Gang Night and the series ends with a double header Sunday.

Saturday night games will start at 8 p. m. Week-day night games set for 8:30 as usual.

Mt. Sterling Western Horse Show, Rodeo Set For Sun., Mon.

What is described as Ohio's largest Western Horse Show and Rodeo will be held at the Mt. Sterling Rodeo grounds on Sunday and Monday. Three shows will be held, starting with a performance Sunday at 1 p. m. and others scheduled for 1 p. m. and 8 p. m. on Monday (Labor Day).

It will be a 10-point show with competition for spotted and Palomino horses; wild Brahma bull riding; bronc riding; wild steer wrestling and calf roping.

The affair is being sponsored by the Mt. Sterling Western Horse Club, Inc.

WELL, we were afraid the President's "turnip session" of Congress wouldn't turn up much in the way of legislation.

• • •

Taxpayers, noting that a proposed "little White House" (for vice presidents) would cost $2,500,000, breathed a sigh of relief that officials didn't plan to build one of the larger models.

• • •

The administration wanted to roll back some prices to November, 1947; and plenty of breadwinners, considering what they've paid out for food since that time, would really like to have that roll back!

• • •

As for those Ohio clubwomen who announced that they had world affairs always on their minds, we trust that the ladies will take care lest they get overloaded.

Texas women started a telephone campaign to bring lower meat prices, making it perhaps the first time in history that that many women found something they couldn't talk down.

Canning Guide

Fruit	Apples	Blackberries	Cherries Red Sour	Cherries Sweet	Peaches	Pears	Plums
Suggested Canning Syrup	Thin or Medium	Medium or Heavy	Medium or Heavy	Thin, Medium or Heavy	Thin, Medium or Heavy	Thin, Medium or Heavy	Thin, Medium or Heavy
Processing Time: Boiling Water Bath Minutes	15	20	20	20	20 to 25	25 to 30	20

Directions for Canning

1. Use ripe, firm, sound fruit. Work with small batches. Handle gently; work quickly.
2. Wash, using spray; peel, hull, stem and pit according to fruit used.
3. To help prevent discoloration, fruits like apples, peaches and pears may be placed in weak salt solution—1½ teaspoons salt or 1 tablespoon lemon juice to 1 quart water. Place in solution; as peeled, until all fruit is ready to pack. Rinse in cold water before packing. Drain.
4. Follow proportions and directions in canning syrup chart for making and using syrup.
5. Use only jars, lids and screw bands in perfect condition. Follow carefully manufacturers' instructions for use.
6. Wash jars, bands and lids (except self-sealing lids) in hot soapy water; scald thoroughly. If self-sealing lids are used, scald. Place in hot water until needed. Remove jars from water and place on wooden, cloth or paper surface.
7. Pack prepared fruit* into jars; arrange compactly without crushing. Fill jars to within ½ inch of top, using about 1 cup syrup for quarts, ½ cup for pints. Run scalded knife blade around inside jar to remove air bubbles. Wipe edge with dampened cheesecloth.
8. Seal according to manufacturers' directions.
9. Process in Boiling Water Bath (see Canning Guide). Place jars on rack; cover. Be sure water is boiling and at least 2 inches above tops of jars. Keep water boiling continuously.
10. Remove from Boiling Water Bath at end of processing time with jar lifter or tongs. Place away from drafts. Allow jars to cool. Test jars for leakage. If seal is incomplete, reprocess for full time.
11. Have jars clean and dry before labeling. Store in cool, dark, dry, well-ventilated place.

APPRAISAL

My neighbor's yard
Holds just three things
To give one's fancy
Pointed wings.

An old shank bone,
A broken doll,
And black-eyed Susans—
That is all

These things, in one
Mute synonym,
Bespeak a kindly
Man of him.

He owns a dog
And blooming sod;
He loves a child,
He knows a God.

John Minnich Wilson, in his book BLACK DIAMONDS.

HOME FROM THE HILL

The twilight pastoral
of the shepherd's serenade
calling his flock to rest
in a week without Sabbath—

Tuscan stars, bright sentinels
in a cloudless, Tuscan heaven,
bless the Tuscan hills,
the youth and his sheep.

The air is still over the sea tonight
as joyously we near our home.

Richard Wirtz Emerson, in his book THE CENTRAL THREAD.

RAGS! RAGS!

The push cart man
Goes slowly by—
His creaking cart
Piled daringly high
With papers and boxes,
Rags and strings
Tucked carefully in
With a host of things,

Gathered from attics and corners cold,
Saved for the junk man,
A trifle when sold—
Enough for a dinner
For loved ones, perhaps—
So give him your rubbish,
Your trinkets and traps.

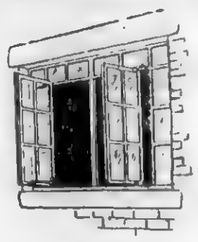
BURNING GOLD

The eyes of mind beheld a tree
Whose branches flamed when no wind stirred.

A mournful note was borne to me,
And from no ordinary bird,



Whose chiding opened my shut heart.
No crier called the hour it came;
Pride rose to liquidate the dart
Sped by this phoenix sheathed in flame.

I faced its shining in the dark
And found a fierce, compelling thing;
I smoothed its ruffled, feathered arc
And set a perch for breast and wing.

Protect the School Children

Once again it becomes the moral obligation of every resident of the Hilltop to look after the safety of the boys and girls of the community as they start back to school on Tuesday. This admonition needs to be doubly stressed this year because of the start of kindergarten work in all of the public elementary schools.

Hundreds of pre-school children will be leaving their homes and will be more or less "on their own" for the first time. The judgement of a five or six-year-old regarding traffic problems cannot be expected to be the best at all times. Thoroughfares as well as side streets present a hazard to their lives every time they must cross them.

The excitement of going to school for the first time will cause them to be less cautious than under normal circumstances. The cooperation of parents and motorists alike should do everything possible to assure their safety going to and from school. Parents should accompany small tots the first few times they go to school, and teach trem the fundamentals of safety in crossing streets.

Motorists need to exercise unusual caution not only in front of school buildings but on all side streets and particularly intersections where children must cross. The Police Department is assigning extra men to the school areas to help look after the children.

Mere compliance with speed and traffic regulations is not enough to exonerate a driver who injures a child at this time. The moral responsibility of the driver to have his car under complete control at all times cannot be denied. The life of any child in the community is worth far more than all the time lost by driving at a slower rate of speed for a few days until these beginners get better acquainted with traffic hazards.

The cooperation of every driver and every parent is needed if accidents are to be avoided these first few days of the new school year.

Sunset and glory! Light of evening star!
The dying days, how beautiful they are.

I stand and passionately kiss the flowers

The Story That Never Grows Old

HILL TOPICS By PW

Goodbye To Summer

Labor Day on Monday brings an unofficial end to the summer season as far as most people are concerned. After that day everything seems to fall into a new pattern. Schools are open and community life gets back to normal.

Gone are the carefree days of summer for the youngsters as they return (some of them reluctantly) to their books. Privately most of them are glad to get back to school for with it comes a new era of social life in the form of school affairs, football, etc.

One of the nicest activities of the summer season is the lawn fete or ice cream social. Almost every church on the Hilltop has at least one such affair during the summer — some of them more. They range in size from a small class affair to an extravagant evening's entertainment with eats of every description such as was put on by the Craftsmen's Club at West Gate Temple this summer.

The lawn fete is another of the traditions that came into the city social life via the small town or country church. In almost every village or hamlet throughout the state you will find that they have been having these summer picnics for as long as anyone can remember. They probably started as a fund-raising undertaking to help underwrite the budget of the local church or Sunday School. Many of them today are still primarily money raisers.

But out of these lawn fetes has come an aspect of social life that has been more far-reaching than the financial return. In most of the rural areas the lawn fete, ice cream social or all-day picnic has come to be an outstanding affair. It is a community-wide reunion to which almost everyone goes. It provided one occasion when you could count on seeing almost everyone you know in that area.

One such annual picnic that has been in existence for more than a half century is the Monroe-Belmont County Picnic. Held each year in a wooded area near the county line, thousands of persons have been coming there every year since its beginning. It has long since claimed its particular date on the calendar of that section. You don't have to inquire as to its date if you live in that section of Ohio. No other group or organization would think of scheduling an activity in competition with it. It would be next to sacrilege to think of such a thing.

Because of the size of the crowd that it attracts annually, many concessions move in to sell their wares. These include everything from the balloon sellers to dog and pony shows. The affair likewise attracts politicians by the score, coming as it does near the start of their election campaigns.

It's one of the phases of social life that has not changed with these changing times.

Briggsdale And Brown Road

By Mrs. Harry Downing

Mr. and Mrs. Ralph Daugherty, Jr., Columbus, Mrs. Charles Morris and Sandra Ream, both of 1696 Hopkins-av, and Arlene Sibley, 1694 Hopkins-av, spent last week-end with the latter's uncle and aunt, Mr. and Mrs. J. W. Cordray, at their farm in Licking County.

The girls of the 4-H Cooking Beetles in the Wilson district won a blue ribbon for the best exhibit in the Nourishing Club last week at the County Fair. Mrs. Brickles, 1083 Geneva-av, is the girl's leader.

Mrs. Virginia Hoover, Gaverlane, was guest of honor at a stork shower last Friday evening at the home of Mrs. Bernice Rcederer, 2125 Harrisburg-pk. Guests included Mrs. Mae Gussman of Circleville, Leatha Barnett, Grove City, Mrs. Muriel Grooms, Mrs. Harry Imes, Mrs. Lena Willcox, Mrs. Virginia Grannan, Mrs. Ann Martindale, Mrs. Joanna Lewie, and Mrs. Elizabeth Downing.

GHOSTS

Here are the ashes from your cigarette
Just as you left them, half an hour ago,
The room is silent, yet there lingers here,
The scent of haunting Shalimar, and so
Since you have closed the door, the house is dusty
With words you spoke, and candlelight at dawn
Not yet blown out, and you are close, my darling,
Though you be down the quiet street, and gone.

Betty Jane Balch,
in her book,

Dates Are Set For Community Chest Campaign

The 26th annual Community Chest campaign will be held Oct. 12-27 under the leadership of Claris Adams, who is also president of the Chest. The goal is $1,300,000 for the support of 66 local health and welfare agencies and the reactivated USO.

Mrs. Kathryn Cramer, 188 S. Westmoor-av, was earlier selected to take charge of the solicitation in the Hilltop residential area.

Mr. Adams took over the general chairmanship of the drive last week, when Livingston L. Taylor resigned because of ill health.

Four agencies have been added to the Chest. They are Calvary Neighborhood House, Catholic Welfare Bureau, Community and Veterans Information Center, and Hilltop YMCA.

The goal is $81,000 more than the amount raised last year. It provides for upward operating costs and certain contingency repair and replacement items for the local agencies, but does not provide for expanded services, Mr. Adams said.

Mr. Adams, president of Ohio State Life Insurance Co., headed the successful Community Chest campaign in 1941.

Hollywood Stars Tell Make-up Secrets

How do Hollywood stars manage to look so glamorous all the time? The answer is careful beauty routines and make-up tricks for enhancing their own individual good looks. Describing four types of Hollywood beauty, Hildegarde Fillmore tells how Marsha Hunt, Geraldine Fitzgerald, Deborah Kerr and Maureen O'Hara keep themselves looking fresh and lovely:

"With an upturned nose on a pixiey face, Marsha Hunt likes her hair short and tousled. She enjoys shampooing it, and is so expert that she can do her hair with professional speed, setting back ends with bobby pins. She's fanatic about brushing, and as for cutting, she confesses she does that herself, too - -with nail scissors, to give a casual, little-girl look.

"Geraldine Fitzgerald's skin not only looks like Dresden China, it is fragile, almost transparent. She uses pigmented cake foundation to add color, omits it under eyes where thin skin tends to crosshatch in lines. On her kind of skin, extremes of temperature, hot water and ice are too violent, and too much sun is also dangerous.

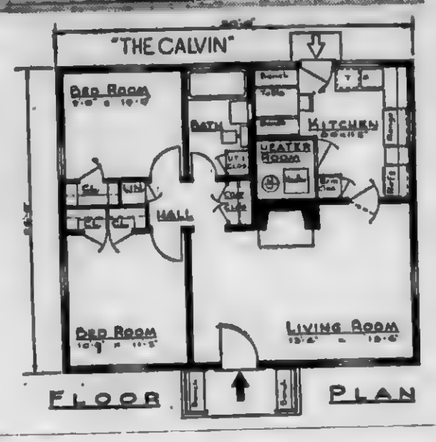
" 'I have a lot of forehead,' she remarked, 'but I've found a trick that tends to break the expeanse.' She dusts powder puff over dry rouge, then sweeps quickly across forehead and over chin. The faint color should never streak, never really show. For the woman with delicate coloring, no one should know you're made up. You should look just faintly pink.

"Deborah Kerr, like other English beauties, has learned that obvious make-up tricks are not for her.

" 'I love brushes,' she says, 'I can blend out fatigue shadows so easily under my eyes.' Her method is to apply foundation cream with a sable-tipped brush. For the under-eye curve she uses the narrow brush edge. For the rest of area, she smoothes on foundation with brush held flat. A final gentle fingertip patting blends in the foundation.

"Needless to say, she uses a brush to apply lipstick. is careful to clean it in alcohol after every use. She even likes to use a soft-bristled complexion brush instead of a washcloth when she lathers her face. After dusting on her face powder she always whisks off the excess with a baby brush.

"Maureen O'Hara has worked out her own routine for cleansing her skin and believes it is largely responsible for her ability to preserve its exquisite Irish texture.



" 'All of my creams,' she says, 'are kept tightly closed at all times. I don't like the look of cleansing cream with streaks of make-up in it, so I use depresor sticks to take cream out of the jar. These can be cleaned easily with witch hazel.'

"Avoid darkened skin on throat and neck, she advises, by starting cream cleansing at the base of the throat, continuing it clear to the hairline with gentle, soothing massage movements. In removing cream with tissue she uses the same upward stroking movements. After cream cleansing she washes her face in soap and water, rinsing in cold water. Because movie make-up must be fairly heavy she puts on the lightest make-up for off-screen periods."

THE CALVIN—Providing the utmost in functional convenience and comfort within an area 26'x30', this attractive two bedroom, one story home is the small house reduced to the irreducible minimum. Its floor area is only 780 square feet. It contains about 10,000 cubic feet. It is the nearest thing to the $5,000 house, craved by so many families, that can be built at today's costs.

The house conforms to FHA standards; its electrical layout is approved by the National Adequate Wiring Bureau. Working drawings and specifications may be obtained from Housing Plan Service—140 Nassau Street—New York 7. N. Y.—for $7.50 per set.

To Sweeten The Way

By Frances Barton

THERE goes the school bell! Vacation's over! Back to the lunch box routine for you, Mother! But don't let it get you down. Set a pattern for a good box lunch, then vary the items. You will include fruit, of course, for dessert, but sometimes sweets always go over big with the small fry. That's where cookies come in. And what flavor do they like best? Chocolate, of course! So, here you are — Chocolate Drop Cookies — easy to make and so good!

Chocolate Drop Cookies

1¼ cups sifted flour; ¼ teaspoon soda; ¼ teaspoon salt; ⅓ cup butter or other shortening; 1 cup sugar; 1 egg, unbeaten; 2 squares unsweetened chocolate, melted; ½ cup sour milk or buttermilk; 1 teaspoon vanilla; 1 cup chopped nut meats.

Sift flour once, measure, add soda and salt, and sift again. Cream butter, add sugar gradually, and cream together until light and fluffy. Add egg and beat well. Stir in chocolate. Add sour milk and vanilla. Then add flour and nut meats. Drop from teaspoon on ungreased baking sheet and bake in moderate oven (350° F.) 12 to 15 minutes. Makes about 3 dozen cookies.

Note: Cookies may be spread with chocolate frosting, if desired.

State-Wide De Molays Have 3 Day Meeting

The twenty-third Ohio State Conclave of the Order of DeMolay was held in the Deshler-Wallick Hotel Aug. 27, 28 and 29, with approximately 300 delegates from all parts of Ohio in attendance.

Banquets, speakers, bowling tournaments and a grand ball highlighted the get-together. Officers were elected Sunday morning, and the convention was officially closed with a banquet on Sunday afternoon.

The Hilltop's Ziggy Coyle furnished the music for the Saturday evening dance.

Local Bus Operator Is Hurt In Crash

Harold O. Linscott, 38, of 206 N. Wayne-av, was one of 32 persons injured Aug. 25, when the Greyhound Bus which he was driving collided with a truck in Wagram, O.

State highway patrolmen said the accident was being investigated and that the speed at which the bus was being driven might have been responsible for the crash.

SON BORN IN SWITZERLAND

Word was received Monday that a baby boy was born Sunday to Mr. and Mrs. Hal McFarland, formerly of Columbus. Mrs. McFarland is the former Roberta Thom of 524 Townsend-av. She and her husband are both journalists. He is working on a special assignment in Europe. The boy was named Thom Routledge. Mrs. W. W. Thom, of the Townsend-av address, is the maternal grandmother.

BIBLE COMMENT
FOR SEPT. 5

St. Paul Was Very Fortunate In His Friends

SAINT PAUL in his missionary journeys was subject to many dangers, privations and hardships; but he was fortunate in his friends. (Read Acts 18.)

Wherever he went he made, or found, friendly Christian converts and hospitable homes. Moreover, he seems to have been not only a welcome guest, but one easy to entertain; for wherever it was possible he worked at his tent-making croft.

Paul was strong for the doctrine that if a man didn't work he had no right to eat.

In all such matters Paul set a perfect example. He recognized that all men might not be as resourceful and efficient as himself, and he approved it as an ordinance of God that those who preached the gospel should live by the gospel (I Corinthians 9:14). But he took pride in the fact that he was able to support himself.

This probably was easy when he stayed in Corinth with the Christian couple, Aquila and Priscilla, for like himself they were tent-makers, and in that busy Grecian city there was probably plenty of sale for their product. There was an early Christian tradition to the effect that Priscilla was a Roman lady of some prominence, but Aquila was a Jew, and they had had to leave Rome because of a decree of the Emperor Claudius expelling the Jews from that imperial city.

The fact that the couple are referred to more often as Priscilla and Aquila, than as Aquila and Priscilla, would seem to suggest that the wife was the more forceful of the two. Chrysostom one of the fathers of the early church, says that it was Priscilla who gave the instruction to Apollos in the Christian way (Acts 18 24-28).

Undoubtedly this Christian couple in entertaining Paul received a great deal more than they gave To have in their home, and to work day by day with such a well-informed and noble Christian, must have been a very rich experience

Columbus Evening School To Open

Registration dates for the first semester of the Columbus Evening School will be Wednesday and Thursday, September 15, and 16, at Central High School. Staff members will be on hand from six-thirty until nine on those evenings to assist with the registration of former and of new students. Regular class sessions will start Monday evening, Sept. 20.

Principal John R. Trace has requested that students bring a record of previous high school work, if they are entering for the first time, or if working for a diploma, and have not filed with the school a record of their former studies. Registration fees for residents of Columbus are four dollars for one class period, five dollars for two or three classes, and seven dollars for four class periods. The fees for non-residents are five dollars for each one-period class.

Last semester, The Columbus Evening School introduced a course in Conversational Spanish. This class will be continued for advanced credit, and a new class will be started for beginners in Spanish. A senior course in Business Principles will be offered emphasizing marketing, accounting, statements, business organizations and business law. Courses will also be offered in reading and arithmetic for those who need this type of work. The regular curriculum of the school includes work in English, Journalism, Public Speaking, Social Studies, Mathematics, Science, Art, Commercial work, and Spanish.

Classes meet during the semester on Monday, Wednesday, and Thursday evenings from six until ten.

Burglars Active On Hilltop Again

Mrs. Clarence Logan, 1166 W. Mound-st, called police early Sunday after she had been bound and gagged, while three burglars searched her house for $2000 which she had given to a neighbor for safekeeping, some time before.

The trio forced open a screen door, cut the telephone wires in Mrs. Logan's home, tied her to the bed with a pillow over her face as a gag and then ransacked the residence. She was unable to describe any of the thugs.

Walter Rigg of 296 S. Burgess-av reported that his billfold containing $12 had been taken by two men who attacked him as he walked near his home early Sunday. Riggs told police that he was struck several times by the pair. They grabbed his wallet and ran east in Wicklow-rd, he said.

Up in the Canadian wilds we ran across many a man with a small income of $5 per day for guiding services and then it was very uncertain as to how many days a month he might be employed but even so they were apparently happy and down inside themselves they may have a lot more contentment and fewer worries than we who live south of the border . . . Dephlegmatize: We added this word to our vocabulary this week — after Kel Fuller dropped in to show us some of the questions on an OSU exam paper. The word means to "shake you out of your apathy." 2 Hilltoppers Visit Central America; Impressed By Beauties Of Tropics

By Libby Downing

An unusual and impressive 22-day vacation trip to Guatemala, Central America, was the treat enjoyed by Mrs. Thomas B. Plummer and her daughter, Patricia Curl, of 240 S. Sylvan-av, just recently. They traveled by clipper. It was a 13-hour trip each way.

Mother and daughter returned two weeks ago from a land of orchids, vultures, lavish swimming pools, armloads of gardenias, volcanoes, thatched roofs, tropic rains and "very good steaks."

Mr. Plummer is with a construction company now stationed in Central America for the building of a 50-mile concrete highway, the locality's second road of any type.

The visiting Hilltoppers took scads of pictures of the natives and their children who run about barefooted, jumping in front of a tourist's camera whenever possible and flattering the visitors with kind words.

"The fences even grow," Patty said. She and her mother saw the phenomenon with their own eyes. Any piece of wood that is stuck in the ground actually grows. The orchid plant itself is a parasite. The seeds are blown about by the warm gentle winds until they land upon a suitable parent plant, usually an old dead tree. In a matter of days the roots begin to sprout.

Patty and her mother could have seen the beautiful orchid season's debut had they remained in the south 15 more days. The plants will bloom then for the first time, and will continue bearing blossoms through the month of March.

They went wading in a pool which to the natives means certain death. When boating on the lake very often persons have been caught in a swift sudden whirlpool and are never heard of again. Further out in the crystal clear water, shark's fins are plainly perceptible, which accounts for the bodies of drowned natives never being found.

Everything is banana leaves, south of the border. Packages are wrapped in them. They are used for umbrellas when a shower blows up, and for life preservers while in bathing.

Beautiful Carvings

Strange pieces of jade, turquoise and onyx charmed the local tourists, with their carvings of apparently no meaning but of beautiful appearance. The hand woven material in the skirts which they brought back is made by little boys and girls not even of school age. The children sit in the market place by the hour weaving baskets, bags and materials. School is not compulsory.

A stenographer for the company with which Mr. Plummer is affiliated offered the Hilltoppers her family's home for the course of their stay. It's very unusual when natives take anyone into their homes, according to Mrs. Plummer. Each private family has its own cathedral, and priest. The Columbusites had the privilege of attending their hosts' church, which was built by the hands of hundreds of men. The interior of the building was the most ornately hand-carved structure ever seen by the local visitors.

The native Indians do much work in silver for tourist trade. Links hardly large enough to be seen are delicately interwoven to form a necklace called a wedding chain. Mrs. Plummer has one as a very prized possession.

The local women smiled when they recalled the Central American law which requires the drivers of automobiles to turn off their headlights when approaching another car, lest they blind the other person.

Related here have been few of thousands of happy experiences of two persons brimming over with strange tales, and slightly saddened at the manner in which the Guatemalan natives exist. To Patty and her mother, the trip was a real education, and although they may be unconscious of the fact, they're still floating in a dreamlike atmosphere trying to recapture the charm of the beautifully dangerous lands.

School Light Delayed By Material Shortage

Paul Langdon, chairman of a special PTA committee at the Mound Street School, reported this week that the traffic light promised for the school would not be erected now because of a shortage of materials.

The committee had the approval of the City Traffic and Transportation Committee for the light for the protection of school children who must cross Mound Street to get to the school. The light will be put as soon as materials are available.

Tired Burglars Help Themselves To Liquid Refreshments

Burglars who put forth considerable effort to enter the Broadway Restaurant, 3770 W. Broad-st, early Tuesday morning decided they had better "have one on the house" while they rested.

After sawing away iron bars that protected a rear kitchen window, the intruders rifled the pinball machine, the cigarette machine and the record player. Later they located a sum of money kept for change.

Apparently near exhaustion from their strenuous search, they sat down and drank a fifth of a beverage characterized by a quartet of flowers.

Body Of Lt. Little To Be Returned For Burial Here

The body of 2nd Lt. Robert E. Little was among those of 1566 American service men recently returned to the United States from Alaska, aboard the army transport, Honda Knot.

Lt. Little was the husband of Mrs. Sue K. Little, 619 E. Stewart-av, and the son of Mrs. Anna Little, 1504 Greenleaf-rd, and Edwin W. Little, 897 Brown-rd.

An infantry officer, he lost his life on Attu, May 25, 1943. He had served with the army for 17 months after graduating from Central High School.

He is also survived by two brothers, Howard and James A. Little, of the Greenleaf-rd address.

Don Little Is Signed By Phil. Athletics

Don, who can play the outfield as well as catch, fielded 1.000 for the Cowboys last spring and batted .208. He also played some ball with the Saturday Amateur. His contract was signed with the Philadelphia Athletics, parent club of the Portsmouth nine.

HOMECOMING A SUCCESS

The annual Galloway Homecoming held on Labor Day was a "success" from every angle, C. E. Peitsmeyer, general chairman of the affair, reported this week.

Attendance was equally as good as other years and the concession stands did a capacity business throughout the afternoon and evening, he said.

TO SING ON HILLTOP—The Singing Sheriffs, who bill themselves as "one thousand pounds of harmony" will sing for the first fall meeting of the Hilltop Business Association to be held at the Westgate Methodist Church on the evening of Sept. 14. The meeting will start at 6:30 p. m.

This quartet, widely known for its barber shop harmony and wide repertoire of comic, classical and sentimental numbers, is made up of Fred Hawkes (upper left), Harry Freeman (upper right), Raymond Hathaway (lower left) and Fred Washburn (lower right). Claire Shipman is the accompanist. Sheriff Ralph Paul will introduce the singers.

The Singing Sheriffs will also sing for a Brotherhood meeting at the Burgess Avenue Evangelical United Brethren Church on the evening of Sept. 21.

Renewal of 3-mill School Levy To Be Passed on By Columbus Voters Nov. 2

Columbus voters will be asked to approve the renewal of a 3-mill operating levy for school purposes at the Nov. 2 election, it was announced this week following a meeting of the Columbus Board of Education Tuesday.

The levy, which currently provides 20 to 25 per cent of the school's day-to-day cost of operation, has been in effect in its present form continuously since 1927. It will not be an increase in present tax levels.

The present levy, voted for five years in 1943, will yield about $1,500,000 this year, George E. Roudebush, superintendent, said.

Total enrollment may go as high as 44,000 for the current semester in the Columbus school system. First day attendance showed an increase of more than 2200 above the first-day enrollment last year. This increase is reflecting the start of public kindergarten work this year.

Boosters Plan '48 Membership

The West High Boosters Club, at its first meeting of the fall season Tuesday night, unanimously agreed to start its annual membership drive next Tuesday night, to run through the homecoming game with New Philadelphia, Oct. 22.

Dick Francis, 370 S. Richardson-av, and Bob Case, 87 N. Westmoor-av, were elected co-chairmen of the drive. Their aim, as stated at the meeting, will be to secure 1500 members for the coming year.

Lee Welgand, 3181 W. Broad-st, was appointed chairman of a special press box committee. The Boosters have been endeavoring for the past few years to construct a new press box for the stadium, and are under the impression that the work can be done within a short time, if construction details can be worked out.

Dick Francis was also appointed chairman of a special coaches appreciation committee.

Next Tuesday night's meeting will be held at West High at 7:30.

To Install Glenwood Fellowship Officers

Sunday, Sept. 12, at the 7:30 service, the officers of the Senior Youth Fellowship of Glenwood Methodist Church will be installed by Robert Kimes. The pastor, Joseph B. Shellhaas, will preach on the topic, "Seek First The Kingdom of God."

The following officers are to be installed: President, Nellie Jane Evans; vice-president, Dawn Dennison; secretary, Gloria Brockington; assistant secretary, Marian Ator; treasurer, Marcia Brady; assistant treasurer, Dennen Leach; first commission, Nancy Kimes; assistant first commission, Lavonne Beard; second commission, Jean Huston; assistant second commission, Helen Nice, Geraldine Vail; third commission, Charlotte Cranston; assistant third commission, Martha Brown, Willie Evans; fourth commission, Delores Shrum; assistant fourth commission, Bob Pike, Don Edwards.

Adventist Church Has School On Hilltop

Forty-five children of the East Broad Seventh Day Adventist Church set out Tuesday morning all scrubbed and shining for their two-room school located at Ryan and Union-avs.

Fern Losie is the teacher of the primary grades and Mrs. Robert O'Connell teaches the upper grades.

The small children throughout the city are picked up at their homes in the school's bus.

Coach Pemberton To Review His Grid Prospects

A. M. (Mack) Pemberton, coach of the West High football team, will give an "off the cuff" review of the 1948 team that will soon launch its defense of last year's title at today's luncheon meeting of the Hilltop Kiwanis Club.

The team started practice on Aug. 20 and will get its first taste of competition tomorrow night at Newark in a non-scheduled but full-dress practice game. The Cowboys have only one of last years starting members. He is Chuck Weeks, an all-city selection. Paul Theisen and Danny Miles are the only other lettermen available from last season's championship eleven.

Last week Sam Devine addressed the club briefly on the purposes of the American Heritage Rededication program in Columbus.

"We have been grossly negligent and indifferent to the privileges we enjoy as Americans," Devine pointed out. "We are actually the only free peoples in history."

The speaker cautioned Kiwanians against indifference toward the inroads of Communism in recent years. He said that Communists have gotten into our government and into our school systems in some places.

Drivers' Permits Are On Sale Now

The sale of auto drivers' permits got under way Tuesday morning at Robinson's Electric Store, Wayne-av and W. Broad-st, under the direction of Russell Henry and the Hilltop Kiwanis Club.

Drivers are urged to get their licenses early this year since the sale is one week less than in other years. New permits must be gotten by Sept. 30.

The sale of the permits along with license plates of all kinds is a year-round undertaking of the Kiwanis Club under Henry's supervision. Proceeds from the sale are used by Kiwanis in their community service program.

Kiwanians and their wives are providing additional volunteer help to speed up the issuing of permits.

Boy, 9, Shoots Sister Following Minor Quarrel

Fourteen-year-old Helen Adkins, 2079 Whitehead-rd, was in "fair" condition in Children's Hospital this week, after she was shot in an argument with her nine-year-old brother on Saturday.

The children's disagreement was over who should fry the eggs for breakfast. The brother told Juvenile Detention officials that they had been shooting a 22 rifle earlier in the day. The gun was a gift of an elder brother.

Helen fried herself two eggs for breakfast, according to her brother, and when he asked her to fry one for him, she replied that he was old enough to fry his own. He said he grabbed the gun, which he thought was unloaded since he had "pumped" it several times before going into the house, pointed it at his sister and fired.

The emergency squad was called to the home, where the parents, Mr. and Mrs. Tillman Adkins, both employed, had left the children alone.

Helen and her brother are the youngest of 15 children, and are the only ones now living at home. Their father is employed at the Pennsylvania Freight House and their mother works at the Columbus State School.

The victim told hospital attendants that he "didn't mean to do it."

Special Movie To Benefit Scouts

Proceeds from a special movie showing at the Miles West Broad Auto Theatre on the night of Sept. 30 will go to Boy Scout work in the Southwest District, M. E. (Jack) Sensenbrenner, district chairman, said this week.

Scout officials will have tickets to sell to the general public at 50c each (including tax). Children under 12 are admitted free.

The name of the picture will be made known in a few days as soon as bookings can be verified. Shows start at 7:30 and 9:45 p. m. The theatre is located at 4050 W. Broad-st, opposite the General Motors Plant.

HCC To Meet Tonight

The first fall meeting of the Hilltop Community Council will be held this evening at the Teen Canteen, 2585 W. Broad-st, at 8 o'clock.

The fall program, with special emphasis on the Hallowe'en Party, will be discussed.

A representative of the Community Chest will be present to address the group.

PLAN STATE CONVENTION—Ross Contisano, 138 N. Huron-av, and Mrs. Anna M. Edwards, 324 S. Ogden-av, are the co-chairmen of the Knights of Pythias and Pythian Sisters convention to be held in Columbus, Sept. 28 through Sept. 29.

First-day Attendance Runs Close To That Of Last Year

First day enrollment in the public schools of the Hilltop totaled 5,150 for the grades, junior and senior high schools. Another 303 youngsters got their first taste of school life in the four public kindergartens on Tuesday morning.

A total of 744 more boys and girls reported Tuesday morning at the Hilltop's three parochial schools. St. Mary Magdalene School reported, 420 with 286 at St. Aloysius School and 38 at the Concordia Lutheran School.

At West High School the first day attendance was 80 fewer than last year on the opening day, while West Junior High had 114 more than the first day of the 1947 school term and Starling Junior High was up a total of 59.

Grade schools ran surprisingly close to last year's first day attendance with West Mound Street School showing the largest increase. Part of the West Junior increase is represented by 7B pupils who were formerly retained at John Burroughs. This year both 7A and 7B students were sent to West.

Opening day attendance in the grade and high schools was as follows:

West High School	988
West Junior High	1012
Starling Junior High	964
West Broad	685
Highland Avenue	472
John Burroughs	937
West Mound School	92

Several more kindergarten pupils were expected in some of the schools. First day's figures were as follows:

West Broad	125
Highland Avenue	56
John Burroughs	95
West Mound School	25

Mrs. Jerome Kahn (formerly Esther Jaffe) is the new kindergarten teacher at West Broad Street School. Mrs. Hazel Webb is a new 4A teacher there.

Church Buys Powell-Olive Site For Bldg.

Title to a piece of property on the northwest corner of Powell-av and Olive-st will be taken this week by the Community Christian Church. It will be the location of a new church to be built at some future date, Rev. James Lorenz, the pastor, stated.

The tract of land includes 150 feet on Powell-av with 135 feet of depth back to the alley on Olive-st. Half of the corner is being purchased at this time, with an option to buy the remainder. It is being bought from Tonti Brothers. The price was not disclosed.

Articles of incorporation were to have been signed at a meeting last night. Harry Blankner is the treasurer. Other officers who served as incorporators were Mrs. Ralph Perrine, Frank Snedecor and Mrs. James King.

The church held its first service on June 6 of this year. It now has a membership of 60, Rev. Lorenz said. Services are being held in the auditorium of West High School.

Members of the church recently cleared $2400 on the operation of a stand at the Ohio State Fair, Rev. Lorenz said. Gross sales amounted to $4700 with expenses amounting to $2300.

Eagles Talent Hunt Continues

Last week's winners, in the order in which they placed, were Andy Granley and Ronnie Booth, a drum and piano number; Margo, an acrobatic dance routine; Ruth Thompson, accordionist, and Mary Mann, dancer.

The next of the Eagle-sponsored programs will be held Sept. 17. Tryouts are still being held each Tuesday and Thursday evening, from 8 to 9, at the Aerie's offices.

Norman Diehl, general chairman of the contests, said this week that most of the acts which have been presented at the programs have been booked by scouts who were in attendance at the time.

Fire Officials Still Checking Blast Cause

The Fire Prevention Bureau was still checking on the case of the mysterious explosion Sunday night near the West Broad Street School. The loud blast, heard for blocks away, sent fire trucks and emergency equipment scurrying to the scene to find only a broken window and no further damage.

A crowd of several hundred persons quickly gathered at the scene.

Fire Department officials said Wednesday they had received reports that two boys were seen at the spot where the explosion occurred, minutes before the report was heard. It is assumed that they may have gotten hold of some type of powerful explosive that caused the blast.

A careful check of the scene revealed that the explosion had come from the outside of the building, throwing the glass into the building. Gas company workers checked all gas lines for the possibility of leaks but found no evidence of gas in the building.

West High Alumnae Is Bride Of Aug. 15

The altar of the Highland Avenue Friends Church was decorated with twin candelabra and fern for the marriage of Miss Martha Louise Jones and Mr. Dwight E. Naylor, on Aug. 15, at 2:15 p. m. The bride is the daughter of Mr. and Mrs. Zirn M. Jones and the bridegroom is the son of Mr. and Mrs. S. S. Naylor of Beloit. Rev. Chester G. Stanley officiated at the service.

For her wedding the bride chose a bouffant gown of white organdy made with a four-tiered skirt, long, puffed sleeves ruffled at the wrist and a high neckline. Her three-quarter-length veil fell from a tiara of seed pearls and she carried a bouquet of red roses. Her only jewelry was a lavalier belonging to her mother.

Miss Margie Ater was the maid of honor and only attendant. She wore a pink gown styled like the bride's and a halo of gold ribbon. Her bouquet was of gladioli.

Mr. Roy Burchfield was the best man and the ushers were Mr. Burris Jones and Mr. Edward Jones, brothers of the bride, and Mr. Keith Griffith.

Mrs. Edward Jones, sister-in-law of the bride, was solist during the program of nuptial music, accompanied by Miss Martha Garner at the piano.

A reception at the home of the bride's parents followed the ceremony. Assisting hostesses were Miss Vera Wolfe, Mrs. Burris Jones and Miss Margaret Naylor, sister of the bridegroom.

For the wedding the bride's mother wore a navy-blue and white dress with white accessories and the bridegroom's mother chose gray and white with white accessories. Both pinned an orchid at their shoulder.

The bride is a graduate of West High School and Comptometer School and the bridegroom was graduated from Goshen High School. Both are attending Marion College in Marion, Ind., where they reside at 211 W. Thirty-eighth-st.

Miss Anna Gilbert To Be Wed Sept. 18

Miss Anna Josephine Gilbert, daughter of Mr. and Mrs. Frank P. Gilbert, 711 Chestershire-rd, and Mr. James E. Wailes, jr., of El Paso, Tex., son of Mr. and Mrs. James E. Wailes, sr., of Tucumcari, N. M., are completing final arrangements for their wedding Sept. 18. The Rev. William Martell George will perform the open-church ceremony at 3:30 p. m. in West Park Methodist Church.

The bride-elect has asked her sister, Mrs. John O. Butterbaugh, to attend her as matron of honor, while Jeanne Butterbaugh, niece of the bride-elect will be flower girl.

Best man for Mr. Wailes will be Mr. John O. Butterbaugh, and the ushers will be a brother of the bride, Mr. Homer R. Gilbert; Mr. Milner D. Sherman and Mr. W. Worthington Howell.

Immediately following the ceremony a reception will be held at the home of the bride with two of her sisters acting as assisting hostesses, Mrs. Milner Sherman and Mrs. Worthington Howell.

On Friday, Sept. 10, Mrs. C. O. Rawlings, 621 Chestershire-rd will entertain for the bride-to-be.

Mr. and Mrs. Robert Bentz, 380 Wrexham-av, daughter, Sept. 6, in Mt. Carmel.

Glass Family Back From Western Trip

Mr. and Mrs. R. C. Glass, and their children, Sue, Kay and Dick, 172 Guernsey-av, returned Tuesday from a six-week vacation trip through the west.

They lived in a camping trailer during their journey, which covered an area of 9000 miles, and included visits to 18 states.

High spot of the trip was an annual meeting of 33 Indian tribes held in Gallup, New Mexico. Glass took 200 feet of colored movies of the affair. The Indians meet in Gallup wearing their full native dress including the headdress of feathers to compete for prizes awarded by the local merchants.

Spots of interest along the Hilltoppers route included Bad Lands and Black Hills of South Dakota; Yellowstone Park; Salt Lake City; Crater Lake, Oregon; Redwoods of California; Yosemite Park; Las Vegas; Grand Canyon; Garden of the Gods in Colorado Springs; and the Rocky Mountain National Park.

We should give as we would receive, cheerfully, quickly, and without hesitation, for there is no grace in a benefit that sticks to the fingers.

All movement in music when lubricated with cheerfulness, and all action hums with deep, strong notes of power when the oil of gladness flows freely.

Mr. Owen and Mr. Boyd were introduced to the group by Charles P. Maus, circulation and promotion manager of the Hilltop Record.

150 Girls At Day Camp

More than 150 Girl Scouts and leaders attended day camp at Clime Farm each day, Aug. 18-25. Mrs. E. Bradfute, chairman for the far west district, served as camp director and was assisted by Lois Swack, field director of the Girl Scout Council. Mrs. Lucy Fenstermaker served as camp nurse.

Several troops from Grove City attended this year. Transportation for Hilltop Scouts was provided by donations from John Burroughs PTA, Hilltop Kiwanis and Hilltop Business Association.

Very impressive were the opening and closing flag ceremonies by different troops each day. Many troops worked on earning badges while attending camp. One troop stayed overnight so that they could complete their camp-craft badge requirements.

Craft work was done in leather, clay and lashing. Many troops made lean-to shelters. There were many cameras clicking and movies were taken. They will be shown at the John Burroughs Neighborhood Association's first meeting.

Prairie Township Plans To Buy Inhalator

Prairie Township residents are preparing to equip their Volunteer Fire Department with an inhalator through voluntary contributions. The apparatus will serve all of Prairie Township and will also be available on need to Brown, Jackson, Norwich and Pleasant Townships with whose fire departments the Prairie Township organization has reciprocity arrangements.

While the need for this equipment has long been realized there have been no public funds available. However, the recent death by drowning of a Prairie Township boy, who might have been resuscitated had the proper apparatus been immediately available, has quickened the community's resolve to be prepared for other emergencies.

Organizations such as the Galloway Boosters Club, the Alton Grange, etc., have endorsed and are lending their aid to the project. So far about 25 per cent of the necessary amount has been subscribed, and contributions of any amount will be welcome and may be turned in to any member of the department, or at Joe Lamb's Sohio Station, 5344 W. Broad-st, in New Rome.

Volunteers Needed For YMCA Program

This week, Averille M. Thorn, executive secretary of the Hilltop YMCA, appealed to the people of the Hilltop for their assistance in obtaining the necessary volunteered leadership to run a good YMCA program.

At the present time, there is need for adults to act in the leadership capacity in hobby and craft work, a camera club, a girls' charm school training course, the coming basketball program, and numerous other activities which can be developed for the youth of the Hilltop if leadership is available.

Anyone who is interested, or knows someone wth abilities along the before-mentioned lines, is asked to contact the Hilltop YMCA by calling JO. 4641.

Across The HILLTOP ALLEYS

By Dick Ardle

The big question to most people in the sports world may be who is going to win the major league pennants but to the pinsters of the Hilltop this is only a sideline compared to the question of who is going to win each bowling league.

With all the leagues settling down to the routine of bowling each week, it's anybody's guess as to who the champions will be. In this first week of bowling just about everything happened, 600 series, high singles, low singles, high and low team games, and even a tie game were rolled. Jay Hyatt had the first 600 series of the season Monday night and it was the only one of the week. Joe Swisher's 244 and Joe Gregory's 85 were the high and low single games of the week. Allen Milk's 2680 topped the team events while Sayer's Realtors and Howard Opticians played the tie game with Howard Opticians winning the roll off.

Dick Ardle

This reporter has a habit of sticking his neck out and one of these days he'll get it chopped off, but here I go again. I'll try and give you an idea of who I think has the best chance of being on top when the leagues end next June.

Monday night: It looks from here as if Fox Cafe may be the team to beat in the early Commercial League. If George Moore can pick up a few pins from here in while the rest of the team holds their own they will definitely be the team to beat. Last week they rolled 2425. The team most likely to cause them trouble will be Shroyer Funeral Home.

The later Recreation League will probably be a toss-up since the Esquire team has dropped out but from here it looks like Allen Milk first, with a battle royal between Schroeck's Service and Seiller's for the runner-up spot.

Tuesday night: The Ladies' Pastime League looks like a three-team affair between Hilltop Sporting Goods, Althen Beauty Salon and Craft Real Estate. I would say Hilltop Sporting Goods had the best chance of the three. This league I would say was the up and coming league of the year.

Wednesday night: The Suburban League is probably the hardest of all the leagues to predict. If first weeks' scores were to settle the issue it would be the Seiller's team who were the champs. But things don't always go according to first weeks' scores so I think it will be Ohio State Construction, Seiller's and the First National in that order.

Thursday night: Warden Drugs and S. C. Stewart Black Toppers seem to be the strongest teams in this league, with Stewart's seemingly the stronger of the two. The later Business Men's League seems to be a toss-up between Fox Food Shop and McCullough Insurance, although I believe Fox's will be the stronger in the clinches.

Friday night: With new teams like Protexacar and Lewis & Ncon Coal Co. joining the Friday Nighters it's pretty hard to experience and pick Tawco Products and Maier Bros. to finish in that order. In the K. of C. League it's going to be a three-way fight for top honors between Murphy's Service, Demers, and Finneran and Fischer, with Murphy's more than likely to come out on top.

That's it, fellows. Now all that remains is to bowl the 35-week season and prove me wrong. So, go to it, keglers, and may the best teams win.

Maybe some of you would like to know how the future stars of the lanes are doing these days. With the boys' and girls' league less than two weeks ahead the kids are beginning to show more and more interest and it looks like a bigger and better season for both girls and boys. A match game was rolled between Rainfair and Stetson Hats, two of the boys' teams, last Saturday, and here is the official box score of the game.

PROMOTED BY PHONE CO.

John P. Gibbs has been appointed district commercial manager for the Ohio Bell Telephone Company's Columbus district, which includes Columbus, the rest of Franklin County and some adjacent territory.

Promoted from the position of Division Commercial Service Manager, he succeeds Homer E. Smart, who recently was promoted from the district position to Division Commercial Manager for the Ohio Bell Southern Divirion, which covers all of Southeastern Ohio.

"A Long Way To Go," Says West Coach Of 1948 Cowboy Team; To Meet Newark

"We've got a long way to go."

That was Coach Mack Pemberton's only comment after watching his 1948 grid hopefuls scrimmage against Grandview last Thursday afternoon.

He did qualify that remark with a more hopeful assertion: "We may get there."

The Cowboys go to Newark tomorrow evening to engage in a full-scale practice game but it will not be entered in the record books. It will be regulation game under the Newark lights.

Lacking the services of Paul Theisen, who is nursing an injured knee, and Brown, who got a bad cut on his right hand while running after a football in the street, Coach Pemberton was able to field a presentable first team that scored twice on the Bobcats first eleven. The second and third teams that played the second and third quarters respectively, made up a different story.

Neither of the second teams was able to score in the second canto but Grandview's third team racked up a six-pointer in the third period and then tallied again on an intercepted pass in the fourth period when both teams had their No. 1 squads on the field.

Playing under a hot September sun, the Cowboys gave a poor exhibition of ball handling, fumbling seven times for as many Grandview recoveries. There was a noticeable failure on the part of several West players to carry out their assignments resulting from not knowing their positions on some plays.

The Cowboy first string was made up of Easterly calling the signals in the place of Theisen; Miles at fullback; Culbertson and Frasher at the halves (Frasher was filling Brown's spot); the ends were Rudolph and Speakman; tackles, Weeks and Voss; guards, Orcutt and Moury, with Ankrum at center.

The second eleven found Nafzger in the quarterback slot with Shroeder at full and Lannigan and Eitle at the halves. The line had Sensenbrenner and Thrush at the ends; Lowry and Seiple at tackles; Wilson and Bostic at guards and Epps at center.

Alternating in and out of the third string lineup were Bowen and Birle at quarterback; Evans, Golden and Winnestaffer at halves; Binkley at fullback; Kruczynski, Tewell and Carson at ends, Muncie, Massie and Morgan at tackles; Will, Lazenby, Apel and Thatcher at guards; and Starkey at center.

Two Injured

The extent of the injuries is not known definitely. There is a good chance that Theisen may be able to go by time of the opening game with Marion-Harding on Sept. 17. It will all depend on how well his knee responds to treatment between now and then. Brown's hand required 12 stitches to pull together the cut he sustained when he cut it on the license plate of a car when he was running to catch a football in the street. It is very doubtful if he will be in shape to go by the time of the opening game.

The Cowboys again face a 10-game schedule that opens at Marion and closes with a return engagement with Cincinnati Hughes. In addition to the regular City League teams West must face Upper Arlington and New Philadelphia in non-league competition. The team will play four games away from home and six under the lights at Magly Field.

Clarence Bateman, in charge of the grounds at Magly Field, showed up Thursday in time to see the Grandview-West scrimmage. He is still nursing some scars on his left arm suffered when a truck overturned with a load of boys up near a Maine camp where he was serving as a councilor.

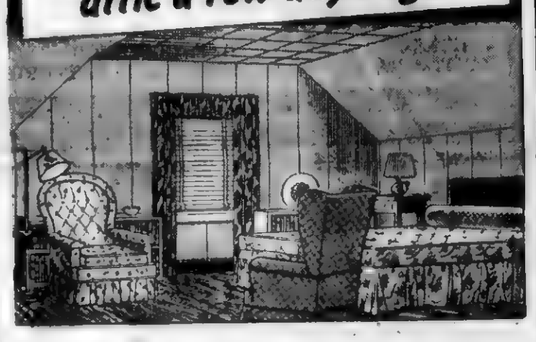
Football Time Again

Hilltop football fans are looking forward to the start of another season at West High School. The Cowboys open their 1948 schedule at Marion on September 17.

This may be a good, bad or mediocre season depending on how some of the unseasoned material develops and how strong other City League teams are. All but one of last year's starters on the West eleven have graduated so it's practically starting from scratch.

A test of good sportsmanship always comes when a school is at the bottom. This year could provide such a test for Hilltop football fans. Every team in the league will be gunning for the Cowboys this year to try to knock them out of the top position. Everyone points for the No. 1 team.

Mayor James A. Rhodes in a talk here last week, gave a good explanation of why American athletes took so many honors in the recent Olympic Games.



"The secret of our success," he said, "is the fact that our youngsters get encouragement and we keep them interested in sports for many years, whereas they are not permitted to participate in athletics abroad."

Good athletic programs built good character and good citizenship in our young men. The coaches at West High School are doing that in addition to developing their share of winning teams. Their program is worthy of support regardless of the standing in the win and loss column.

Squirrel Season

Next Wednesday will mark the opening of squirrel season for this year. Don't bank on its being the same date next year, however, because the Conservation Department seems to change hunting dates about as often as movie stars change spouses.

There was a time when you knew without reading in the papers that the season would open on Sept. 15. Down in Monroe County we always opened the season on Labor Day or a little earlier so we could get most of our hunting done before the "city fellers" started moving in for the kill on the date the season legally opened.

Farmers never thought of killing squirrels a few days in advance as being illegal. (They're law abiding citizens down there.) The game officials just never appreciated where their line of jurisdiction began in the eyes of the farmer. They had their own philosophy on the matter and I'm not so sure but that it still makes sense.

The squirrels and rabbits and other wild life grow up on the farmers' land the same as the blackberries, raspberries and sassafras. The animals eat their share of the farmers' crops and many times become quite destructive especially the fur-bearing animals that may come in and destroy a dozen or more valuable heads of poultry in a single visit. Why should the state or anyone else tell the farmer when and under what conditions he is permitted to shoot a mess of squirrels for the dinner table. Nobody tries to regulate the season on blackberries which the family didn't plant either but which grow on his property.

Mr. Farmer was never particularly selfish about his rabbit or squirrel crop. In most cases he didn't object to outside hunters coming in so long as they didn't break down fences and confined their shooting to the wild game. He only felt it his privilege to go out and shoot a few squirrels when he felt they were "ripe." What was left, the "city fellers" could have if they were lucky.

When I was just a kid the men didn't trust me with the secret that what they were bringing home in the gunny sack was squirrels. To confuse me they called them rats. It was a long time before I worked up courage enough to eat a piece of "rat" even though the rest of the family ate them with relish.

I for one was never convinced that excessive shooting in any one season ever resulted in a shortage of breeding stock for the next year. I believe that Old Mother Nature has a much more effective regulation of the squirrel supply in the availability of food. Just hunt over a piece of woods frequently for a season and what happens? The squirrels just become more alert and more difficult to shoot. There will still be some left even though you hunt the same woods every day.

The classic squirrel hunting story that reached these ears some months back had to do with the Sullivant-av nimrod who spent days in preparation for his trek into the hills of southern Ohio in the wee hours of the morning so he would be there by daylight. Arriving at the destination with a friend he discovered to his horror that he had left his gun behind the garage door 75 miles away.

So come next Wednesday, go into the woods if you're brave enough to stand up before the withering fire of the umpteen hunters that will be tramping over most of the state's wooded areas. But be sure you wait until the hour when shooting can start legally. They still have game wardens out, you know. But I can think of a few hollows (that I will not mention) where I'll bet you could gather up a good supply of exploded shotgun shells before Wednesday rolls around.

ATTENTION HILLTOPPERS:

Dear Neighbor:

We would like to call to your attention the importance of a campaign, that in the light of the terrific struggle accompanying the national and state campaigns, may be overlooked by the voters in general. We think it of vast importance to the people of Franklin County that they pay close attention to the race for Probate Judge and that they fully strongly behind the candidacy of Cloyd P. McClelland for re-election.

The Probate Court is one requiring great experience, deep humanity, extensive learning and judicial dignity. Judge McClelland possesses all of these attributes. His experience on the probate bench has earned recognition throughout the state. His human understanding of problems effecting the mentally ill, adoptions, marriages, estates and other matters that come before this important arm of our courts is a by word among the people. His learning is attested by the fact that he has been invited to write and has written nationally-acclaimed books on Probate Court law. His judicial dignity has gained him the respect of all who come before him.

While he is running for a non-partisan office, the dictates of politics sometimes demand that even a man of his stature be opposed at the polls. Judge McClelland's opponent is one governed by such dictates. We know that the people of Franklin County will want to return Judge McClelland to the position he has so eminently filled and we are asking you as our neighbors, interested in good government and good courts, to get behind his candidacy.

We feel confident that if you study the situation you will not hesitate to help Judge McClelland retain the position to which he has given unstinted and efficient service. As your neighbors we unqualifiedly recommend him for re-election.

Judge McClelland's name will appear on the separate Non-Partisan Judicial Ballot.

Sincerely,

Charles L. Kent, Harry L. Zulauf, E. O. Malone
Don's Ferrell, Hebert Rubin, Booker M. McGee

Religious Music To Be Played At Burgess Church

A record-playing mechanism that will play religious music in the community has been temporarily installed at the Burgess Avenue Evangelical United Brethren Church. It has been used at intervals during the past two weeks.

By action of the council of administration Friday night it was decided to purchase the equipment and make it a permanent part of the worship facilities. It was first installed for demonstration purposes during the recent Southeast Ohio Conference of the church that convened on the Hilltop Aug. 23-27.

The equipment consists of a record-player with amplifying facilities so that the music can be heard for a radius of several blocks. It can also be used to provide music inside the church and as a public address system.

Rev. C. F. Lutz, pastor of the church, said that a tentative schedule for its use in the community would be as follows:

Sunday from 8:45 to 9:00 a. m. and from 10:20 to 10:30 a. m.; Wednesday from 7:00 to 7:15 p. m. and from 7:00 to 7:30 p. m. on Saturday.

TOWNSHIP CEMETERY

This is the old part; somewhere underneath
Starred periwinkle blue, they lie in dust.
(A hundred years ago, this wind-swept hill enthroned its dead.)
Long, their waiting for the creeping wild.
The meadow lark's return,
Soft, padded feet, uneasy on strange earthiness.
Rain-smothered sandstones, half-buried in red clay,
Crumbling, nameless, lie content in whispering:
These are the dead.

We of the polished stone and withered flowers,
The close green sod,
How long must we wait?

BIBLE COMMENT
FOR SEPT. 12

Early Christians Failed in Trials Of Communism

THROUGHOUT the Christian centuries there have been numerous attempts to apply the Christian teaching of love, brotherhood, and sharing in communistic groups or societies.

These have been very far removed, in nature, spirit, and purpose, from the so-called communism of Russia, which is dictatorship, state oligarchy, and totalitarianism, founded on force and associated more with atheism than brotherly love. Nevertheless, these experiments in Christian communism failed, partly because Christian individualism is not easily destroyed, but more because of weakness and lack of fidelity to the common aims in members of the community.

The first of these communistic experiments was among the earliest Christians, who, we are told in Acts 4:32, "had all things in common." But, manifestly, it did not turn out well. Barnabas, a thoroughly good man, sold his land, and turned the money into the common fund. If all the Christians had been like him, and if all Christians were like him today, the story might be different. But Ananias, who professed to do the same thing as Barnabas, was a cheat and a liar, and his wife, Sapphira, aided and abetted him.

One can see, too, what happened in other places, where Paul found that certain loafers were expecting their fellow-Christians to take care of them. Paul said that Christian love and brotherhood didn't work that way. If mutual burden bearing was a duty of Christians, it was also the duty of each to bear his own burden. He decreed that if a man in the Christian group did not work, neither should he eat.

Paul and Barnabas, after their first missionary journey, had a disagreement. It was over whether John Mark should accompany them on a second journey, but one wonders whether there may have been differences, too, about this communistic matter.

Flowers of the Week

It is with regret that we announce that this will be the last week Paul Wichterman will fill the editor's chair at The Hilltop Record. He has resigned to take a position editing technical handbooks for the Surface Combustion Co., the same he held during the war. We on the Record staff as well as his many friends among our subscribers will miss him. We wish him well in his new endeavor and want to send him on his way with a nice-Rosebud floral tribute for a good job well done during his many years with the Record.

The Jones Boys Dood It

Leave it to the Jones boys.

A week ago Saturday the Presbyterian Church at Venedocia, O., celebrated its century celebration and all old timers of the congregation were invited back to sing.

And when it comes to singing you just have to count the Jones boys in. So W. Haydn Jones and three brothers decided they should sing as a quartet. But they ran into one difficulty—they were all four tenors.

But a little thing like that was no obstacle so Bill sets out to train the members and after rehearsals all summer they were fully prepared . . . the four tenors turned into a well rounded quartet with the required baritone and bass.

Henry Jones, another Hilltopper, and Mrs. R. P. Rauch of Van Wert were also on the program.

PLAN FREE TB EXAMINATIONS HERE—Dr. R. J. Miller (left), president of the Hilltop Kiwanis Club, discusses plans for the forthcoming free tuberculosis examinations with Mrs. Miller, president of the Kiwanis Auxiliary, and Dr. J. W. Miles, chairman of the committee in charge of arrangements.

Free X-ray exams will be available to all Hilltoppers from Sept. 23 through Oct. 8 at the headquarters of the Hilltop YMCA, 2585 W. Broad-st. This service is being made available to the Hilltop through efforts of the local Kiwanis Club and the Columbus Tuberculosis Society. The Auxiliary will assist in conducting the free clinic.

Professor Pig-Skin Offers $10 Each Week For Best Grid Prognostications

Can you do it??? Can you match your wit against that of Professor Pigskin and win $10? The professor has a contest to see if you can do just that thing.

He made the rules simple—anyone can win. Read the ads on Page 8B of this week's Record. In those ads you will find the names of the four games you are to judge. Pick the winners and the scores and print them—legibly—in the entrance blank on that page. Clip it out, and mail it to Professor Pigskin at the Hilltop Record, 2465 W. Broad-st, before midnight of the Thursday preceding the games.

The winning entry must pick all winners and have scores closest to the actual scores, but in case of a two way tie the prize will be divided. Entries cannot be returned. The contest starts this week and will continue until further notice. Winners will be announced in next week's Hilltop Record.

The contest is open to everyone except Hilltop Record employees and families but with only one entry to a person. Additional blanks may also be secured from Story Dry Cleaners, Teeter-Inn, Mac's Sunoco Service Station, Tanner Figure Control, Midland Market, Bill's Texaco Service Station, Sunbrite Cleaners, Essman's Red and White Store, Reichelderfer Insurance Agency, Penfield Market, Wright's Sandwich Shop, West Side Lumber and Coal Co., Gearhart Hardware Store, Goodwin's Pharmacy, and Joe Lytle's Oil Station, Biddle's Drive-In, Hilltop Garage and Service Station.

With the breath-holding stillness of the kick-off, an ear splitting cheer, the tantalizing aroma of hot-dogs, the peppy marches of the band, football season comes again. So dig out the pencil, figure out the scores, and mail them to Professor Pigskin. Maybe you'll be the winner of the $10 first prize or of the runner-up prize of two passes to the CCC Drive-in Theater. Watch the Record each week for further details.

Education Major Vehicle -- Young

Education is our biggest and most important vehicle.

This was the theme of the address of Irvin F. Young, principal of West High School, when he spoke before the meeting of the Hilltop Business Association at Westgate Church Tuesday evening.

He defined education as the production of useful human beings and pointed to the need of education to provide strength for our government to avoid undermining activities by minorities.

A highly pleasing entertainment feature was the presentation of Sheriff Ralph Paul's Singing Sheriffs, billed as "one thousand pounds of harmony."

Guests of the association included Safety Director C. C. Cole, Capt. Frank Harrison of the traffic bureau, Inspector Tom Scully and Rev. C. F. Lutz of Burgess Avenue EUB Church, and Dick Orr. The city officials were publicly thanked for their hearty cooperation with many endeavors of the local association.

Butler Furniture Co., 1438 Sullivant-av, was voted membership in the association.

Joe Briggs, chairman of the recent bean dinner, reported a net profit to the association of $476.

Resentment Mounts In Granting Liquor Permits

An Open Letter To The Governor

Is This Liquor Control?

Dear Governor Herbert:

We are addressing this letter to you to advise that a great number of people in this community are concerned over a recent action of the State Liquor Board. As the head of our Ohio government we believe you will want to take enough interest in the case to see that the rights of the citizens of a community are respected and that these same citizens be given consideration.

On April 2, 1948, numerous Hilltop residents appeared before the Dept. of Liquor Control to protest the granting of a D-5 liquor permit to the owners of a local restaurant. Petitions bearing names of about 1000 persons were presented in protest, wherein it was stated that there were three churches within a radius of 500 feet of the proposed location of the applicant for the D-5 permit.

This department saw fit to turn down the application and there was a hearty commendation of such action from residents of the Hilltop. It is their sincere belief that this community has enough liquor spots.

When the matter went before the state liquor appeals board on Aug. 11 this board saw fit to reverse the action of the first board and allowed the permit to be granted. Persons protesting were notified one week in advance of the hearing, which was held during the vacation period and some of the principal objectors were unable to be present.

Those attending the hearing report they were made to wait over one hour, thus retaining numerous individuals from their jobs for an extended time and loss of pay, that a postponement of the hearing was refused and the entire reception accorded the Hilltop delegation bordered on rudeness.

We have later been told that you have advised certain interested parties that you are in no position to change any action of this appeals board. This is perhaps true, technically, but isn't it also a fact that as head of the party in power in the state you have a certain influence that can be brought to bear to see that the people of a community get proper hearing and that your civil servants do not take it in their hands to brow-beat those who call upon them for service?

We have no fault to find with the person making application for this liquor permit. He operates a perfectly respectable restaurant business patronized by large numbers of good local citizens. The Hilltop needs his restaurant. We sincerely believe, however, that the Hilltop does not need more liquor spots. We believe this incident and other recent permits granted in this community are causing a large number of local citizens to think again in terms of local option.

For the benefit of all concerned there certainly must be a happy medium. We believe there are ample places on the Hilltop where a man can get a drink of beer or liquor if he wants it. Yet since the first of the year six new D-5 permits have been passed out in this community as well as numerous carry-out permits for stores and one new liquor store added. This makes the whole affair look like the State of Ohio wants to push its liquor business or maybe someone connected with the state has good reason to push it by way of allowing these permits to be granted. The apparent intent of the law that says there shall be no liquor spots within 500 feet of a church, school or library is good. But the case with which this law is overruled presents a danger that the people of Ohio should be concerned with.

What are the factors that make one board overrule another so easily,

We sincerely believe this is not a matter to be tossed aside lightly. We believe it is one that requires an explanation and a further commitment as to what the policy of the liquor department is going to be. We believe that the people of this community as well as neighboring communities naturally look to the governor for the answer.

Sincerely yours,
C. Carlton Harfley

Appeals Board Allows Two D-5's

Resentment continued to grow on the Hilltop this week over the granting of two D-5 night club permits to West Broad Street establishments that had previously been turned down by the Liquor Control Department.

The Biltmore Restaurant, 2414 W. Broad-st, and Eddie's, 2320 W. Broad-st, were each issued permits to sell liquor after their applications had been turned down several months ago. The cases were given public hearings before the Appeals Board and the original rulings in both cases were reversed.

Work was started this week on the construction of an addition to the Biltmore Restaurant on a lot to the west of the business place.

Considerable opposition to the granting of the Biltmore permit was voiced several months ago when approximately 1,000 persons signed petitions protesting the granting of the permit because it was within a 500-foot radius of three churches.

Last week Rev. Russell Olson, pastor of the Hilltop Lutheran Church, sent a letter of protest to the Department of Liquor Control over the way in which the appeals case was handled.

There was talk of scheduling a protest meeting over the affair, but as the Record went to press no specific information could be learned. The matter was discussed from the pulpits of several churches Sunday morning and there were reports to the effect that the situation might bring the matter to another local option vote.

In 1938 a local option election was held on the Hilltop. It failed to carry by an approximate one-third majority.

Hilltop Lutheran To Dedicate New Addition

Special services will be held at 8 p. m. Sunday in Hilltop Lutheran Church to dedicate the new $75,000 church school addition.

Dr. George W. Miley, president of the Synod of Ohio of the United Lutheran Church, will deliver the principal address. Rev. Russell J. Olson, pastor of the church, will be chairman for the program. Special music will be sung by the church choir.

The addition is the first unit of a proposed $200,000 addition to the present church building. Constructed of stone and reinforced concrete, it is wired for loudspeakers throughout.

Ground was broken for the church school addition May 4, 1947. The cornerstone was laid Sept. 28, 1947.

B. L. Emrich is chairman of the committee which supervised the construction of the building. W. B. Dilsavor is vice-president of the church council.

West Marching Band Prepares For First Game

Sixty-one members of the West Senior High Marching Band will make their first appearance of the football season at the first home game on Sept. 24 when the Cowboys meet Upper Arlington.

Although Director Charles W. Bennett had anticipated putting a larger band on the field this fall with the addition of many new 10B's from the Junior High Band, the band is actually a little smaller than last year's through the loss of several members to the football squad, through moving and through scheduling. However, with a new marching formation and snappy new marches to enlarge the repertoire, real competition is promised for the visiting bands this season. New field entrances and fanfares are also on the music menu.

Charles W. Bennett

Many fans will remember the appearance of the West Junior High Band at several of last year's games and especially the last game in which the two bands made a huge locomotive—smoke, wheels and all. This year's Junior group is enjoying growing pains and now sports 85 members. There is a possibility that the Junior Band will appear in at least two games, Bennett said. Time permitting, the two bands will do some combined formations again.

This year's baton group in the senior high includes several new faces. Competition was stiff this year for girl baton twirlers as four twirlers and two majorettes were selected. Late this summer Jim Hill, a solo clarinet player in the band, was selected as drum major. The baton group is planning to work for precision as a group and promises a treat for the fans this year.

Not only does the size of the Junior Band promise a bright future for the Senior High Band, but the size of the beginning classes on the various instruments gives a strong hint of noises to come. Seventy-one students are enrolled in beginning classes in clarinet, saxophone, trumpet, violin, trombone, bass and drums.

Connie Casey and Betty Roederer are the two majorettes selected for this year. Twirlers include Kathleen Barton, Pat Culbertson, Joanne Grisso and Ann Haire. Gene Beatty and Jim Daily are the managers.

The band is comprised of the following students:

Paul Alden, Rita Ambrosia, Jerry Bates, Pat Bennet, Roger Birtcher, Herbert Bosen, George Brintlinger, Arlowe Bryant, Gregory Burke, David Camp, Christine Charas, Earl Cline, Joe DePaul, Morris Dobbs, Kathleen Evans, Calvin Fields, John Gilbert, Joe Gossett, Carole Graham Bill Grim, Bob Guyton, Carl Hartley.

Winston Hawley, Charles Hensel, Tom Heyl, Richard Hurt, Joe Jenkinson, Jane Ellen Jones, Ralph King, Bob Large, Dennen Leach, Jim Lee, Malcolm McCoy, Bill McCrady, John McCarty, Dave Miller, Jack Moone, John Neff, Barbara Nippert, Robert Pike, Trafford Reams, Richard Ross, Sandra Ross, Patty Sands, Roseanna Scott, Kenneth Sebrell, Bill Shelton, Marcella Taylor, Paul Thompson, Virginia Vail and Janet Williams.

Boosters To Have Football Party For Coaches And Wives

The Booster membership drive was started last week with Dick Francis, 370 S. Richardson-av, and Bob Case, 87 N. Westmoor-av, serving as co-chairmen of the project. A goal of 1500 members has been set for this year with the drive continuing through the homecoming game on Oct. 22. Memberships cost $1 and entitle holders to admission to the homecoming game when West meets New Philadelphia.

The Boosters met Tuesday night. The pictures of last year's East-West game were shown at the conclusion of the business meeting.

Another meeting of the Boosters will be held at West High School Tuesday night at 7:30.

Plain City To Open Fall Festival Tonight

For free entertainment during its Fall Festival being held in Plain City Thursday, Friday and Saturday nights of this week, The American Legion Post has arranged for a concert by the London Community Band on Thursday night, a kiddies' Revue staged by Murphy's Studios of Columbus on Friday night, and a magic program by Ivan Wilcox of Briggsdale on the concluding night.

Proceeds from the rides, games and concessions operated by members of the Plain City Post will be used in completing repairs and furnishing equipment for the Post's Memorial Home.

Heading the street parade which will open the Home's dedication program on Sunday afternoon, Sept. 19th, will be the uniformed Drum and Bugle Corps and a large group of members from the Harold Kerr Post of Bellefontaine. Other units will include the Hilliards Post Memorial Band, the Plain City High School Band and various post and auxiliary groups.

Fall Registration Now Under Way

In order to vote in the fall elections those who fall into one of the following classifications will have to register:

1. Discharged veterans who have become 21 years old since being inducted.
2. Discharged veterans who were not registered when inducted.
3. Anyone who has not voted in two calendar years or has had a transfer in that time.
4. Anyone who will be 21 years old on or before Nov. 2.
5. Anyone who has moved from outside the city to inside the city.
6. Anyone who has changed his name since last election.

Discharged veterans who voted in the service should check to see if they are properly registered. Those who must register can either call in person at 214½ S. High-st or write the necessary information to the Franklin County Board of Elections before Oct. 4.

Harkless Develop Multi-colored Flower

Mr. and Mrs. John W. Harkless, of 791 N. Rose-av, have been working patiently and steadfastly for years to develop the multi-colored hydranges, a plant which had never before grown in this climate. Harkless, a retired railroad worker, bought two small plants 25 years ago and since that time has experimented with them, discovering how to start the small slips from which grow the plants.

The plant which originated in China and Japan, is shaped like a mushroom and has been known to bloom when as small as two inches. The plant blooms profusely from June until frost, with blossoms of pink and blue combinations. It can be transplanted any time of the year into any type of soil and never requires spraying.

Plain City To Open Fall Festival Tonight

For free entertainment during its Fall Festival being held in Plain City Thursday, Friday and Saturday nights of this week, The American Legion Post has arranged for a concert by the London Community Band on Thursday night, a kiddies' Revue staged by Murphy's Studios of Columbus on Friday night, and a magic program by Ivan Wilcox of Briggsdale on the concluding night.

Proceeds from the rides, games and concessions operated by members of the Plain City Post will be used in completing repairs and furnishing equipment for the Post's Memorial Home.

Heading the street parade which will open the Home's dedication program on Sunday afternoon, Sept. 19th, will be the uniformed Drum and Bugle Corps and a large group of members from the Harold Kerr Post of Bellefontaine. Other units will include the Hilliards Post Memorial Band, the Plain City High School Band and various post and auxiliary groups.

Fall Registration Now Under Way

In order to vote in the fall elections those who fall into one of the following classifications will have to register:

1. Discharged veterans who have become 21 years old since being inducted.
2. Discharged veterans who were not registered when inducted.
3. Anyone who has not voted in two calendar years or has had a transfer in that time.
4. Anyone who will be 21 years old on or before Nov. 2.
5. Anyone who has moved from outside the city to inside the city.
6. Anyone who has changed his name since last election.

Discharged veterans who voted in the service should check to see if they are properly registered. Those who must register can either call in person at 214½ S. High-st or write the necessary information to the Franklin County Board of Elections before Oct. 4.

Harklees Develop Multi-colored Flower

Mr. and Mrs. John W. Harkless, of 791 N. Rose-av, have been working patiently and steadfastly for years to develop the multi-colored hydrangea, a plant which had never before grown in this climate. Harkless, a retired railroad worker, bought two small plants 25 years ago and since that time has experimented with them, discovering how to start the small slips from which grow the plants.

The plant which originated in China and Japan, is shaped like a mushroom and has been known to bloom when as small as two inches. The plant blooms profusely from June until frost, with blossoms of pink and blue combinations. It can be transplanted any time of the year into any type of soil and never requires spraying.

Local Golfers In Semi-finals At Beacon Light

Local golfers will enter the semi-finals of the Beacon Light Golf Club Championship on Saturday or Sunday. The contestants will be vieing for the 28-inch Seiller rotating trophy and for individual permanent trophies for all finalists and consolation winners.

Highlighting the championship flight playoffs will be Earl Carper playing Brownie Miller and Bill Sapp against Ben Creedon. In the first flight Russell McClain will meet Dan Wolfe and Barney McClain will meet the winner of the Carl Dale-Bus Richards match, not played as The Hilltop Record went to press.

The Seiller trophy is being offered for the first time this year it will go to the winner of the championship flight for one year. Three years will be required to get permanent possession of the cup.

Squire Lewis is busy these days making plans for the Club Round-up to be held at Beacon Light on Oct. 3. More information on this annual affair will be forthcoming in the next few days.

In the quarter-finals of the championship flight, Earl Carper beat Norman Willie, 4 and 2; Brownie Miller bested Joe Case, 3 and 2, with a 71; Bill Sapp took George Kanavel, 4 and 2, while Ben Creedon qualified by downing Stan Russell, 4 and 2.

Bunn Newlon Blasts 664

The weather may have cooled off but some of the bowlers were still hotter than a blast furnace.

Bunn Newlon, leadoff man for Fox Cafe on Thursday night, displayed mid-season form as he knocked the pins around to the tune of 266-664. Even with this great effort by Newlon his team still lost two games to the Vec Dee Ers team. Bunn's first game was his best, with 266. He rolled 223 his second and then dropped to 175 his third game.

Dick Ardle

In the same league Chubby's and McCullough's put on quite a show for their followers as McCulloughs won the first game 860 to 841 and then dropped the next two by scores of 926-918 and 853-843. McCullough also beat the Cubby's team out of high totals by one pin, 2251-2250.

Thursday night seemed like a good night for both sexes as Sarah Winnestraffer blasted the pins for a 226-546 count. Her other two games were 171 and 149. Augene Stout of Riviera had 213-538.

Tuesday evening found Helen Conroy coming through for Cramer's Drugs with a 192 to take the single game honor while Kaye Kunz of Hilltop Van and Storage took the high three game honor with 470. Spang Drugs' 807-2310 was good enough for team honors.

Joe Bonner was the big gun of the Tuesday Nighters, who rolled for the first time this week. He had 231-591 to lead his Francis and Stinson Shell to a three-game victory over last year's co-champs Home Bakery, and also to high team totals of 2520. Yoder's had the high single team game of 898.

Mabel Schmidt, rolling in the No. 3 spot for Craft Real Estate, broke the 200 mark for a 209-465 total. Her total helped her team to a three game victory over Gearhart's Hardware. Mary Lou Beauty Salon had the best team effort of the evening with 769-2181.

In the latter league it was myself with 220 and Carl Breckenridge with 571. His better half was in the spectators Wednesday evening. Maybe that's what did it?

Friday night found a new name entering the individual honors column as Boots Maier led his Maier Bros. team to its sixth victory with a three game mark of 589 and a high single of 211. Maier Bros. by sweeping their three game series with Eddie's Tavern, gained high series totals of 911-2642.

Lou Noble, anchor man for Howard Optical, put together games of 200, 180 and 209 for a grand 589 total in the K. of C. League with their handicap of 747 (249 per game). They took team honors with 1080-3052.

Things are really booming around the Hilltop Bowling Alley in the way of forming bowling schools for beginning bowlers. With the leagues going full blast now, schedules are being made as to times of classes.

As we go to press nothing definite has been set but as soon as information is obtainable it will appear in this column. If any readers are interested in details they may call RA. 0128 and ask for "Red" Ward. He will be glad to help you in any way he can.

Mrs. Bell Killed In Car Crash

One Hilltop resident was killed in an auto accident and two were injured when struck by cars Saturday.

Mrs. Dorothy Bell, 1436 Walsh-av, was fatally injured when the auto driven by her husband, Robert Bell, collided with a parked municipal light truck on route 33 opposite Twin Rivers Golf Course. The driver of the truck, Charles L. Groomes, of 138 N. Westmoor-av, had gone into the club house to turn out the lights. Mrs. Bell was taken to the Mt. Carmel Hospital where she was pronounced dead shortly after 11 p. m. Her death was attributed to head injuries.

Funeral services were held in the Noble L. Allen Funeral Home, Tuesday, at 2 p. m. with burial in Eastlawn Cemetery. Besides her husband, she is survived by a 17-month-old son, Robert Lee; her parents, Mr. and Mrs. Harry Horner; two brothers, Harry and Jack; and a sister, Betty, all of Columbus. Mrs. Bell was a graduate of North High School and a member of the Glenwood Methodist Church.

Dave Daniels, 5, of 523 Souder-av was struck by an auto near his home. He did not require hospital attention.

Harrison Baker, 76 Cypress-av, was treated in Mt. Carmel Hospital for cuts and bruises he received when the motorcycle he was riding skidded and threw him to the pavement in W. Broad-at.

Boy Scout Survey Is Being Planned

Boy Scout officers of the Southwest District are making plans to conduct a survey of boys in the community who may be interested in scouting but who are at present not connected with any troop.

M. E. (Jack) Sensenbrenner, 335 Guernsey-av, district chairman, explained that there is a place in scouting for all boys. Many troops and cub packs would welcome new scouts. Any boy or parents of boys who are interested in this movement are invited to contact Sensenbrenner at RA. 2080.

Cub scouting is for boys 9 to 12 years of age. Boy Scout work takes the youth through 15 years of age and senior scouting continues on from that point.

West High Cowboys To Open Grid Season Tomorrow Night

Hundreds of Hilltoppers Will Journey To Get First Look At Title Defenders

Hundreds of loyal Hilltop football fans are expected to head north tomorrow night to witness the opening of the 35th football season for West High School.

The game will be played under the lights of Marion-Harding High School. The occasion will also mark the defense of last year's grid crown won when Coach Mack Pemberton's boys went through an undefeated season with what was one of the Hilltop's greatest teams of all time.

Tickets went on sale at the West High office yesterday. They are available to both students and adults. Admission is 75c for adults and 40c for students. George Williams is in charge of all athletic tickets this year.

Tomorrow night's encounter will mark the fifth time the two schools have met on the gridiron. The Cowboys need a win to even the record of other years. The series of games started with Marion in 1942 when West came out on the small end of an 18 to 6 count. The following year the results were much closer but the Presidents nosed the Hilltoppers by a 7 to 6 score. In 1944 the result was a draw, the game ending in a 7 to 7 tie. The 1945 meeting saw the Cowboys in their first win. The final score was 25 to 7.

Marion Tough

Marion is figured to be tough this year. Reports from the northern city are to the effect that last year's team, made up of virtually all sophomores, won seven out of 10 games played. If that is true, it would be little consolation for the Cowboys who lost all but one of last year's regulars and most of the replacements as well.

Friday night a non-paying crowd of some four to five thousand people watched West go down to a 19 to 0 defeat under the arc lights at White Stadium in Newark. It was strictly a practice game but was played in regulation order with the exception of the time. Only 10-minute quarters were run off.

The Cowboys played Newark on even terms through the first half but faded badly in the third and fourth cantos. The game established one evident fact. The West players were not ready to go a full game.

Coach Pemberton indicated that conditioning would be the No. 1 item on the training schedule all this week.

The Cowboys missed their lone scoring opportunity in the second period. After Danny Miles had carried the ball to the Newark 3-yard stripe, an offsides penalty put the host team back to its own 1-yard marker. It was fourth down and goal to go. A fumble on the next play gave Newark the ball on their own 5.

Seconds before the halftime, Theisen tossed a long pass to Miles who raced to the Newark 37 before being brought down. The pass was good for a gain of 52 yards but it was the final play of that period.

Dennison scored for Newark about the middle of the third canto, running the ball from the West 17. Anderson's kick was wide. The tally came close on the heels of 51-yard jaunt by Meriweather of Newark.

On the second play of the fourth period, McVay ran right down the middle from the West 38-yard stripe for the second touchdown. This time Anderson's kick was good.

A Theisen pass to Speakman was good for 18 yards, but seconds later the West quarterback had one intercepted by Flights on the West 45. Picking up his interference he raced all the way for the third touchdown. The kick was no good.

Coach Pemberton used Theisen only on offense all during the evening. Easterly started the game at quarter and played most of the defensive game. West had Speakman and Rudolph at ends, Weeks and Voss at the tackles, Creutt and Moury at the guards, Ankrum at center, Frazier and Culbertson at the halves and Miles at fullback.

After the game Friday night Pemberton indicated these same boys would probably constitute tomorrow's lineup at Marion. If Brown is ready to go this week, he may run at one of the halfback positions in an effort to put more speed into the Cowboy backfield.

Epps, Schroeder, Nafzger, Selple, Lowry, Starkey, Bostwick, Wilson, Lannigan and Sensenbrenner were some of the boys who did replacement duty during the Newark practice game.

Program Of Athletics Planned For Vets In Local Hospitals

Veterans in hospitals sometimes wonder if they've been forgotten now that the shooting's over. The days are long, but they can be made a lot shorter when there's a ball game to watch or a hobby to pursue.

The Red Cross has always helped to soften the lot of the hospitalized veterans, and since this spring has reorganized to make it even easier for civilian volunteers to do their part. The newly-organized entertainment and instruction service has launched an ambitious program to bring sports and recreation of all kinds to the patients of the Chillicothe Veterans' Hospital. Already, softball games and bicycle races have been brought to the patients in exhibitions by amateur teams from Columbus, and an entertainment unit of 50 girls has planned parties and picnics and brought entertainment into the wards for those patients unable to leave their beds.

To meet the needs of the Chillicothe hospital and those of other hospitals and institutions in the community, the entertainment and instruction service is asking the help of any individuals or groups who can either entertain with music, comedy skits at the hospital, or who would like to arrange with the Red Cross to bring a group of veterans from the hospital to Columbus for dinners or athletic events. If you or your group would like to help, you are urged to call the Red Cross or Mrs. Harold C. Kay, RA. 5296, chairman of the service. This is a chance to prove to the men who are still fighting the war that we haven't forgotten.

Mrs. Harry E. Hawes Wins Gas Range

A Wayne-av housewife, Mrs. Harry E. Hawes, won first prize in the Columbus Citizen's summer recipe contest. As her prize she will receive a Caloric gas range. Her winning recipe, one for pear-pineapple salad, was given to her years ago by a family friend. The recipe is as follows:

One large can diced pineapple drained, one large can diced pears drained, one pint of whipping cream, one cup of grated cheese.

Dressing: one cup sugar, 3 tablespoons flour, 4 beaten egg yolks, one beaten egg white.

Combine with drained fruit juices. Cook in double boiler until as thick as pudding. Cool dressing. Place fruit in the bottom of a glass baking dish about five by 10 inches by two inches deep. Add cold dressing over the fruit. Then whipped cream over all. Top with grated cheese. Serves 12.

Girls' Athletic Field Project At West To Get Under Way Following Delay

Work of grading the area to the west of the West High School building is expected to get under way this week in preparation of a girls' athletic area.

The project will eventually involve moving a portion of fence on the north side of Magly Field, to a point near the cafeteria entrance and continuing the fence north along the alley to connect up with it. A blacktop walk will run around the northwest corner of Magly Field, continuing west from the cement drive already there.

The improvement is being sponsored by the West High Boosters Club and had been originally planned for completion during the summer. However, needed woven-wire fence could not be delivered in time, Irvin F. Young, principal of the school, said.

Some changes in handling of extra-curricular activities at the school were announced by Mr. Young this week as the second week of school got under way. Myron Seifert, journalism teacher, will take over the business ad class in addition to his other work on the Occident. George Williams will have charge of ticket sales for all athletic activities. Wayne House has been named school treasurer and Clarence Bateman will serve as faculty manager of all athletics.

Williams announced that tickets for the West-Marion Harding football game to be played at Marion Friday night have gone on sale at the school office. They are available to the public at 75c for adults and 40c for students.

The school will again carry insurance on the football players with the state athletic association insurance setup. This is the second year that this player insurance has been available. Premiums will be paid by the athletic department of the school this year. Last year the Boosters Club paid the premiums.

Ticklers

By George

"Confident, isn't he?"

Every emotion that you enjoy, or suffer, is inspired by the setting about you. The whole sermon of success is written around the mental attitude.

The year 1940 is fast drawing to a finish. "Time and tide wait for no man." Let us make the most of our opportunities.

Haec olim Meminisse juvabit, which being interpreted means: It will be pleasant to remember these things some day.

Amrines Write Of Visit To Santa Fe Fiesta

Among the thousands thrilling to the color and sights of the annual Fiesta at Santa Fe this year were Mr. and Mrs. Grover Amrine of 180 Binns-blvd, who are visiting Harold Amrine, wife and daughter, Norma Jean.

The Fiesta, which lasts four days, celebrates the capture of Santa Fe from the Indians by General De Vargas. It opens at 8 p. m. with the dramatic burning of "Old Man Gloom," a dummy about 40 feet high. Able to move his head and hands, he moves and groans as the fire reaches him. This is followed by a display of colorful fireworks. Then attention is turned to the football field at which place the chosen Fiesta Queen is crowned. From then on the Fiesta is in full swing, with happy excitement every place. All types of costumes are to be seen from the most elaborate and colorful to burlap sacks.

The Plaza, a large park in the center of the city, is the hub of the merry-making with a century old merry-go-round in one corner. But it seems that no place lacks banjoes and singing. A noisy parade winds through the streets. Mr. and Mrs. Amrine describe the parade as being "historical and hysterical."

The palace of the governors, located in the city, is an adobe building about 300 feet in length. During its time it has been under four flags. Indians, in colorful costumes, are along the palace selling their wares—rings, bracelets and pottery. Refusing to leave at night, they sleep on the sidewalks.

Sunday the noise of the merry-making subsides to a profound, permeating feeling of Thanksgiving. In the evening from the cathedral comes the low, hum of mixed voices chanting a hymn which marks the beginning of the candlelight procession. The lights of the candles held by each of the hundreds of faithful believers who have come from all parts of the country to take part, cast a spell of magic over participants and viewers as the procession slowly and softly moves around the Plaza and through the streets. Eventually every one is participating.

Monday the gaiety of the parades and street dances returns. The Plaza is littered with debris, which will be the silent reminder on the next day of the joy, color and excitement of another Fiesta.

Probably no future president can boast that he was born in a log cabin, but he may truthfully say he was born in some in-law's attic or a converted garage.

The key-note of existence is joy, and happiness is the merit to which all movements are mon-strated.

A Service To The Hilltop

Every Hilltopper, regardless of age, should take advantage of the free X-ray service being made available in the community by the Hilltop Kiwanis Club. The free clinic will be set up in the Hilltop YMCA Building, 2585 W. Broad-st, on Sept. 23. Examinations can be made daily through Oct. 8.

This free health service is being made available to the community by the local Kiwanis Club and the Columbus Tuberculosis Society with offices at 503 Oak-st. The value of this service cannot be underestimated. While significant strides have been made in recent years to curb the spread of tuberculosis, it still continues to claim 55,000 lives in the United States each year. Needless to say many times that number are suffering from active cases not yet in the critical stage. Additional thousands have learned what it can do to their bodies and have been either wholly or partially cured as a result of proper care and treatment.

Some people think they are safe from TB because they have passed the age of 30. Medical authorities tell us that there is no safe age. Of the 55,000 who will die each year as a direct result of TB, 40,000 will be over 30 years of age.

This step taken by the health committee of the Hilltop Kiwanis Club can go far toward identifying active cases in time to do something about them before too much damage is done. To thousands of others the fact that they know that their lungs show no evidence of the disease will bring untold peace of mind. We believe that this constitutes one of the most effective steps in community service that any organization could render. Its success will depend on you taking advantage of the service yourself and telling someone else about it.

"Will They Stay Up There?"

HILL TOPICS —By PW—

The —36— Mark For Hilltopics

There comes a time in most of our lives when we find it expedient to sever employment ties with one concern and join up with some other line of work. Such a time has arisen for the author of this Hilltopics. Ere the ink has dried on this column, we will have taken up new duties with another Columbus concern in a little different line of endeavor.

It is always with a feeling of regret that we make such a decision. In this case it has been doubly difficult because of the many enjoyable personal ties that have grown up over better than eight years with The Hilltop Record.

There's something a bit different about weekly newspaper work from most jobs. You are many times in a position to favor an individual or a group by satisfactorily handling news or publicity items. Many friendships grow up in that way. As a matter of fact a good percentage of the people we have come to know on the Hilltop we first met in just that way.

With a very few exceptions most of our news contacts have been maintained on that level. It is always a pleasure to do a favor for some one who appreciates same and the smart publicity chairman of any group soon discovers that fact. It has been a personal source of satisfaction to know that the paper we have had the pleasure of representing was in a position to help these various organizations obtain their goals.

We have been and always will be sold on the Hilltop as a place to live. We believe that the type of people who have made up this community are a little bit the finest of any to be found anywhere. We could be slightly prejudiced on that point but it's a nice feeling to have about one's own community.

The Hilltop can always be what its citizens want it to be. The Record is in a position to help make this feeling known. In passing may we say that that has always been our goal as a reporter and editor. How well we have succeeded in that respect will be determined by time alone.

There have been times in the past and there will be times in the future when residents of the community will have to take a stand on issues that may not be of universal accord. The liquor problem on the Hilltop is one of these problems that must be faced in the near future. The rate at which additional business places are being licensed to sell intoxicating beverages constitutes a real problem as to the future type of community we are to have. Every serious-minded resident of the Hilltop ought to make up his mind whether or not he wants to see intoxicants sold in every drug store, grocery, restaurant and confectionery. This problem can not long be ignored.

But to get back to the subject of this discourse, may we take this means of expressing our personal thanks to all of you who have been such regular and understanding contributors to the Record. While we will not have the pleasure of handling your material from here on out, we know it will be in good hands. Your cooperation in the past has been a source of no little satisfaction. May you be as understanding in the future as you have been in the past.

And to the employes of the Record, may we express our deepest appreciation for a fine spirit of friendship and cooperation. From back shop to front counter, we have enjoyed working with every one of you. The Record Gang is made up of a swell bunch of fellows and gals. Thanks all.

So without wasting more valuable news space, may we say —30— for now.

P. S.: Don't file the Hilltopics plate, Ted, it's worn out anyway.

Starling Jr. Hi

Enrollment Increased Over Last Year

L. W. Huber, principal of Starling Junior High School, announced that the school has a slightly higher enrollment this year than last. School opened Tuesday with about 20 to 30 more pupils than last year. The number of boys in Starling (461) is somewhat lower than the number of girls (483) this year.

Gas Pipes Repaired

Gas pipes, which had numerous leaks and could have caused a serious explosion, were removed at Starling Junior High School and replaced with new pipes from the Central Avenue main and throughout the building. Because of repairs in the basement of the new part of the building, the cafeteria was not opened until Thursday.

During the summer there were also the usual repairs of scrubbing the floors, walls, and ceiling. Two coats of gray paint had to be applied to the outside of the building.

Starling Welcomes New Teachers And Clerk

The faculty at Starling Junior High School this fall includes three new teachers: Mrs. Dorothy N. Downs, Mrs. Marian Vanock, Mrs. Howard Taylor, and a new clerk, Joanne Shandy.

Mrs. Downs attended Ohio State University and then taught in Dublin for five years and at Pilgrim Junior High School in Columbus for four years. Mrs. Downs lives in Worthington with her husband and daughter. Mrs. Downs is teaching in the music department in place of Mrs. Gertrude Woodin who is on a leave of absence.

Mrs. Marian Vanook teaches commercial arithmetic and general business at Starling this year to replace Mrs. Jean Phillips who resigned. Mrs. Vanook graduated from Fields College in Trenton, New Jersey. Mrs. Vanook taught previously in Bliss College in Columbus.

Mrs. Howard Taylor is teaching cooking at Starling Junior High School this fall as a substitute for Betty Ley who is still ill as a result of an automobile injury last spring.

Joanne Shandy, the new clerk at Starling, is a resident of Columbus and has been working previously at the Home Insurance Company. After completing her work at North High School, Miss Shandy attended Ohio State University for one year.

Letters To The Editor

To The Editor:

NEED HELP??

This article is written in behalf of the many Boy Scouts in our community who are unable to be 100% Boy Scouts because they cannot obtain the necessary funds to buy the things that they need, such as uniforms, camping equipment, and handicraft materials.

These boys cannot get the money because they are too young to work in our commercial businesses while in school and they have limited time either to look for, or to do any job. Yet, it can be heard every day on our streets that boys for odd jobs cannot be found.

In this article presented to you, the friends and neighbors of the Boy Scouts in this community, we would appreciate your letting the boys know when you have odd jobs to be done. Then these boys, as Scouts, will assure you of a good job and the money will be really appreciated.

Try to get a steady Scout to take care of your odd jobs, such as carrying out ashes, raking leaves this fall, washing porches, or cleaning basements.

This article is not written as an advertisement, but it is written by a friend of the Boy Scouts who sees, more than the average, the need of our community help.

Dick Geshwilm

EDITOR'S NOTE: Any person having odd jobs to be done by boys in the community can make their wants known by calling the Hilltop YMCA, JO. 4641. Request thus received will be referred to deserving boys who want the work.

Sunday School Teacher Extends Invitation

With fall activities well under way, the following appeal to attend Sunday School and church was issued this week by M. E. (Jack) Sensenbrenner, teacher of the Fidelis Class at Hoge Memorial Church. The same invitation is extended by every church on the Hilltop to those who have been negligent about church attendance through the summer.

"Vacation time is over. Children everywhere are going back to school to take up where they left off. Others are starting anew to be educated in this American way of life so that they will be able to step in and take their place in God's world when the time comes—and it will come.

"Many boys and girls, men and women, have also had a vacation from Sunday School and church. It would be great for our country and the world if we could say to all of them, 'It is time for you to go to Sunday School and church. The doors of God's house will be open wide. Why not start in this Sunday?'

"Oh. Listen with me. The clock of life ticks now and we can hear it. After a while it will tick and we will not hear it. There is so much fine living to be done—so many opportunities to help others and, in helping others, to bring happiness to ourselves.

"The church of the Living God offers you this opportunity and also helps build a foundation for you that will stand when times get tough and you have your back up against the wall.

"May this Sunday, Sept. 19, 1948, find you in the church and Sunday School of our choice. If you do not have a Sunday School or church home, I extend to you a Christian invitation to attend my Sunday School class at Hoge Memorial Church and also to worship with us at our morning church service.

"If you will do this—especially you adults—you will be leaving the children who watch you a legacy far greater than any money you could give to them and at the same time you will be helping to build a christian Hilltop and in so doing—keep that commandment which God Himself gave to us:

"Remember the Sabbath Day to to keep it Holy."

Lord's Prayer Subject Of Sermon Series

A series of sermons on the Lord's Prayer will be preached by Rev. Norman L. Schreiber, pastor of the Westgate Methodist Church, starting on Sunday, with the subject; "Hallowed Be Thy Name."

Topics for ensuing Sunday sermons are as follows:

Sept. 26 — "Thy Kingdom Come"; Oct. 3 — "World Wide Communion"; Oct. 10 — "Give Us This Day"; Oct. 17—"Forgive As We Forgive"; Oct. 24—"Thine Is the Kingdom."

Services start at 10:30 a. m. in the church located at 345 S. Brinker-av.

All persons who helped and who patronized the food stand at the Ohio State Fair this year were thanked in a statement from the church this week. The church will again operate a stand on the ground next year.

His chest was protected BUT...

Drape-shape steel gave this well-dressed knight a certain amount of protection against stray missiles . . .

Yet he died, not in battle, but in bed . . . felled by a deadly dart 1/10,000th of an inch long—the *tubercle bacillus.*

He and millions of others through the ages never knew what hit them.

Today *we* know. But ignorance and indifference still account for most of the 50,000 people who are killed by tuberculosis each year.

The germ that steel couldn't stop certainly can't be thwarted by a business suit or a mink coat.

Modern science and medicine, however, *can* give you effective chest protection. A chest X-ray is a sure way to detect TB!

If you are harboring TB germs, an X-ray can "see" their destructive effects long before you feel sick. If proper treatment is started in the early stages, the cure is comparatively easy.

The later TB is found, the longer, harder, and costlier will be the cure.

Remember, too, that TB is contagious. A person who has TB can spread it to other members of his family.

You can find out whether or not you have TB by having your chest X-rayed.

SO PLAY SAFE...

Hilltonia To Launch Drive On Sunday

Plans are being completed for a canvas of the community surrounding the Hilltonia Evangelical United Brethren Church for financial support in the building program now under way.

Work is progressing nicely on construction of the new church building, immediately to the north of the present building at 522 Columbia-av. Members of the church will make calls on the homes nearby for cash or pledges to be used in the building program.

Oct. 24 will mark another anniversary of the church. A complete schedule of activities is being planned for that day with Jerry Spears scheduled to preach at the morning and afternoon services. Mrs. George Roberts is planning the musical program for the evening.

Teams of workers will conduct the neighborhood canvas scheduled to start next Sunday. The captains of the four teams are Harold Ball, Mrs. Otto Mithoff, Mrs. Glennice Smith and Mrs. Israil Wise.

Sept. 26 will be rally day in the Sunday School. Harold Roberts is the superintendent. World Communion will be observed on Oct. 3 and Men's Day scheduled for Oct. 17.

Rev. Roscoe Parr recently started his second year as pastor of the church.

To Celebrate Golden Jubilee

On Sunday, Sept. 19, St. John the Baptist Church, Lincoln and Hamlet-sts, will celebrate its 50th anniversary. There will be a Solemn High Mass at 10 a. m., with the Most Reverend Bishop, Michael J. Ready, D. D., presiding. In the evening, at 7:30, there will be Solemn Benediction of the Blessed Sacrament, followed by a reception in the church basement.

BIBLE COMMENT
FOR SEPT. 19

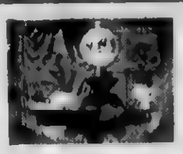
Clash Between Christianity And Paganism

PAUL in his missionary journeys encountered much opposition and persecution from his fellow Jews, who were as much opposed to the new Christian way as he himself had once been.

But sooner or later he was bound to come into collision with the paganism, and licentiousness, of the cities in which he preached.

The clash came in Ephesus which was the capital city of the Roman province of Asia, and an important place on the great trade route between Rome and the East. It was an excellent center from which Paul could carry on his missionary work, and he remained in the city for nearly three years.

At first Paul seems to have met with little opposition. Pagan religionists and authorities were probably sure enough of themselves not to be troubled about some new, small, and strange religious group.



The clash when it came was not really religious, but arose over economic gain and self-interest, with the religious outcry as a pretext. The goddess, Diana, usually represented as a huntress, was actually Artemis, the goddess of fertility, immoral rites were associated with her worship.

The silversmiths who made shrines for the goddess became alarmed about their loss of trade. Among themselves they said, "Our craft is in danger," but to the public they said, "Great is Diana of the Ephesians." Led by Demetrius, they stirred up a mob riot against Paul's companions. It was a typical mob, and about to become violent, when a man stepped forth whose name is unknown but whose fame is enshrined on the sacred page. It was the town clerk of Ephesus, calming them, talking common sense, and reminding them that they were likely to get into trouble with the Roman authorities. He, too, worshipped Diana, but paganism has its sincere souls who live up to the best that they know.

This Is Another Way To Look At It

We understand that some of the Hilltop tavern owners have become a little perturbed about recent comments in The Hilltop Record regarding liquor control and the granting of additional permits in this community.

We have no criticism at this point against any present permit holder nor do we hold any ill feeling against any prospective holder. Our quarrel is with the state liquor department. Our contention is that the Hilltop has ample facilities for quenching thirsts of cur population and that further granting of permits should be halted.

We have contended that all this expansion of the liquor business on the Hilltop is arousing the public to the place where it will again attempt to put across a local option vote and eliminate all such places here.

One permit holder, who had previously been critical of our attitude, has since agreed that it behooves all local permit holders to object to an expansion of the liquor traffic here and at the same time to clean up the present places of business that dispense the liquid. Such action may be the means of them staying in business.

Education . . .
A Few Definitions

We liked the definitions of education as given by Irvin F. Young, West Principal, last week at the meeting of the Hilltop Business Association, and pass them on:

Mr. Young's choice definition:

"Education is the production of useful human beings."

Dr. Burgess Johnson's first definition:

"Whatever happens when an adult and a child walk and talk and work together in friendly fashion."

Dr. Johnson's definition after he was requested to put it into more technical terms:

"Education is the process by which secretions to the efferent speech patterns and the contentual and potential mentality of preadolescence are developed by attention to the howness and whichness and whyness of objective experiences, as they are correlated to concomitants in establishing with satisfyingness the fixitivity of the norm and the preponant responses of the neurones, assuming maximum feasible self-direction with accrescent maturization; and when that is attended to, let us hope they will not fall on the buttered side."

Record To Add New Feature Section

Recent months have found an ever increasing use of the space in Hilltop Record columns to the extent that we have been unable to use a lot of feature stories in this community from week to week. In addition we have considerable demand from readers for some home community poetry, recipes and household features as well as general magazine type features.

In order to give cur readers a well rounded paper that will contain more features, a special Feature Section will be a part of the issue of Oct. 7 and thereafter once each month. It is hoped that the section will improve in quality from month to month to the extent that there will be a demand for it as a regular weekly supplement.

With this announcement the Record welcomes more local news and will be especially grateful for tips on suitable interviews and feature stories from the community.

Free TB Exams Open at Y

Free tuberculosis examinations are available to all Hilltoppers beginning today, at the Hilltop YMCA quarters, 2585 W. Broad-st. These tests will be made without charge through Oct. 8.

This service is being brought to the Hilltop by the local Kiwanis Club in conjunction with the Columbus Tuberculosis Society. Dr. and Mrs. R. J. Miller, presidents of the Kiwanis Club and Auxiliary, are working with Dr. J. W. Miles, chairman of the committee in charge of arrangements.

The auxiliary will assist in conducting the clinic.

Oct. 4-7 from 9 to 11 a. m. examinations will be available to industrial groups. Chest pictures will be taken at local YMCA headquarters from 2-5 and 7-9 p. m. Anyone is eligible, 15 years and up.

Rev. Smoot Named Head Of Ministers

Rev. Denver H. Smoot, 2394 Pomola-st, was elected president of the Hilltop Ministerial Association when the group met Monday morning at Hoge Memorial Church. He succeeds Rev. J. Herbert Goewey, formerly pastor of the Hillcrest Baptist Church, until June when he was recalled into the U. S. Army. Rev. J. L. Dean and Rev. J. F. Lorenz retain their offices of vice-president and secretary-treasurer.

Two committees were appointed Monday. Rev. R. S. Parr heads the committee in charge of arrangements for the union service which will be held at Thanksgiving, and Rev. J. L. Dean is chairman of the committee which will prepare for the banquet for ministers and their wives to be held at the November meeting.

No report on the liquor question was made at this first meeting of the fall season. Rev. A. J. Wold, who has followed the reports on the granting of liquor permits, was out of town at the time. However, two additional ministers, Rev. Harold Dutt and Rev. W. Howard Schoof, were named to assist on this committee. The association has said that it will co-operate with any group which desires to clear up the local liquor situation, and at present is working with the WCTU.

Drivers' License Sale Hours Are Extended

Russell Henry, deputy registrar for the sale of drivers' licenses in this district, said this week that the sale is running well ahead of last year's and he appealed to Hilltoppers to buy their permits now, and not wait until Sept. 30, last day of the sale.

The Robinson Electric Store, corner W. Broad-st and S. Wayne-av, headquarters for the sale, remains open each Wednesday afternoon in order to accommodate more local purchasers.

At present store hours are 9 a. m. to 5 p. m. daily, but beginning Saturday, Sept. 25, through Sept. 30, the hours will be extended to 9 a. m. to 9 p. m.

Two Hilltoppers Are Beaten, Robbed

John Reid, 131 S. Wayne-av, and Carl Thompson, 109 Harvard-av, reported to the police Monday that while walking at Hosack and High-sts they were attacked by two women and a man who beat them and robbed them of $90.

Reid and Thompson told police that the women held them and kicked them while the man rifled their pockets. They were treated for cuts and bruises in St. Francis Hospital.

Leading Actors In Hilltop's Biggest Show

Weeks — Theisen — Miles

These three gentlemen are expected to play the major roles in the biggest news story on the Hilltop this week . . . Yes sir! It's football time again and right here at home on Magly Field when the Cowboys will meet Arlington Friday evening at 8 under the lights.

These are the three lettermen back from last year's championship team as caught in practice by a Record photographer. Weeks is left tackle, Theisen is quarterback and Miles is fullback.

Adult tickets for the game will go on sale at West High office today and continue through Friday afternoon.

Charles Bennett, West High School band director, said this week that the Junior and Senior bands will both perform tomorrow evening at the first home game, between the Cowboys and Upper Arlington.

Earlier in the week, temporary bleachers which seat 7000 had not been erected on the east side of Magly Field. The band's formations have been planned assuming that the bleachers will be installed by tomorrow night, and will be carried out in that fashion.

The Junior High band of 85 members will perform at the beginning of the game. The senior band will march onto the field at half-time, led by the drum major and majorettes. From a block formation they will break, form a "U," followed by a "U-A," facing the east side of the field.

Facing the West bleachers they will go into a bear's head to the tune of "Who's Afraid of the Golden Bear?"; then form a ten gallon hat, while playing "I'm an Old Cow Hand"; and the grand finale will be a "W" formation with the usual "Hail the Cowboys," and "Rah, Rah, for West High."

Finals In Talent Contest Friday

Fourth and final contest of the talent scouts' program was held at the Eagles' Club Rooms, 2358 W. Broad-st, Friday night. The acts were so closely contested that two were chosen to compete with the winners of the three preceding contests in the grand finals to be held Friday night.

The two acts selected were an acrobatic dancing act by Francis Wiseman and Phyllis Bickles and a vocal duet, "The Sweetheart Duet," by Norman Blakely and Florence Hooker.

Others competing for the grand final prize will be Ray Baker, tap dancer; Andy Granley and Ronnie Booth, piano and drum team, and the Bernard sisters, who will travel 130 miles to compete.

The Eagles, who will have other contests at future dates, wish to thank all who have entered and assisted in this contest series.

New Drug Fails To Save Life of Vet

Melvin Clemmens Carper, 31, of 35 N. Huron-av, whose life was declared saved by a new drug two months ago, died Sept. 15 in the Dayton Veterans' Hospital.

Hospital officials told Carper, in late July, that they had used a new drug, "aninoptrin", on him, and that his life had been saved. He was suffering from leukemia (a blood disease), pneumonia and jaundice. A short time later he returned to his home, where he remained until recently.

During World War II he served 22 months in the South Pacific, where it is believed he contracted a glandular ailment which led to leukemia. After his release from the service he returned to the Hilltop where he opened his own business, Melvin's Roofing Co.

Surviving are his wife, Mrs. Geraldine Carper; a daughter, Jacqueline Carper, and his parents, Mr. and Mrs. Charles C. Carper, all of the Huron-av address, and six brothers, Fred, Elmer, Earl, James and Charles C. Carper, Jr., all of Columbus, and Cpl. Byron R. Carper, Fort Dix, N. J.

Funeral services were held Monday in the Jerry Spears Funeral Home, with burial in Green Lawn Cemetery, including military committal services.

Need To Amend Liquor Law

— An Editorial —

Last week the Record called upon Governor Herbert in an open letter to provide this community with an explanation and a further committment as to what the policy of the liquor department is going to be with regard to further granting of liquor permits here.

In the face of all the labeling of the present Republican administration as a "wet" one there has been no reply to our letter. Perhaps the administration is too busy with plans for the coming election to deal in "petty" affairs in a community as small as 40,000 people.

In the meantime we have learned that the state Republican committee has been asked to insert a plank in the state platform calling for the amendment of the state liquor law, a much needed amendment designed for the purpose of outlawing some of the abuses the amended law has suffered.

The suggested amendment reads along these lines: "Inasmuch as the 1947 legislature amended the Ohio State Liquor law to permit open hearings on the granting of permits for the sale of alcoholic beverages within a radius of 500 feet of churches, schools, libraries, swimming pools, and recreation centers, and since many groups from all parts of the state have taken advantage of this law, but since the record shows that very few permits have been refused, therefore the Republican party pledges support for an amendment to the liquor law that will definitely prohibit the issuance or renewal of any permits within 500 feet of such institutions."

We feel there is considerable merit in such an amendment. The Republicans can certainly make no mistake in adopting it. Although the Democratic convention has been held, they too should adopt a similar pledge. Certainly a large number of people over the entire state will favor such an amendment.

We continue to hear so much criticism of the Republican administration in this matter of the conduct of the liquor department that we feel the voters are entitled to a statement of policy that can be relied upon before election day rolls around.

Dance Hall Burns In $25,000 Blaze

The Oak Grove Dance Hall, 8340 Alkire-rd, was destroyed by fire Tuesday evening, with loss estimated at between $20,000 and $30,000.

The blaze was discovered shortly after 8 o'clock by Art Kimmel of Georgesville. The club was not open at the time the fire started.

The Rome and Grove City Fire Departments both answered alarms, but the frame building was destroyed before their equipment arrived on the scene.

The hall was owned by James Ricketts, 93 Alkire-rd, who said the loss was partially covered by insurance.

Scout Benefit Movie

Proceeds from a movie at Miles West Broad Auto Theatre on Sept. 30 will go to the Boy Scouts in the Southwest District to carry on the scouting program in the community. The latter is in technicolor.

Lorenz (left) and Jack Colebeck (right), Mrs. Anna Sloan, 82 years of age, and Mrs. Ellen Colebeck, 78, are pictured, center above, breaking the ground last Sunday for the new Community Christian Church to be located at Powell-av and Olive-st. The ladies are the two oldest members of the congregation.

Red Skelton So Hot Film Catches Fire

Red Skelton "dood" it again! So hot were his acting and jokes Monday evening at the Miles West Broad Drive-In Theater at 4050 W. Broad-st that half a reel of film was lost by fire as they were showing "Merton of the Movies", in which Red was featured. The fire occurred some time around 9:30.

A bright flame that shot into the air around the projection booth added to the entertainment and excitement of the customers.

Boosters Set Goal At 1500 Memberships

The West High Booster Club's membership drive will afford two lucky people the privilege of attending a game between the Cleveland Browns and the Forty Niners on Nov. 14 This contest is open to all Hilltoppers.

A goal of 1500 members has been set for the club this year, and in order to promote sales, the two persons selling the most memberships will be the guests of the Boosters at the Cleveland game, acording to Dick Francis and Bob Case, co-chairmen of the project. The winners will be in the same party with the West High coaches and their wives, also guests of the club. The winning salesmen may invite their wives, husbands, or friends to accompany them.

Francis pointed out this week that the memberships of girls and women to the club are just as valuable as those of the men. He said that some persons have the idea that it is a "man's club."

Admittance to the Homecoming game between West and New Philadelphia on Oct. 22, is free, when you're a Booster member. The memberships at $1 each are available to all. Contact Dick Francis at RA. 0725.

The ten-gallon Cowboy hats, which became so popular last year, are again on sale at Seilers, 2409 W. Broad-st. Booster members, by showing their membership tickets, receive the hats at cost.

Jack Sensenbrenner, an active member of the club, went before the pupils of West High School this morning at an assembly which boosted the Boosters.

Tickets for the "Booster Special," the coach to Cleveland sponsored by the local West fans are now on sale at Seiller's Department Store. Anyone wishing to attend the Browns game, may purchase tickets there.

The group has scheduled another meeting at West High School on Tuesday evening, Sept. 28, at 7:30 p. m. On Tuesday of this week, when the club met, a total of 200 memberships had been sold.

Child Injured In Hit-Skip Accident

Three-year-old Michael McCarty, son of Mr. and Mrs. Eugene McCarty, 184 Lechner-av, is reported in a "fair" condition at the Mt. Carmel Hospital. Michael was struck by an auto as he darted across W. Broad-st. near Wheatland-av. Friday. The green sedan, sped from the scene after the car had dragged the child 20 feet along the street.

Michael, the 17th youngster of school or pre-school age who has been hurt since Sept. 7, was walking with his father when he suddenly darted away. The father was searching for Michael when he learned of the accident.

Frank Noe, service manager for Nelson's Appliances, 2287 W. Broad-st, witnessed the accident in the rear view of his auto. He leaped from his car and ran across Broad-st. to notify Capt. Thomas Stringer at No. 17 Engine House. Capt. Stringer immediately called for the emergency squad, who administered first aid at the scene and then rushed the boy to Mt. Carmel Hospital where it was said that he suffered severe head injuries and possible internal injuries. Shortly after Capt. Glenn Hoffman ordered all detective cars to aid in the search for the hit-skip motorist, and Capt. Frank Harrison of the Traffice Bureau dispatched all available motorcycle men to help in the hunt.

The accident came a short time after Capt. Harrison had urged parents to educate their youngsters in traffic safety, emphasizing the need for this by stating that in all but 4 of the 17 previous accidents children ran into sides of autos or into the paths of cars. The other four involved youngsters riding bicycles.

Mrs. Shell Injured

Mrs. C. F. Shell, 241 S. Richardson-av, former owner of the What-Not Shoppe at 2490 W. Broad-st, was seriously burned Tuesday evening at her home while canning tomatoes.

She was burned about the face, neck and arms, when one of the scalding hot cans blew up in her hands. She will be confined to her home for some time.

Local Option Is Talked

A local option vote for the Hilltop was the topic of conversation in many corners of the community this week following the recent expansion of the liquor business on the Hilltop with the granting of additional permits here.

While several groups have met and discussed the possibility of a local option vote it has been pointed out that it is too late to get the question on the November ballot and that should petitions be circulated to place the matter before the people for a vote it would be next spring before such action is taken.

In the meantime no further statement has been made available from Governor Herbert or the State Liquor Board regarding a policy in the matter of granting such permits.

It was learned in the recent overruling of the state liquor department by the board of appeals in granting a D-5 permit for a local restaurant within 500 feet of three churches, that one member of the four person board was not present when the decision was made. Mrs. Maude McQuate, a Republican, was on vacation at the time the decision was made.

The WCTU women of the Hilltop have had their "pats on the back," "promises," and "runarounds," now they are ready to make demands.

This was the theme of the rally held at the Highland Avenue Friends Church Tuesday evening. Mrs. Rose Henderson, county WCTU president was the speaker.

Before an audience of about 80, which included four local ministers and many men, she gave a rousing address directed at the local liquor problem.

"What we want, she said, "is not the privilege to have a hearing before the liquor board, when a permit is to be issued. We want a law that definitely prohibits any more permits being issued where there is a church, school, library, or place of recreation nearby.

"Countless times I have appeared with various groups before the liquor officials, protesting the granting of such permits. Countless times have they listened to our story, patted us on the back, practically promised to act in our favor, and then reversed their decision the next day, and we would read about it in the paper and know we had to begin again.

"Women have to work twice as hard for anything as men," she said, "and then it's precious little we get. We must take action, because as long as the voices of the good are silent, the forces of evil will sweep everything away."

Nailor Is "Fair" To Undergo Surgery

Joseph C. Nailor, 109 N. Burgess-av, Columbus attorney and Republican State Representative, remained in "fair" condition at St. Anthony's Hospital as the Record went to press.

The 70-year-old former city councilman has been hospitalized since Sunday. Earlier in the week four blood donors were sought to prepare Mr. Nailor for an operation which hospital officials said was of a "very serious" nature.

Hospital attendants said yesterday that the donors had been obtained, and that the surgery would be performed in the next several days.

Have You Sent Your Football Contest Entry In?

Professor Pig-skin's desk is piled with the answers in the first week of his contest, winners of which he will announce in next week's Record.

But there is a new contest every week. You still have an opportunity to win $10 in first prize or two passes to the CCC Drive-In Theater as the prize for the runner-up. He hopes that again this week his desk will be piled high — but this time he wants YOUR entry among them.

Rules remain the same — clip the entry blank from the page in this issue or get one from one of the advertising stores. Read through the ads and choose the winners with their possible scores. Write them legibly in the blanks and mail it to the Professor at The Hilltop Record office. Everyone except employees and families of the Record can enter. Will you be the winner this week?

THE WARNING

I never have written a song for August—
(August was flippant, August was young.)
I gave all my love to my love in August
And that song is sung.

Never go back and look for the poplars,
Never return, for the pathways are dust,
And the leaves and the lanes and all of your dreamings
Are heavy with rust.

Never retrace the old outlines of August;
One who retraced them is telling you so.
Limp in the heart hang the larkspur and laughter—
And it's best not to know.

THIS WILL KILL YOU!

It's no joke! Tuberculosis is a real killer. It claims approximately 50,000 victims every year... one person every ten minutes!

And, between the ages of 15 and 44, TB leads all other diseases as the cause of death!

Appalling figures? Yes, and all the more appalling when you consider that TB is curable and can be eliminated. An X-ray can spot TB in its early stages, when it's comparatively easy to cure!

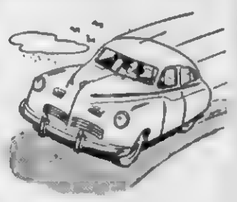
Food Value of Peas, Beans

Dried peas and beans are less expensive than meat, yet contain many of its food values. But because a serving of peas or beans has only about one-third the food value of a serving of meat, eat them to get your full quota of protein.

Avoid Rushing Children



Send your children off to school with a cheery "goodby." Never rush them around in the morning, thus making them feel they are keeping you from getting your work done.

Hilltop Fire House To Be Among First Built In City

The Hilltop will be one of the three outlying communities to receive the first fire engine houses in the city's expansion program. It will be located at Sullivant and Brinker-avs.

Chief Walter G. Strickfaden and Service Director Elmer A. Keller conferred Thursday with the two architectural firms hired to draw the plans. The chief's recommendations call for single-story structures. Materials and design are to conform with surrounding buildings in the respective communities.

Each building will have both front and rear entrances, making it unnecessary for the big pumpers and ladder wagons to block thoroughfares while backing into their houses. Two wings, one for a dormitory and one for an assembly, will be built. There will be a large concrete ramp in the rear where hose will be reassembled and engines cleaned before being put back on the floor.

Because the present cable-gong system cannot be extended at this time, outlying communication will rely entirely upon the city's FM radio circuits. Although radio communication is not yet recognized by the National Board of Fire Underwriters, Chief Strickfaden stated that "our system is the most modern in the nation and absolutely reliable."

Initially, each of the three stations will receive one new piece of apparatus. Under the present, tentative plan the Hilltop station will receive a pump.

Break Ground For Church

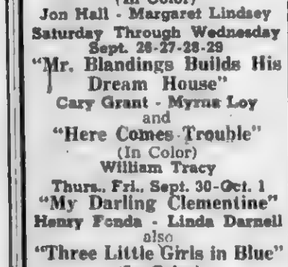
At 11:30 Sunday morning the ground was broken for the Community Christian Church, a new Hilltop Church, by the two oldest members of the congregation. Site of the new structure is Powell-av at Olive-st. Excavation was begun Tuesday. Ralph Orr is the architect.

The new church was organized during the past two months by Rev. James F. Lorenz, organizer and former pastor of the Westgate Methodist Church.

On June 6 the newly formed congregation held its first services in the West High School auditorium. Rev. Lorenz expressed the hope that by Christmas the first portion of the new basement would be completed, and, they could begin holding services in it. Additions to the edifice will be made as quickly as possible.

The portion of the foundation which is now being built will house two class rooms, an auditorium which will seat between 200 and 300 persons, a kitchenette, and rest rooms.

Future plans call for the outside structure to be of Columbus limestone. The building, when complete, will have a sanctuary, 120 feet long, built from east to west along Olive-st; an educational unit which will be added to the northern back portion of this; and a chapel which will extend from the unit to the east, fronting on Powell-av. Archways will extend along Powell-av to the southern half of the building, enclosing the garden court. The church's main entrance will be on Olive-st.



The pastor reported that approximately 100% of his congregation was on hand Sunday to witness the beginning of its future home. The church has 60 members at present.

Childhood League To Hold Campaign

The annual campaign for funds by the Childhood League will begun Sept. 27, with Mrs. Curtis A. Morris, 1400 N. Hague-av, and Mrs. Jerry Spears, Jr., 2672½ W. Broad-st, assisting in the drive.

The league maintains the Sullivant Gardens Nursery School, located at 514 Mt. Calvary-av, which at present has a waiting list of 41 children. The members hope to be able to furnish a building to be used as a nursery and as headquarters for the establishment of additional nurseries throughout the city.

Each year for approximately two weeks, the women solicit advertising and contributions in order to carry on their charitable work. The familiar green service containers on the streets of Columbus are another of the league's projects, and has been maintained by it for the past eight years.

Death of 73 Year Old Man Is Mystery

Disappearance of two fishing reels and a watch caused an element of mystery to surround the finding of the body of a 73-year-old fisherman, John C. Jordan, formerly of 20 N. Glenwood-av, near Big Darby Creek, two miles south of Route 40, on Friday.

Dr. Robert A. Evans returned an official verdict of death due to heart trouble but he and Sheriff's Deputies Paul Stormont and Robert Neds were mystified that the two casting rods carried by Jordan when he collapsed had no reels on them and that no line could be found. Neither was there a watch on the watch chain.

The body was discovered by Howard Johnson and his hired man, Roy Cross, on the farm operated by Johnson. Dr. Evans said that the aged man had died eight hours before he was found.

The victim until two weeks ago resided with a son, Jessie Jordan, at the Glenwood-av address. At that time he moved to an address in Wisconsin-av. Until several years ago he worked as a cook at the Columbus State Hospital.

Funeral services were held Sunday at the Born Funeral Home. He is survived by two sons, Jessie and Lee, both of Columbus; and a daughter, Mrs. Elizabeth McLaughlin, who resides near London.

Horse Falls On Rider

All the geography and science classes attended the exhibit.

Easy To Make Closed Seam

Closed seams are often used on loosely woven fabrics to prevent them from fraying. They are made by trimming one edge of the seam and then creasing and hemming the second edge over the edge that has been trimmed.

Both Teams Won Last Week; West Noses Out Marion By 21-18 Score

The West High School Cowboys will inaugurate the 1948 home gridiron stand under the lights at Magly Field tomorrow when Upper Arlington's Golden Bears come to the Hilltop.

Both teams are fresh from first game wins last week in which the Bears trounced South by a 40 to 7 tally while the Cowboys were coming from behind in the final minutes of play to nose out Marion Harding by a 21 to 18 count in the northern city. The game tomorrow promises to be a sell-out since Upper Arlington will be out to avenge last year's 40 to 0 shellacking administered by the 1947 championship West eleven.

The Cowboys will be out after their 15th consecutive win — a string of victories that started with the final game of the 1946 campaign and continued unbroken through the 1947 season.

To many of the West fans who accompanied the team to Marion last week, the win was reminiscent of the way last year's team came from behind in the final five minutes to upset a bewildered Springfield eleven. There were many moments during the game when it looked as if one jolting fullback, Clarence Smith, was going to score at will as he rambled through the West team for touchdown runs of 77 and 38 yards respectively and set up the third score for the Prexies when he galloped 45 yards to the West one-yard stripe.

The Cowboys got off to an early lead when on the first play following the kickoff, the Prexies let the ball squirt out into their own end zone for a safety. Kicking from their own 20-yard line, Marion was again in trouble when a West sustained drive of 10 plays carried the ball over for the first touchdown. It was the elusive Gene Brown who carried the ball into pay dirt from the 5-yard stripe. Week's kick was wide.

On the very first play following the kickoff, the 198-pound Prexy fullback ran all the way from his own 23-yard line for the first home-town tally. His try for extra point was no good and the score stood West, 8, Marion, 6, at the end of the first period.

Again in the second canto, Smith plunged from the Cowboys' 38 for the second Marion tally. Smith's pass for the extra point was intercepted. The second West touchdown preceded the Prexy tally by five plays when Miles, Theisen, Brown and Culbertson took turns at lugging the pigskin from their own 49 where Rudolph had recovered a Marion fumble. It was Culbertson who plunged over from the 11. Weeks' kick was good.

Neither team could score in the third canto but Dowler carried the ball from the West one-yard stripe for the third Marion touchdown in the fourth period. That put the Cowboys behind by three points with only seven minutes to go. Theisen went back for a pass to his own 16 where he was swarmed under by Prexy tacklers. Again he faded back to about his own five. This time he hit Don Speakman with a pass on his own 25. Eluding two Marion tacklers the Cowboy end galloped 75 yards for the final score of the game.

The Cowboys stopped Marion and took over the ball on Marion's 37. With less than two minutes to go, Theisen went into the line on two quarterback sneaks and then drew two successive penalties for too much time. The gun sounded, ending the game.

Big Chuck Weeks spearheaded the Cowboy defense throughout the evening, displaying the type of play that last year won him all-city honors.

The lineups were as follows:

West	Pos.	Marion
Rudolph	LE	Taylor
Weeks (C)	LT	Boma-
Orcutt	LG	Menzer
Ankrom	C	Daum
Moury	RG	Williams
Voss	RT	Upton
Speakman	RE	Thomas
Theisen	QB	Leffler
Culbertson	LH	Dowler
Brown	RH	Bishop (C)
Miles	FB	Smith

Touchdowns — (West) Brown, Culbertson, Speakman; (Marion) Smith, 2, Dowler. Point after touchdown — Weeks. Substitutions — (West- Easterly, Conley, Seiple, Thrush, Epps, Lowry, Schroeder, Frasher, Binkley, Starkey; (Marion) Foteman, Reest, Andrews, Isaly, Seckel, Ledford. Officials—Pfeiffer (Denison), referee, Pierce (Ohio Wesleyan), umpire, Burghalter (Heidelberg), head linesman.

Four Hit 600

Four men, all from different leagues, hit the coveted 600 mark this week. Monday night found Kenny Shaw leading his Seiller's Department Store team into a tie for first place with a rousing 625.

Dick Ardle

He had single games of 213, 201 and 211. On Tuesday night in the Tuesday Nighters League it was Al Conroy who blasted the pins to the tune of 184, 188 and 247 to help his team, Shell Francis and Stinson, to an unblemished record of six wins and no losses. Wednesday night in the Suburban League found Carl Breckenridge rolling the highest game of the week, 285. He closed with games of 188 and 169 for a 615 total. The highest series of the week went to Larry Baird, rolling for Schroeck's in the Business Men's League, as he hit for games of 217, 231 and 187 for a grand 635 total.

On the more feminine side it was two subs who came through with the high totals of the week. Ruth Perry, subbing on the West Hill Furniture team Wednesday night, rolled games of 203, 156 and 178 for a 537 total. Gen Graham of Hilltop Van rolled the highest series, 495, for a regular.

Marge Liston rolled games of 174, 154 and 186 for the high series of 514 but had to relinquish the honor to Cal Kimball with 207-500 because Marge was only subbing on the Rausch Brothers team. Helen Neeshan led her team, Stewart Black Toppers, to high team honors of 828 and 2287 with her games of 176, 173 and 168 for a 517 total.

Tanners All Dressed Up

The Tanners Figure Control team on Wednesday night and the Mary Lou Tuesday night team are really dressed up this year. Both have dresses of gray, trimmed in red. From the looks of the standings it must agree with them. Tanners is in a tie for first place with a 7-2 record and Mary Lou is in a tie for first in its league with a 6-3 record.

Rea-Bow To Have Hon. Member Night

Members of the Rea-Bow Improvement Assn., Inc., and their friends enjoyed themselves at a box social, held at Rea-Bow Hall Saturday, Sept. 18. Proceeds will go to further improve the hall at Clarendon-av and Whitehead-rd.

Plans are under way for the official fall opening, Oct. 2. That night has been designated by the association as "Honorary Member Night." The association sets aside one Saturday night a year to entertain its honorary members with a pot-luck lunch, gifts and old-fashioned square dancing. These members, who live outside the community, have made substantial donations toward the association.

The association at its last regular meeting voted to extend voting rights to these honored members. It was also voted to ask that flasher lights be installed at the Eakin-rd and B&O RR crossing. The B&O Railroad has promised an immediate investigation.

Troubles Aren't New

Some times it is discouraging to listen to people tell of their many present day woes and such conversation certainly can get you down in a hurry if you allow it. We've found, however, that the best way to keep from joining them in their pessimism is to recall that all the present day complaining isn't anything new at all.

Every year, every month, every week and almost every day brings some new worry for people. BBut while the new ones spring up the old ones have been overcome and many times we are better able to meet the new ones today.

And all the while the worry of one person may be a joy to another. We distinctly recall when we started in business for ourselves back in 1932 and were advertising lard in the newspaper at 5c a pound. In those days the low price gave the farmer a lot to cry about. Today the hog has been elevated in society since he became worth so much more and today it is the consumer who cries.

Now we see by a financial journal where toy makers are crying over the fact that department stores aren't placing their orders until well up to time to sell the merchandise. There yas a time when the toy manufacturers took their orders immediately after Christmas for the following holiday a year away and then had many months in which to fill the order. Today the stores just won't buy because they claim the prices may change and new items may come out before the holiday season. So the one time happy toy maker is now unhappy and the one time unhappy store buyer is now happy . . . and perhaps the kiddies will be happy too, cause a dolly that would "drink and wet" in January markets may "drink, wet and wail" by the time the new ones come out much later in the year.

So if things look a little discouraging to you today just remember that they were once better . . . and they will be better again.

The acceptance by the Board of Elections of petitions carrying the names of approximately 4000 Hilltop votes asking for the privilege of local option on the liquor question, makes the issue sure to appear on the ballot in the coming election on Nov. 8. Letters To The Editor

Dear Mr. Hartley,

I want to be one of the first to congratulate you for your open letter to the Governor in the September 16 issue of The Hilltop Record.

After compiling some statistics from one of the daily papers my intentions have been to write a letter to the Governor's office but I am sure a letter of this type will do more good than any individual letter would ever do.

On June 24, 1948, there was an item in a daily paper as follows: "124 Persons Face Police Judge In Monday Session. 95 of these arrested on drunk counts."

Aug. 25, 1948: "State Liquor Profits Mount. The state government earned a net profit of $15,250,000 on sales in its liquor stores and agencies in the year ended July 1. This compared with $6,750,000 in the preceding 12 months."

I am proud of our beautiful state of Ohio but I am ashamed of figures such as these.

"Liquor Bargains On Sale Sept. 10. A new 30-day bargain sale of 53,000 cases of slow-selling liquors began Friday, Sept. 10, in state liquor stores."

These figures are from state sales only. I'm wondering what the total figures from individual sales would be.

What can a state expect as to law and order when it is up to its own neck in the very thing that places people in a position to violate the laws.

"Note Big Hike In Children Turned To County's Care."

The increasing breakdown in American family life is reflected in Franklin County by a sharp rise in the number of children who are being made wards of the county—an increase of 45 per cent since Jan. 1, 1946, Kenneth S. Kline, executive secretary of Child Welfare Board, said Wednesday. Franklin County will need an additional $85,000 to meet the cost of caring for the children who are wards of the county besides the $264,832 appropriated Jan. 1 by County Commissioners, he said.

We have no record of children being thrust upon relatives because of broken homes. No doubt they would outnumber the state wards. Multiply the number in Franklin County by all counties in the state and subtract the cost from the liquor profits and they would look pretty sick.

All broken homes are not due to liquor but a goodly number are, either directly or indirectly.

There is some excuse for county wards during a depression but little for times like these.

It seems to me that it is high time we who are opposed to these evils let ourselves be known. I'm a firm believer in the teaching, "Faith without works is dead."

I'm one who signed a petition that was presented in protest to the Department of Liquor Control April 2, 1948.

Very truly yours,
Mrs. H. E. Starcher

Dear Mr. Hartley:

I would like to commend you for the stand you have taken on the State Liquor Board's issuing D5 permits in our neighborhood.

My congregation stands behind you 100% and we appreciate men who have courage to speak as you have. We are in for anything that helps to make a better community.

Gratefully yours,
Denver H. Smoot

BIBLE COMMENT
FOR SEPT. 26

Books of Timothy Reveal the Story Of Great Character

AMONG the friends of Saint Paul were Christian disciples of three generations—Timothy, the young man whom he called his "son," and to whom he addressed two epistles that have come down to us in the New Testament; his mother Eunice; and his grandmother Lois. (New Testament Books of I and II Timothy.)

From a reference in Acts we know that Timothy was the child of a mixed marriage, his father being a Greek, his mother a Jewess. But from the fact that his early training is attributed solely to his mother and grandmother, it is assumed that the father was dead when the family came to know Paul.

The companionship between Paul and Timothy continued throughout Paul's life, though they were not always together. We know from various references that Timothy was with Paul at Ephesus, at Corinth, and in Macedonia.

He was also with Paul in his first imprisonment at Rome, and Paul sent for him to come to Rome during his second imprisonment. Whether Timothy arrived there or not is uncertain. What is exact and unmistakable is the fact of his solid character and ability, for Paul entrusted to him great responsibility in the oversight of the churches.

In the story of Timothy are combined the influences of both heredity and environment in the formation of a strong character. A boy so much under the influence, and perhaps the dominance, of his mother and grandmother might easily have come to depend so much on them as to lack individuality and strength of character in his own right.

Eunice and Lois seem to have been wise in that respect, and at the proper moment for Timothy's full development along came Paul. The counsel that Paul gave to his "son" in the two epistles of I and II Timothy stands as an appeal to the young of every generation. The principles of disciplined character—and effective service—are there set forth by a mastermind and a master of achievement.
